PHILOSOPHY & EDUCATION

CHILD MIND. An Introduction to Psychology for Teachers. By B. DUMVILLE, M.A., F.C.P., Master of Method and Lecturer on Education in the L.C.C. Islington Day Training College. 2s. 6d.

ETHICS, MANUAL OF. By J. S. MACKENZIE, Litt.D., M.A. formerly Fellow of Trinity College, Cambridge. 6s. 6d.

LOGIC, A MANUAL OF. By J. WELTON, M.A., Prof. of Education, University of Leeds. 2 vols. Vol. I., 8s. 6d.; Vol. II., 6s. 6d. Vol. I. contains the whole of Deductive Logic, except Fallacies, which are treated, with Inductive Fallacies, in Vol. II.

LOGIC, INTERMEDIATE. By Prof. J. WELTON, M.A., and A. J. MONAHAN, M.A. With Questions and Exercises. 7s. 6d.

PSYCHOLOGY, THE GROUNDWORK OF. By G. F. STOUT, M.A., LL.D., Professor of Logic and Metaphysics in the University of St. Andrews. 4s. 6d.

PSYCHOLOGY, A MANUAL OF. By G. F. STOUT, M.A., LL.D. 8s. 6d.

PSYCHOLOGY, FUNDAMENTALS OF. By B. DUMVILLE, M.A., F.C.P. 4s. 6d.

PRINCIPLES AND METHODS OF TEACHING. By Prof. JAMES WELTON, M.A. 2nd Edition, revised and enlarged. 5s. 6d.

PRINCIPLES AND METHODS OF MORAL TRAINING with special reference to School Discipline. By Prof. JAMES WELTON, M.A., and F. G. BLANDFORD, M.A., Lecturer in Education at the Cambridge Training College. 3s. 6d.

SCIENCE

ASTRONOMY, ELEMENTARY MATHEMATICAL. By C. W. C. BARLOW, M.A., B.Sc., and G. H. BRYAN, Sc.D., F.R.S. Second Edition. Price 6s. 6d.

In this work only the more rudimentary portions of Geometry, Algebra, Trigonometry, and Dynamics are assumed.

ELECTRICITY, TECHNICAL. By H. T. DAVIDGE, B.Sc., Professor of Engineering at the Ordnance College, Woolwich, and R. W. HUTCHINSON, B.Sc. Third Edition. 5s. 6d.

HEAT, HIGHER TEXT-BOOK OF. By R. W. STEWART, D.Sc. Second Edition. 6s. 6d.

MAGNETISM AND ELECTRICITY, HIGHER TEXT-BOOK OF. By R. W. STEWART, D.Sc. 6s. 6d.

MATHEMATICAL PHYSICS. Vol. I. ELECTRICITY and MAGNETISM. By C. W. C. BARLOW. M.A., B.Sc. 4s. 6d.

MATTER, PROPERTIES OF. By C. J. L. WAGSTAFF, M.A. Third Edition. 3s. 6d.

ORGANIC COMPOUNDS, THE QUALITATIVE DETERMINATION OF. By J. W. SHEPHERD, B.Sc. 6s. 6d.

This book contains a systematic presentation of Qualitative Practical Organic Chemistry. It is intended mainly for University students, and treats the whole subject more fully than has yet been attempted elsewhere.

NOTE—The pages which follow give a selection only of certain of the publications of the Cambridge University Press. A complete catalogue may be obtained post-free on application as below.

A Bulletin containing notes on the recent publications of the Press is published three times a year, the particulars given being such as seem sufficient to indicate the nature of the books. Thus, of each book the title, author, size, number of pages and price are stated. As a rule, part or the whole of the Preface or Introduction is also given, as well as the table of Contents and a selection from such press notices as have appeared prior to the issue of the Bulletin.

This Bulletin is published in January, April, and October, and will be posted regularly free of charge to any address sent for that purpose to Mr. C. F. Clay, Manager, Cambridge University Press, Fetter Lane, London, E. C.

PASTOR PASTORUM

OR

THE SCHOOLING OF THE APOSTLES BY OUR LORD

Crown 8vo. 6s. 6d.

SATURDAY REVIEW.—"There are not many books of which it can be said that they deserve to be read and read again, but *Pastor Pastorum* belongs to this select class."

New Edition, revised. *8th Thousand.* With 2 Photogravure Plates.

THE RISEN MASTER

A SEQUEL TO

PASTOR PASTORUM

Crown 8vo. 6s.

CHURCH TIMES.—"We could find many things in the book to criticise, but these very things suggest devout thought, not flippant doubt. It has faults, but no book could do more to stimulate and corroborate faith. Our advice is to buy it and read it, to keep it and read it again."

Sixth Thousand.

A SERVICE OF ANGELS

Crown 8vo. 3s. 6d.

SATURDAY REVIEW.—"Any man to whom the spiritual world is a reality, but who from one cause or another has not entered upon the full enjoyment of his inheritance of belief, will rise from the perusal of Mr. Latham's book with a sincere gratitude towards its author, and a lively sense of his own increased spiritual possession."

THE RELIGION OF A STUDENT

By L. F. EVEREST, M.A., LL.D.

"The word 'Student' is here meant Student of the Bible, the Bible being of all books perhaps the one that is most difficult to understand."—*Preface.*

ATHENÆUM.—"An interesting study from a somewhat novel point of view of the Bible and its teaching . . . he defines religion as an arresting or restraining force, a force that can be exercised in no nobler manner than in the method and by the means appointed by Christ."

GREAT NATIONS
AN IMPORTANT NEW SERIES

ANCIENT GREECE

A SKETCH OF ITS ART, LITERATURE, AND PHILOSOPHY VIEWED IN CONNEXION with its EXTERNAL HISTORY FROM EARLIEST TIMES TO THE AGE OF ALEXANDER THE GREAT

By H. B. COTTERILL, M.A.

Translator of the "Odyssey"

With nearly 150 Illustrations in Half-tone and Line and Five Plates in Colour. Demy 8vo, gilt top, 500 pages, Full Index

PRICE 7s. 6d. NET

THE time seems to have come for an attempt to place the stories of the great nations rather more fully in the light of modern conceptions of the true object of history. The books in this series will be prepared with all the care necessary for serious study, but will also be addressed to the general reader, and will therefore be attractive in matter and get-up.

They will endeavour, as it were, to revive the real life of the past, and show how the great men and women of other ages still deeply influence the present by their deeds and their thoughts. Political and military events will receive their proper place and proportions in the structural framework, but more attention will be given to great achievements in art, literature, science, and other civilising influences.

IMPORTANT ANNOUNCEMENT

THE SURVEY ATLAS OF SCOTLAND

Designed by and prepared under the direction of
J. G. BARTHOLOMEW, LL.D., F.R.S.E., F.R.G.S.

This is a Companion Volume to "The Survey Atlas of England and Wales" (now *out of print*), and consists of a series of Sixty-eight Plates of Maps and Plans with Descriptive Text illustrating the Topography, Physiography, Geology, Climate, and the Historical, Political and Commercial Features of the Country.

Price £2 2s. net, Strongly Bound in Cloth; or £2 12s. 6d. net in Half-morocco, Gilt.

ATLAS OF METEOROLOGY

A SERIES OF OVER FOUR HUNDRED MAPS.

Prepared by J. G. BARTHOLOMEW, LL.D. & A. J. HERBERTSON, Ph.D.

The four hundred maps in the Atlas are comprised under two heads—CLIMATE and WEATHER. The Climate Maps summarise the observational data and form a basis for the study of the climatology of the globe. These deal with the mapping of Temperature, Pressure, Winds, Clouds, Sunshine, and Rainfall, and show the distribution of these factors of climate—first for the world generally, and then, on a larger scale, for the separate countries where numerous observations supply more detailed material. The Text is descriptive and explanatory of the Maps.

Size—Demy Folio, 18 × 12 inches. Bound Half-Morocco, Gilt.

Price £2 12s. 6d. net.

ATLAS OF ZOOGEOGRAPHY

A Series of Maps illustrating the Distribution of over Seven Hundred Families, Genera, and Species of Existing Animals

Prepared by J. G. BARTHOLOMEW, LL.D., W. EAGLE CLARKE, F.R.S.E., and P. GRIMSHAW, F.R.S.E.

All the families of Mammals, Birds, Reptiles, and Amphibians, together with several of the more important genera and species, have been dealt with, while the work embraces in addition most of the families of Fishes and a selection of families and genera of Molluscs and Insects.

The Text gives concise information regarding the groups of animals whose distribution is shown on the Plates, and also contains a Bibliography and a complete Index.

Size—Demy Folio, 18 × 12 inches. Bound Half-Morocco, Gilt.

Price £2 12s. 6d. net.

THIS Home was established in 1872 for the accommodation of persons recovering from sickness. Since 1872 there have been **25,755** inmates of the Home.

The number of Towns and Villages which sent Patients last year (1912) was 117. The Home depends upon Voluntary Subscriptions, Donations, Offertories, and Collections. It is open the whole year, except from December 24th to 31st, and during the annual cleaning in January and February.

The Buildings have accommodation for 100 Patients. Both sexes are received. A Children's Building, "The Prince Edward Home," has been added, with 24 beds, for boys from 5 to 12, and girls from 5 to 14, and subscriptions and donations are much needed.

Subscribers of One Guinea and upwards can send one Patient for each guinea subscribed. A Donor of £21, or a Collector of £26 5s. is a Life Member, and can send one Patient annually for three weeks. Patients pay in addition 5s. per week. Under the advice of the Medical Officer a fourth week may be allowed without a fresh order.

A Collection from any Congregation, or otherwise, entitles to the nomination of one Patient for every two guineas forwarded.

Recommendations for Harvest Thanksgiving Collections of One Year will be good for admission of Patients in the twelve months immediately following.

Donations and Subscriptions can be paid direct to the Treasurer, G. F. Cresswell, Esq., Barclay's Bank, Hunstanton; or to the account at Messrs. Barclay & Co., Ltd., Bankers, Hunstanton, and King's Lynn; or through the Secretaries or Treasurers of the Local Committees at Bedford; Cambridge, Huntingdon, King's Lynn, March, Peterborough, and Wisbech.

CHARING HOSPITAL MEDICAL SCHOOL

(University of London)

The Sessions commence October and April

The most central and easily accessible of all the Colleges of the University, and situated within four minutes' walk of the University Laboratories (King's College).

The whole College has recently undergone the most extensive alterations and improvements in all departments, adding greatly to its educational efficiency and the social Collegiate advantages enjoyed by its Students.

Its close proximity to the **UNIVERSITY LABORATORIES** in King's College enables its students to obtain the best Scientific Education in their Primary and Intermediate Studies, while still allowing them to use their School Library, Club Rooms, etc., for study and social purposes.

For the purposes of its Final Studies the School now possesses most commodious **LABORATORIES**, special **LABORATORIES** having been set aside for Post-Graduate Study and Research.

A large **LABORATORY**, capable of accommodating over 100 students, is set aside for General Pathology—where each student can work throughout the three years of his Final Studies.

A large series of **LABORATORIES**—eleven in number—have been recently equipped by the school for **PUBLIC HEALTH, BACTERIOLOGY**, and other subjects connected with **SANITARY SCIENCE**, and the University of London have recently transferred their whole Public Health and Bacteriological Departments with Professorial and Teaching Staff from King's College to these Laboratories, and established these as **UNIVERSITY LABORATORIES IN PUBLIC HEALTH**.

All Departments of the Students' Club, including the Library, Reading, Dining Rooms, etc., have been renovated and made most comfortable.

CLERKSHIPS, Medical, Surgical, Pathological, Post-Mortem, and Midwifery, are held by all Students.

RESIDENT APPOINTMENTS, Fourteen in number, are available each year, after qualification. The School presents unusual opportunities for Resident Appointments—the most valuable portion of all the Students' training.

CLINICAL ASSISTANTSHIPS and **SALARIED APPOINTMENTS** are open to Students.

The **HONOURS** of the past year include **GOLD MEDALLIST, M.D. UNIVERSITY OF LONDON, THE MURCHISON SCHOLARSHIP** in Clinical Medicine, open to all recent Graduates in the London Schools and the University of Edinburgh, **THE RABBETH SCHOLARSHIP** of the University Laboratories, King's College, for the subjects of the First Examination for the London Degrees.

For Prospectus and full information apply personally or by letter to the Dean—

ST. GEORGE'S HOSPITAL MEDICAL SCHOOL.

(UNIVERSITY OF LONDON)

HYDE PARK CORNER, S.W.

THE HOSPITAL and MEDICAL SCHOOL are situated at Hyde Park Corner, and are readily accessible from all parts of London.

The HOSPITAL has a service of 450 beds, of which 100 are at the CONVALESCENT BRANCH at Wimbledon, which is the largest Institution of its kind. Hence the proportion of acute cases at St. George's is unusually large.

The entire teaching in the School is devoted to the subjects of the Final Examinations, that is to say, to the essentially medical subjects. In other words, the entire teaching of the School is specially adapted to the interests of men from the Universities.

Mr. H. S. PENDLEBURY, F.R.C.S. (Pembroke College) acts as Special Tutor to Cambridge men.

By arrangement with the London University, students attend either at King's College or University College for tuition in all the Preliminary and Intermediate subjects.

Students are permitted to enter the Wards at any hour (except at meal times).

ENTRANCE SCHOLARSHIPS.

Two Scholarships in Anatomy and Physiology of the value of 70 guineas and £50 respectively, are awarded at the commencement of each Winter Session to University Candidates who have passed the Second M.B. or corresponding examination.

EXHIBITIONS.

The WILLIAM BROWN EXHIBITION, of the value of £100 per annum (tenable for two years), is awarded by examination to a perpetual pupil of the Hospital every second year.

The WILLIAM BROWN EXHIBITION, of the value of £40 (tenable for three years), is awarded by exam. to a perpetual pupil of the Hospital every third year.

The ALLINGHAM SCHOLARSHIP, of the value of £50 (approximately), is awarded annually for the best Surgical Essay.

PRIZES.

The BRACKENBURY PRIZE in MEDICINE, the BRACKENBURY PRIZE in SURGERY, the WEBB PRIZE in BACTERIOLOGY, each of the value of about £30 : and many other prizes are awarded annually.

DRESSERSHIPS to the Surgeons and CLINICAL CLERKSHIPS to the Physicians are open without fee to all Students of the Hospital.

A large number of HOUSE OFFICES (which may be held for six, twelve, or eighteen months) are open without fee to every perpetual student of the Hospital, and are made strictly in accordance with the merits of the Candidates.

PAID APPOINTMENTS.

The following APPOINTMENTS to which special attention is directed, are open to Students after holding House Office :—Medical Registrar, £200 ; Surgical Registrar, £200 ; Curator of the Museum, £200 ; Assistant Curator, £100 ; Obstetric Assistant (Resident), £50 ; Resident Anæsthetist, £100 ; Senior Anæsthetist, £50 ; Junior Anæsthetist (two), £30.

A number of SPECIAL COURSES are given in which the requirements of University and other Examinations receive careful attention. The following may be cited as examples :—(1) Elementary Bacteriology. (2) Advanced Bacteriology. (3) Clinical Pathology. (4) Systematic Pathology. (5) Histological Pathology and Morbid Anatomy. (6) Pharmacology. (7) Surgical Anatomy. (8) Advanced Anatomy and Physiology. (9) Operative Surgery. (10) Public Health. (11) Tropical Diseases.

REVISION CLASSES are held for all examinations. Great attention is paid by Members of the Staff to individual Teaching.

The St. George's Hospital Club with Smoking and Luncheon Rooms on the Hospital premises, and an Athletic Ground of 14½ acres at Wimbledon, is an amalgamation of the Hunterian Society, the "Gazette," and the Chess, Lawn Tennis, Boxing, Hockey, Rifle, and Golf Clubs.

Students have the advantage of a Library of Medical and Scientific Books, which is kept up to date.

The WINTER SESSION commences on October 1st, the SUMMER SESSION on May 1st, but Students can enter at any time or for any particular course.

Further information may be obtained from the Dean of the Medical School.

University College Hospital

MEDICAL SCHOOL (UNIVERSITY OF LONDON).

ENTRANCE.

A Student may enter the School as soon as he has passed the University of London Matriculation Examination, or one of the other Preliminary Examinations that qualify a Medical Student for entering a Medical School. In this case he will pursue his Preliminary and Intermediate Studies at University College, and when those are completed will carry on his Final Medical Studies at University College Hospital Medical School. The student who, in addition to having passed a Matriculation or other examination, has completed his Preliminary and Intermediate Medical Studies at University College or elsewhere, may enter the University College Hospital Medical School for his Final Medical Studies only. Qualified Medical men and others who can produce evidence of sufficient qualifications may be admitted to the Special Departments for the purposes of research, or to Hospital Practice for certain definite periods.

FEES.

The Preliminary Scientific Course at University College—26 guineas.

Intermediate Course at University College—57 guineas.

Final Examinations for the Degrees of the Universities of London and Oxford, Cambridge and Durham, and for the Final Examination for the qualifications of the Royal College of Physicians and Surgeons and for the Licence of the Society of Apothecaries at University College Hospital Medical School, 80 guineas if paid in one sum, or 82 guineas paid in two instalments of 50 and 32 guineas. A Reduction of £10 10s. is made in the case of students taking Pathology at Cambridge.

University College Hospital has, through the munificence of the late Sir John Blundell Maple, Bart., been rebuilt and extended in accordance with the requirements of modern medical science. The new Hospital accommodates 300 patients, and possesses extensive out-patient and special departments.

Thirty-eight Clinical Appointments, eighteen of which are resident, are filled up by competition during the year, and these, as well as all Clerkships and Dresserships, are open to students of the Hospital without extra fee.

The new Medical School is now completed, and it provides accommodation for Lectures and Demonstrations and Practical Work in all the Final Subjects of the medical curriculum. There are three Lecture Demonstration Theatres for the teaching of Morbid Anatomy, Bacteriology, and Chemical Pathology: also rooms equipped for the teaching of Operative Surgery and Surgical Anatomy, and two large Lecture Theatres. The Library contains about 13,500 volumes.

The Medical Society, which was founded in 1828, for promoting the Study of Medical and Surgical Sciences amongst Students, and for Social intercourse, has four rooms set apart for Reading and Recreation, and there is a large Gymnasium with Baths attached to the School Building, fully equipped and at the disposal of the Members of the Society.

SPECIAL EXAMINATION IN MECHANISM AND APPLIED SCIENCE.

1913.

PART I.

1. Practical Mathematics.
2. Descriptive Mechanism.
3. Surveying, being a practical examination in field and office work.

PART II.

1. Elementary Applied Mechanics.
2. Mechanical Drawing.
3. Workshop Practice, and one or more of the following subjects:
Heat and Heat-Engines.
Strength of Materials and Elementary Theory of Structures.
Electricity.

(Schedules, see pp. 44—47.)

SPECIAL EXAMINATION IN ENGINEERING SCIENCE.

Regulations for 1914 and subsequent years.

PART I.

1. Practical Mathematics.
2. Elementary Mechanics.
3. Strength of Materials.

PART II.

1. Mechanical Drawing.
2. Mechanics of Machines.
3. Heat Engines.
4. Theory of Structures.
5. Applied Electricity.
6. Hydraulics.
7. Surveying.

(Schedules, see pp. 49—51.)

SPECIAL EXAMINATION IN MUSIC.

APPENDIX.

SUPPLEMENTARY REGULATIONS (made under Rule 19).

1. Paper 1 of Part I (the General Paper on the Old Testament) shall contain general questions on the Old Testament Scriptures and on the History of Israel down to the Christian Era.

Special Books, or a special period, shall be selected of which fuller knowledge will be required.

2. Paper 2 of Part I (a selected portion of the Historical Books of the Old Testament in Hebrew) shall contain passages for translation from the selected portion, with grammatical questions, and passages for re-translation and for pointing.

3. Paper 3 of Part I (passages for translation from the Historical Books of the Old Testament generally) shall contain grammatical questions on those passages, and shall also contain questions on the Hebrew language and grammar generally, passages for pointing, and easy passages for translation into Hebrew.

4. Paper 4 of Part I (the General Paper on the New Testament) shall contain (a) questions on the formation of the Canon; (b) questions on Textual Criticism; (c) a passage, or passages, for translation into Greek.

5. Papers 5 and 6 of Part I (the New Testament in Greek, and a selected portion of the New Testament) shall contain passages for translation and re-translation, and questions on the subject-matter, exegesis, grammar, and language, but questions of detail on authorship, date, and textual criticism shall be set only from the selected portion.

6. Paper 8 (A) of Part I shall contain questions on the history and contents of ancient Creeds. Certain Creeds and documents shall be recommended by the Board from time to time for special study.

In paper 8 (B) the selected portion of Patristic Literature shall be taken from writings earlier than A.D. 461.

7. In Section I of Part II, Paper 1 may contain questions on the relation of Old Testament Religion to the religious ideas of the peoples with whom Israel came into contact. In preparing for this paper the attention of students should be directed to such subjects as the nature of Hebrew Monotheism; the character of God, and His relation to the world; Revelation and Providence: the idea of holiness; righteousness, sin, and redemption; priestly and sacrificial institutions: the nature of prophecy, and the prophetic theology; the Kingdom of God and the 'Messianic' idea: retribution and the problem of suffering: the state after death, and the conception of immortality. Paper 2 may contain questions on the criticism of the text. Paper 3 shall contain questions involving a knowledge of the LXX translation of the selected portions, and may

so contain elementary questions on the History and Criticism of the XX version generally. Both papers 2 and 3 shall contain one or more questions on the subject-matter.

8. In Section II of Part II, Paper 1 shall contain questions on the authorship and date of the books of the New Testament, and on the circumstances in which they were written; on the general principles of Textual Criticism of the New Testament; and on the outlines of the story of the formation of the Canon. Some questions of a more advanced character shall also be set on Textual Criticism and on the History of the Canon, but candidates will not be expected to shew detailed knowledge of more than *one* of these subjects. Papers 2 and 3 may contain passages for retranslation. Paper 4 shall include passages for translation, explanation, or paraphrase.

9. In preparing for Paper 1 of Section IV of Part II the attention of students should be directed to such subjects as the development of the idea of God, and His action in nature and in history; the nature of prophecy and inspiration; priesthood and sacrifice; the Messianic hope and the Kingdom of God; the Person of Christ; the Holy Spirit; sin, suffering, and redemption; the conditions of salvation; the Church and the Sacraments. Account should be taken of the different types of teaching found in different books of the Bible.

N.B. All the above Exercises are to be sent in to the Vice-Chancellor privately: each is to have some motto prefixed; and to be accompanied by

* See note on page lxxv.

a paper sealed up, with the same motto and the designation of the Prize on the outside, and the Candidate's full Name and College written within.

The papers containing the Names of those Candidates, who may not succeed, will be destroyed unopened.

Any Candidate is at liberty to send in his Exercise *either written* (but not in his own hand) or *printed* or *lithographed*. Candidates for the Members' Prizes are requested to send in their Exercises *type-written*.

No prize will be given to any Candidate who has not commenced his residence in the University when the Exercises are delivered.

ADAMS PRIZE. 1914.

The Subject selected for the Adams Prize in 1914 is

The phenomena of the disturbed motion of fluids, including the resistances encountered by bodies moving through them.

A theoretical re-discussion of the problem of fluid resistance may be undertaken, either in general or in simple cases, in the light of the experimental knowledge regarding the resistances and the nature of the broken motion of the fluid, which is becoming available in the publications of the aeronautical laboratories of various countries.

Information has been accumulating regarding the nature and mode of travel of meteorological atmospheric disturbances, such as cyclonic movements and line squalls, the propagation of minute waves of barometric pressure, and the nature of the lower boundary of the upper calm region of the air. A dynamical discussion of these topics, or of simpler problems in illustration of them, might be undertaken.

Each Essay shall be accompanied by a full and careful abstract, pointing out the parts which the author considers to be new, and indicating the parts which are regarded as of more importance than the rest.

The Prize is open to the competition of all persons who have at any time been admitted to a Degree in this University.

The Essays must be sent to the Vice-Chancellor on or before the last day of December 1914.

Each Essay shall bear a motto, but not the Candidate's name, and be accompanied by a sealed envelope bearing the same motto and containing the Candidate's name, degree and address.

A Candidate is at liberty to send in his Essay *either written*, but not in his own hand, or *printed* or *type-written*.

The value of the Prize is about £220.

The Prize may be awarded to one Candidate or may be divided between Candidates of equal merit.

Each Candidate to whom an Adams Prize has been awarded shall publish his Essay, provided always that, with the consent of the Adjudicators, this condition shall be deemed to be fulfilled by the publication of the Essay, or of the original parts of such Essay, in the Transactions of a learned Society, or in a scientific journal. A copy of such Essay as published, shall be presented to the University Library, to the Library of St John's College, and to each of the four Adjudicators.

BURNEY PRIZE. 1913.

Determinism and Free Will, with special reference to recent speculation in causality.

The Essays are to be sent in to the Vice-Chancellor on or before

December 1, 1913, each bearing some motto and accompanied by a sealed paper having the same motto and the words *Burney Prize* written on the outside, and the full name of the Candidate written within*.

OBSERVATIONS.

The Divinity, Law, and Physic Schools are open during the whole of every Term, and the keeping of all Acts is entirely at the discretion of the respective Professors.

All Festivals, Saints' Days, and Sundays, are surplice-days, and the evenings preceding are surplice-evenings.

On Litany days the Doctors and Noblemen wear their robes, and the Proctors their congregation-ruffs.

The Scarlet Days are Christmas Day, Easter Day, Ascension Day, Whitsunday, Trinity Sunday, All Saints' Day, the First Sunday in November (the day for the Commemoration of Benefactors), Commencement Tuesday (the Tuesday next preceding June 24), and any other days for which the Vice-Chancellor gives notice.

UNIVERSITY OF CAMBRIDGE.

HINC LUCEM ET POCULA SACRA.

DEUM TIMETO: REGEM HONORATO: VIRTUTEM COLITO :
DISCIPLINIS BONIS OPERAM DATO.

Statutes of the University.

THE UNIVERSITY of CAMBRIDGE is an incorporation of students of all and every of the liberal arts and sciences, incorporated (13th Eliz. c. 29) by the name of "*The Chancellor, Masters, and Scholars of the University of Cambridge.*" In this commonwealth are seventeen Colleges, and one Public Hostel. Each (the Public Hostel included) is a body corporate, bound by its own statutes; but is likewise controlled by the paramount laws of the University. A New Code of Statutes for the University was approved by Queen Victoria in Council in 1882.

The several societies in this literary republic furnish members both for the executive and for the legislative branch of its government. There are also members of the University who are not members of these societies. The legislative body of the University is called the Senate, and the place in which it assembles is called the Senate-House.

The Chancellor, Vice-Chancellor, Doctors of Divinity, Law, Medicine, Science, Letters, and Music, Bachelors of Divinity, and Masters of Arts, Law, Surgery and Music, having their names upon the University Register, have votes in this assembly. Those whose names are removed from the Register lose the right of voting, but may recover it by replacing their names on the register and paying all University dues from the time of removal of their names, 180 days being first allowed to elapse after replacing of the names.

The Council of the Senate was established by the Act 19 and 20

Vict. cap. 88. Nothing can be offered to the Senate for confirmation without the sanction of the Council. The term Grace is used of a proposal offered to the Senate or confirmed by it.

The COUNCIL consists of the Chancellor, the Vice-Chancellor, four heads of Colleges, four Professors of the University, and eight other Members of the Senate chosen from the Electoral Roll published by the Vice-Chancellor. Two of the heads of Colleges, two of the Professors, and four other Members of the Senate are elected on the seventh of November in every other year by the Persons whose names are on the Electoral Roll, and they all hold office for four years.

The Electoral Roll is published in October each year, and is thenceforth the Electoral Roll for the year thence next ensuing. It consists of Members of the Senate who have resided within one mile and a half of Great St Mary's Church for fourteen weeks at the least between the first day of the said October and the first day of the preceding October, together with all Officers of the University being Members of the Senate, the Heads of Houses, the Professors and the Public Examiners.

Before the beginning of each Term the Vice-Chancellor publishes a list of the several days of that Term on which a Congregation or assembly of the Senate will be held for transacting University business.

The executive branch of the University is committed to the following officers:—

A CHANCELLOR, who is at the head of the University to govern it according to the Statutes.

A HIGH STEWARD, who has special power to take the trial of scholars impeached of felony within the limits of the University. He appoints a Deputy by letters patent, the appointment being subject to the approval of the Senate.

A VICE-CHANCELLOR, who in the absence of the Chancellor, with his consent, in his presence, or in the vacancy of the office, acts with the full powers of the Chancellor. The office is annual.

A COMMISSARY, who holds a court of record for all privileged persons, and scholars under the degree of M.A. He is appointed by the Chancellor by letters patent.

The SEX VIRI, elected by Grace of the Senate, to hold office for two years; who, with the Chancellor, constitute a Court to hear all accusations against members of the University, who are *in statu pupillari*, for offences against the Statutes or Ordinances of the University. The Court has the power of punishing offenders by deprivation or suspension of degree, or any lighter sentence but there is liberty of appeal to the Senate from its decision. The Court of Discipline for persons *in statu pupillari* consists of the Chancellor and six Heads of Colleges appointed by Grace.

A **PUBLIC ORATOR**, who is the voice of the Senate upon all public occasions. He writes letters in the name of the University, whenever the Chancellor or Council of the Senate think fit, and presents to all honorary degrees with an appropriate speech.

A **LIBRARIAN**, who has charge of the University Library.

A **REGISTRARY**, who attends all Congregations and all public proceedings of the Chancellor or of the University, records proceedings, and has charge of all writings and documents delivered to him by the Chancellor.

AN **ASSISTANT REGISTRARY**, who must be a member of the Senate, and who is under the general direction of the Registrary, and is appointed by him with the consent of the Vice-Chancellor.

TWO **PROCTORS**, who are peace-officers, elected annually. It is their duty to attend to the behaviour of all persons *in statu pupillari*, and to maintain public morals. Another part of their duty is to be present at all Congregations of the Senate, to read the Graces, to take the assent or dissent, and to pronounce the same.

TWO **PRO-PROCTORS**, who assist the Proctors in that part of their duty which relates to discipline and the behaviour of persons *in statu pupillari*, and the preservation of public morals; they also attend all Congregations.

TWO **ADDITIONAL PRO-PROCTORS**, who assist the Proctors in the same manner as the other Pro-Proctors. They attend Congregations when requested by the Vice-Chancellor.

TWO **ESQUIRE BEDELLS**, who attend the Chancellor (or, in his absence, the Vice-Chancellor), whom they precede with their silver maces upon all public occasions and solemnities; they receive from him the Graces at Congregations, and deliver them to the Proctors; they summon members of the Senate to the Chancellor's Court; they see to the maintenance of the University ceremonies and the forms of conducting public business.

THE **UNIVERSITY MARSHAL** is appointed by the Vice-Chancellor.

THE TWO **MEMBERS**, whom the University sends to the Imperial Parliament of the United Kingdom of Great Britain and Ireland, are chosen by the Members of the Senate.

THE **UNIVERSITY COUNSEL** are appointed by Grace of the Senate, and are consulted upon various occasions.

THE **SOLICITOR** is appointed by the Vice-Chancellor.

SYNDICS are the members of special committees of members of the Senate, appointed by Grace from time to time for specific duties.

There are **SPECIAL BOARDS OF STUDIES** for departments of study, consisting of Professors, and of persons appointed from time to time by Grace; and there is a **GENERAL BOARD OF STUDIES**, consisting of the Vice-Chancellor, one member of each Special Board elected by that Special Board, and eight members of the Senate elected by Grace.

The **ANNUAL INCOME** of the University arises from various sources, amongst which are

The Rectory of Burwell and a farm at Barton:

The produce of fees at matriculation, at certain examinations, and for degrees, and other irregular sources of income not easily enumerated, the gross amount of which is very variable:

The trading profits of the **UNIVERSITY PRESS**:

A Tax paid quarterly by every member of the University:

Contributions from Colleges, as provided by the Statutes.

For the care and management of the property and income of the University there is a **FINANCIAL BOARD**, consisting of the Vice-Chancellor, two members of the General Board of Studies elected by that Board, four members of the Senate elected by the Colleges in common, and four members of the Senate elected by Grace on the nomination of the Council of the Senate.

The University Accounts are examined annually by Auditors appointed by the Senate, and a Summary of these Accounts is published to the University.

The officers and servants of the University are paid mostly by fixed salaries from the University Chest.

By Statute the **TERMS** of this University are three, and include 227 days at least. Michaelmas Term begins on October 1. Lent Term ends not later than the Thursday next before Easter Day. Easter Term begins not earlier than the Tuesday next after Easter Day, and ends on June 24.

By Grace of October 12, 1882, Michaelmas Term ends on December 19, and Lent Term begins on January 8; and Lent Term ends and Easter Term begins according to the following table:

MATRICULATION.

In the Michaelmas Term, the two days following (or, if either of these days be a Sunday, the Monday and Tuesday following) the last day of the first quarter of the Term, and, in the Lent and Easter Terms, the day following (or if that day be a Sunday, the Monday following) the last day of the first quarter of the Term, be appointed as days of General Matriculation. That the Vice-Chancellor be empowered to allow persons for special reasons to matriculate on some other day; but that every person who matriculates on any other day than a day of General Matriculation be required to pay an extra fee of ten shillings and sixpence.

No Student can count any Term before that in which he has matriculated unless he has satisfied the Council of the Senate that his matriculation has been deferred for sufficient cause.

Every Student, before he can be admitted to a degree, must have completed nine terms' residence during three-fourths of each term as a member of a College, or of a Public Hostel, or as a Non-Collegiate Student.

RESIDENCE.

I. *Precincts of the University.* The boundaries in and about Cambridge within which terms shall be kept by residence shall be defined as extending two miles and a half from Great St Mary's Church, measured in a direct line, and shall be called the Precincts of the University.

II. *Residence of Persons in statu pupillari.* A person *in statu pupillari* keeping terms by residence must reside within the precincts of the University

(1) In some College or Hostel, or

(2) In a set of lodgings for which licence has been granted by the Lodging-Houses Syndicate, or

(3) With his parents or parent, or

(4) In his own, or in his hired house, or with his relatives, or

in exceptional cases with persons other than his relatives, provided that in each case the permission of the Lodging-Houses Syndicate shall have been obtained on application from the Head of his College or Hostel, or in the case of a Non-Collegiate Student, from the Chairman of the Non-Collegiate Students Board, or

(5) In the case of a Research Student, under special conditions approved in each case by the Lodging-Houses Syndicate, on application from the Head of his College or Hostel, or in the case of a Non-Collegiate Advanced Student from the Chairman of the Non-Collegiate Students Board.

Residence shall be reckoned by days. No person *in statu pupillari* shall be considered to have resided during any day unless he shall have resided during some part of such day and of the following night and shall have complied with such other conditions of residence, if any, as may be required by the authorities of his College or Hostel or by the Non-Collegiate Students Board; provided that a part of the day on which such a person completes his residence for the term may be counted as a day of residence.

Provided also that the authorities of the Colleges and Hostels, and of the Non-Collegiate Students Board, shall be empowered to continue their existing practice in the case of such students as have already commenced residence and would be prejudiced by the change.

For the purpose of this regulation the day shall be held to extend from 6 A.M. to midnight.

6. RESIDENCE OF PROFESSORS AND READERS.

Residence shall be certified to the University under the hand and seal of the Head of the College or Hostel to which the Student belongs, or of the Chairman of the Non-Collegiate Students Board.

RESIDENCE OF PROFESSORS AND READERS.

1. All Professors and Readers who are governed by Statute B shall, except as hereinafter provided, be required to reside during that portion of each term (or in the case of the Regius Professor of Hebrew and the Ely Professor of Divinity during that portion of each of two terms) in each year which is hereinafter described as full term.

2. Full term shall consist of three fourths of the whole term, reckoned from the first day of full term as hereinafter defined.

The first day of full term shall be:—

In the Michaelmas Term; the Tuesday or Friday which shall first happen after October 9.

In the Lent Term; the Tuesday or Friday which shall first happen after January 13.

In the Easter Term; the first Friday after April 17, or if such Friday fall in the Easter vacation then the first Friday in the term.

3. The General Board of Studies may grant to any Professor or Reader leave to substitute for the residence required of him, in any one term or any part of it, residence for an equal time between July 1 and August 31, provided that the General Board of Studies are of opinion that such leave may be granted without prejudice to the interests of the University.

They may also grant occasional leave of absence for a period not exceeding one term on account of illness or other sufficient special cause on such conditions, if any, as they may think fit. Leave of absence may not be extended, except by Grace of the Senate on the recommendation of the General Board of Studies.

4. A Professor, or Reader, shall be regarded as resident in the University when either

(A) he is domiciled within one mile and a half of Great St Mary's Church and is not habitually absent from home more than two nights in the week, or

(B) he is domiciled within five miles of Great St Mary's Church and habitually spends in Cambridge at least two hours between eight o'clock a.m. and six o'clock p.m. in each of five days in the week, and at least fifteen hours in the week on the whole, and is reasonably accessible at stated times on at least three days in the week.

5. It shall be the duty of each Professor and Reader to notify to the Chairman of the General Board of Studies before the beginning of each full term,

(1) If he keeps his residence under clause (A) of Regulation 4, the weeks (if any) during the preceding full term in which he has been absent from home more than two nights;

(2) If he keeps his residence under clause (B) of Regulation 4,
(a) the weeks (if any) during the preceding full term in which he has not spent in Cambridge at least two hours between 8 a.m. and 6 p.m. in each of five days in the week and at least fifteen hours in the week;

(b) his arrangements for accessibility during the preceding term.

For the purposes of these returns each week shall be considered to begin on Sunday, and the portions of full term before the first Sunday in full term and after the last Saturday in full term shall each be reckoned as a week.

6. If in any case the General Board of Studies shall be of opinion at the absences so notified have been excessive and without sufficient use or that the prescribed conditions of residence have otherwise not been adequately fulfilled, they shall signify the same to the Professor or Reader, and in case the Professor or Reader shall continue to be in the opinion of the Board negligent as to his residence it shall be their duty to report the facts to the Vice-Chancellor and *Sex Viri*.

GENERAL REGULATIONS FOR THE PUBLICATION OF LISTS OF SUCCESSFUL CANDIDATES APPLICABLE TO ALL EXAMINATIONS.

1. All lists of successful Candidates in Examinations shall be published by the Registry causing a printed copy of each List to be affixed to the Senate-House door at 10 A.M., except in the case of those Tripos Examinations in which the Lists of successful Candidates are read in the Senate-House. In the latter case the Lists shall be read at 9 A.M. on the day named in the Regulations, and shall be affixed to the Senate-House door by the Registry or his agent immediately after the reading of the Lists.

2. The Senior Examiner, under which title is to be understood (1) in the case of Parts I and II of the Previous Examination, the General Examination for the Ordinary B.A. Degree, and each of the Tripos Examinations, the Chairman of the Examiners, (2) in the case of each of the Additional Subjects of the Previous Examination, and each of the Special Examinations for the Ordinary B.A. Degree, except the Special Examination in Music, the Senior Resident Examiner, (3) in the case of the Examination of graduates proceeding to the Degree of Bachelor or Master of Law, the Chairman of the Examiners for the Law Tripos, (4) in the case of each

part of each of the Examinations for the M.B. Degree, the Regius Professor of Physic, (5) in the case of the Special Examination in Music, and of each part of the Examination for the Mus.B., Mus.M. and Mus.D. Degrees, the Professor of Music, (6) in the case of the Examination in spoken French and German, the Chairman of the Examiners shall send as soon as possible to the Registry in a sealed envelope the list of successful Candidates signed by all the Examiners. A list signed by all the Examiners shall at the same time be sent in a sealed envelope by the Senior Examiner to the Vice-Chancellor and shall be considered as the authoritative list to be preserved in the Registry. These lists shall be sent in a printed form if this can conveniently be done. As soon as these lists shall have been sent by the Senior Examiner to the Registry and the Vice-Chancellor respectively, the duty of the Senior Examiner, so far as regards the Publication of the List, shall cease, except in the case of those Tripos Examinations in which the List is read in the Senate-House. In such cases the Senior Examiner, or one of the Examiners deputed by him, shall read the List.

3. The Registry shall cause directions to be given to the University Press for printing and circulating the copies in the manner specified in Regulation 4; and on the morning of the day when the List is to be published it shall either be affixed to the Senate-House door at 10 A.M., or be conveyed before 9 A.M. by the Registry or his agent to the Senior Examiner or the person appointed to read it.

4. Simultaneously with the Publication of Lists, printed copies enclosed in envelopes shall be sent from the University Press to Heads, Tutors and Praelectors of Colleges and Public Hostels, the Principals of Private Hostels, the Censor of Non-Collegiate Students, and the persons appointed to affix such lists on the College screens.

5. In the case of Examinations respecting which no day is fixed by Ordinance for the Publication of the List, or respecting which it may not be desirable to have the publication delayed to the latest day fixed by Ordinance, the Senior Examiner shall communicate to the Registry as soon as practicable a statement of the day on which he may expect to receive the List; and the Registry shall cause to be affixed to the Senate-House door, or shall insert in the *Reporter*, a notice of the expected date of publication.

6. In any case in which the Examiners represent to the Vice-Chancellor that a correction or addition is required in a List already published in accordance with the foregoing Regulations, the Vice-Chancellor shall have power to authorise the issue of an amended List embodying the correction or addition; this amended List shall be signed, published, and circulated in the same manner as the original List, and shall take the place thereof for all purposes.

PLAN OF EXAMINATIONS FOR THE ORDINARY B.A. DEGREE.

1. A Previous Examination, held in the Lent, Easter and Michaelmas Terms of each year, on the plan hereafter described.

2. A General Examination on the plan hereafter described; or as an alternative, one of the Special Examinations enumerated in Section 3, or a Preliminary Examination in Science on the plan hereafter described.

3. A Special Examination on one of the plans hereafter described, in

A candidate for the Ordinary B.A. Degree who has passed the Preliminary Examination in Science as an alternative for the General Examination may not take as his final Examination for the B.A. Degree the Special Examination in Physics or the Special Examination in Chemistry.

A student who has passed the Special Examination in Physics as an alternative for the General Examination may not take the Special Examination in Engineering Science as his final Examination for the Ordinary B.A. Degree, and the candidate who has passed the Special Examination in Engineering Science as an alternative for the General Examination may not take the Special Examination in Physics as his final Examination¹.

BOARD OF EXAMINATIONS (PREVIOUS, GENERAL, AND SPECIAL).

1. The general superintendence of the Previous, General and Special Examinations for the Ordinary B.A. Degree and of the Preliminary Examination in Science shall be entrusted to a Board consisting of

(1) Eight members of the Senate, elected by Grace, two of whom shall retire on the 31st of December in each year, and their places be supplied by two members of the Senate, elected by Grace for four years, the retiring Members of the Board being re-eligible.

(2) The Chairman of the Examiners for Part I. and for Part II. of the Previous Examination and for the General Examination. Every such Chairman shall be a member of the Board for one year from the first day of the Easter Term next following the date of his election as Examiner.

¹ This alteration shall not affect students now in residence in the University until after the Easter Term of 1916.

10 GENERAL AND SPECIAL EXAMINATIONS.

2. The Members of the Board shall elect their own Chairman to hold office for a year, or for such other period as the Board by a resolution of the majority of the whole body shall prescribe.

3. The Board shall be empowered to entrust particular duties to Committees of their own members, or to their Chairman, or to any officers appointed by the Board.

4. It shall be the duty of the said Board to consult together from time to time on all matters relating to the state of the Previous, General, and Special Examinations and the Preliminary Examination in Science, and in particular as to the standard for passing; and they may require from the Examiners any information on these points which they may deem necessary. It shall also be the duty of the Board to advise the Examiners in regard to the standard to be maintained as well as in regard to other matters connected with the Examinations placed under their supervision and to consider all such questions as the Examiners may refer to them; to nominate all the Examiners for the Previous and General Examinations, the subjects in which each Examiner shall examine being specified in the Grace for his election; to appoint one of the Examiners in Part I. and one of the Examiners in Part II. of the Previous Examination, and also one of the Examiners in the General Examination, as Chairman of the Examiners in these Examinations respectively; each Chairman shall receive a payment of five pounds; to provide suitable accommodation for the Examination of the Candidates in the Previous, General and Special Examinations and the Preliminary Examination in Science; to publish Lists of the Candidates duly arranged; to consider the cases of persons whose names have been omitted from such Lists, and to give or withhold permission for such persons to be examined; to consider the cases of persons who are unable from illness to present themselves at the Examination, and to give or withhold permission for such persons to be examined privately.

5. The Board shall report annually to the Senate.

6. The Board shall have power to appoint a Secretary¹ (who shall hold the office during the pleasure of the Board) with an annual salary not exceeding one Hundred Pounds a year, to be paid out of the University Chest.

7. It shall be the duty of the Board to arrange for the provision of suitable accommodation for the examination of the Candidates in all University Examinations.

8. It shall be the duty of the Board to provide such clerical assistance as may be necessary to enable the Examiners in University Examinations to carry out such duties as may be assigned to them by Ordinance with regard to the drawing up of Lists of Absentees and the arrangement and despatch of answer-papers, and to give the Examiners information of these arrangements.

9. It shall be the duty of the Board to prescribe the conditions, if any, under which candidates whose names appear in the corrected List may be admitted to an Examination after the time at which such Examination is announced to begin.

¹ The present Secretary is E. J. Gross, M.A. Gonville and Caius College.

REGULATIONS APPLICABLE TO THE PREVIOUS,
GENERAL AND SPECIAL EXAMINATIONS AND
TO THE MECHANICAL SCIENCES TRIPOS QUALIFYING EXAMINATION.

1. Notice of the dates of Examinations and of the days on which the lists of names and the corrections must be sent to the Registry shall be published by the Registry at least a month before the beginning of any of the Examinations to which the notice refers.

2. At least three weeks before the commencement of the Previous Examination the names of all the students to be examined shall be sent to the Registry by the Tutors (either directly or through the Prælectors) of the several Colleges and Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board, in separate lists, specifying (1) the candidates for Part I., (2) the candidates for Part II., (3) the candidates for examination in the Greek or Latin Classic set as a substitute for the Gospel in the original Greek, (4) the candidates for examination in the English subjects including either (a) the Gospel in English, or (b) the English Prose work, (5) the candidates for examination in elementary logic, [(5*) 1909 and following years in Elementary Heat and Chemistry], (6) the candidates for the Additional Subjects (a) in Mathematics, (b) in French, (c) in German; and it shall be the duty of the Registry to ascertain that no one is improperly admitted on the list of candidates.

3. On the fourteenth day before the commencement of the Previous Examination, the Registry shall send to the Board of Examinations First Lists of all the students to be examined, in (1) Part I. of the Previous Examination, (2) Part II. of the Previous Examination, (3) the Additional Subjects (a) in Mathematics, (b) in French, (c) in German. The Board of Examinations shall arrange the candidates in convenient divisions for the purpose of examination; and shall draw up a plan of examination to be signed by the Chairman of the Board, notifying the days and hours when each of the students to be examined shall be required to attend the examination; and the Registry shall send a copy of such plan to the Tutors and Prælectors of the several Colleges and Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board.

4. At least three weeks before the commencement of the General Examination the names of all the students to be examined shall be sent to the Registry by the Tutors (either directly or through the Prælectors) of the several Colleges and Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board, in separate lists, specifying (1) the candidates for Part I., (2) the candidates for Part II.

5. On the fourteenth day before the commencement of the General Examination, the Registry shall send to the Board of Examinations First Lists of all the students to be examined in (1) Part I., (2) Part II. of the General Examination, and the Board of Examinations shall arrange the candidates in convenient divisions for the purpose of examination, and shall draw up a plan of examination to be signed by the Chairman of the Board, notifying the days and hours when each of the students to be examined shall be required to attend the Examination,

and the Registry shall send a copy of such plan to the Tutors and Prælectors of the several Colleges and Public Hostels, the Principals of Hostels, and the proper officer of the Non-Collegiate Students Board.

6. At least three weeks before the commencement of each of the Special Examinations or of the Mechanical Sciences Tripos Qualifying Examination or of the Preliminary Examination in Science or of the Examination in Preliminary Architectural Studies, the names of all the students to be examined in any Special Examination or in the Mechanical Sciences Tripos Qualifying Examination or in either Part of any Special Examination or in any subject of the Preliminary Examination in Science or in either Part of the Examination in Preliminary Architectural Studies shall be sent to the Registry by the Tutors (either directly or through the Prælectors) of the several Colleges and Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board in separate lists, specifying in the case of each Special Examination which is divided into two Parts (1) the candidates for Part I. of each examination, (2) the candidates for Part II, and showing by marks affixed the voluntary or alternative subjects, if any, in which each candidate intends to present himself for examination, and in the case of the Preliminary Examination in Science (1) the candidates in Chemistry, (2) the candidates in Physics, (3) the candidates in Elementary Biology and in the case of the Examination in Preliminary Architectural Studies (i) the candidates for Part I. of the Examination, shewing whether the candidate enters for the voluntary paper, (ii) the candidates for Part II., shewing whether the candidate enters for the voluntary paper, and also which of the three periods specified in paper (3) he offers for examination.

7. Not later than the fourteenth day before the commencement of each of the Special Examinations or of the Mechanical Sciences Tripos Qualifying Examination or of the Preliminary Examination in Science, the Registry shall send to the Board of Examinations a First List of all the students to be examined and in the case of Special Examinations and of the Preliminary Examination in Science, the subjects in which they are to be examined. The Board of Examinations shall draw up a plan of Examination to be signed by the Chairman of the Board, notifying the days and hours of Examination in the different subjects, and shall send a copy of such plan before the Examination to the Tutors and Prælectors of the several Colleges and Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board.

8. The Registry shall issue a Corrected List of the candidates on the seventh day before the commencement of each of the Previous General and Special Examinations or of the Mechanical Sciences Tripos Qualifying Examination or of the Preliminary Examination in Science. No candidate shall be allowed to attend any of these examinations unless (a) his name shall be sent to the Registry and he be certified by the Registry to the Chairman of the Examiners to be eligible as a candidate, and (b) the Chairman shall grant him permission to be examined; and in no circumstances shall such a student be allowed to enter for a paper which is not taken by at least one candidate entered in the corrected list for that paper. In the case of those Examinations for which no Chairman of the Examiners is appointed

Ordinance the Senior Resident Examiner shall for the purpose of this Regulation, be regarded as the Chairman.

If, according to the Corrected List, there shall be a voluntary or alternative subject of any Special Examination in which no candidate tends to present himself for examination, the Examiners shall not be required to prepare an examination paper in that subject.

9. If a candidate for any of these examinations whose name has not been sent in to the Registry on or before the tenth day previous to the commencement of the examination be nevertheless admitted to the examination a fee of £1 shall be paid for him together with the fee due for the examination.

10. The Examiner in charge of each of these Examinations shall be responsible, with the assistance of the University Marshal and such further assistance as the Board of Examinations are able to provide, for recording on each occasion which of the candidates, if any, are absent, and for seeing that the answer-papers are arranged in alphabetical order, and despatched in a sealed packet, together with a list of absentees to the Examiner who is to mark them.

No copy of any examination-paper shall be taken from the examination-room until the conclusion of the examination-period for that paper without the consent of the Examiner in charge.

It shall be the duty of the Chairman of the Examiners for each examination (or, in cases where no Chairman is appointed by Ordinance, the Senior Resident Examiner) to draw up a scheme to be approved by the Examiners for that Examination, shewing which of them is responsible for each of the examination-periods with which a body they are concerned.

It shall further be the duty of the Chairman of the Examiners (or the Senior Resident Examiner) for each Examination to send to the Registry, as soon as practicable after the commencement of the examination, a copy of the Corrected List of Candidates with such further corrections, if any, as may be necessary, certified by him to be a correct List of the Candidates actually under examination: and this list shall be considered to be the Final List of Candidates for each Examination, and shall be preserved in the Registry.

11. In all cases where fees are due from candidates the Registry shall send to the Tutors of the several Colleges and Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board lists of their pupils who are under examination according to the Final List, distinguishing those (if any) whose names were not included in the Corrected List: and the Tutors of the several Colleges and Public Hostels the Principals of Hostels and the officer of the Non-Collegiate Students Board shall send to the Registry the fees due from their respective pupils.

12. Lists or Names shall be considered to have been sent to the Registry on a day specified, if they have been delivered at or posted to its office on that day.

If any of the days specified for issuing or sending lists fall on Sunday the lists in question shall be issued or sent on the Saturday previous.

REGULATIONS FOR THE PREVIOUS EXAMINATION.

(For conditions of Exemption from the Previous Examination see pp. 22—30 and 182—189.)

1. The Previous Examination shall be held four times in each year.
2. The first examination shall begin on the first Tuesday after the last day of full Lent Term.
3. The second shall begin on the first Tuesday after the third Sunday in June.
4. The third shall begin on either the first Tuesday in October or the first Thursday or the first Saturday, whichever shall first happen.
5. The fourth shall begin on the day following the last day of full Michaelmas Term.
6. The Previous Examination shall consist of two parts.
7. In Part I four papers shall be set, viz.:
 - (1) a paper on one of the Gospels in the original Greek containing
 - (a) questions on the subject-matter,
 - (b) short passages for translation and explanation;
 - (2) a paper on one of the Latin classics containing
 - (a) passages for translation with grammatical questions arising from or suggested by these passages,
 - (b) questions on the subject-matter;
 - (3) a paper on one of the Greek classics containing
 - (a) passages for translation with grammatical questions arising from or suggested by these passages,
 - (b) questions on the subject-matter;
 - (4) a paper containing two or more easy unprepared passages of Latin to be translated into English, the use of a dictionary being allowed.

Provided that in the case of those students who may desire it, there shall be substituted for the paper marked (1) an additional paper on one of the Greek or Latin Classics; and further that in the case of those students who may desire it, instead of the paper marked (2) there shall be substituted a paper containing two or more unprepared passages of Latin of ordinary difficulty, not contained in the set book, to be translated into English without the use of a dictionary, together with grammatical questions arising thereupon; and further that in the case of those students who may desire it, instead of the paper marked (3) a paper containing two or more unprepared passages of Greek of ordinary difficulty, not contained in the set book, to be translated into English without the use of a dictionary, together with grammatical questions arising thereupon.

Provided further that in the case of those students who, being natives of Asia or of Egypt, and not of European parentage, may desire it, instead of the paper marked (1) there shall be substituted a paper on the same Gospel in the Authorised English Version, or on a modern English prose work of a historical character, with questions on the subject-matter; and instead of the paper marked (3) a paper on a play of Shakespeare or some other classic English play or poem of similar length, with grammatical and other questions arising thereupon.

Provided further that, in the case of those students who, being natives of Asia or Africa and not of European parentage, may desire it, in addition to the alternative papers mentioned above for the papers marked (1) and (3), there shall be substituted, instead of papers marked (2) and (4), two papers in Arabic, Chinese, Sanskrit, or Pali.

The papers in these languages shall be set when required in the Previous

examination which takes place at the end of the Michaelmas Term, and—in the case of each of the languages—one of the two papers shall contain

- (a) passages for translation into English from set books, or portions of books with grammatical or other questions immediately arising thereupon,
- (b) questions on the subject-matter;

and the other shall contain two or more easy unprepared passages of the language to be translated into English.

No student shall be allowed to offer himself as a candidate for the examination in Arabic, Chinese, Sanskrit, or Pali after the end of his third term of residence; and no candidate can claim to be examined in Arabic, Chinese, Sanskrit, or Pali unless notice has been given to the Registry before the twenty-first of October next preceding the examination.

Students who have not passed in Greek in the Previous Examination are not allowed to take up Persian alone in the Oriental Languages Tripos; and students who have passed in Arabic, Chinese, Sanskrit, or Pali instead of Greek or Latin, are not allowed to offer themselves as candidates for the Oriental Languages Tripos.

8. The appointment of the particular Gospel and, in regard to the Latin and Greek classics, including that which may be substituted for the Gospel, the appointment both of the authors and of the portions of their works, which it may be expedient to select, shall rest with the Special Board for Classics upon the understanding that the Board shall so limit the subjects of the examination that the persons who are to be examined may be reasonably expected to shew a competent knowledge of all the subjects. In regard to the English subjects, the like appointment shall rest with the Special Board for Classics.

The authors and the portions of their works prescribed for the examinations in Arabic, Chinese, Sanskrit, and Pali in any year shall be elected by the Special Board for Oriental Classics.

9. Notice of the subjects of examination for each civil year shall be issued before the middle of the Lent Term of the civil year immediately preceding, the subjects of the four examinations in each civil year being the same.

10. In Part II four papers shall be set, viz.:

- (1) a paper on Paley's Evidences, or as an alternative *either* a paper in Elementary Logic *or* a paper in Elementary Heat and Chemistry;
- (2) a paper on Geometry;
- (3) a paper on Arithmetic and Elementary Algebra;
- (4) a paper containing subjects for an English Essay selected from a standard work or works.

11. It shall be the duty of the Special Board for Moral Science to define from time to time by a schedule or otherwise the nature and extent of the examination in ELEMENTARY LOGIC.

The paper on ELEMENTARY HEAT AND CHEMISTRY shall contain questions on the following parts of the subjects:—

Heat. Thermometers. Calorimetry, specific heat, latent heat. Expansion. Change of state. Convection, conduction, and the elements of radiation.

Candidates will be expected to have gone through the following course of practical work. Comparison of common thermometers, and testing their fixed points. Determination of specific heats by the method of mixture. Determination of the latent heat of fusion of ice.

Chemistry. The distinction between elements, compounds and mixtures. The distinction between physical and chemical changes. The law of definite proportions; the law of combination of gases by volume. Law of Avogadro. Equivalent weight, molecular weight, atomic weight, and their determination by direct methods only. Simple calculations, based on experimental results, involving the weights and volumes of substances that take part in chemical reactions. The representation by equations of simple chemical changes.

The preparation and properties of the following elements; hydrogen, oxygen, nitrogen, chlorine, carbon, sulphur. The study in particular of water, air, ammonia, hydrochloric acid, carbon dioxide, carbon monoxide, sulphur dioxide, chalk.

The preparation and properties of acids, bases, and salts.

Questions will be set so as to test whether the candidates have gone through a course of experimental work, involving the study of the substances and principles enumerated above.

The paper in GEOMETRY shall contain questions on Practical and on Theoretical Geometry. Every candidate shall be expected to answer questions in both branches of the subject.

The questions on Practical Geometry shall be set on the constructions contained in the annexed Schedule A, together with easy extensions of them. In cases where the validity of a construction is not obvious, the reasoning by which it is justified may be required. Every candidate shall provide himself with a ruler graduated in inches and tenths of an inch, and in centimetres and millimetres, a set square, a protractor, compasses, and a hard pencil. All figures should be drawn accurately. Questions may be set in which the use of the set square or of the protractor is forbidden.

The questions on Theoretical Geometry shall consist of theorems contained in the annexed Schedule B, together with questions upon these theorems, easy deductions from them, and arithmetical illustrations. Any proof of a proposition shall be accepted which appears to the examiners to form part of a systematic treatment of the subject; the order in which the theorems are stated in Schedule B is not imposed as the sequence of their treatment.

In the proof of theorems and deductions from them, the use of hypothetical constructions shall be permitted. Proofs which are only applicable to commensurable magnitudes shall be accepted.

SCHEDULE A.

Bisection of angles and of straight lines.

Construction of perpendiculars to straight lines.

Construction of an angle equal to a given angle.

Construction of parallels to a given straight line.

Simple cases of the construction from sufficient data of triangles and quadrilaterals.

Division of straight lines into a given number of equal parts or into parts in any given proportions.

Construction of a triangle equal in area to a given polygon.

Construction of tangents to a circle and of common tangents to two circles.

Simple cases of the construction of circles from sufficient data.

Construction of a fourth proportional to three given straight lines and a mean proportional to two given straight lines.

Construction of regular figures of 3, 4, 6 or 8 sides in or about a given circle.

Construction of a square equal in area to a given polygon.

SCHEDULE B.

Angles at a Point.

If a straight line stands on another straight line, the sum of the two angles so formed is equal to two right angles; and the converse.

If two straight lines intersect, the vertically opposite angles are equal.

Parallel Straight Lines.

When a straight line cuts two other straight lines, if

- (i) a pair of alternate angles are equal,
 - (ii) a pair of corresponding angles are equal,
 - (iii) a pair of interior angles on the same side of the cutting line are together equal to two right angles,
- then the two straight lines are parallel; and the converse.

Straight lines which are parallel to the same straight line are parallel to one another.

Triangles and Rectilinear Figures.

The sum of the angles of a triangle is equal to two right angles.

If the sides of a convex polygon are produced in order, the sum of the angles so formed is equal to four right angles.

If two triangles have two sides of the one equal to two sides of the other, each to each, and also the angles contained by those sides equal, the triangles are congruent.

If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent.

If two sides of a triangle are equal, the angles opposite to these sides are equal; and the converse.

If two triangles have the three sides of the one equal to the three sides of the other, each to each, the triangles are congruent.

If two right-angled triangles have their hypotenuses equal, and one side of the one equal to one side of the other, the triangles are congruent.

If two sides of a triangle are unequal, the greater side has the greater angle opposite to it; and the converse.

Of all the straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.

The opposite sides and angles of a parallelogram are equal, each diagonal bisects the parallelogram, and the diagonals bisect one another.

If there are three or more parallel straight lines, and the intercepts made by them on any straight line that cuts them are equal, then the corresponding intercepts on any other straight line that cuts them are also equal.

Areas.

Parallelograms on the same or equal bases and of the same altitude are equal in area.

Triangles on the same or equal bases and of the same altitude are equal in area.

Equal triangles on the same or equal bases are of the same altitude.

Illustrations and explanations of the geometrical theorems corresponding to the following algebraical identities:—

$$k(a + b + c + \dots) = ka + kb + kc + \dots,$$

$$(a + b)^2 = a^2 + 2ab + b^2,$$

$$(a - b)^2 = a^2 - 2ab + b^2,$$

$$a^2 - b^2 = (a + b)(a - b).$$

The square on a side of a triangle is greater than, equal to, or less than the sum of the squares on the other two sides, according as the angle contained by those sides is obtuse, right, or acute. The difference in the cases

of inequality is twice the rectangle contained by one of the two sides and the projection on it of the other.

Loci.

The locus of a point which is equidistant from two fixed points is the perpendicular bisector of the straight line joining the two fixed points.

The locus of a point which is equidistant from two intersecting straight lines consists of the pair of straight lines which bisect the angles between the two given lines.

The Circle.

A straight line, drawn from the centre of a circle to bisect a chord which is not a diameter, is at right angles to the chord; conversely, the perpendicular to a chord from the centre bisects the chord.

There is one circle, and one only, which passes through three given points not in a straight line.

In equal circles (or, in the same circle) (i) if two arcs subtend equal angles at the centres, they are equal; (ii) conversely, if two arcs are equal, they subtend equal angles at the centres.

In equal circles (or, in the same circle) (i) if two chords are equal, they cut off equal arcs; (ii) conversely, if two arcs are equal, the chords of the arcs are equal.

Equal chords of a circle are equidistant from the centres; and the converse.

The tangent at any point of a circle and the radius through the point are perpendicular to one another.

If two circles touch, the point of contact lies on the straight line through the centres.

The angle which an arc of a circle subtends at the centre is double that which it subtends at any point on the remaining part of the circumference.

Angles in the same segment of a circle are equal; and, if the line joining two points subtends equal angles at two other points on the same side of it, the four points lie on a circle.

The angle in a semicircle is a right angle; the angle in a segment greater than a semicircle is less than a right angle; and the angle in a segment less than a semicircle is greater than a right angle.

The opposite angles of any quadrilateral inscribed in a circle are supplementary; and the converse.

If a straight line touch a circle, and from the point of contact a chord be drawn, the angles which this chord makes with the tangent are equal to the angles in the alternate segments.

If two chords of a circle intersect either inside or outside the circle the rectangle contained by the parts of the one is equal to the rectangle contained by the parts of the other.

Proportion: Similar Triangles.

If a straight line is drawn parallel to one side of a triangle, the other two sides are divided proportionally; and the converse.

If two triangles are equiangular their corresponding sides are proportional; and the converse.

If two triangles have one angle of the one equal to one angle of the other and the sides about these equal angles proportional, the triangles are similar.

The internal bisector of an angle of a triangle divides the opposite side internally in the ratio of the sides containing the angle, and likewise the external bisector externally.

The ratio of the areas of similar triangles is equal to the ratio of the squares on corresponding sides.

In ARITHMETIC a knowledge of recurring decimals and of the process extracting cube root shall not be required; the use of algebraical symbols and processes shall be permitted.

In ELEMENTARY ALGEBRA questions may be set on the following parts the subject:—

Addition, subtraction, multiplication and division; simple equations; equations; highest common factor, lowest common multiple; quadratic equations; solutions of two simultaneous equations, one at least being linear; simple graphs; problems requiring the classes of equations specified; simple questions on fractional indices; the nature and simple properties of logarithms to the base 10, with easy applications of four-figure tables; ratio and proportion; arithmetic progression, finite geometric progressions.

The appointment of the standard English work or works, from which the subjects for the ENGLISH ESSAY are to be selected, shall rest with the Special Board for Classics.

12. Each of the examinations shall be open to all matriculated students in their first or any later term of residence, also to any person who has not yet a matriculated student provided that a certificate be received by the Registrary from the Tutor of a College or Public Hostel or from the proper officer of the Non-Collegiate Students' Board stating that the candidate has been admitted, or is in his opinion a *bona fide* applicant for admission, to his College or Public Hostel or as a Non-Collegiate student the case may be. For a candidate who has not yet paid the matriculation fee, the matriculation fee—as well as the examination fees—shall be paid to the Registrary.

For the rules respecting the preparation of the lists of Candidates see regulations applicable to the Previous, General and Special Examinations see pp. 11—13).

13. Students shall not be obliged to pass in both parts of the Previous examination at the same time, but may offer themselves for examination in either in both parts or in one part only.

14. No student shall be approved by the examiners for either part of the Previous Examination unless he shall have satisfied the examiners in each paper of such part. But students who have satisfied the examiners in Arabic, Chinese, Sanskrit, or Pali in the Previous Examination in any year may offer themselves for examination in the remaining papers of part I on any subsequent occasion.

15. Every student shall be required in writing his answers to conform to the rules of English grammar, including orthography; and no student shall be approved by the examiners who shall fail to satisfy them in this respect.

16. The names of the students approved shall be placed by the examiners in two separate lists, one for each part of the examination, each list containing four classes with the names in each class arranged alphabetically; and these lists shall be published in the Senate-House on some day to be appointed by the Board of Examinations.

17. In the Michaelmas Term of every year the Senate shall elect nine examiners to conduct, in the following year, the examinations above described; such examiners to be members of the Senate, and to be nominated by the Board of Examinations. At the same time the Senate shall elect an examiner in Logic, such examiner to be a member of the Senate and to be nominated by the Special Board for Moral Science.

The Senate shall also elect before the division of the term in which the examinations in Arabic, Chinese, Sanskrit, and Pali are to be held, one or more examiners in each of these subjects for which any candidates may

have entered, such examiners to be nominated by the Special Board for Oriental Studies.

18. Of the examiners nominated by the Board of Examinations four shall examine in the subjects of Part I including the English subjects which may be substituted for Greek, and five, in the subjects of Part II.

19. Before the commencement of the examination there shall be, (1) a meeting of the examiners in Part I, when the papers set by each examiner in that Part shall be submitted to the other examiners in Part I for their approval; (2) a meeting of the examiners in Part II, when the papers set by each examiner in that Part shall be submitted to the other examiners in Part II for their approval. The questions proposed to be set by each examiner shall be submitted in print to his colleagues at least three days before a meeting for the consideration of the papers. All meetings of the examiners for each Part shall be summoned and presided over by the chairman of the examiners for that Part.

These regulations shall not apply to the examiners in Arabic, Chinese, Sanskrit, and Pali, but such examiners shall submit their papers to the Special Board for Oriental Studies.

20. Each examiner in Part I and each examiner in the Mathematical subjects in Part II shall receive £70 from the University Chest, and the examiner in the English Essay in Part II shall receive £60 from the University Chest.

The examiners in Paley's Evidences, Elementary Logic, and Elementary Heat and Chemistry shall receive from the University Chest such remuneration as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

In every year in which an examination in Arabic, Chinese, Sanskrit, or Pali is held, the examiners who take part in the examination shall receive from the University Chest such remuneration as shall be determined by the Board of Examinations with the consent of the Vice-Chancellor.

21. One at least of the Proctors or Pro-Proctors and three at least of the examiners shall be present throughout all the examinations.

22. Four of the Proctors' and Pro-Proctors' men shall be in attendance upon the examiners throughout all the examinations.

23. No degree of Bachelor of Arts, Law, Medicine or Surgery shall be granted unless a certificate be presented to the Council of the Senate, shewing that the candidate for such degree has passed to the satisfaction of the examiners, both Parts of the Previous Examination.

ADDITIONAL EXAMINATION OF CANDIDATES FOR HONOURS.

1. There shall be Additional Subjects of Examination in Mathematics and Modern Languages for those Students who intend to be Candidates for Honours in any Tripos. No Student shall be admitted to Examination as a Candidate for such Honours who has not passed an Examination in one of the Additional Subjects as hereinafter defined and in both parts of the Previous Examination to the satisfaction of the Examiners.

2. The Additional Subjects shall be (1) Mechanics, (2) French, (3) German.

(1) Mechanics. Two papers shall be set, which shall consist of questions on Mechanics with simple questions on Trigonometry.

Mechanics shall include the composition and resolution of forces acting in one plane at a point and of parallel forces, including simple

applications of graphical methods to the composition and resolution of such forces; moments; centre of gravity and its determination in simple cases; applications to the inclined plane, lever, common balance, wheel and axle, block and tackle; simple explanations and illustrations of friction; the composition and resolution of velocities and accelerations in one plane; rectilinear motion under uniform acceleration; mass, momentum, dynamical measure of force, action and reaction; the time of flight, greatest height and horizontal range of a projectile.

A theoretical proof of the parallelogram of forces shall not be required.

Trigonometry shall include the measurement of angles in degrees, minutes, and seconds; the definitions and simple relations of the trigonometrical ratios of a positive angle not greater than two right angles; the numerical values of these ratios in simple cases; the use of four-figure tables of natural sines, cosines and tangents; the simpler relations between the sides and angles of a triangle.

Every candidate shall provide himself with a ruler graduated in inches and tenths of an inch, and in centimetres and millimetres, a set square, a protractor, compasses and a hard pencil.

(2) French. (3) German. Two papers shall be set in each language, one containing passages for translation into English from selected books, with such elementary questions on grammar as naturally arise out of the books set, the other containing easy passages for translation into English from other books, with such elementary questions on grammar as naturally arise out of the passages set.

3. The Examination shall be conducted entirely by printed papers.

4. The Examination shall be held four times in each year, at the times of the Previous Examination.

5. Each of the Examinations shall be open to all matriculated students in their first or any later term of residence; also to any person who is not yet a Matriculated Student, provided that a Certificate be received by the Registry from the Tutor of a College or Public Hostel or from the proper Officer of the Non-Collegiate Students Board, stating that the candidate has been admitted, or is in his opinion a *bona fide* applicant for admission to his College or Public Hostel or as a Non-Collegiate Student as the case may be.

For a candidate who has not yet paid the matriculation fee, the matriculation fee—as well as the examination fees—shall be paid to the Registry.

6. The Board for Mediæval and Modern Languages shall before the commencement of the Easter Term of the civil year immediately preceding give notice of the selected French and German books, which may coincide in whole or in part with those selected for the Special Examination in Modern Languages. The subjects of the four examinations and the Additional Subjects in each civil year shall be the same.

7. No student shall be approved by the Examiners in French or in German unless he shall have satisfied the Examiners in both of the papers in that language.

8. The names of the students approved shall be placed by the Examiners in two classes in three separate Lists, one for each of the

three subjects of the Examination, the names in each class being arranged alphabetically; and these lists shall be published in the Senate-House on some day to be appointed by the Board of Examinations.

9. In the Michaelmas Term of every year the Senate shall elect, on the nomination of the Board of Examinations, six Examiners to conduct in the following year the Examinations above described, two to examine in Mathematics, two in French, and two in German.

10. The two Examiners in Mathematics shall take part in the meeting of the Examiners in Part II. of the Previous Examination described in Regulation 19 of the Regulations for the Previous Examination¹, when they shall submit their papers to each other and to the Mathematical Examiners in Part II. for approval. The questions to be set by each Examiner shall be communicated in print to his colleague and to the Mathematical Examiners in Part II. and to the Chairman of the meeting at least three days before the meeting.

11. Before the commencement of the Examination there shall be a meeting of the Examiners in French and German, when the papers set by each of the Examiners shall be submitted to the other Examiners for their approval. This meeting shall be summoned and presided over by a member of the Board of Examinations appointed by the Board. The questions to be set by each Examiner shall be communicated in print to his colleagues and to the Chairman of the meeting at least three days before the meeting.

12. Each of the Examiners shall receive from the University Chest such remuneration as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

13. Two of the Proctors or Pro-Proctors and four of the Examiners in Mathematics French and German shall be present throughout the Examinations.

14. Four of the Proctors' and Pro-Proctors' men shall be in attendance upon the Examiners throughout all the Examinations.

EXEMPTIONS FROM THE PREVIOUS EXAMINATION.

For Exemptions from the Previous Examination by Certificates granted by the Local Examinations Syndicate and by the Oxford and Cambridge Schools Examination Board see pp. 182—189.

(Grace of 8 May 1902.)

1. That a student who in one and the same year has passed in the Higher Grade in both Latin and Greek in the Leaving Certificate Examination of the Scotch Education Department be excused from Part I of the Previous Examination with the exception of the paper on the Greek Gospel or its substitute.

2. That a student who has passed in the Higher Grade in Mathematics and English in the Leaving Certificate Examination of the Scotch Education Department be excused from Part II of the Previous Examination with the exception of the paper on Paley's Evidences or its substitute.

¹ See page 20.

3. That a student who has passed in the Higher Grade in Mathematics (but not in the Higher Grade in English) in the Leaving Certificate Examination of the Scotch Education Department be excused from Part II of the Previous Examination with the exception of the English Essay and the paper on Paley's Evidences or its substitute.

4. That a student who has passed in the Higher Grade in French, or German, or Mathematics (including Dynamics) in the Leaving Certificate Examination of the Scotch Education Department be excused from the Additional Subjects of the Previous Examination.

5. That a student who in one and the same year has passed in the Higher Grade in both Latin and Greek in the Leaving Certificate Examination of the Scotch Education Department be admitted to the paper on the Greek Gospel or its substitute in Part I of the Previous Examination on payment of a fee of five shillings.

6. That a student who has passed in the Higher Grade in Mathematics and English in the Leaving Certificate Examination of the Scotch Education Department be admitted to the paper on Paley's Evidences or its substitute in Part II of the Previous Examination on payment of a fee of five shillings.

7. That a student who has passed in the Higher Grade in Mathematics (but not in the Higher Grade in English) in the Leaving Certificate Examination of the Scotch Education Department be admitted to the English Essay and to the paper on Paley's Evidences or its substitute in Part II of the Previous Examination on payment of a fee of ten shillings.

8. That, for the purposes of the foregoing Regulations, a pass in Honours in the Leaving Certificate Examination of the Scotch Education Department in any subject be accepted as equivalent to a pass in the Higher Grade in the same subject, provided that in the case of Mathematics a candidate who has passed in Honours shall have passed also in the Higher Grade in Arithmetic.

9. That the necessary evidence on behalf of any undergraduates who claim exemption from either Part of the Previous Examination, or from the examination in the Additional Subjects, by virtue of the foregoing Regulations, be presented to the Registry in their first term of residence, and that a fee of £1 for the Registration of each Certificate of exemption from Examination in Part I or in Part II or in the Additional Subjects of the Previous Examination be paid at the same time to the Registry.

Any certificate, statement or other evidence entitling a student to exemption from the Previous Examination may be accepted for registration at a time later than that above specified, provided that in every such case an additional fee of £1 shall be paid to the Registry for the University Chest.

10. That the foregoing Regulations be subject to the condition, that the Scotch Education Department shall submit to the Highest Grade Schools Examination Syndicate, at any time on request, copies of the papers set for the Higher Grade in the Leaving Certificate Examination of the Department, together with information as to the standards adopted, and that the Department shall notify to the Syndicate any changes that they may make in their Regulations.

11. That in case the Senate modify any of the foregoing Regulations, either in consequence of changes in the Previous Examination, or for any other reason, the University shall notify the same to the Scotch Education Department.

(Grace of 10 November 1904.)

1. That a student who has passed the Examination in the Stated Subjects at Responsions in the University of Oxford be entitled to exemption from Part I of the Previous Examination.

2. That a student who has passed in French or German as an Additional Subject at Responsions in the University of Oxford be entitled to exemption from the Additional Subjects of the Previous Examination.

3. That an undergraduate claiming exemption under either of the foregoing regulations be required to present to the Registry in his first term of residence a certificate or statement signed by the Registrar of the University of Oxford shewing that he has fulfilled the specified conditions; and that for the registration of such certificate or statement a fee of £1 be paid at the same time to the Registry in respect of exemption from Part I of the Previous Examination, and a similar fee in respect of exemption from the Additional Subjects. Any certificate, statement, or other evidence entitling a student to exemption from the Previous Examination may be accepted for registration at a time later than that above specified, provided that in every such case an additional fee of £1 shall be paid to the Registry.

(Grace of 10 November 1904.)

1. That a student holding a Senior Local Certificate of the University of Oxford be excused from the Classical papers in Part I of the Previous Examination, provided that in the Oxford Senior Local Examination he has shewn sufficient merit in Latin and in Greek to be qualified in these subjects for exemption from the Examination in the Stated Subjects at Responsions.

That if in addition he has satisfied the Examiners in the same Oxford Senior Local Examination or in some subsequent Examination in the paper on a Book of the New Testament in Greek, he be excused from the paper on the Greek Gospel in Part I of the Previous Examination; or, if he has not satisfied this condition, he be admitted to the paper on the Greek Gospel (or its substitute) in the Previous Examination on payment of a fee of five shillings.

2. That a student holding a Senior Local Certificate of the University of Oxford be excused from the papers on Mathematics in Part II of the Previous Examination, provided that the Certificate states that he has passed in Arithmetic, Geometry, Algebra.

That if in addition the student has passed in the Oxford Senior Local Examination in English Language and Literature (including the English Essay), he be excused from the English Essay, and that if he has passed in two divisions of the Religious Knowledge Section, or in Chemistry (Theoretical and Practical), or in two divisions of the Physics Section, or if he has shewn sufficient merit in Logic to be

hereby excused from examination in an Additional Subject in Responsions, he be excused from the paper on Paley's *Evidences* and its substitutes.

That, if in accordance with this regulation the student be excused from the papers on Mathematics, but not excused from either or both of the remaining papers of Part II of the Previous Examination, he be admitted to the English Essay, or to the paper on Paley's *Evidences* (or one of its substitutes), or to both, on payment of a fee of five shillings for each paper.

3. That a student holding a Senior Local Certificate of the University of Oxford be excused from the Additional Subjects of the Previous Examination, provided that in the Oxford Senior Local Examination he has shewn sufficient merit in French or in German to be excused from the Examination in an Additional Subject at Responsions, or has passed in Applied Mathematics and one other division of the Higher Mathematical Section.

4. That an undergraduate claiming exemption under any of the foregoing regulations be required to present to the Registry in his first term of residence a certificate or statement signed by the Secretary of the Local Examinations Delegacy of the University of Oxford and countersigned by the Secretary of the Local Examinations and Lectures Syndicate shewing that he has fulfilled the specified conditions; and that for the registration of such certificate or statement a fee of £1 be paid at the same time to the Registry in respect of exemption from each Part of the Previous Examination. Any certificate, statement, or other evidence entitling a student to exemption from the Previous Examination may be accepted for registration at a time later than that above specified, provided that in every such case an additional fee of £1 shall be paid to the Registry.

(Grace of 17 June 1909.)

1. That a student holding a Matriculation Certificate of the University of London, whether the Matriculation Examination has been taken in its ordinary form, or in the form of the Senior School Examination, be entitled to exemption from Part I of the Previous Examination, with the exception of the paper on the Greek Gospel or its substitute, provided that the Certificate includes Latin and Greek which shall have been taken at one and the same examination; and that he be admitted to the paper on the Greek Gospel (or its substitute) in the Previous Examination on payment of a fee of five shillings.

2. That a student holding a Matriculation Certificate of the University of London, whether the Matriculation Examination has been taken in its ordinary form, or in the form of the Senior School Examination, be entitled to exemption from the papers on Mathematics and from the English Essay in Part II of the Previous Examination, provided that the Certificate states that he has passed in Elementary Mathematics and English, which shall have been taken at one and the same examination; and that the student be further entitled to exemption from the paper on Paley's *Evidences* and its substitutes, if the Certificate states that in the same examination as that in which he passed in Elementary Mathematics and English he passed also in either Logic, or

any two of the three following subjects,—(a) Chemistry, (b) Heat, Light, and Sound, (c) Electricity and Magnetism. That, further, if in accordance with this regulation he be excused from the papers on Mathematics and the English Essay, but not excused from the paper on Paley's *Evidences* and its substitutes, he be admitted to the paper on Paley's *Evidences* (or one of its substitutes) in the Previous Examination on payment of a fee of five shillings.

3. That a student holding a Matriculation Certificate of the University of London, whether the Matriculation Examination has been taken in its ordinary form, or in the form of the Senior School Examination, be entitled to exemption from the Additional Subjects of the Previous Examination, provided that the Certificate includes either French or German or Mechanics.

4. That, for the purposes of the foregoing regulations, any subject in which the holder of a Matriculation Certificate of the University of London has passed in one of the subsequent Examinations leading up to a Degree in that University may be counted as if it were included in the Matriculation Examination Certificate, and had been taken at the same time as the subjects included in that Certificate.

5. That an undergraduate claiming exemption under any of the foregoing regulations be required to present to the Registry in his first term of residence a certificate or certificates signed by one of the Registrars of the University of London shewing that he has fulfilled the specified conditions; and that for the registration of such certificate or certificates a fee of £1 be paid at the same time to the Registry in respect of exemption from each Part of the Previous Examination. Any certificate, statement, or other evidence entitling a student to exemption from the Previous Examination may be accepted for registration at a time later than that above specified provided that in every such case an additional fee of £1 shall be paid to the Registry.

(Grace of 10 May 1906.)

1. That the holder of a Matriculation Certificate of the Joint Matriculation Board of the Universities of Manchester, Liverpool, Leeds, and Sheffield, constituted under the charters and statutes of these Universities, be entitled to exemption from Part I. of the Previous Examination (with the exception of the paper in Latin Unprepared Translation, and the paper in the Greek Gospel or its substitute), provided that the Certificate includes Latin and Greek which shall have been taken at one and the same examination; and that the holder of such a Certificate be further excused the paper in Latin Unprepared Translation, if he is certified to have passed in the Unprepared Translation, given as an alternative to Set Books in Latin, in the Matriculation Examination held by the Joint Matriculation Board.

2. That the holder of a Matriculation Certificate of the Joint Matriculation Board of the Universities of Manchester, Liverpool, Leeds, and Sheffield be excused from the papers on Mathematics and from the English Essay in Part II. of the Previous Examination provided that the Certificate states that he has passed in English and

Mathematics which shall have been taken at one and the same examination and that he be further entitled to exemption from the paper on Paley's *Evidences* and its substitutes, if the Certificate states that in the same examination as that in which he passed in English and Mathematics he passed also in Chemistry and Physics.

3. That the holder of a Matriculation Certificate of the Joint Matriculation Board of the Universities of Manchester, Liverpool, Leeds, and Sheffield be entitled to exemption from the Additional Subjects of the Previous Examination, provided that the Certificate includes either French or German or Mechanics, and provided further that, in case the exempting subject be French or German, the student be certified to have passed in the Unprepared Translation given as an alternative to Set Books.

3*. That the holder of a Certificate of having passed the Preliminary Examination of the Victoria University, Manchester, be entitled to exemption from the Previous Examination or portions thereof under the same conditions as those under which the holder of a Matriculation Certificate of the Joint Matriculation Board of the Universities of Manchester, Liverpool, Leeds, and Sheffield is entitled to exemption.

4. That a student who has satisfied the conditions specified in Regulation 1 be admitted to the paper on the Greek Gospel or its substitute in Part I. of the Previous Examination on payment of a fee of five shillings; and that, if necessary, he be admitted to the paper in Latin Unprepared Translation on payment of a further fee of five shillings.

5. That a student who has satisfied the conditions specified in Regulation 2 be admitted to the paper on Paley's *Evidences* or its substitute in Part II. of the Previous Examination on payment of a fee of five shillings.

6. That, for the purposes of the foregoing Regulations, any subject in which the holder of a Matriculation Certificate of the Joint Matriculation Board of the Universities of Manchester, Liverpool, Leeds, and Sheffield has passed in one of the subsequent Examinations leading up to a Degree in any one of these Universities may be counted as if it were included in the Matriculation Examination Certificate and had been taken at the same time as the subjects included in that Certificate.

6*. That the holder of a Senior School Certificate granted by the Joint Matriculation Board of the Universities of Manchester, Liverpool, Leeds and Sheffield be entitled to exemption from the Previous Examination or portions thereof under the same conditions as those under which a holder of the Matriculation Certificate of the Board is entitled to exemption, provided that, in the subjects required for such exemption, he has been examined by the Matriculation Examiners either by means of the same papers as those set in the Matriculation Examination itself or by means of papers of equal difficulty set wholly by the Matriculation Examiners and marked by them on the same standards as the Matriculation papers.

7. That an undergraduate claiming exemption under any of the foregoing Regulations be required to present to the Registry in his first term of residence a certificate or certificates, signed on behalf of the Universities of Manchester, Liverpool, Leeds, and Sheffield,

shewing that he has fulfilled the specified conditions; and that for the registration of such certificate or certificates a fee of £1 be paid at the same time to the Registry in respect of exemption from each Part of the Previous Examination. Any certificate, statement, or other evidence entitling a student to exemption from the Previous Examination may be accepted for registration at a time later than that above specified; but in every such case an additional fee of £1 shall be paid to the Registry.

(Grace of 17 June 1909.)

1. That a student holding a Matriculation Certificate of the University of Birmingham be entitled to exemption from Part I of the Previous Examination (with the exception of the paper on the Greek Gospel or its substitute), provided that he is certified to have reached a sufficiently high standard in Latin and in Greek which shall have been taken at one and the same examination; and that he be admitted to the paper on the Greek Gospel (or its substitute) in the Previous Examination on payment of a fee of five shillings.

2. That a student holding a Matriculation Certificate of the University of Birmingham be entitled to exemption from the papers on Mathematics and from the English Essay in Part II of the Previous Examination, provided that he is certified to have reached a sufficiently high standard in Mathematics and English Literature which shall have been taken at one and the same examination; and that he be further entitled to exemption from the paper on Paley's *Evidences* and its substitutes, provided that he is certified to have reached in the same examination as that in which he reached the required standard in Mathematics and English Literature a sufficiently high standard in Experimental Mechanics and Chemistry. That, further, if in accordance with this Regulation he be excused from the papers on Mathematics and the English Essay, but not excused from the paper on Paley's *Evidences* and its substitutes, he be admitted to the paper on Paley's *Evidences* (or one of its substitutes) in the Previous Examination on payment of a fee of five shillings.

3. That a student holding a Matriculation Certificate of the University of Birmingham be entitled to exemption from the Additional Subjects of the Previous Examination, provided that he is certified to have reached a sufficiently high standard in French or in German or in Experimental Mechanics.

4. That, for the purposes of the foregoing Regulations, any subject in which the holder of a Matriculation Certificate of the University of Birmingham has passed in one of the subsequent Examinations leading up to a degree in that University may be counted as if it were included in the Matriculation Examination Certificate and had been taken at the same time as the subjects included in that Certificate.

5. That an undergraduate claiming exemption under any of the foregoing Regulations be required to present to the Registry in his first term of residence a certificate or certificates signed by the Registrar of the University of Birmingham, and countersigned by the Secretary of the Local Examinations and Lectures Syndicate, shewing that he has fulfilled the specified conditions; and that for the registration of such

certificate or certificates a fee of £1 be paid at the same time to the Registry in respect of exemption from each Part of the Previous Examination. Any certificate, statement, or other evidence entitling a student to exemption from the Previous Examination may be accepted for registration at a time later than the above specified provided that in every such case an additional fee of £1 shall be paid to the Registry.

APPENDIX A.

The following is a summarised statement of the present requirements of the Matriculation Examination of the University of Birmingham.

Every candidate must satisfy the Examiners in five subjects, as set out below:

- (1) English History and Literature.
- (2) Mathematics (Arithmetic; Algebra; Geometry).
- (3) *Three* of the following subjects, of which *one* must be a Language:

- | | | |
|-----------------------------|---|--|
| (a) Latin | { | Translation of easy passages at sight, with questions on grammar (accidence and syntax), easy composition, and translation of passages from a prepared book or books. |
| (b) Greek | | |
| (c) French | { | Translation of easy passages at sight, with questions on grammar (accidence and syntax), easy composition and dictation, reading aloud, translation of passages from a prepared book, and easy conversation based on them. |
| (d) German | | |
| (e) Italian | | |
| (f) Spanish | | |
| (g) Higher Mathematics. | | |
| (h) Experimental Mechanics. | | |
| (i) Chemistry. | | |
| (j) Geography. | | |
| (k) Botany. | | |
| (l) Animal Biology. | | |
| (m) Geometrical Drawing. | | |

APPENDIX B.

In the Schedule of Examinations accepted by the University of Birmingham in lieu of the Matriculation Examination of that University the following Examinations are included:

- (1) The Previous Examination of the University of Cambridge, if it includes the "Additional Subjects."
- (2) The Higher Certificate of the Oxford and Cambridge Schools Examination Board, provided that the candidate has passed at one Examination in all the subjects required by the regulations for Matriculation.
- (3) The Cambridge Senior Local Examination, provided that the candidate has passed at one Examination in all the subjects required by the regulations for Matriculation.

In the Faculties of Science, Arts, and Commerce, the Cambridge Higher Local Examination in any subject exempts candidates from further examination in that subject in the Matriculation Examination.

1. That the holder of a Certificate of having passed the Baccalauréat in France or the Bachillerato in Spain, or the Reifeprüfung in Germany, Austro-Hungary, or Russia, be entitled to exemption from Part I. of the Previous Examination if the Certificate includes Latin and Greek; from Part II. if it includes Mathematics; and from the Additional Subjects if it includes Mathematics or a Modern Language (other than French in the case of the Baccalauréat, other than Spanish in the case of the Bachillerato, other than German in the case of the German Reifeprüfung, and other than Russian in the case of the Russian Reifeprüfung).

That the holder of a Maturitäts-Zeugnis or a Certificat de Maturité in Switzerland be entitled to exemption from Part I. of the Previous Examination, if the Certificate includes Latin and Greek; from Part II. if it includes Mathematics; and from the Additional Subjects, if it includes Mathematics or two Modern Languages.

2. That an undergraduate claiming exemption under the foregoing Regulation be required to present to the Registry in his first term of residence a certificate shewing that he has fulfilled the specified conditions, and that a fee of £1 for the registration of each certificate of exemption from Part I. or Part II. or the Additional Subjects of the Previous Examination be paid at the same time to the Registry. A certificate entitling a student to exemption from the Previous Examination may be accepted for registration at a time later than that above specified; but in every such case an additional fee of £1 shall be paid to the Registry.

GENERAL EXAMINATION.

1. The General Examination shall be conducted entirely by printed papers.

2. The Examination shall consist of two parts.

3. In Part I. five papers shall be set, viz.:

(1) A paper on one of the Greek Classics, or a portion of one of the Greek Classics.

(2) A paper on one of the Latin Classics, or a portion of one of the Latin Classics.

(3) and (4) Two papers which shall consist of questions on Mechanics with simple questions on Trigonometry.

Mechanics shall include the composition and resolution of forces acting in one plane at a point and of parallel forces, including simple applications of graphical methods to the composition and resolution of such forces; moments; centre of gravity and its determination in simple cases; applications to the inclined plane, lever, common balance, wheel and axle, block and tackle; simple explanations and illustrations of friction; the composition and resolution of velocities and accelerations in one plane; rectilinear motion under uniform acceleration; mass, momentum, dynamical measure of force, action and reaction; the time of flight, greatest height and horizontal range of a projectile.

A theoretical proof of the parallelogram of forces shall not be required.

Trigonometry shall include the measurement of angles in degrees, minutes, and seconds; the definitions and simple relations of the

trigonometrical ratios of a positive angle not greater than two right angles; the numerical values of these ratios in simple cases; the use of four-figure tables of natural sines, cosines and tangents; the simpler relations between the sides and angles of a triangle.

Every candidate shall provide himself with a ruler graduated in inches and tenths of an inch, and in centimetres and millimetres, a set square, a protractor, compasses and a hard pencil.

(5) A paper containing one or more passages of English for translation into Latin Prose.

4. In Part II. five papers shall be set, viz.:

(1) A paper on the Acts of the Apostles in the original Greek.

(2) A paper on a selected portion of English History.

(3) A paper containing one or more subjects for an English Essay or Essays, the subjects being taken from the portion of English History selected for examination.

(4) Elementary Hydrostatics, namely, the pressure of non-elastic fluids, specific gravities, the properties of elastic fluids, and the principal instruments and machines whose action depends on the properties of fluids:

and Heat, namely, explanations of

Temperature and Heat; the processes of Conduction, Convection and Radiation; the effects of heat when applied to Solids, Liquids and Gases; the construction of a Common Thermometer; the Comparison of Thermometric Scales; the formation of Dew, Hoar Frost, Clouds and Rain; Congelation and Ebullition.

(5) A paper on some play of Shakespeare or some portion of the works of Milton.

5. Papers (1) (2) (3) (4) in each Part shall be obligatory. Paper (5) in each Part shall be voluntary, that is to say, students shall not be required to present themselves for either of these Papers, but the results shall be taken into account in assigning the places in the Class-Lists.

6. There shall be in each Part

(1) In Part I. a minimum of marks for each of the obligatory Classical papers and a minimum of marks in Mechanics and Trigonometry. In Part II. a minimum of marks for each of the obligatory papers.

(2) A minimum of aggregate marks for the four obligatory papers.

The minimum in (2) shall always exceed the sum of the minima in (1) by a number to be fixed at the discretion of the Examiners.

The minimum in (2) shall always be exacted.

The minimum in (1) shall be generally exacted: but the Examiners shall have power to allow some slight deficiency in one, or at most two, of the obligatory subjects of either Part to be compensated by proficiency in others of the five subjects of that Part.

7. The papers on the Greek Classic, the Latin Classic, and the Acts of the Apostles shall each consist of two parts, of which one shall contain passages for translation and explanation, and the other such plain questions on the subject-matter as arise immediately out of the subjects; and to satisfy the Examiners in any of these papers candidates shall be required to satisfy the Examiners in both parts of the paper.

8. The papers in Mechanics and Trigonometry and the paper in Hydrostatics and Heat shall consist of questions on the principles together with easy examples and applications.

9. The appointment of the Greek and Latin Classics, which are to be the subjects of Examination in any year, shall rest with the Board of Classical Studies: the appointment from time to time of the portion of English History, and the appointment of the play of Shakespeare, or of the portion of the works of Milton, which are to be the subjects of Examination in any year, shall rest with the Board of Examinations: upon the understanding that these Boards shall so limit the subjects of Examination that every one who is examined may be reasonably expected to shew a competent knowledge of them; and Public Notice of the subjects so appointed for the Examination of the Easter Term of any year shall be issued in the second week of the Easter Term of the year preceding.

10. Students shall not be obliged to pass in both Parts of the General Examination at the same time, but may offer themselves for examination in either Part, but not both, in their third term of residence, having previously kept two terms, and in both Parts or in either Part in their fourth or any later term of residence, having previously kept three terms: provided that no student shall be admitted to either Part of the General Examination unless he has passed both Parts of the Previous Examination.

11. The Examination shall be held twice in the year.

12. The First Examination shall begin on the Monday after the First Sunday in June.

13. The Second Examination shall begin on the Monday next before the last day of full Michaelmas Term when that last day falls on a Friday, and on the Tuesday next before the last day of full Michaelmas Term when that last day falls on a Monday.

14. The subjects of the two examinations shall be the same, and the two examinations shall be conducted by the same Examiners.

15. The names of the students approved shall be placed by the Examiners in two separate lists, one for each Part of the Examination, each list containing four classes with the names in each class arranged alphabetically; and these lists shall be published in the Senate-House on some day to be appointed by the Board of Examinations.

16. In the Lent Term of every year the Senate shall elect six Examiners to conduct the Examinations of the Easter and Michaelmas Terms; such Examiners to be Members of the Senate and to be nominated by the Board of Examinations.

17. Of these Examiners two shall examine in the Classical subjects, the Acts of the Apostles and Latin Composition, two in English History, English Composition, and English Literature, and two in the Mathematical subjects.

18. Before the beginning of the Examination there shall be a General Meeting of all the Examiners in both Parts, when the papers set by each Examiner shall be submitted to all the Examiners for their approval. The papers set by each Examiner shall be submitted to the other Examiner in the same group of subjects for his approval, and shall subsequently, at least three days before the Meeting, be sent

in print to all the Examiners. All General Meetings of the Examiners shall be summoned and presided over by the Chairman of the Examiners.

19. Each of the Examiners shall receive from the University Chest such remuneration (not less than £15) as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

20. One of the Pro-Proctors and two of the Examiners shall be present for the purpose of invigilation during every part of the Examinations in the Easter and Michaelmas Terms.

21. Two of the Proctors' or Pro-Proctors' men shall be in attendance during every part of the Examinations in the Easter and Michaelmas Terms.

PRELIMINARY EXAMINATION IN SCIENCE.

1. The Examination shall be partly in writing, partly oral, and partly practical.

2. The subjects of the Examination shall be Chemistry, Physics and Elementary Biology.

3. A student shall be allowed to present himself for examination in all or any of these subjects at the same Examination.

4. Every student shall be required before admission or re-admission to the Preliminary Examination in Science to pay the following fees to the common chest: for the Examination in Chemistry £1. 1s., for the Examination in Physics £1. 1s., for the Examination in Elementary Biology £2. 2s.

5. The Examination shall be held three times in the year and shall begin in the Michaelmas Term on the Tuesday or Friday which shall first happen after October 2 and also on the Monday at or next after the last day of full Michaelmas Term and also on the Monday after the second Sunday in June.

6. The Examination shall be open to all students who have entered in their third term of residence at least, having previously kept two terms, and have passed or obtained exemption from both Parts of the Previous Examination.

7. The names of the successful candidates in the several subjects shall be arranged in alphabetical order.

8. The Examiners shall be the two Examiners in Elementary Chemistry, the two Examiners in Elementary Physics and the two Examiners in Elementary Biology appointed as provided by the Regulations for Examiners in Natural Science and in Medicine.

9. The Schedules of the Examination shall be those of the First Examination for the M.B. degree and the Examination shall be conducted by the same papers as the First Examination for the M.B. degree.

EXAMINATION PAYMENTS (PREVIOUS AND GENERAL).

1. Every Student shall be required, before admission to examination in the First Part of the Previous Examination, to pay the sum of Twenty-five Shillings to the common Chest; and before admission to examination in the Second Part of the Previous Examination, to pay the sum of Twenty-five Shillings to the common Chest.

2. Students shall be required to pay the said sum of Twenty-five

34 FINAL EXAMINATIONS ORDINARY B.A. DEGREE.

Shillings to the common Chest again on each occasion of their re-admission to examination in either of the aforesaid Parts of the Previous Examination.

2a. Students who take only the papers in Arabic, Chinese, Sanskrit or Pali in the Previous Examination, or who, having passed in Arabic, Chinese, Sanskrit, or Pali take only the papers in English, pay a fee of ten shillings on admission to examination in such papers.

3. Every Student shall be required, before admission to either Part of the General Examination, to pay the sum of One Pound to the common Chest; and Students shall be required to pay the said sum of One Pound to the common Chest again on each occasion of their re-admission to examination in either Part of the General Examination.

4. Every Student shall be required before admission to the Examination in the Additional Subjects to pay the sum of Twenty-five Shillings to the Common Chest: and Students who have undergone the examination and have not been approved by the Examiners shall be required to pay the said sum of Twenty-five Shillings again on each occasion of their admission to examination at the said Examination.

FINAL EXAMINATIONS FOR THE ORDINARY B.A. DEGREE.

Every Student is required before admission to either Part of any Special Examination, to pay the sum of Thirty Shillings to the Common Chest: and Students are required to pay the said sum of Thirty Shillings to the Common Chest again on each occasion of their re-admission to examination in either Part of such Special Examination. Every Student is required, before admission to any Special Examination which is not divided into two Parts, to pay the sum of Three Pounds to the Common Chest: and Students are required to pay the sum of Three Pounds to the Common Chest again on each occasion of their re-admission to such Special Examination.

Any part of any Special Examination shall be open to all students who have passed Examinations entitling them to proceed to any Degree in the University in Arts, Law, Medicine or Surgery.

REGULATIONS FOR THE SPECIAL EXAMINATIONS FOR THE ORDINARY B.A. DEGREE.

GENERAL REGULATIONS.

A. For Special Examinations which are divided into two parts, and are held twice in each year; namely:

(a) Theology. (b) Political Economy. (c) Law. (d) History. (e) Chemistry. (f) Physics. (g) Mathematics. (h) Classics. (i) Mechanism and Applied Science¹. (k) Music. (l) Military Subjects. (m) Psychology.

1. The examination shall take place twice in each year.

2. The first examination shall begin on the Wednesday or, if the next day be Ascension Day, on the Tuesday next but two before the first day of General Admission in the Easter Term².

¹ In the Easter Term 1914, and subsequently, *Special Examination in Engineering Science*.

² Music, see p. 51.

FINAL EXAMINATIONS ORDINARY B.A. DEGREE. 35

3. The second examination shall begin on December 5 in each year, unless (a) that day be a Sunday, or (b) full Michaelmas Term ends on Monday, December 8, in which cases it shall begin on December 4.¹

4. The examination shall consist of two Parts, and each Part shall be conducted by printed papers; but in the examinations in Chemistry and in Physics the examiners shall be at liberty, if they think fit, to examine the students orally on the apparatus exhibited, and on the practical work done.

5. Part I. of the examination shall be open to all students who have entered on their sixth term at least, having previously kept five terms, and have passed both Parts of the Previous and of the General Examination.

Provided that candidates for Ordinary Degree may proceed in accordance with Regulation 6* following.

6. Either Part or both Parts of the examination shall be open to all students who have entered on their ninth term at least, having previously kept eight terms, and have passed both Parts of the Previous and of the General Examination; or who have passed examinations entitling them to proceed to any degree in the University in Arts, Law, Medicine, or Surgery.

Provided that candidates for the Ordinary Degree may proceed in accordance with Regulation 6* following.

6*.² Part I of any of the Special Examinations enumerated above shall be open to all students who have entered on their second term at least having previously kept one term and have passed both Parts of the Previous Examination. Part II of any such Examination shall be open to Students in their fourth or any later term of residence who have passed or obtained exemption from both Parts of the Previous Examination. Provided that neither Part I of two Special Examinations nor Part II of two Special Examinations shall be taken in the same term. Provided further that, except in so far as provision is made to the contrary in the special Regulations relating to any of the Examinations referred to, no student shall be allowed to be a candidate for a Part of any of these Special Examinations which, should he be successful in passing in it, would be his final Examination for the Ordinary B.A. Degree, unless he has entered on his ninth term at least, having previously kept eight terms.

7. There shall be a meeting of the examiners previous to each examination, when the papers set by each examiner shall be submitted for approval.

8. One at least of the examiners and one of the Proctors or Pro-Proctors shall be present, and two of the Proctors' or Pro-Proctors' men shall be in attendance during every part of the examination: but, if more than one Special Examination be held in the same room, the Board of Examinations may relax the strict obligation of attendance on the part of the examiners for the purpose of invigilation.

9. The examiners shall arrange the names of those who pass in each Part in three classes; the names in the first class being arranged in order of merit and those in the second and third classes alphabetically.

10. The class-lists shall be published in the Senate House at the latest at 10 a.m. on the Thursday before the first day of General Admission in the Easter Term, and on the day next but one (or, if the day of General Admission be a Monday or a Tuesday, the day next but two) before the day of General Admission in the Michaelmas Term.

11. The examiners shall send a report of the results of each examin-

² This Regulation does not affect students already in residence in the University.

ation to the secretary of the Board of Examinations within a week after the publication of the class-lists; and this report shall be communicated, in the case of the examinations in Physics and in Chemistry, to the Special Board for Physics and Chemistry; and in the case of each of the other examinations to the Special Board or other Board by which the examiners for that examination are nominated. The report shall contain information as to the standards adopted in arranging the class-list of the examination.

(a) THEOLOGY.

1. Part I. shall consist of four papers on the following subjects:

- (1) Outlines of Old Testament History.
- (2) *a.* A selected portion of the Historical Books of the Old Testament in English. *b.* A selection of the Psalms or Prophetical Books of the Old Testament in English.
- (3) One of the Gospels in Greek.
- (4) The history of the Jews from the close of the Old Testament History to the Fall of Jerusalem, with special attention to the religious life and thought of the Jews so far as they illustrate the Gospel History.

2. Part II. shall consist of seven papers as follows:

- (1) The Life and Epistles of St Paul (in English).
- (2) One or more of the Epistles in Greek.
- (3) Outlines of English Church History to A.D. 1717.
- (4) A selected portion of the historical books of the Old Testament in Hebrew, with easy questions on Hebrew Grammar.
- (5) Outlines of Early Church History to the death of Leo the Great.
- (6) A special subject from the religious history of England between A.D. 1717 and 1870.
- (7) Subjects for an Essay relating to the subject-matter of paper (1) in Part I. and papers (1) (2) and (3) in Part II.

3. Paper (4) in Part I., and Papers (4) (5) and (6) in Part II., shall be voluntary, that is to say, students shall not be required to present themselves for them, but the results shall be taken into account in assigning the places in the class-list; and marks shall be affixed to the names of those who pass with credit in any of those papers; but no student shall present himself for more than two of the three voluntary papers in Part II.

4. The paper on the Gospel in Greek and that on the Epistle or Epistles in Greek shall contain sentences or passages for translation, together with questions on introduction and subject matter, and on the criticism and interpretation of the text, and phrases or sentences for retranslation.

5. The paper on the Life and Epistles of St Paul shall consist of questions on the events of St Paul's life, on the general contents of his Epistles, and on the circumstances which called them forth.

6. The paper on the selected portion of the Historical Books of the Old Testament in Hebrew shall contain passages for translation and easy questions on grammar, together with easy sentences for retranslating, and one or more passages for pointing.

7. The Special Board for Divinity may, if they think fit, recommend books for special study in connection with the voluntary paper on a subject from the religious history of England.

8. In estimating the merits of the work done by the candidates the examiners shall take account of style and method.

9. The two examinations in each year shall be conducted by the same four examiners, nominated by the Special Board for Divinity, and appointed by the Senate in the preceding Lent Term, and each examiner shall receive from the University Chest such remuneration (not less than £10 and not more than £50) as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

10. The Special Board for Divinity may, if it think fit, appoint one of its members to summon and preside over the meeting of the examiners held, in accordance with General Regulation 7, before each examination, who, if the votes of the examiners are equally divided, shall have a casting vote.

11. The Special Board for Divinity shall in every year before the end of the Easter Term give notice of the particular Gospel, the Epistle or Epistles, the portions of the Old Testament in English and in Hebrew, and the special subject from the religious history of England, which they have selected as the subjects of examination in the year next but one following.

(b) POLITICAL ECONOMY.

1. Part I. shall consist of four papers as follows:

Two papers on the Economics of Industry;

One paper containing subjects for an English Essay, some of which shall relate to general topics;

One paper on a special subject to be prescribed from time to time by the Special Board for Economics and Politics.

2. Part II. shall consist of four papers as follows:

Two papers on the Economics of Trade and Finance;

One paper containing subjects for an English Essay relating to Economics;

One paper on a special subject to be prescribed from time to time by the Special Board for Economics and Politics.

3. In each Part the fourth paper, namely, the paper on the special subject to be prescribed by the Special Board, shall be voluntary; that is to say, students shall not be required to present themselves for it, but the results shall be taken into account in assigning the places in the class-list: and marks shall be affixed to the names of those who pass satisfactorily in either of these papers.

4. In estimating the merits of the work done by the candidates the examiners shall take account of style and method.

5. The two examinations in each year shall be conducted by the same two examiners, nominated by the Special Board for Economics and Politics, and appointed by the Senate in the Lent Term of the year, and each examiner shall receive from the University Chest such remuneration (not less than £10 and not more than £30) as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

The Special Board for Economics and Politics may, if they think fit, appoint one of their members to preside over the meeting of the examiners held, in accordance with General Regulation 7, before each examination, who, if the votes of the examiners are equally divided, shall have a casting vote.

6. Lists of books recommended for Part I. and Part II., and the special subjects prescribed for Part I. and Part II., shall be published from time to time by the Special Board for Economics and Politics. Not less than one year's notice shall be given of any change in the list of books recommended or in the special subjects prescribed.

38 FINAL EXAMINATIONS ORDINARY B.A. DEGREE.

(c) LAW.

1. Part I. shall consist of three papers on the following subjects :
 - (1) Some branch of English Constitutional Law.
 - (2) English Criminal Law.
 - (3) Select cases illustrating one or both of the preceding subjects
2. Part II. shall consist of four papers as follows :
 - (1) Elementary parts of the English Law of Real Property.
 - (2) The English Law of Contract or Tort, or some other branch of English Law.
 - (3) Select cases illustrating one or both of the preceding subjects.
 - (4) Subjects for an Essay relating to the subject-matter of papers (1) and (2).
3. The third paper in each Part shall be voluntary, that is to say, students shall not be required to present themselves for it, but the results shall be taken into account in assigning the places in the Class List; and marks shall be affixed to the names of those who pass satisfactorily in either of these papers.
4. In estimating the merits of the work done by the candidates the examiners shall take account of style and method.
5. The two examinations in each year shall be conducted by the same examiners; the number of examiners in each year shall be determined by the Special Board for Law and shall not be less than two nor more than four; the examiners shall be nominated by the Special Board for Law and appointed by the Senate in the preceding Lent Term and each examiner shall receive from the University Chest such remuneration (not less than £10 and not more than £50) as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.
- The Special Board for Law may, if it think fit, appoint one of its members to summon and preside over the meeting of the examiners held, in accordance with General Regulation 7, before each examination, who, if the votes of the examiners are equally divided, shall have a casting vote.
6. The Special Board for Law shall in every year before the end of the Easter Term publish a notice declaring more particularly what branches of Law and what Select Cases are to be the subjects of examination in the year next but one following. It shall also be the duty of the Board from time to time to recommend books in which the subjects of examination may be studied.

(d) HISTORY.

1. Part I. shall consist of three papers as follows :
 - (1) Outlines of General English History from the earliest period to A.D. 1485. Candidates will be expected to shew some knowledge of Constitutional and Economic History.
 - (2) A special period of English History prior to A.D. 1485.
 - (3) A special period or biography in European History, relevant to the special period of English History. (Voluntary.)
2. Part II. shall consist of five papers as follows :
 - (1) and (2) Two papers on the outlines of General English History after A.D. 1485: the two papers to be divided as nearly as possible at A.D. 1688. Candidates will be expected to shew some knowledge of Constitutional and Economic History.
 - (3) A subject or period of European History after A.D. 1485.
 - (4) A paper in the study of politics. (Voluntary.)
 - (5) Subjects for an Essay relating to the subject-matter of papers (1), (2), or (3).

3. Paper (3) in Part I., and Paper (4) in Part II., shall be voluntary, that is to say, students shall not be required to present themselves for them, but the results shall be taken into account in assigning the places in the Class List; and marks shall be affixed to the names of those who pass satisfactorily in either of these papers.

4. In estimating the merits of the work done by the candidates the examiners shall take account of style and method.

5. The two examinations in each year shall be conducted by the same examiners; the number of examiners in each year shall be determined by the Special Board for History and Archæology and shall not be less than two nor more than four; the examiners shall be nominated by the Special Board for History and Archæology and appointed by the Senate in the preceding Lent Term and each examiner shall receive from the University Chest such remuneration (not less than £10 and not more than £50) as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

The Special Board for History and Archæology may, if it think fit, appoint one of its members to summon and preside over the meeting of examiners held, in accordance with General Regulation 7, before each examination, who, if the votes of the Examiners are equally divided, shall have a casting vote.

6. The Special Board for History and Archæology shall from time to time recommend books in which the subjects of examination may be studied, and shall in every year before the end of the Easter Term publish a notice declaring what branches of history are to be the subjects of paper (3) in Part I. and papers (3) and (4) in Part II. in the year next but one following.

(e) CHEMISTRY.

1. In Part I. three papers shall be set, *viz.* two papers on the simpler chemical properties of the commoner elements and compounds, and one paper on Practical Work in Chemistry.

2. In Part II. three papers shall be set, *viz.* two papers on the Chemistry of the commonly occurring elements, metallic and non-metallic, together with the outlines of Organic Chemistry, and one paper on Practical Work in Chemistry.

3. The two examinations in each year shall be conducted by the two examiners in Elementary Chemistry appointed under Graces 2—8 of October 25, 1888.

4. It shall be the duty of the Special Board for Physics and Chemistry to define by Schedule from time to time the nature of the Examinations in the several subjects.

SCHEDULES FOR THE SPECIAL EXAMINATION IN CHEMISTRY.

PART I.

Essential features of chemical change. Conservation of mass. The laws governing the proportions in which substances interact in the different physical states. The relations between the pressure, temperature and volume of gaseous, liquid and solid substances. Equivalent, atomic and molecular weights and their determination. Elements, compounds and mixtures. The use of the balance. Thermometry; specific and latent heat. Electrolysis.

40 FINAL EXAMINATIONS ORDINARY B.A. DEGREE.

The classification and the commoner properties of acids, bases and salts. The preparation and properties of the following elements and their more common compounds may be used to illustrate the foregoing subjects and principles: oxygen, ozone, hydrogen, nitrogen, carbon, chlorine, bromine, iodine, sulphur, phosphorus, arsenic, sodium, copper, and calcium.

PRACTICAL CHEMISTRY.

Easy qualitative analysis, comprising the detection of elementary substances and the examination of simple salts. The preparation and determination of the chief properties of commonly occurring substances. The quantitative estimation by volumetric methods of alkalis, alkaline carbonates, acids, chlorides, and salts of iron.

PART II.

In addition to the subjects enumerated under Part I., an elementary knowledge will be expected of the following. The conservation of energy, the kinetic theory of gases and the atomic theory. The periodic classification of the elements. The behaviour and essential characteristics of solutions. The thermal effects which accompany chemical and physical change. The determination of physical constants of chemical importance.

A knowledge will be expected of the following elements and their chief compounds, in addition to those specified under Part I. Aluminium, antimony, argon, arsenic, barium, boron, calcium, chromium, copper, gold, iron, lead, magnesium, manganese, mercury, nickel, potassium, silicon, silver, strontium, tin and zinc.

In connexion with carbon compounds a knowledge is requisite of the distinction between molecular composition, constitution and configuration and of the methods of ultimate organic analysis. The preparation, properties and more important reactions of the substances specified below may be used to illustrate the classification and general reactions of organic compounds. The oxides of carbon; cyanogen, cyanides and double cyanides. Methane, ethane and their halogen derivatives. Ethylene, acetylene and their halogen compounds. Methyl and ethyl alcohols. Formic, acetic and oxalic acids and their esters. Ethyl ether, formaldehyde and acetaldehyde, chloral, ethylamine, acetamide and urea. Glycol, glycerol, grape sugar, cane sugar and starch. Benzene, nitrobenzene, aniline and phenol.

PRACTICAL CHEMISTRY.

The determination of equivalent, atomic and molecular weights. The preparation and purification of commonly occurring inorganic substances. Volumetric analysis, including that specified in Part I. and the determination of iodine, hypochlorites, peroxides, chromates and silver. Indirect analysis of mixtures of acids, alkalis and alkaline carbonates. The gravimetric analysis of copper sulphate, ferric alum, carbonates and chlorides and the determination of water of crystallisation. The dry assay of picked galena, dressed cassiterite, red lead and of gold and silver in bullion.

(f) PHYSICS.

1. In Part I. three papers shall be set, *viz.* two papers on Mechanics and Heat, and one paper on Practical Work in the same.

2. In Part II. three papers shall be set, *viz.* two papers on Light, Electricity and Magnetism, and one paper on Practical Work in the same.

SCHEDULES FOR THE SPECIAL EXAMINATION IN PHYSICS.

PART I.

MECHANICS AND HEAT.

Physical measurements, systems of units, velocity and acceleration, motion in a circle, simple harmonic motion, the ballistic balance, its use to illustrate mass and momentum; Newton's laws of motion, weight, work, energy. The conditions of equilibrium of bodies under forces acting in one plane, graphic methods, centre of gravity, the mechanical powers, friction. Density and specific gravity, hydrostatic pressure, floating bodies, simple hydrostatic machines, Boyle's law, the barometer.

Young's modulus, surface tension; the simple phenomena of wave motion as illustrated in the transmission of sound, the measurement of the velocity of sound in air, the determination of the frequency of a note.

Thermometry, measure of quantity of heat, specific heat, latent heat, coefficient of expansion, expansion of liquids, expansion of gases, vapour pressure; conduction, convection and radiation, reflexion and absorption of radiant energy, relation of heat and work.

Practical Work.

Experiments together with oral examination upon the subjects included in the above schedule.

PART II.

LIGHT AND ELECTRICITY AND MAGNETISM.

The laws of the propagation, reflexion and refraction of light, the formation of images by plane and spherical mirrors and by lenses. Simple optical instruments. The eye, spectacles; the deviation, and dispersion of light by a prism, the spectroscope, spectra. Elementary account of the wave theory of light and its experimental basis. The simple phenomena of magnetism, experiments with magnets, terrestrial magnetism. The simple phenomena of electrostatics, electroscopes, electrification by induction, specific inductive capacity, condensers. The production of an electric current, primary and secondary batteries, the magnetic, chemical and thermal effects of a current, galvanometers, voltmeters, Ohm's law; the simpler laws of electromagnetic induction, the elementary principle of the dynamo, use of dynamo and motor. The simpler phenomena of the conduction of electricity through gases.

Practical Work.

Experiments together with oral examination upon the subjects included in the above schedule.

(g) MATHEMATICS.

1. Part I. shall consist of three papers on the following subjects:

- (1) Elementary Algebra and Elementary Trigonometry.
- (2) Elementary Pure Geometry and Elementary Analytical Geometry.
- (3) Elementary Mechanics.

2. Part II. shall consist of three papers on the following subjects:

- (1) Elementary Differential and Integral Calculus.
- (2) Elementary Optics and Astronomy.
- (3) Mechanics of solids and fluids.

3. In Part I. students shall be required to present themselves for each of the three papers. In Part II. students shall be required to present themselves for Paper (1) and either for Paper (2) or for Paper (3). They may present themselves for both Paper (2) and Paper (3) and the results

42 FINAL EXAMINATIONS ORDINARY B.A. DEGREE.

shall be taken into account in assigning the places in the class-list; and marks shall be fixed to the names of those who pass satisfactorily in both Paper (2) and Paper (3).

4. The two Examinations in each year shall be conducted by the same two examiners, nominated by the Special Board for Mathematics, and appointed by the Senate in the preceding Lent Term, and each examiner shall receive from the University Chest such remuneration as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

The Special Board for Mathematics may, if it think fit, appoint one of its members to summon and preside over the meeting of the examiner held, in accordance with General Regulation 7, before each examination who if the votes of the examiners are equally divided shall have a casting vote.

5. The Special Board for Mathematics shall from time to time publish schedules defining more particularly the limits of the subjects of the Examination.

SCHEDULE FOR THE SPECIAL EXAMINATION IN MATHEMATICS.

PART I.

Elementary Algebra. Including Logarithms, the use of the Binomial and Exponential theorems, graphical methods.

Elementary Trigonometry. Up to and including the solution of triangles.

Elementary Pure Geometry. The elementary solid Geometry of lines, planes and spheres.

Elementary Analytical Geometry, including the straight line referred to rectangular axes; the circle referred to rectangular axes; the parabola, ellipse, and hyperbola referred to rectangular axes, one of which is a principal axis, the rectangular hyperbola referred to its asymptotes and axes; easy exercises.

Elementary Mechanics, including units; composition and resolution of forces in one plane and of parallel forces; conditions of equilibrium; force diagrams; friction. Force; work and energy; graphical methods of representing motion including varying acceleration; uniform and uniformly accelerated motion; projectiles; uniform circular motion.

Logarithmic tables will be provided, and the use of the slide rule will be permitted.

PART II.

Elementary Differential and Integral Calculus, including easy differentiation and integration; maxima and minima of simple functions of one variable; areas; tangents and normals to plane curves.

Elementary Optics and Astronomy, including the laws of reflection and refraction of light; formation of images by reflection and refraction at plane surfaces and at a single spherical surface (excluding aberrations) and by refraction through a thin lens; the eye and the use of spectacles; the simple astronomical telescope, and Galileo's telescope; the coordinate of a heavenly body; apparent motion of the heavens; shape, dimension and motion of the earth; Kepler's laws; length of day, the seasons sidereal, apparent and mean solar time; simple methods of determining latitude and longitude; principal effects of refraction and aberration meaning of parallax; general explanation of the phases of the moon, and eclipses.

Mechanics of solids and fluids, including simple harmonic motion; conservation of momentum; conservation of energy; moments of inertia; rotation and oscillation of solid bodies about a fixed axis; fluid pressure; centre of pressure; floating bodies; experimental determination of metacentres.

(h) CLASSICS.

1. Part I. shall consist of four papers on the following subjects:

(1) Selected portions from not more than two Greek prose authors, taken from a list to be published from time to time by the Special Board for Classics, which list shall include Herodotus, Thucydides, Plato, Xenophon, and Demosthenes.

(2) Selected portions from not more than two Greek verse authors, taken from a list to be published from time to time by the Special Board for Classics, which list shall include Homer, Æschylus, Sophocles, Euripides, and Aristophanes.

(3) Unprepared Translation from Greek.

(4) A selected portion of Greek History.

2. Part II. shall consist of six papers as follows:—

(1) Selected portions from not more than two Latin prose authors, taken from a list to be published from time to time by the Special Board for Classics, which list shall include Cæsar, Cicero, Livy, and Tacitus.

(2) Selected portions from not more than two Latin verse authors, taken from a list to be published from time to time by the Special Board for Classics, which list shall include Plautus, Terence, Virgil, Horace, and Juvenal.

(3) Unprepared Translation from Latin.

(4) Latin Prose Composition.

(5) A selected portion of Roman History.

(6) Subjects for an Essay relating to the subject-matter of the portions of authors selected for papers (1) and (2).

3. Paper (4) in Part I., and Paper (5) in Part II., shall be voluntary, that is to say, students shall not be required to present themselves for them, but the results shall be taken into account in assigning the places in the Class List; and marks shall be affixed to the names of those who pass satisfactorily in either of these papers.

4. Papers (1) and (2) in each part shall contain passages for translation with grammatical and other questions immediately arising therefrom. A portion of the prescribed books in each year shall bear upon the portions of History selected for the Voluntary papers.

5. In estimating the merits of the work done by the candidates the examiners shall take account of style and method.

6. The two examinations in each year shall be conducted by the same two examiners, nominated by the Special Board for Classics, and appointed by the Senate in the preceding Lent Term, and each examiner shall receive from the University Chest such remuneration as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

The Special Board for Classics may, if it think fit, appoint one of its members to summon and preside over the meeting of the examiners held, in accordance with General Regulation 7, before each examination, who if the votes of the Examiners are equally divided shall have a casting vote.

7. The Special Board for Classics shall in every year before the end of the Easter Term publish a notice declaring what portions of authors, and what portions of history, have been selected as the subjects for examination in the year next but one following.

44 FINAL EXAMINATIONS ORDINARY B.A. DEGREE.

(Issued December 7, 1903.)

List of authors, from whom until further notice portions will be selected to be the subjects of papers (1) and (2) in Parts I. and II.:—Herodotus, Thucydides, Plato, Xenophon, Demosthenes, Homer, Aeschylus, Sophocles, Euripides, Aristophanes, Caesar, Cicero, Livy, Tacitus, Plautus, Terence, Lucretius, Virgil, Horace, Ovid, Juvenal.

(i) MECHANISM AND APPLIED SCIENCE.

(For the Easter Term 1914 and subsequently, see *Special Examination in Engineering Science*, p. 47.)

1. In Part I. three papers shall be set, to be taken by all candidates namely,

- (1) Practical Mathematics; (2) Descriptive Mechanism;
(3) Surveying, being a practical examination in field and office work.

2. In Part II the following three papers shall be taken by all candidates:

- (1) Elementary Applied Mechanics;
(2) Mechanical Drawing; (3) Workshop practice;

and each candidate shall further present himself for examination in one or more of the following subjects:

- (4 A) Heat and Heat-Engines;
or (4 B) Strength of Materials and elementary Theory of Structures;
or (4 C) Electricity.

3. It shall be the duty of the Special Board for Physics and Chemistry to define by schedule from time to time the nature of the examination in the several subjects.

4. No candidate shall be placed in the First Class of Part II. unless he have satisfied the examiners in two out of the three alternative subjects.

5. Every candidate shall be required to satisfy the examiners that he is competent to perform simple laboratory tests and experiments illustrative of the subjects of the schedules. For the purpose of satisfying themselves as to this the examiners may impose such oral and practical tests as they think fit and may examine records of laboratory work made by the candidate, and initialled by the Professor of Mechanism or his deputy appointed for the purpose. The examiners in deciding the class of a candidate shall take into account his practical work.

6. The two examinations in each year shall be conducted by the same two examiners, nominated by the Special Board for Physics and Chemistry and appointed by the Senate in the preceding Lent Term; and each examiner shall receive from the University Chest such remuneration (not less than £10 and not more than £50) as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

SCHEDULES FOR THE SPECIAL EXAMINATION IN MECHANISM AND APPLIED SCIENCE.

PART I.

PRACTICAL MATHEMATICS.

Indices. Logarithms. Use of logarithmic tables. Construction and use of slide rule.

Functions of an angle. Use of trigonometrical tables, solution of right angled triangles, and applications to determination of heights and distances.

Representation of position of a point by rectangular and polar co-ordinates; use of squared paper to represent a set of simultaneous values of two quantities, plotting of simple functions—algebraic and trigonometrical. Elementary application of graphic methods to solution of equations. Representation of rate of increase of a quantity by the slope of a curve. Maxima and minima treated geometrically.

British and metric units of length, area, volume. Verniers; screw gages. Areas of simple regular plane figures. Volumes of cylinder, cone, sphere, pyramid. Approximate methods of measuring areas of any form. Representation of directed quantities by straight lines: addition and subtraction of vectors; resolution of directed quantities into components.

DESCRIPTIVE MECHANISM.

Measurement of velocity—linear and angular. Simple cases of transmission and modification of motion; circular into circular, circular into linear, circular into reciprocating, circular into oscillating, and vice versa. Meshed wheels, simple wheel trains; belts and ropes; crank and slider; crank and slotted lever; cranks and coupler; eccentrics; ratchet wheels. Reversing gears and quick return motions. Description of standard machine tools: screw-cutting lathe, drilling machine, planing machine, slotting machine. Simple slide-valve and its action, relative position of valve and piston. Outline of mechanism of simple steam-engine.

SURVEYING.

Reduction to datum of a series of levels. Plotting a section from a level book, with proper use of vertical and horizontal scales. Plotting chain survey from a given field book. Reduction of a simple traverse survey. Plotting of a simple traverse survey from a given field book.

Making a simple survey by the chain. Use of the dumpy level, the prismatic compass, the box sextant, the theodolite, the plane table. Making a simple traverse survey.

PART II.

ELEMENTARY APPLIED MECHANICS.

Matter, force, weight. Statement of principle of parallelogram of forces and its experimental verification. Triangle of forces. Moment of a force. Forces acting in a plane, graphical method of finding the resultant. Parallel forces, couples. Centre of gravity.

Velocity, acceleration, inertia. Laws of motion. Composition of velocities; composition of forces. Action and reaction. Principle of momentum. Work. Energy. Power. Uniform circular motion. Centrifugal force. Harmonic motion. Simple pendulum.

Transmission of motion and of power by machines. Effort and resistance. Velocity ratio of points of effort and resistance. Friction. Efficiency of machines. Elementary dynamics of steam-engine. Indicated and brake horse-power. Function of fly-wheel.

Elementary hydrostatics. Atmospheric pressure. Fluid pressure on horizontal and vertical surfaces. Pumps. Hydraulic press and other machines worked by hydraulic pressure.

Energy and momentum of fluid jets. Discharge from orifices.

DRAWING.

Candidates will be required to make working drawings of a machine, or part of a machine or structure, from measurement or from a dimensioned sketch.

WORKSHOP PRACTICE.

Every candidate will be expected to shew proficiency in two at least of the following departments:

1. Wood-working:—planing, making of simple joints, turning, making of simple patterns.
2. Fitting:—filing to template or sketch, turning to gauge, screw-cutting.
3. Forging:—forging a simple scroll, making a weld, forging, tempering, and grinding a tool.

46 FINAL EXAMINATIONS ORDINARY B.A. DEGREE.

HEAT AND HEAT-ENGINES.

Heat a form of energy. Quantity of heat. Temperature. Thermometers. Specific heat. Change of state of water and other substances. Latent heat. Heat of combustion of coal and other fuels. Conduction of heat.

Forms of energy. Conservation of energy. Production of heat from work. Mechanical equivalent of heat. Idea of efficiency of a heat-engine.

Properties of a gas. Laws of Boyle and Charles. Properties of steam. Meaning of saturated steam. Meaning of superheated steam.

Action of an ordinary steam-engine. The parts of a steam-engine. History of Watt's inventions. Use of the Indicator. Production of vacuum by injection and surface condensers. Advantage of high-pressure and much expansion. Simple and compound and triple expansion engines. Steam-jackets. Tests of engines to determine consumption of steam. General results of such tests. Advantage of superheating. General forms of steam-engine.

Valves and valve gears. The slide-valve. Reversing gears. Governing by throttle-valve or by varying the amount of expansion. Corliss gear.

Boilers: their general construction and action. Tests of boilers to determine the consumption of fuel. Regulation of supply of air. Method of forcing draught.

Gas-engines and oil-engines. The Otto cycle. Use of "producer" gas. Sources of waste in gas-engines and oil-engines.

STRENGTH OF MATERIALS AND ELEMENTARY THEORY OF STRUCTURES.

Meaning of stress and strain. Strength of materials to resist tension, compression, and shear. Factor of safety. Methods of testing strength. Testing machine. Forms of test-pieces. Extension in tensile tests. Stress-strain diagrams. Limit of elasticity. Yield-point. General results of tests in iron and steel. Characteristics of steel. Mild-steel: how produced. Hardening and tempering of high-carbon steel. Young's modulus of elasticity: measurement of this modulus by direct extension. Modulus of rigidity.

Strength of ties under axial pull. Strength of beams and cantilevers. Forms of section suitable for beams. Diagrams of bending moment and shearing force. Calculation of the amount of load a given beam can safely carry. Practical formulas for stability of struts. Strength of solid and hollow circular shafts. Strength of boiler shells. Strength of riveted joints and other simple fastenings.

Simple bridge and roof frames. Typical forms of roofs and bridges. Use of the method of reciprocal figures to determine the stresses in the members. Use of the funicular polygon to determine the reactions at the supports. Treatment of distributed load. Estimation of loads.

ELECTRICITY.

Properties of magnets; force between poles; magnetic moment; magnetic field, lines of force; earth's field; force on pole in field; couple on magnet in field.

Magnetic effect of a current; long solenoid, comparison with a magnet. Circular coil, couple on magnet at its centre, deduction of the ampere-tangent galvanometer. Force on a conductor carrying a current when in a magnetic field.

Chemical effect of a current; relation of quantity of electricity and amount of chemical action; primary batteries and the lead cell; reversibility of the latter.

Experimental proof that rate of heat production is proportional to the square of the current; idea of resistance. Hydraulic analogue to the electric circuit. Potential difference and electro-motive force. Ohm's law. The Watt and Board of Trade unit; relation to the mechanical units. Measurement of electric power by Watt meters. Specific resistance; fall of potential in conductors. Parallel circuits, shunts.

Measurement of current. The Thomson and d'Arsonval galvanometers; actuating ammeters. Measurement of resistance; the Wheatstone bridge, potential methods. Insulation resistance. Measurement of electromotive force; voltmeters; simple potentiometer methods.

Magnetising force as exemplified by the long solenoid; induction, modification when iron is present. General relation between magnetising force and magnetism; hysteresis.

Faraday's law of induced currents; rate of change of induction, resulting electromotive force. Case of a coil rotating in a uniform field; graphical treatment of problem; meaning of virtual current. Elements of the alternative current dynamo and transformer. The direct current dynamo; simple account of the shunt and series dynamo and motor; characteristic curves; efficiency tests.

Elementary consideration of the distribution of electrical energy for light and power. Two wire, and three wire systems; advantages of high pressure; transformer systems; use of storage batteries. Incandescent and arc lamps. Electric meters.

SPECIAL EXAMINATION IN ENGINEERING SCIENCE.

(Grace, 31 May 1913.)

The first Examination for Part I. under the New Regulations will be held in the Easter Term, 1914, and the first Examination for Part II., in the Michaelmas Term, 1914.

Any candidate, who, having passed Part I. under the Old Regulations, presents himself for examination for Part II., in the Michaelmas Term, 1914, or Easter Term, 1915, shall be examined (if he desires) under the Old Regulations for Part II. by means of alternative papers set in accordance with those Regulations¹.

1. In Part I. three papers shall be set: 1. Practical Mathematics; 2. Elementary Mechanics; 3. Strength of Materials.

Every candidate shall be required to satisfy the examiners in each of the papers and to shew that he is competent to perform simple laboratory measurements of weight, length, area, and volume, and of the strength of materials; and experiments illustrating Elementary Mechanics.

2. In Part II. seven papers shall be set: 1. Mechanical Drawing; 2. Mechanics of Machines; 3. Heat Engines; 4. Theory of Structures; 5. Applied Electricity; 6. Hydraulics; 7. Surveying.

Every candidate shall be required to satisfy the examiners in Mechanical Drawing, and in two at least of the other papers. No candidate shall be placed in the First Class unless he has satisfied the examiners in three at least of the papers other than Mechanical Drawing.

Every candidate shall also be required to satisfy the examiners of his proficiency in Workshop Practice as specified in the schedule.

3. In respect of each of the following papers in Part II.: Mechanics of Machines, Heat Engines, Theory of Structures, Applied Electricity, Hydraulics, credit shall not be given to a candidate unless the examiners are satisfied that he is competent to perform simple Laboratory measurements and experiments illustrative of the subject of the paper and to use graphical methods of calculation in connection therewith.

48 FINAL EXAMINATIONS ORDINARY B.A. DEGREE.

4. No credit shall be assigned to a candidate for Part II. for the paper on Surveying unless the examiners are satisfied that he can adjust and use surveying instruments and plot the results of a simple survey.

5. For the purpose of satisfying themselves as to the competence of candidates for Part I. or for Part II. in Laboratory measurement and experiment and in graphical methods of calculation and of candidates for Part II. in Mechanical Drawing, in Workshop Practice, and in Practical Surveying, the examiners may impose such oral and practical tests as they think fit and may examine Drawings, and records of Laboratory work and of surveys, made by the candidate previous to the examination and attested by satisfactory evidence. They may also for the same purpose, consult reports made by the Professor of Mechanism and by his duly appointed deputies as to the Laboratory Work, Mechanical Drawing, Workshop Practice, and Practical Surveying, which has been done by the candidate under their supervision.

6. In assigning to a candidate who is adjudged to have passed the examination (whether Part I. or Part II.), his place in the class list, the examiners shall have regard only to the aggregate of his marks in the written papers (including, in the case of Part II., Mechanical Drawing) provided that in cases where his place as determined on this basis would be doubtful, they may take into account the Drawings, and the records of Laboratory work and of surveys made by the candidate previous to the examination, and also the Reports thereon of the Professor of Mechanism and his deputies.

7. It shall be the duty of the Special Board for Physics and Chemistry to define by schedule from time to time the nature of the examination in the several subjects.

8. The two examinations in each year shall be conducted by the same two examiners nominated by the Special Board for Physics and Chemistry and appointed by the Senate in the preceding Lent Term and each examiner shall receive from the University Chest such remuneration (not less than £10 and not more than £50) as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

SCHEDULE FOR THE SPECIAL EXAMINATION IN ENGINEERING SCIENCE.

PART I.

PRACTICAL MATHEMATICS.

Indices. Logarithms. Use of logarithmic tables. Construction and use of slide rules.

Functions of an angle. Use of trigonometrical tables, simple cases of solution of triangles, and applications to determination of heights and distances.

Representation of the position of a point by rectangular and polar co-ordinates; use of squared paper to represent a set of simultaneous values of two quantities, plotting of simple functions—algebraic and trigonometrical. Elementary application of graphic methods to solution of equations. Representation of rate of increase of a quantity by the slope of a curve. Maxima and minima treated graphically.

British and metric units of length, area, volume. Verniers; screw gauges. Areas of simple regular plane figures. Volumes of cylinder, cone, sphere, pyramid. Approximate methods of measuring areas of any form.

Representation of directed quantities by straight lines: addition and subtraction of vectors; resolution of directed quantities into components.

ELEMENTARY MECHANICS.

Measurement of velocity and acceleration—linear and angular. Composition and resolution of linear velocity.

Simple cases of transmission and modification of motion, illustrated by simple mechanisms. Velocity ratio.

Laws of motion. Composition and resolution of forces. Friction. Units and dimensions. Work. Power. Energy. Conservation of energy. Equilibrium of coplanar forces, treated graphically. Triangle and Parallelogram of forces. Polygon of forces. Funicular polygon. Moment of a force. Couples. Centre of gravity.

Pressure of a fluid. Relation between pressure and depth. Principle of hydraulic press.

STRENGTH OF MATERIALS.

Physical properties and use in Engineering construction of steel, cast iron, timber, cement, plain and reinforced concrete.

Elementary analysis of stress. Strength of cylindrical boiler shells, and of riveted joints and other simple fastenings.

General account of the distribution of stress in a beam; functions of the web and of the flanges.

Methods of commercial testing of iron and steel; stress-strain diagrams, limit of elasticity, yield-point, ultimate strength. Energy absorbed in fracture.

Influence of form of test pieces. Fatigue. Factor of safety.

Outlines of manufacture of structural steel, cast-iron and cement. The chief effects of heat-treatment and of working on the strength of iron and steel.

PART II.

DRAWING.

Elementary Machine drawing from a dimensioned sketch or model.

Candidates will be expected to shew an elementary knowledge of the chief points to be considered in the design of castings, standard bolts and fastenings, and to be able to design minor details from a sketch giving leading dimensions.

WORKSHOP PRACTICE.

Candidates will be required to shew proficiency in each of the following:

Wood-Working: The use of tools, making simple joints, making simple patterns and core-boxes.

Metal-Working: The use of the common machine tools, simple fitting. Making simple forgings, welding, making finished tools.

MECHANICS OF MACHINES.

Contact—point, line and surface. Velocity ratio and constraint of machine parts, gearing and linkages. Instantaneous centres. Velocity triangles. Methods and efficiency of transmission of power by mechanical means. Dynamometers, absorption and transmission. Mechanical efficiency of machines—effort and resistance. Speed regulation—governors and flywheels. Simple examples of harmonic motion. Simple cases of balancing of machine parts—rotating and reciprocating. Simple valve-motions and valve-diagrams. The examples to be taken mainly from the following:

Screw cutting lathe, drilling machine, planing machine, slotting machine, shaping machine, milling machine. Steam engine and internal combustion engine.

THEORY OF STRUCTURES.

Elementary analysis of stress and strain. Meaning and measurement of Young's Modulus. Modulus of rigidity, and coefficient of expansion. Strength of ties under axial pull. Strength and deflection of beams and cantilevers. Moment of inertia of beam sections. Bending moment and Shear Force diagrams. Elementary theory of reinforced concrete, reinforced concrete beams and pillars. Calculation of safe loads for beams. Struts: critical load; effect of different end fastenings. Strength and twist of solid and hollow circular shafts under torsion. Simple bridge and roof frames in wood and iron. Determination of stresses in members of a frame by reciprocal figure and method of sections. Reactions at supports of structure by funicular polygon. Treatment of distributed loads, wind pressure, etc. effect of sudden application of load. Design of simple plate girder and roof truss.

APPLIED ELECTRICITY.

The electric circuit. Meaning and measurement of conductivity, resistance, electromotive force, potential. Quantity of electricity, electrical power and energy. Practical units in which each of these is expressed.

Ohm's law, resistances in series and parallel, simple networks, variations in electric potential round circuits.

Magnetic field, lines of force, magnetic effect of current, electromagnet, permeability, hysteresis, magnetic circuits.

Chemical effect of current, quantity of electricity and chemical action, simple theory of lead accumulator.

Heating effect of current, virtual current, electric lamps.

Systems of distribution of electric power by direct current, losses in transmission. Induction of electric currents. Elements of construction and principle of action of direct current dynamos and motors and of alternating current transformers.

Characteristic curves; causes of waste in generating and transforming machinery.

Efficiency tests. Direct current measuring instruments.

HEAT ENGINES.

Meaning and measurement of temperature, quantity of heat, specific heat, latent heat, and calorific value of fuel. Conduction of heat.

Relation between heat and work. Conservation of energy. Mechanical equivalent of heat. Properties of a gas. Laws of Boyle and Charles. Properties of steam. Isothermal and adiabatic expansion. Elementary theory of heat engines; limiting efficiency.

General construction and mode of action of simple and compound reciprocating steam-engines. Effect of variation of cut-off on efficiency and power. General construction and mode of action of the leading types of steam-turbines. Causes of waste in, and relative advantages of, turbines and reciprocating engines. Measurement of steam consumption.

Standard types of boilers, condenser, and air pump. Effect of vacuum and super-heating on performance of steam-engines. Natural and forced draught. Causes of waste in boilers. Relation between air-supply and proportion of carbon dioxide and oxygen in chimney gases.

General construction and mode of action of the common types of internal combustion engines. Effect of compression ratio on efficiency. Effect of ratio of fuel to air-supply on power, on efficiency and on composition of exhaust-gases.

The testing of heat-engines. Use of the indicator, measurement of indicated horse-power, interpretation of indicator diagrams.

HYDRAULICS.

Elementary hydrostatics. Density, specific gravity, atmospheric pressure, fluid pressure on plane surfaces, centre of pressure.
 Floating bodies (excluding metacentres).
 Flow of water, stream line motion. Bernoulli's equation.
 Friction in pipes and channels. Viscosity.
 Steady flow in pipes and channels. Measurement of flow over weirs and notches and through orifices.
 Venturi meter.
 Energy and momentum of fluid jets.
 Elementary theory and construction of Water wheels, Pelton wheel, turbines.
 Reciprocating and centrifugal pumps.
 Hydraulic press and other machines worked by hydraulic pressure.

SURVEYING.

Chain surveying. Traverse surveying.
 Levelling and contouring.
 Plane table surveying.
 Simple triangulation.
 Construction and adjustment of level, theodolite, tacheometer, prismatic compass, box sextant.
 Errors of observation and their elimination.
 Setting out curves.
 Office computation and plotting of results.
 Calculation of areas and earth-works computation.

(k) MUSIC.

1. The first examination shall be held on the Tuesday and Wednesday next but three before the first day of General Admission in the Easter Term.
2. The second examination shall be held on the last Thursday before Dec. 3 and the following day.
3. The examination shall be conducted partly by printed papers and partly *vivâ voce*, and shall consist of two Parts.
4. Part I. shall consist of an examination in Acoustics; and shall be in accordance with the Schedule for the examination in Acoustics in the Preliminary Examination for the Degree of Bachelor of Music.
5. Part II. shall consist of an examination in Harmony (in not more than four parts) and in Counterpoint (in not more than three parts).
6. The two examinations in each year shall be conducted by the examiners for the Preliminary Examination for the Degree of Bachelor of Music in that year.
7. Rescinded.
8. Rescinded.
- 9.¹ That, notwithstanding Regulation 6* relating to Special Examinations which are divided into two parts and are held twice in each year, a student who is taking the Special Examination in Music as one of the Examinations qualifying him to proceed to the Ordinary B.A. Degree may be a candidate for an Examination which, should he be successful in passing it, would be his final Examination for the Ordinary B.A. Degree, provided that he is in his sixth term at least, having previously kept five terms; and that, if successful in passing, he shall without further examination be entitled to proceed to the Degree of Bachelor of Arts, provided

¹ This Regulation does not affect Students already in Residence in the University.

(1) that he has subsequently completed the requisite number of terms, and (2) that he presents to the Registry a certificate or certificates signed by the Professor of Music, or by the University Lecturer in Harmony and Counterpoint, or by a Lecturer recognised by the Special Board for Music in accordance with the Ordinances relating to Recognised Lecturers, and countersigned both by the Head of the student's College and by his College Tutor (or, in the case of a Non-Collegiate Student, by the Chairman of the Non-Collegiate Students Board and by the Censor), shewing that, during the terms required to be kept subsequent to the terms in which he passed the Examination in question he has diligently pursued a course of study in the University in preparation for the final Examination for the Degree of Bachelor of Music.

(l) MILITARY SUBJECTS.

1. Part I shall consist of four papers on the following subjects: (1) Military Engineering. (2) Military Topography. (3) The Elements of Tactics—together with a practical examination involving the tactical application of the principles of Engineering and Topography to a given piece of ground. (4) Military Organization and Administration.

2. Part II shall consist of four papers on the following subjects: (1) (a) Military History and (b) the Principles of Strategy. (2) A special campaign, or part of a campaign. (3) The Theory of Tactics, with at least one problem involving the application of tactical principles to a scheme worked out on a section of the Ordnance map. (4) Military Law. (The use of the *King's Regulations* and of the *Manual of Military Law* will be allowed for this paper, but without access to table of contents or index. Alternative questions may be set.)

3. In estimating the merits of the work done by the candidates the Examiners shall take account of style and method.

4. The two Examinations in each year shall be conducted by the same three Examiners, nominated by the Board of Military Studies, and appointed by the Senate in the preceding Lent Term; and each Examiner shall receive from the University Chest such remuneration (not less than £10 and not more than £30) as may be determined by the Board of Examinations with the consent of the Vice-Chancellor. One at least of the Examiners shall be a member of the Senate.

5. The Board of Military Studies shall appoint a member of the Senate as chairman to summon and preside over the meetings of the Examiners.

6. The Board of Military Studies shall from time to time recommend books in which the subjects of examination may be studied, and shall in every year before the end of the Easter Term publish a notice defining the subject of Paper (2) in Part II for the examinations of the year next following, and prescribing, if they think fit, the book or books in which it is to be studied. The Board shall also publish schedules containing such details of the several papers as they may think fit.

(m) PSYCHOLOGY.

i. In Part I. four papers shall be set, *viz.*: (1) Physiology of the Nervous System and Sense Organs; (2) Psychology; (3) Practical work in Psychology; (4) Animal Psychology.

ii. In Part II. five papers shall be set, *viz.*: (1) and (2) Psychology; (3) Practical work in Psychology; (4) Subjects for an English Essay; (5) Application of Psychology to Education.

iii. The fourth paper in Part I., and the fifth Paper in Part II., shall be voluntary, that is to say, candidates shall not be required to present themselves for it, but the results shall be taken into account in assigning the places in the class-list; and marks shall be affixed to the names of those who pass satisfactorily in a voluntary subject.

iv. In estimating the merits of the work done by the candidates, the examiners shall take account of style and method.

v. The two examinations in each year shall be conducted by the same two examiners, nominated by the Special Board for Moral Science and appointed by the Senate in the Lent term of the year, and each examiner shall receive from the University Chest such remuneration as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

vi. The Special Board for Moral Science may, if they think fit, appoint one of their members to summon and to preside over the meeting of the examiners held in accordance with General Regulation 7, before each examination, who, if the votes of the examiners are equally divided, shall have a casting vote.

vii. It shall be the duty of the Special Board for Moral Science to define by Schedule from time to time the nature of the examinations in the several subjects.

SCHEDULES.

PART I.

PHYSIOLOGY OF THE NERVOUS SYSTEM AND SENSE ORGANS.

The structure and function of the peripheral nerves, spinal cord and brain. Neurones and their synapses. The nervous impulse. Specific nervous energy. The reflex arc: coordination and combination of reflexes. Inhibition, facilitation and fatigue.

The structure and functions of the sense organs. The eye: the retina, eye-movement, accommodation. The ear, tongue, nose and skin. The motor and visceral apparatus.

PSYCHOLOGY.

General analysis of mind. Classification of modes of consciousness. Sensations and movements. Psycho-physical methods. Weber's law. Perceptual processes. Illusions. Temporal and spatial perceptions.

PRACTICAL WORK IN PSYCHOLOGY.

Observations and experiments on sensation and perception, excluding temporal perception.

An elementary knowledge of the use of the psycho-physical methods will be required.

ANIMAL PSYCHOLOGY.

The scope and methods of animal psychology. Outline of the evolution of the central nervous system. Relation of nervous and mental evolution. Criteria of consciousness. Trial and error.

Tropisms. Differentiation of the senses. Sensibility to difference. Spatial perception. Homing.

Instinct. Acquirement of habit. Association.

Intelligence. Docility. Inhibition and control.

Feeling and emotional states: their relation to instinct and intelligence.

Imitation. Play. Social behaviour.

PART II.

PSYCHOLOGY.

Memory. Recognition. Imagination. Hallucinations. Association; its forms and their analysis.

Pleasure and pain. Emotions, their analysis and classification: expression of the emotions.

Thought. Comparison. Abstraction. Judgment. Connexions of thought and language.

Self-consciousness; its analysis and development. Personality, normal and abnormal. Suggestion. Hypnotism.

Instinct. Imitation. Habit.

Voluntary actions. Appetition and aversion. Desire. Deliberation. Self-control.

PRACTICAL WORK IN PSYCHOLOGY.

Psycho-physical and graphic methods.

Weber's law.

Experiments on memory, association, imagination, comparison, attention, time-estimation.

Mental and Muscular Work.

Reaction-times.

Organic accompaniments of feeling and emotion.

APPLICATION OF PSYCHOLOGY TO EDUCATION.

The characteristics of infancy, childhood and youth. Individual differences.

The idea of training; its general conditions; attention and interest. Training to observe and describe. Object lessons.

Memory-training. Varieties of memory: conditions of acquisition Mnemonics and "cram."

Training of imagination: reproductive, interpretative, and originaive imagination. Aesthetic training. Training in the use of language. Logical training. Association and apperception.

Methods of teaching: the heuristic method. Educational values.

Development of the will. Habits and character. Discipline and authority. Sympathy. Sense of justice.

B. For Special Examinations which are undivided, and are held once in each year in connection with a Tripos; namely:

(n) Logic. (o) Physiology.

1. The examination shall take place once in each year.

2. The examination shall be open to all students who have entered on their eighth term at least, having previously kept seven terms, and have passed both parts of the Previous and of the General Examination; or who have passed examinations entitling them to proceed to any degree in the University of Arts, Law, Medicine, or Surgery. A student who has presented himself for the examination, and has failed to pass, may present himself again for examination.

Provided that candidates for the Ordinary Degree may proceed in accordance with Regulation 2* following.

2*.¹ In the case of students who propose to qualify for the Ordinary Degree by passing two Special Examinations, any of the Undivided Special Examinations enumerated above shall also be open to such students if they have entered on their fifth term at least, having previously kept four terms, and have passed both Parts of the Previous Examination. Provided

¹ This Regulation does not affect students already in residence in the University.

that no student shall be allowed to be a candidate for one of these Special Examinations as his final Examination for the Ordinary Degree, unless he has entered on his eighth term at least, having previously kept seven terms. Provided that no student shall be allowed to be a candidate for one of these Special Examinations which, should he be successful in passing in it, would be his final Examination for the Ordinary B.A. Degree, unless he has entered on his eighth term at least, having previously kept seven terms.

3. The examiners shall arrange the names of those who pass the examination in three classes, the names in the first class being arranged in order of merit, and those in the second and third classes alphabetically.

4. The class-lists shall be published in the Senate House at the latest at 10 a.m. on the Thursday before the first day of General Admission in the Easter Term. Any student whose name is contained in the class-list, and who commenced residence in the Lent Term next but two preceding, shall on the day of General B.A. Admission in the following Michaelmas Term be entitled to the same privilege as though he had passed a Special Examination in that Michaelmas Term.

5. The examiners shall send a report of the results of the examination to the Secretary of the Board of Examinations within a week after the publication of the class-lists, and this report shall be communicated in the case of the examination in Logic to the Special Board for Moral Science; and in the case of the other examinations to the Special Board for Biology and Geology. The report shall contain information as to the standards adopted in arranging the class-list of the examination.

(n) LOGIC.

1. The examination shall take place once in each year; and shall be conducted by the examiners in Logic in the Moral Sciences Tripos, by means of papers set in the First Part of that Tripos.

2. Each candidate shall be required to present himself for examination in the two papers on Logic and Methodology set in the First Part of the Moral Sciences Tripos; and also in the paper of Essays, to which shall be appended some alternative questions intended only for candidates in the Special Examination in Logic.

3. The character of the questions set, and the method of approving them, shall be determined by the Regulations for the First Part of the Moral Sciences Tripos.

4. The examiners shall receive from the University Chest such remuneration as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

(o) PHYSIOLOGY.

1. The Special Examination in Physiology shall be conducted by the examiners in the Natural Sciences Tripos by means of the papers and practical work set in the First Part of that Tripos. The examiners shall publish a list of those who pass this Special Examination.

2. Each candidate shall be required to present himself for examination in the printed papers set in Physiology in the First Part of the Natural Sciences Tripos, and for the Practical Examination in Physiology.

3. The character of the questions set, and the method of approving them, shall be determined by the Regulations for the First Part of the Natural Sciences Tripos.

C. For Special Examinations which are undivided, but are held twice in each year; namely:

- (p) Geology. (q) Botany. (r) Zoology. (s) Agricultural Science.
(t) Geography. (u) Modern Languages.

1. The examination shall take place twice in each year.

2. The examination shall begin on the Wednesday or, if the next day be Ascension Day, on the Tuesday next but two before the first day of General Admission to the B.A. Degree in the Easter Term.

3. The second examination shall begin on December 5 in each year, unless (a) that day be a Sunday, or (b) full Michaelmas Term ends on Monday, December 8, in which cases it shall begin on December 4.

4. The examination shall be open to all students who have entered on their ninth term at least having previously kept eight terms, and have passed both parts of the Previous and of the General Examination; or, in lieu of both parts of the General Examination, the Preliminary Examination in Science; or who have passed examinations entitling them to proceed to any degree in the University in Arts, Law, Medicine, or Surgery.

Provided that candidates for the Ordinary Degree may proceed in accordance with Regulation 4*.

4*.¹ In the case of students who propose to qualify for the Ordinary Degree by passing two Special Examinations the examination shall also be open to students who have entered on their fourth term at least, having previously kept three terms, and have passed both Parts of the Previous Examination. Provided that, except in so far as provision is made to the contrary in the special Regulations relating to any of the Examinations referred to, no student shall be allowed to be a candidate for one of these Special Examinations which, should he be successful in passing it, would be his final Examination for the Ordinary B.A. Degree, unless he has entered on his ninth term at least, having previously kept eight terms. Provided further that none of these Special Examinations shall be taken in the same term as a Part or the whole of another Special Examination.

5. There shall be a meeting of the examiners previous to each examination, when the papers set by each examiner shall be submitted for approval.

6. One at least of the examiners and one of the Proctors or Pro-Proctors shall be present, and two of the Proctors' or Pro-Proctors' men shall be in attendance, during the examination; but, if more than one Special Examination be held in the same room, the Board of Examinations may relax the strict obligation of attendance on the part of the examiners for the purpose of invigilation.

7. The examiners shall arrange the names of those who pass the examination in three classes. In Agricultural Science and in Geography the names in the first class shall be arranged in order of merit, those in the second and third classes alphabetically. In Geology, Botany, and Zoology the names shall be arranged alphabetically in all three classes.

8. The class-lists shall be published in the Senate House at the latest at 10 a.m. on the Thursday before the first day of General Admission in the Easter Term, and [on the day next but one (or, if the day of General Admission be a Monday or a Tuesday, the day next but two) before the day of General Admission in the Michaelmas Term].

9. The examiners shall send a report of the results of each examination to the Secretary of the Board of Examinations within a week after the publication of the class-lists, and this report shall be communicated to the Board by which the examiners are nominated. The report shall

¹ This Regulation does not affect students already in residence in the University.

contain information as to the standards adopted in arranging the class-list of the examination.

10. In estimating the merits of the work done by the candidates in Geology, Botany, and Zoology, the examiners shall take account of style and method.

(p) GEOLOGY.

1. The examination shall be partly in writing, partly oral and practical. It shall be conducted in accordance with a schedule published by the Special Board for Biology and Geology.

2. The two examinations in each year shall be conducted by two examiners nominated by the Special Board for Biology and Geology and appointed by the Senate in the preceding Lent Term, and each examiner shall receive from the University Chest such remuneration as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

3. The examination shall consist of eight papers as follows:

(1) and (2) Physical, Structural, Stratigraphical and Economic Geology; (3) Essays in some Geological subjects; (4) Practical and oral examination in Structural Geology, Geological Mapping, Economic Geology and common rocks and fossils; (5) Petrology; (6) Practical work in Petrology; (7) Palaeontology; (8) Practical work in Palaeontology.

The subjects of Petrology and Palaeontology shall be voluntary subjects, that is to say candidates shall not be required to present themselves for them but a candidate may take either or both of these voluntary subjects.

4. A candidate taking a voluntary subject must take the paper in practical work as well as the written paper in the subject.

5. The results in the voluntary subjects shall be taken into account in drawing up the class-list and marks shall be affixed to the names of those who pass satisfactorily in one or both of the voluntary subjects.

SCHEDULE.

Physical Geology. The study of erosion, deposition, earth-movements, vulcanicity and metamorphism, climatic changes.

Structural Geology. Structures in sedimentary, igneous and metamorphic rocks.

Stratigraphical Geology. The principles of stratigraphy, and the stratigraphical Geology of the British Isles.

Economic Geology. Soils, water-supply, building materials, and other substances of economic importance.

Identification of common rocks and fossils.

Construction of Geological Maps and principles of Mapping.

VOLUNTARY SUBJECTS.

Petrology. The common rock-forming minerals. Description of typical rocks.

Palaeontology. The modes of preservation of fossils. Description of common genera belonging to the principal groups of invertebrate fossils.

(q) BOTANY.

1. The examination shall be partly in writing, partly oral and practical, the written papers being three in number. The subjects of the examination shall be in accordance with a schedule published by the Special Board for Biology and Geology.

2. The two examinations in each year shall be conducted by two

examiners nominated by the Special Board for Biology and Geology and appointed by the Senate in the preceding Lent Term, and each examiner shall receive from the University Chest such remuneration as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

SCHEDULE.

The structure and physiology of selected types of plants. General plant biology, the relation of structure and function to special environments. Reproduction, heredity and variation, plant-breeding. The origin of species, natural selection, adaptation. The structure of flowers and floral biology. Ecological and floristic plant-geography.

(r) ZOOLOGY.

1. The examination shall be partly in writing, partly oral and practical, the written papers being three in number. The subjects of the examination shall be in accordance with a schedule published by the Special Board for Biology and Geology.

2. The two examinations in each year shall be conducted by two examiners nominated by the Special Board for Biology and Geology and appointed by the Senate in the preceding Lent Term, and each examiner shall receive from the University Chest such remuneration as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

SCHEDULE.

The elements of comparative anatomy and embryology. Natural history, general and philosophical Zoology, including heredity, variation, natural selection, evolution, distribution, adaptation, etc.

(s) AGRICULTURAL SCIENCE.

1. The examination shall be partly in writing and partly oral and practical, and shall include the following subjects: Elementary Botany, Zoology, Geology, Chemistry and Physics, in their relation to Agriculture; the General Principles of Agriculture, the General Principles of Forestry. Of these subjects, Elementary Geology in relation to Agriculture and the Principles of Forestry shall be voluntary. The Examination shall be conducted in accordance with the Schedules published from time to time by the Board of Agricultural Studies.

2. The results of the papers in the voluntary subjects shall be taken into account in assigning the places in the class-list; and marks shall be affixed to the names of those who pass satisfactorily in a voluntary subject.

3. The two examinations in each year shall be conducted by examiners, not exceeding seven in number, nominated by the Board of Agricultural Studies in the Lent Term. There shall be a Chairman of Examiners appointed by the Board.

4. The examiners shall receive from the University Chest such remuneration as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

5.¹ Notwithstanding Regulation 4* relating to Special Examinations which are undivided and are held twice in each year, a student

¹ This Regulation does not affect students already in residence in the University.

who is taking the Special Examination in Agricultural Science as one of the Examinations qualifying him to proceed to the Ordinary B.A. Degree may be a candidate for an Examination which, should he be successful in passing in it, would be his final Examination for the Ordinary B.A. Degree, provided that he is in his sixth term at least, having previously kept five terms; and that, if successful in passing, he shall without further examination be entitled to proceed to the Degree of Bachelor of Arts, provided (1) that he has subsequently completed the requisite number of terms, and (2) that he presents to the Registry a certificate signed by the Drapers Professor of Agriculture, and countersigned both by the Head of his College and by his College Tutor (or, in the case of a Non-Collegiate student, by the Chairman of the Non-Collegiate Students Board and by the Censor), shewing that, during the terms required to be kept subsequent to the term in which he passed the Examination in question he has diligently attended the course of instruction in Agriculture prescribed for Part II of the Examination for the Diploma in Agriculture.

SCHEDULES. 1912, UNTIL FURTHER NOTICE.

SPECIAL EXAMINATION IN AGRICULTURAL SCIENCE, AND EXAMINATION FOR DIPLOMA IN AGRICULTURE, PART I.

1. THE GENERAL PRINCIPLES OF AGRICULTURE.

Soils considered from the farmer's point of view, indications of fertility and other points of importance in selecting a farm.

Permanent improvements as follows: history and theory of drainage: arterial and sheep draining: deep draining, and thorough draining. Irrigation. Warping. Paring and burning. Mixing soils. Clay burning. Lime burning.

Temporary improvements. Implements and their uses. Labour, horse and manual, on the farm. Tillage. Manuring. Systems of cropping.

Outlines of English Agricultural History. The open field system: the manorial system: the growth of modern forms of land tenure. The development of agricultural science and practice. The history of wages and prices. Modern changes in agricultural law.

The Examination will be partly in writing and partly oral.

2. GENERAL PRINCIPLES OF FORESTRY (*Voluntary*).

Forest Botany. Classification and identification of the native and exotic species of trees cultivated in Britain for timber and for ornament.

Silviculture. General Principles. Characteristics of the principal timber trees cultivated in the British Isles. Different silvicultural systems. Nursery work. Planting. Sowing. Natural Regeneration. Coppice. Tending of woods and plantations. Thinning. Pruning. Landscape and park planting.

General Forestry. Utility and natural history of forests. Forest soils. Present conditions of forestry in Britain. Afforestation of waste land, of watercatchment areas, etc. Timber supplies of the world. General care and protection of forests. Taxation of woodlands.

The Examination will be partly in writing and partly oral.

3. ELEMENTARY BOTANY AND ZOOLOGY.

External Morphology. The structure and germination of seeds. The shoot system: buds of various kinds, their structure. The identification of the commoner trees in the winter condition. Branching. The chief

modification of stems. Leaves: foliage leaves and other leaf-structures. Chief modifications of leaves. The root system. Various forms of roots.

Inflorescences. The structure of the flower. The fruit. Structure of the commoner forms of fruits. Adaptations for dispersal of fruits and seeds.

Internal Morphology. The plant cell. Cell division and development of tissues. Cell contents. Anatomy of stem of herbaceous dicotyledon. Secondary thickening and structure of the wood of oak and pine. Anatomy of the root: development of secondary roots: secondary thickening of root and development of fleshy roots of swede and mangel. Cork. Anatomy of monocotyledonous stem and of foliage leaves.

Physiology. Physiology and physics of the cell: turgor: osmosis. Absorption and excretion. Water-conduction: transpiration. Photosynthesis. The accumulation and storage of products of assimilation. Translocation. The assimilation of nitrogen. Nutrition of parasites and saprophytes.

Ash constituents, essential and otherwise. Respiration. Growth, influence of external conditions on. Growth movements. Reproduction. Pollination. Factors affecting germination of seeds. Utilization of reserve stores. Vegetative reproduction.

Systematic Botany. The following Natural Orders; Ranunculaceae, Cruciferae, Leguminosae, Rosaceae, Umbelliferae, Compositae, Labiatae, and Gramineae.

Zoology. The living animal and the constituents of which it is composed.

Distinction between plants and animals.

General build of the animal body as exemplified especially by the dissection of a frog, a pigeon or fowl, and a rabbit. General relations and chief anatomical characters of the more important organs. The chief functions of these organs.

Special and characteristic anatomical features of domestic animals.

Skeleton and alimentary canal of dog, horse, cow, sheep, pig, fowl and pigeon.

The means by which reproduction is brought about and the essential nature of the reproductive process.

The Examination will be partly in writing, and partly oral and practical.

4. ELEMENTARY GEOLOGY (*Voluntary*).

The composition and characters of the common rock-forming minerals, and of the more important rock types, igneous and sedimentary.

The elements of physical geology. Geological processes and their results: weathering, denudation and deposition. The formation of soils and their relation to the underlying rocks.

The construction and interpretation of geological maps.

Water supply and drainage.

The Examination will be partly in writing, and partly oral and practical.

5. ELEMENTARY CHEMISTRY AND PHYSICS.

Chemistry. The ultimate composition of plants. The properties of the following elements and their more important compounds, especially in their relations with plant and animal life: oxygen, hydrogen, nitrogen, carbon, chlorine, sulphur, phosphorus, silicon, sodium, potassium, calcium, magnesium, iron, aluminium.

The chemistry and physics of the atmosphere, with relation to plant and animal life.

The chemical and physical properties of water, especially as it occurs in the atmosphere and in the soil.

The chemical properties of ammonia, nitric acid, and their salts: their mutual relations, especially in the soil.

The chemical and physical properties of hydrochloric, sulphuric, and phosphoric acids; and of the metals sodium, potassium, calcium, magnesium, iron, and aluminium, and their oxides and salts, especially as they occur in the soil, in plants, and in animals.

The chemical and physical properties of sand, clay, chalk and humus, regarded as constituents of soils. The composition of typical soils. The relation between plants and the soil in which they grow. The meaning of fertility and sterility as applied to soils.

The chemical composition and properties of the following manures: sodium nitrate, ammonium sulphate, calcium superphosphate, basic slag, potassium chloride and sulphate, kainit, chalk, lime. Also such animal and vegetable refuse manures as the following: rape-dust, guano, bone.

Ethyl-alcohol, its formation, and chemical and physical properties. Glycerol. Acetic-aldehyde and its relation to ethyl-alcohol and to acetic acid. Formaldehyde. Acetic acid, its formation and relation to ethyl-alcohol and acetic-aldehyde; its reaction with ethyl-alcohol to form ethyl acetate. Fats and oils.

The carbohydrate group: grape sugar, cane sugar, milk sugar, malt sugar: starch, cellulose: their composition, occurrence, properties, and reactions, and their importance in the nutrition of plants and animals.

Acetamide; its formation from ammonium acetate. Oxamide; its formation from ammonium oxalate, and from ethyl oxalate, and its reactions with soda-lime and alkalis. The chemical and physical properties, occurrence, and reactions of urea. The significance of amides in plant and animal nutrition. The composition, properties, and reactions of the protein group, their occurrence and their importance in the nutrition of plants and animals.

Physics. Elementary ideas of forces and their effects; composition and resolution of forces (parallelogram law and parallel forces). The simple machines and their applications. Density and its measurements; specific gravity. Water and spirit levels. Surface tension. Osmosis. Physical properties of soils. Pressure of gases; the barometer and the elements of meteorology; pumps. Effects of heat; thermometers. Vapour pressure, hygrometry. Specific heat. Latent heat. Transmission of heat. Heat and work.

The Examination will be partly in writing, and partly oral and practical. In the practical examination, questions may be set in the qualitative examination of the various substances mentioned in the above schedule, including the recognition of their common impurities. Also simple chemical and physical problems of agricultural interest.

EXAMINATION FOR DIPLOMA IN AGRICULTURE, PART II.

AGRICULTURE.

Crops. Wheat, barley, oats, rye, beans, peas, mangel, turnips, cabbage, potatoes, catch crops and other fodder crops: their place in rotation, the soils for which they are suitable, their cultivation, seeding, manuring, interculture, harvesting, marketing, or consumption by stock, cost of production and realisation.

Grass. Formation and management of temporary and permanent grass: haymaking.

Livestock. A short description of the salient points necessary for

62 FINAL EXAMINATIONS ORDINARY B.A. DEGREE.

recognition, the particular uses, and geographical distribution, of the various breeds of cattle, sheep, horses, and pigs.

The selection and systems of management of breeding stock: housing, rearing, feeding. Dairy husbandry.

Cost of, and returns from, various operations and different systems.

Capital, including capital outlay on livestock and implements.

The Examination will consist of two papers, and an oral examination on the University Farm.

AGRICULTURAL BOTANY.

In addition to a general knowledge of the subjects mentioned in the schedule for the Special Examination and the Diploma Examination Part I., students must be familiar with the more important recent work in Agricultural Botany.

The more important varieties of cereals, clovers, roots and other farm crops. The identification of the grasses of agricultural importance at all stages of their development. The habitats of these grasses. The principal weeds and harmful plants. The seeds occurring as impurities or otherwise in commercial samples of seed, in feeding cakes and meals.

Variation, selection and hybridization from the economic standpoint.

The characteristics and life histories of the important disease-producing fungi. The methods of preventing and treating fungoid diseases.

The bacteria concerned in nitrification, denitrification, nitrogen-fixation and in acetic, lactic and butyric fermentations.

The Examination will be partly in writing, and partly oral and practical.

AGRICULTURAL ZOOLOGY (*Voluntary*).

The structure and life history of a typical insect. The characteristics of the principal orders of insects, especially of the larvae of coleopterous, hymenopterous, lepidopterous, and dipterous insect pests.

The natural history of the more common insect and acarine pests, especially those which attack farm crops or forest trees: the principal indications of attack and methods of prevention and remedy.

The natural history of the following so far as they are of agricultural interest:—earthworms, slugs, snails: the more common animal parasites: rodents and other mammals injurious to crops or trees: birds.

The Examination will be partly in writing, and partly oral and practical.

AGRICULTURAL PHYSIOLOGY.

The general principles of animal physiology.

The nature and composition of the food-stuffs. The digestive processes, with special reference to those occurring in farm animals.

Carbohydrate, fat, and protein metabolism. The chemical composition and properties of the more important feeding-stuffs, their digestibility and feeding value. The chemistry and physics of animal nutrition.

The composition and properties of milk, and their variation under different conditions.

The circulatory, respiratory and nervous systems, their structure and functions.

The physiology of excretion. Composition of the urine in the different domestic animals. The functions of the skin.

Internal secretion. The testicle and ovary as organs of internal secretion. Effects of castration on metabolism.

The physiology of reproduction. The oestrous cycle in the domestic animals. The factors which determine the occurrence of 'heat.' The maturation and discharge of the spermatozoa and ova. The factors which control fertility. The physiology of pregnancy. Parturition. Lactation.

The locomotor apparatus in the domestic animals.

The Examination will be partly in writing, and partly oral and practical.

The practical examination may include the identification and description of the more important organs and tissues, the preparation of tissues for microscopic examination, and the qualitative and quantitative analysis of substances of physiological interest. Problems bearing on the physiology of farm animals may also be set.

AGRICULTURAL CHEMISTRY.

The chemistry, physics, and biology of soils: methods of sampling, mechanical and chemical analyses and their interpretation, meaning of fertility, sterility, and availability: manures and manuring, cultivation, amelioration: temperature, rainfall: residues of crops and manures: nitrification, nitrogen fixation, and other fermentative processes in the soil.

Relations between crops and the soil in which they grow, chemical changes occurring in plants, chemical and physical properties of proteins and other nitrogenous compounds, carbohydrates, fats, and other plant constituents. The composition of farm crops and their chief varieties, and their variation according to climate, cultivation, and manuring. Chemical selection of seed. The general chemical and biological principles of the processes of malting, brewing, bread-making, and ensilage.

The composition and analysis of feeding-stuffs. The composition and properties of milk and dairy products. The chemistry, physics and biology of the dairy.

The chemistry and physics of the more important disinfectants, fungicides, and insecticides used on the farm.

The Examination will be partly in writing, and partly oral and practical. In the practical examination questions may be set on the qualitative and quantitative examination of fertilizers, feeding-stuffs, and other substances mentioned in the schedule, including their examination for impurities or adulteration. Other problems of agricultural interest may also be set.

AGRICULTURAL PHYSICS (*Voluntary*).

Use of mathematical instruments. Construction and use of scales. Use of logarithms and slide rule.

Rules for mensuration of areas and volumes. Representation of solids by plan, section, and isometric projection.

Surveying instruments and their use. Methods of chain surveying, levelling, and surveying by theodolite.

The construction and interpretation of maps, plans and sections (including those of simple buildings); examples of the calculations generally required.

Physics of the atmosphere, including the general principles of meteorology.

Physics of the soil.

The general physical principles involved in the construction and use of the implements and machinery used in cultivation, sowing, harvesting, thrashing, grinding, pulping, spraying, and dairying.

Sources of power on the farm: work, energy, horse-power, efficiency, calorimetry.

The Examination will be partly in writing, and partly oral and practical. In the practical examination candidates will be expected to work simple practical problems involving the use of the chain, level, and theodolite. They should present their surveying note-books and drawings.

Some physical problems of agricultural interest will also be included.

AGRICULTURAL GEOLOGY (*Voluntary*).

The geology of the soil: its chemical and mineralogical composition and manner of origin. Rock-weathering. The changes brought about in the minerals and rocks of the earth's crust by geological processes. The influence of climate on soil formation. Denudation and land sculpture.

The origin and characters of naturally occurring substances of agricultural importance.

The elements of stratigraphical geology as applied to agriculture. The geographical distribution of the various types of soil and their relation to crops and stock. Geological maps and soil-maps.

The economic applications of geology to agriculture.

The examination will be partly in writing, and partly oral and practical.

(t) GEOGRAPHY.

1. The examination shall be partly in writing, partly oral and practical, and shall be conducted in accordance with a schedule published by the Board of Geographical Studies.

2. The written examination shall consist of six papers as follows:

- (1) Physical Geography.
- (2) Historical and Political Geography.
- (3) Economic and Commercial Geography.
- (4) Cartography.
- (5) History of Geographical Discovery.
- (6) Races of Man.

Papers (5) and (6) shall be voluntary, that is to say, students shall not be required to present themselves for them, but the results shall be taken into account in assigning the places in the class-list; and marks shall be affixed to the names of those who pass satisfactorily in either of these papers.

The oral examination shall take place after the written examination, and may have reference to any of the above subjects. At this examination any field work in Cartography submitted by the candidates shall be received by the examiners.

3. In estimating the merits of the work done by the candidates the examiners shall take account of style and method.

4. The two examinations in each year shall be conducted by the same examiners; the number of examiners in each year shall be determined by the Board of Geographical Studies and shall be not less than four nor more than six; the examiners shall be nominated by the Board of Geographical Studies and appointed by the Senate in the Lent Term, and each examiner shall receive from the University Chest such remuneration as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

The Board of Geographical Studies may, if they think fit, appoint one of their members to summon and preside over the meeting of the examiners held, in accordance with General Regulation 7, before each examination, who if the votes of the examiners are equally divided shall have a casting vote.

5.¹ Notwithstanding Regulation 4* relating to Special Examinations which are undivided and are held twice in each year, a student who is taking the Special Examination in Geography as one of the Examinations qualifying him to proceed to the Ordinary B.A. Degree may be a candidate for an Examination which, should he be successful in passing in it, would be his final Examination for the Ordinary B.A. Degree.

¹ This Regulation does not affect students already in residence in the University.

provided that he is in his sixth term at least, having previously kept five terms; and, if successful in passing, he shall without further examination be entitled to proceed to the Degree of Bachelor of Arts, provided (1) that he has subsequently completed the requisite number of terms, and (2) that he presents to the Registry a certificate signed by two of the University Lecturers in Geography, and countersigned both by the Head of his College and by his College Tutor (or, in the case of a Non-Collegiate student, by the Chairman of the Non-Collegiate Students Board and by the Censor), shewing that during the terms required to be kept subsequent to the term in which he passed the Examination in question he has diligently attended the course of instruction in Geography prescribed for Part II of the Examination for the Diploma in Geography.

6. So far as the subjects of examination vary from year to year the Board of Geographical Studies shall in every year before the end of the Easter Term publish a notice declaring what special subjects have been selected for the examination in the civil year next but one following.

SCHEDULE FOR THE SPECIAL EXAMINATION IN GEOGRAPHY.

(1) *Physical Geography.*

Form and motions of the Earth.

Elementary Climatology and Oceanography.

Typical forms of land configuration, their distribution and modes of formation.

(2) *Historical and Political Geography.*

The historical development and political partition of the different regions of the world, with a consideration of the influence of their physical features. A more detailed knowledge of the geography of a selected region. [1913 and 1914, Europe.]

(3) *Economic and Commercial Geography.*

The economic growth of the different regions of the world, and the main lines of commerce and communication by land and sea in past and present times. A more detailed knowledge of a selected region. [1913 and 1914, Europe.]

(4) *Cartography.*

The construction and use of Maps. A general knowledge of the methods of exploratory surveying: excluding astronomical methods.

The candidate will be examined orally and practically on maps and on the instruments used in the above.

Any candidate who can produce field-work done by himself will be examined thereon and will receive special credit for good work.

(5) *History of Geographical Discovery.*

The outlines of the History of Geographical Discovery, with special questions on a selected region or period. [1913 and 1914. The Fifteenth century.]

(6) *Races of Man.*

The principal races of mankind, their migrations and present distribution.

(v) MODERN LANGUAGES.

1. The examination shall take place twice a year.

2. The First examination shall begin on the Wednesday, or, if the next day be Ascension Day, on the Tuesday next but two before the first day of General Admission to the B.A. degree in the Easter Term.

66 FINAL EXAMINATIONS ORDINARY B.A. DEGREE.

3. The second examination shall begin on December 5 in each year, unless (a) that day be a Sunday, or (b) full Michaelmas Term ends on Monday, December 8, in which cases it shall begin on December 4.

4. The examination shall consist of three sections, A English, B French, C German.

In order to pass the examination, candidates must satisfy the examiners in two at least of the sections; but they need not take more than one of the sections in the same term.

5. One section of the examination shall be open to all students who have entered on their sixth term at least having previously kept five terms, and (a) have passed or obtained exemption from both parts of the Previous Examination and (b) have passed both parts of the General Examination or in lieu of both parts of the General Examination the Preliminary Examination in Science, provided that candidates for the Ordinary Degree may proceed in accordance with Regulation 7.

6. Any section or sections of the examination shall be open to all students who have entered on their ninth term at least, having previously kept eight terms, and have passed or have obtained exemption from both Parts of the Previous Examination and have passed both parts of the General Examination, or in lieu of both parts of the General Examination the Preliminary Examination in Science; or who have passed examinations entitling them to proceed to any degree in the University in Arts, Law, Medicine, or Surgery; provided that candidates for the Ordinary Degree may proceed in accordance with Regulation 7 following.

7.¹ In the case of students who propose to qualify for the Ordinary Degree by passing two Special Examinations one section of the examination shall be open to students who have entered on their second term at least, having previously kept one term, and have passed or obtained exemption from both parts of the Previous Examination. A further section or two further sections of the examination shall be open to students in their fourth or any later term of residence who have passed or obtained exemption from both Parts of the Previous Examination. Provided that no student shall be allowed to be a candidate for any section which, should he be successful in passing in it, would be his final Examination for the Ordinary B.A. Degree, unless he has entered on his ninth term at least, having previously kept eight terms.

8. Section A shall not be taken in the same term as Part II. of another Special Examination, and Section B shall not be taken in the same term as Part I. of another Special Examination. No candidate shall be allowed to take two sections of the Special Examination in Modern Languages in the same term in which he is a candidate for the whole or a part of any other Special Examination.

9. Section A shall consist of five papers on the following subjects:

- (i) Explanation and discussion of passages from a specified work of Chaucer with questions on language and literature connected with that work.
- (ii) Explanation and discussion of passages from selected plays of Shakespeare with questions on language and literature connected with those plays.
- (iii) Questions on a specified period of English literature later than Shakespeare.
- (iv) Subjects for an Essay relating to the subject-matter of Papers (ii) and (iii).
- (v) Elementary Anglo-Saxon.

¹ This Regulation does not affect students already in residence in the University.

10. Section B shall consist of five papers on the following subjects :
- (i) Translation from French into English and explanation of passages from Selected French works later than 1500, with questions on language and literature connected with those works.
 - (ii) Translation of passages from other French works later than 1600.
 - (iii) Translation from English into French.
 - (iv) Subjects for an Essay in English relating to the subject-matter of Paper (i).
 - (v) Original Composition in French.
11. Section C shall consist of five papers on the following subjects :
- (i) Translation from German into English and explanation of passages from Selected German works later than 1500, with questions on language and literature connected with those works.
 - (ii) Translation of passages from other German works later than 1750.
 - (iii) Translation from English into German.
 - (iv) Subjects for an Essay in English relating to the subject-matter of Paper (i).
 - (v) Original Composition in German.

12. Paper (v) in each Section shall be voluntary, that is to say, students shall not be required to present themselves for it, but the results shall be taken into account in assigning the places in the class-list; and marks shall be affixed to the names of those who pass satisfactorily in any of these papers.

13. In estimating the merits of the work done by the candidates examiners shall take account of style and method.

14. The two examinations in each year shall be conducted by the same three examiners, nominated by the Special Board for Medieval and Modern Languages, and appointed by the Senate in the preceding Lent Term, and each examiner shall receive for the two examinations from the University Chest such remuneration (not less than £20 and not more than £30) as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

15. There shall be a meeting of examiners previous to each examination, when the papers set by each examiner shall be submitted for approval. The Special Board for Medieval and Modern Languages may, if they think fit, appoint one of their members to summon and preside over this meeting. The Chairman shall not vote unless the votes of the examiners are equally divided.

16. One at least of the examiners and one of the Proctors or Pro-Proctors shall be present, and two of the Proctors' or Pro-Proctors' men shall be in attendance, during the examination; but, if more than one Special Examination be held in the same room, the Board of Examinations may relax the strict obligation of attendance on the part of the examiners for the purpose of invigilation.

17. The examiners shall arrange the names of those who pass the examination in three classes, the names in the first class being arranged in order of merit, and those in the second and third classes alphabetically.

18. The class-lists shall be published in the Senate House at the latest at 10 a.m. on the Thursday before the first day of General Admission in the Easter Term, and on December 17 or, if that day be a Sunday, on December 16 in the Michaelmas Term.

19. The examiners shall send a report of the results of each examin-

ation to the secretary of the Board of Examinations within a week after the publication of the class-lists, and this report shall be communicated to the Board by which the examiners are nominated. The report shall contain information as to the standards adopted in arranging the class-list of the examination.

20. The Special Board for Medieval and Modern Languages shall in every year before the end of the Easter Term publish a notice declaring what books have been selected as the subjects for examination in the year next but one following.

EXAMINATIONS FOR HONOURS.

(Candidates for Honours are required to pass the Previous Examination, Part I. Part II. and the Additional Subjects.)

REGULATIONS APPLICABLE TO ALL THE HONOURS TRIPOSES.

1. Subject to the reservations set forth below, the Examiners in any Tripos shall be authorised to declare candidates, though they may not have deserved Honours, to have reached a standard equivalent to that required for the Ordinary B.A. Degree.

This Regulation applies

(a) to Part I of the Mathematical Tripos, Part I of the Law Tripos, Part I of the Historical Tripos, and Part I of the Economics Tripos, only if the candidate has previously obtained Honours in some other Tripos Examination;

(b) to a candidate for Honours in both Parts of the Law Tripos in the same term, who has not previously obtained Honours in some Honours examination of the University, only if he obtains Honours in Part I;

(c) to a candidate for the Medieval and Modern Languages Tripos only if he has previously obtained Honours in the Tripos, or having under Regulation 13 presented himself for Examination in two Sections of the Tripos in the same term has reached an Honours standard in one of the Sections in which he had been examined;

(d) to a candidate for the Mechanical Sciences Tripos only if the Examiners are satisfied that he could obtain a First Class in Part II of the Special Examination in Mechanism and Applied Science¹.

1*. Candidates declared, in accordance with Regulation 1, to have reached a standard equivalent to that required for the Ordinary B.A. Degree, may, if in their eighth term of residence at least at the time of the Examination, be admitted to the B.A. Degree without further examination. If at the time of the Examination they are not yet in their eighth term of residence, they shall be entitled to be excused a Special Examination to be specified by the Examiners in accordance with the provision contained in Regulation 1**.

1**. The Examiners for Part I of the Mathematical Tripos, Part I of the Classical Tripos, Part I of the Moral Sciences Tripos, Part I of the Natural Sciences Tripos, Part I of the Theological Tripos, Part I of the Historical Tripos, the Medieval and Modern Languages Tripos, the Mechanical Sciences Tripos, and Part I of the Economics Tripos, shall be authorised to declare a candidate although he may not have deserved Honours to have acquitted himself so as to deserve to be excused the Special Examination in a subject, to be specified by the Examiners, corresponding to the subject, or one of the subjects in which he has been examined in the Tripos, provided that a candidate who has passed the Preliminary Examination in Science shall not be excused the Special Examination in Physics or the Special Examination in

¹ See p. 47.

Chemistry. Such a candidate, when of proper standing, may be admitted to the B.A. Degree subject to the two following provisions:

(i) That either (a) before taking the Tripos Examination he has passed the General Examination for the Ordinary B.A. Degree or the Preliminary Examination in Science, or (b) before admission to the Degree he shall have passed a second Special Examination which in the list of Examinations contained in the plan of Examinations for the Ordinary B.A. Degree is not grouped with the Examination which he is excused;

(ii) That the Special Examination which he is excused may not be reckoned as his final Examination for the Ordinary B.A. Degree unless at the time of his taking the Tripos Examination he has entered on his eighth term at least, having previously kept seven terms, and that he may not be a candidate for the final Examination for his Degree unless he has entered on his ninth term at least, having previously kept eight terms.

The Examiners in Part I of the Law Tripos and in the Oriental Languages Tripos shall be authorised to declare a candidate, although he may not have deserved Honours, to have acquitted himself so as to deserve to be excused the General Examination for the Ordinary B.A. Degree. Such candidate, when of proper standing, may be admitted to the B.A. Degree after passing one of the Special Examinations for the Ordinary B.A. Degree, provided that he may not be a candidate for the final Examination for his Degree unless he has entered on his ninth term at least, having previously kept eight terms.

2. If a candidate for Honours in any Tripos be prevented by illness or any other sufficient cause from attending part of the Examination for such Tripos, the Examiners shall be authorised, if such candidate shall have acquitted himself so far with credit, to declare him to have deserved Honours, and such candidate shall be deemed to have obtained Honours in such Examination.

2*. A student who, earlier than his eighth term of residence, has obtained Honours in any Tripos Examination (other than Part I of the Mathematical Tripos, or Part I of the Law Tripos, or Part I of the Historical Tripos, or Part I of the Economics Tripos, or the Medieval and Modern Languages Tripos with a pass in one Section only) or has obtained Honours in any two Tripos Examinations, and who has subsequently completed the requisite number of terms without having failed in any further Examination which would qualify him for the B.A. Degree, shall be entitled to proceed to the Degree of Bachelor of Arts, provided that he presents to the Registry a Certificate or Certificates of study, covering the Terms required to be kept subsequent to the Term in which he obtained Honours, drawn up and signed in the manner following:

Each such Certificate shall be signed by a Professor, Reader, or University Lecturer, or by a Lecturer or Teacher appointed or recognised under an Ordinance of the University, or by a College Lecturer, and it shall be countersigned by the Head of the Student's College or Public Hostel and by his College Tutor (or, in the case of a Non-Collegiate Student, by the Chairman of the Non-Collegiate Students Board and by the Censor). Each Certificate shall contain

(a) a statement of the subject or subjects of study pursued, and of the Lectures or Classes attended, or work carried out, by the Student under the direction of the person who signs the Certificate; and (b) a statement that the person who signs the Certificate is satisfied that the Student has been regular and diligent in his course of study.

And no Certificate shall be valid for the purposes of this Regulation, unless, in the opinion of the Council of the Senate, it satisfies the foregoing provisions.

The student shall be required to pay the sum of £3 to the Registry for the University Chest upon presenting his Certificate or Certificates for registration, or the sum of £4 if the Certificate or Certificates are presented more than fifteen days after the division of the Term in which the Student desires to proceed to his degree.

3. The Council of the Senate may at any time grant permission to Students who have degraded or who wish to degrade to become Candidates for University Scholarships, or for any other Academical Honours, during their Undergraduateship, or for Honours in any Tripos, on receiving application from the Tutors of such Students accompanied by certificates of ill-health, or such other certificates as may appear to the Tutors to be necessary.

4. Without such permission no person who has degraded shall be permitted to become a Candidate for University Scholarships or for any University Honours.

5. The Council shall be empowered to ascertain whether the Candidates for the several Honours Triposes in each year are of the proper standing, and for this purpose the Prælectors of the respective Colleges of the Candidates for Honours shall be required to send to the Registry before the commencement of the Examination Certificates of the Terms kept by such Candidates, signed and sealed by the Heads of those Colleges, or their proper deputies. The Council shall be empowered further to ascertain whether the Candidates have passed the Previous Examination according to the rules prescribed for it; and shall make known to the Examiners in each case, as soon as may be after the commencement of the Examination, the names of those persons who are duly qualified in point of standing and other circumstances to be Candidates for Honours.

6. The Examiners for each Tripos, or for each Part of a Tripos where the Examiners for the two Parts are distinct, shall be called together, as soon as possible after their appointment, by the Examiner senior in order of degree of all the resident Examiners for the Tripos or Part of a Tripos, to make preliminary arrangements and to appoint one of their body who shall be a resident member of the Senate to act as Chairman; such appointment to be communicated as soon as practicable to the Vice-Chancellor for publication to the Senate.

7. An *honorarium* of £5 shall be assigned in each case to the Examiner who is appointed to act as Chairman, except that, in the case of the Natural Sciences Tripos, the honorarium assigned to the Chairman of the Examiners shall be £10 for Part I. and £5 for Part II.

8. It shall be the duty of the Chairman to call a meeting of the Examiners at which the Examination questions of each of the Examiners shall be duly submitted to the other Examiners, to call any other meetings which may be necessary, and generally to see that the Regulations which apply to the particular Examination with which he is concerned are duly observed.

9. In all cases of equality of votes the Chairman shall have a second or casting vote.

10, 11, 12. See Publication of Class Lists, page 7.

13. Rescinded.

14. Before the division of the Term preceding each of the Examinations or in the case of Part II. of the Mathematical Tripos before the division of the Michaelmas Term immediately preceding, or in the case of the Oriental Languages Tripos before the end of the Michaelmas Term immediately preceding, or in the case of Part II. of the Moral Sciences Tripos and in the case of the Theological Tripos, of the Historical Tripos, of Sections A2, B, D, F, G, H, and I of the Medieval and Modern Languages Tripos,

and of the Economics Tripos before the first of December immediately preceding, the names of all the students who desire to present themselves as Candidates for any Tripos or part of a Tripos shall be sent to the Registry by the Tutors (either directly or through the Prælectors) of the several Colleges or Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board, in separate lists. These lists shall specify

- in the case of the Classical Tripos Part II. which of the Sections A, B, C, D, E, each Candidate offers for examination;
- in the case of the Moral Sciences Tripos which of the Sections of Part II. each Candidate offers for examination;
- in the case of the Natural Sciences Tripos which of the subjects each Candidate offers for examination;
- in the case of the Second Part of the Theological Tripos the Section or Sections and additional paper, if any, in which each Candidate intends to present himself for examination;
- in the case of the Historical Tripos which of the alternative papers each Candidate desires to take;
- in the case of the Semitic Languages Tripos the subjects in which each Candidate wishes to be examined;
- in the case of the Indian Languages Tripos the subjects in which each Candidate wishes to be examined;
- in the case of the Mediæval and Modern Languages Tripos which of the Sections, and alternative parts of the Sections, each candidate offers for Examination;
- in the case of Parts I. and II. of the Mechanical Sciences Tripos, the subjects in which each Candidate wishes to be examined;
- in the case of Part II. of the Economics Tripos which of the alternative papers each Candidate desires to take.

15. The Registry shall send to the Tutors and Prælectors of the several Colleges and Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board a First List of Candidates for each Tripos or Part of a Tripos at some convenient time before the commencement of each examination. He shall also issue a Corrected List on the seventh day before the commencement of each examination and in the case of the Mediæval and Modern Languages Tripos before the Oral Examination in Modern Languages, and shall send a copy of such list to the Chairman of the Examiners, to the Tutors and Prælectors of the several Colleges and Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board. No candidate shall be allowed to attend any of these examinations whose name does not appear in the Corrected List unless (a) his name shall be sent to the Registry and he be certified by the Registry to the Chairman of the Examiners to be eligible as a candidate, and (b) the Chairman shall grant him permission to be examined; and in no circumstances shall such student be allowed to enter for a paper which is not taken by at least one candidate entered in the Corrected List for that paper.

16. If a Candidate for any examination whose name has not been sent to the Registry on or before the tenth day previous to the commencement of the examination be nevertheless admitted to the examination a fee of £1 shall be paid for him together with the fee (if any) due for the examination.

17. In the case of each Tripos Examination the Examiner in charge shall be responsible, with the assistance of the University Marshal, and with further assistance as the Board of Examinations are able to provide, for recording on each occasion which of the candidates, if any, are absent,

and for seeing that the answer-papers are arranged in alphabetical order and despatched in a sealed packet, together with the list of absentees, to the Examiner who is to mark them.

No copy of any examination-paper shall be taken from the examination-room until the conclusion of the examination-period for that paper without the consent of the Examiner in charge.

It shall be the duty of the Chairman of the Examiners for each Tripos to draw up a scheme, to be approved by the Examiners for that Tripos, shewing which of them is responsible for each of the examination-periods with which as a body they are concerned.

It shall further be the duty of the Chairman of the Examiners for each Tripos to send to the Registry, as soon as practicable after the commencement of the Examination a copy of the Corrected List of candidates with such further corrections, if any, as may be necessary, certified by him to be a correct list of the candidates actually under examination: and this list shall be considered to be the Final List of candidates for such examination, and shall be preserved in the Registry.

18. In all cases where fees are due from Candidates the Registry shall send to the Tutors of the several Colleges and Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board, lists of their pupils who are under examination according to the Final List, distinguishing those (if any) whose names were not included in the Corrected List: and the Tutors of the several Colleges and Public Hostels the Principals of Hostels and the officer of the Non-Collegiate Students Board shall send to the Registry the fees due from their respective pupils.

19. Lists or Names shall be considered to have been sent to the Registry on a day specified, if they have been delivered at or posted to his office on that day.

If any of the days specified for issuing or sending lists fall on a Sunday the lists in question shall be issued or sent on the Saturday previous.

REGULATIONS FOR THE MATHEMATICAL TRIPOS EXAMINATION.

See also pp. 68—72.

PART I.

1. The Mathematical Tripos Part I shall begin on the Thursday after the last Sunday in May, and shall extend over three days. If Ascension Day shall fall on the first day fixed for the Examination there shall be no Examination on Ascension Day, but the Examination shall begin one day earlier than is here provided.

2. The Examination shall comprise the subjects in the annexed Schedule for Part I, the questions on the various subjects being distributed amongst the papers according to the discretion of the Examiners. Two papers, for each of which three hours shall be allowed, shall be set on each day of the Examination.

3. The questions in the physical subjects of the Schedule shall be of such a character as to test knowledge of the physical phenomena and their relations, and not merely an ability to deal with the analytical developments of the subjects.

4. A large proportion of such riders as are set shall consist of simple examples illustrating numerically or otherwise the corresponding theory.

5. A student may be a Candidate for Honours in the Examination if at the time of such Examination he be in his second term at least, having previously kept one term; provided that six complete terms shall not have passed after the said first term, unless the Candidate shall have previously obtained honours in one of the Honours Examinations of the University, in which case he may be a Candidate for Honours, provided that nine complete terms shall not have passed after the said first term. No student of a different standing shall be allowed to be a Candidate for Honours, unless he shall have obtained permission from the Council of the Senate. A student who fails to obtain Honours in the Examination may be a Candidate for Honours on a second occasion, provided he be then otherwise qualified.

6. In the answers to questions on the subjects of the Schedule Candidates shall not be restricted to the use of the methods indicated in the Schedule.

7. The Special Board for Mathematics shall have power to alter the detailed specifications contained under the several heads in the Schedule, due care being taken that sufficient notice be given to Members of the University of any proposed change.

8. On the Thursday after the second Sunday in June the Examiners shall publish a list of the Candidates who obtain Honours in the Examination arranged in three classes, the names in each class being placed in alphabetical order. In order to obtain Honours in the Examination, a Candidate must satisfy the Examiners both in Pure Mathematics and in Applied Mathematics.

9. A student who obtains Honours in Part I at a date earlier than his eighth term shall, when of proper standing, be entitled to be admitted to the Degree of Bachelor of Arts upon passing any special Examination or the Ordinary B.A. degree other than the Special Examination in Mathematics, provided that he may not be a candidate for the final Examination for his Degree unless he has entered on his ninth term at least, having previously kept eight terms.

10. A student who obtains Honours in Part I at a date later than his seventh term shall be entitled to admission to the degree of Bachelor of Arts provided that he shall have kept the requisite number of terms at the time when he applies for the degree. A student who obtains Honours in Part I at a date earlier than his eighth term shall, when of proper standing, be entitled to be admitted to the Degree of Bachelor of Arts upon passing any Special Examination for the Ordinary B.A. Degree other than the Special Examination in Mathematics, provided that he may not be a candidate for the final Examination for his Degree unless he has entered on his ninth term at least, having previously kept eight terms.

11. The Examination in each year shall be conducted by three Examiners appointed by Grace of the Senate, on the nomination of the Special Board for Mathematics, before the division of the previous Michaelmas Term. One of the Examiners nominated shall so far as possible be chosen from teachers of Experimental Physics or Engineering.

12. Each Examiner shall receive from the University Chest the sum of £15 together with a capitation fee of 5s. for each Candidate examined.

SCHEDULE FOR THE MATHEMATICAL TRIPOS, PART I.

Pure Geometry. Lines, planes, circles, and spheres; including questions on reciprocation, cross-ratios, and inversion. The methods of orthogonal projection and of perspective.

Algebra and Trigonometry. Exercises involving simple algebraic computation, the use of the slide rule and logarithmic tables being allowed.

74 EXAMINATION FOR THE MATHEMATICAL TRIPOS.

Elementary properties of equations. Use of the Binomial, Exponential, and Logarithmic expansions; applications to trigonometric functions. Use and properties of trigonometric functions. Trigonometry of simple figures.

Analytical Geometry. Lines, planes, circles, and spheres, excluding questions requiring the use of oblique co-ordinates. Elementary properties of conic sections, and of an ellipsoid referred to its principal axes, including purely geometrical methods in suitable cases.

Differential and Integral Calculus. Differentiation and simple integration, partial differentiation. Simple applications to plane curves. Volumes of solids of revolution. Use of Taylor's and Maclaurin's theorems. Maxima and minima for one independent variable. Curvature: plotting of curves from their equations. Simple linear differential equations.

Dynamics. Mass, momentum, force, energy, moment of momentum, and their fundamental relations. Equilibrium without and with friction. Easy exercises on conservation of energy, of momentum, and of moment of momentum. Motion under gravity, and under simple central forces. Simple and compound pendulums. Elementary uniplanar applications to equilibrium and stability. Simple graphical statics; funiculars, frameworks. Statics of liquids and gases.

Elementary Electricity. The elementary parts of electricity: namely, properties of the potential; lines of forces; air-condensers; Ohm's law with simple applications; galvanometers.

Optics. Reflection and refraction of light: applications to mirrors, prisms, lenses and simple combinations, excluding spherical and chromatic aberrations.

PART II.

1. The Examination for Part II of the Mathematical Tripos shall begin on the Monday after the last Sunday in May. There shall be an interval of not less than two days between the papers on the subjects of Schedule A and those on the subjects of Schedule B.

2. The Examination shall comprise the subjects in the annexed Schedules A and B, the Schedule A containing the ordinary subjects to be taken by all Candidates, and the Schedule B containing subjects to be taken by Candidates for a mark of distinction. Six papers shall be set on the subjects of Schedule A, and papers not more than six in number, according to the discretion of the Examiners, shall be set on subjects contained in Schedule B. In each of the papers on the subjects of Schedule A there shall be set some simple questions specially indicated, partly on the subjects contained in the Schedule for the Mathematical Tripos Part I; a Candidate who answers these questions sufficiently well shall be entitled to Honours in the Examination. Three hours shall be allowed for each paper. The questions on the various subjects shall be distributed among the papers according to the discretion of the Examiners.

3. Before the division of the Michaelmas Term next preceding the Examination the Praelectors of the several colleges shall furnish the Registry with lists of the students of their colleges who intend to present themselves as Candidates for distinction in subjects of Schedule B, specifying the subjects or branches of subjects in which each Candidate desires to be examined. Such Candidates shall be entitled to send in through their College Tutors, to the Chairman of Examiners before the division of the Lent Term preceding the Examination, supplementary information as to the range of subjects of Schedule B in which they desire to be examined.

EXAMINATION FOR THE MATHEMATICAL TRIPOS. 75

4. The questions on the physical subjects of the Examination shall be of such a character as to test knowledge of the physical phenomena and their relations, and not merely an ability to deal with the analytical developments of the subjects.

5. A large proportion of such riders as are set shall consist of simple examples illustrating numerically or otherwise the corresponding theory.

6. The questions on the subjects of Schedule B shall consist in part of questions of an elementary and simple character.

7. The Special Board for Mathematics shall have power to alter the detailed specifications contained under the several heads in Schedule A, and shall have power to alter the subjects in Schedule B, due care being taken that sufficient notice be given to Members of the University of any proposed change.

8. A student may be a Candidate for Honours in the Mathematical Tripos Part II provided he have already obtained honours in one of the Honours Examinations of the University, if at the time of the Examination he be in his fifth term at least, having previously kept four terms; provided further that nine complete terms shall not have passed after the first of the said four terms; except that in the case of Candidates who have obtained Honours in a Tripos Examination other than the Mathematical Tripos Part I twelve complete terms shall not have passed after the first of the said four terms. No Student shall be allowed to be a Candidate for Honours on more than one occasion.

9. On the Thursday after the second Sunday in June the Moderators and Examiners shall publish a list of the Candidates who have obtained Honours arranged in three classes of Wranglers, Senior Optimes and Junior Optimes, the names in each class being placed in alphabetical order. In deciding the Class in which a Candidate shall be placed, the Moderators and Examiners shall in general have regard only to the performance of the Candidate in the papers on the subjects of Schedule A, but in case of doubt the Moderators and Examiners shall be entitled to have regard also to the performance of the Candidate in the subjects of Schedule B. A distinctive mark shall be attached to the names of those Candidates who have satisfied the Moderators and Examiners in subjects of Schedule B, and a different mark shall be attached to the names of those Candidates who in the opinion of the Moderators and Examiners deserve special credit in such subjects.

10. A student who shall obtain Honours in the Mathematical Tripos Part II not earlier than his eighth term of residence shall be entitled to admission to the degree of Bachelor of Arts provided that he shall have kept the requisite number of terms at the time when he applies for his degree.

11. The Mathematical Tripos Part II shall be conducted by two Moderators and four Examiners appointed by Grace of the Senate, on the nomination of the Special Board for Mathematics, before the end of the Michaelmas Term preceding the Examination.

12. Each Moderator and Examiner shall receive from the University Chest the sum of £50.

SCHEDULE A.

Plane and Solid Geometry, including methods of Pure Geometry: curvature of curves and surfaces. Plane and Spherical Trigonometry.

Algebra, including Theory of Equations.

Differential and Integral Calculus, including the first variation of integrals.

Elementary parts of the Theory of Functions, including the properties of simple functions of the complex variable, circular functions and their inverses: simple applications to doubly periodic functions. Simple properties of Legendre's functions and of Bessel's functions. Use of Fourier's series.

Differential Equations. Integration of ordinary differential equations of the first order, and of ordinary linear differential equations having constant coefficients. Elementary theory of linear differential equations of the second order, having only regular integrals; solution of simple types of such equations of the second order, having integrals that are not regular. The methods of solving partial differential equations of the first order, and the use of methods of solving simple partial differential equations of the second order.

Dynamics, including Lagrange's equations and simple problems of motion in three dimensions. Elementary Analytical Statics. Elementary gravitational attractions. Vibrations of a stretched string.

Hydromechanics, including Hydrostatics, the general principles of Hydrodynamics with simple applications, elementary questions on the vibrations of elastic fluids, plane waves of sound.

Astronomy. The elementary parts so far as they are necessary for the explanation of simple phenomena.

Electricity. Fundamental principles of Electrostatics, distribution of currents, magnetism, electro-magnetism.

Elementary Optics, including the geometrical treatment of interference of waves.

SCHEDULE B.

Theory of Numbers. Invariants and Covariants. Synthetic Geometry. Algebraic Geometry. Differential Geometry. Groups. Theory of Functions. Elliptic Functions. Differential Equations. Dynamics. Hydrodynamics. Sound and Vibrations. Statics and Elasticity. Electricity and Magnetism. Geometrical and Physical Optics. Thermodynamics. Spherical Astronomy and Combination of Observations. Celestial Mechanics.

REGULATIONS FOR THE CLASSICAL TRIPOS EXAMINATION.

See also pp. 68—72.

(For New Regulations for Part I, see p. 78.)

PART I.

1. That the First Part of the Classical Tripos Examination shall extend over eight days, and that the Examination shall begin in the morning at nine o'clock and in the afternoon at half-past one and that between the first ten papers and the last five papers there be an interval of three days (exclusive of Sunday).

2. That on the mornings of four days papers shall be given in Composition, that on the afternoons of the first four days of the Examination papers XI, XII, XIII and XIV be set, but that the times at which the other papers shall be set shall be arranged by the Examiners in each year.

3. That the Examination shall consist of the following fifteen papers, each paper to be set for three hours.

I—IV. Four papers in Composition, that is to say, one in translation from English into Latin Prose, one in translation from English into Greek Prose, one in translation from English into Latin Verse, and one in translation from English into Greek Verse.

V—IX. Five papers, containing passages for Translation selected from the best Greek and Latin authors, together with questions arising immediately out of any such passages.

X. A paper of questions on (1) the history of words and forms in the Greek and Latin languages, (2) the syntax of the Greek and Latin languages: each of these subjects being represented by an equal number of questions. Candidates shall not be allowed to attempt more than two-thirds of the questions set. In both parts of the paper passages selected from Greek and Latin authors or inscriptions shall be set for translation and linguistic comment.

XI. A paper of short passages from Greek and Latin authors for translation and comment. These passages shall illustrate the General History and Antiquities of Greece and of Rome. Candidates shall not be allowed to attempt more than two-thirds of the passages set.

XII. A paper of questions on the General History and Antiquities of Greece and Rome. The questions shall be arranged in four groups. Candidates shall not be allowed to attempt more than five questions, which shall be taken from three groups at least.

XIII. A paper consisting of (1) short passages from Greek and Latin authors for translation and comment, which passages shall illustrate Greek and Roman Philosophy: (2) short passages from Greek and Latin authors for translation and comment, which passages shall illustrate Greek and Roman Literature; and (3) questions on Greek and Roman Sculpture and Architecture, some of which questions shall contain passages for translation and comment. The three sections shall be represented, so far as possible, by an equal number of passages or questions. Candidates shall not be allowed to attempt more than one half of the paper.

XIV. A paper containing (1) questions on a portion of a Greek philosophical work appointed each year by the Special Board for Classics, some of which questions shall contain passages for translation and comment; (2) questions on Greek and Roman Literature; and (3) questions on Greek and Roman Sculpture and Architecture: the three sections being represented each by an equal number of questions. Candidates shall not be allowed to attempt more than one-half of the questions set.

The portions of Greek philosophical works to be prescribed by the Board shall be set from Plato's *Republic*, Aristotle's *Ethics* or Aristotle's *Politics* and shall consist of not more than three books.

XV. A paper containing a number of alternative subjects for an English Essay. The subjects chosen shall bear upon the studies included within the range of the First Part of the Classical Tripos Examination, but shall be such as may be fairly set to students who have not acquired a special and technical knowledge of the subjects of the Second Part of the Classical Tripos Examination.

4. That in papers V to XIV such passages and such questions only shall be given as may fairly be set to students who have not acquired a special and technical knowledge of the subjects of the Second Part of the Classical Tripos Examination and that the chronological limits of Papers XI and XII shall be from time to time determined by the Special Board for Classics.

5. That the Examination shall be conducted by eight Examiners, of whom there shall be nominated to the Senate for election, one Examiner every year by each of the two Colleges whose turn it is to present the

78 EXAMINATION FOR THE CLASSICAL TRIPOS.

Proctors for that year, and two by the Special Board for Classics. The four Examiners so nominated and elected shall, if re-elected by the Senate in the following year, hold office for two years. If any such Examiner shall be prevented from examining in the second year, it shall devolve upon the Special Board for Classics to nominate an Examiner in his room, subject to the approval of the Senate by Grace. Such Examiner shall hold office for one year only. The Examiners shall take rank according to their University standing. The names of the Examiners shall be submitted to the Senate for election before the division of the Michaelmas Term.

6. That in any year in which the Board are of opinion that an additional Examiner or additional Examiners ought to be appointed in order that the list of those who pass the Examination with credit may be published at the time prescribed by Ordinance, the Board shall have power to nominate to the Senate for election an additional Examiner or additional Examiners, as the case may be, and that such Examiner or Examiners shall hold office for one year only.

7. That each of the Examiners shall receive from the University Chest the sum of fifty-five pounds for each year during which he is an Examiner.

8. That in every year in which the number of candidates (men) for the examination exceeds 105 but in which the whole number of candidates is not such as to justify the appointment of a ninth Examiner, or in which the number of men exceeds 120, but the whole number is not such as to justify the appointment of a tenth Examiner, or in which the number of men exceeds 135, but the whole number is not such as to justify the appointment of an eleventh Examiner, a further sum of £3 for each man in excess of 105, 120, 135 respectively shall be paid from the Chest and shall be divided equally among the Examiners.

9. That there shall be a General Meeting of the Examiners previous to the Examination, when the papers set by each Examiner shall be submitted to his colleagues for their approval, and shall be settled by the Examiners in common.

10. That the Exercises in Composition and the Essays shall be examined by three at least of the Examiners; and the Translations and Answers to questions by two at least.

11. That the Examiners shall have regard to the style and method of the candidates' answers and shall give credit for excellence in these respects.

12. That the names of those who pass the Examination with credit shall be placed in three classes, each class to consist of one or more divisions. When more names than one are contained in any division, they shall be arranged in alphabetical order.

NEW REGULATIONS FOR THE CLASSICAL TRIPOS.

PART I.

(Grace 30 November 1912.)

See also pp. 68—72.

These changes take effect in the Examination in May 1915.

1. That the First Part of the Classical Tripos Examination shall extend over eight days, and that the examination shall begin in the morning at nine o'clock and in the afternoon at half-past one, and that between the first nine papers and the last five papers there be an interval of three days (exclusive of Sunday).

2. That on the mornings of two days papers shall be given in Prose Composition, and on the mornings of two other days papers in Verse

Composition, or the papers alternative thereto, that on the afternoons of the first four days of the examination papers XII, XIII, XIV, and XV be set, but that the times at which the other papers shall be set shall be arranged by the examiners in each year.

3. That the examination shall consist of the following sixteen papers, of which no candidate shall take more than fourteen, as prescribed in Regulation 4. Of these papers each shall be set for three hours, except papers X and XI, each of which shall be set for two hours.

I—V. Five papers, containing passages for Translation selected from the best Greek and Latin authors, together with questions arising immediately out of any such passages.

VI—VII. Two papers in Prose Composition, that is to say, one in translation from English into Greek Prose, and one in translation from English into Latin Prose.

VIII. A paper in translation from English into Greek Verse.

IX. A paper in translation from English into Latin Verse.

X. A paper, containing (a) five questions on Greek and Latin Syntax including passages for translation and syntactical comment, (b) two questions on Greek metre and prosody. Candidates shall not be allowed to attempt more than five of the questions, and not more than four of these shall be taken from group (a).

XI. A paper, containing (a) five questions on the history of sounds and forms in the Greek and Latin languages together with passages selected from Greek and Latin authors or inscriptions for linguistic comment, or for translation and linguistic comment, (b) two questions on Latin metre and prosody. Candidates shall not be allowed to attempt more than five of the questions, and not more than four of these shall be taken from group (a).

XII. A paper containing (a) ten short passages from Greek and Latin authors for comment, or for translation and comment, which passages shall illustrate the General History and Antiquities of Greece and Rome; (b) five questions on Greek and Roman Sculpture and Architecture, of which questions some shall contain short passages from Greek and Latin authors for comment, or for translation and comment, and some shall contain illustrations of Greek or Roman works of art for comment. Candidates shall not be allowed to attempt more than eight of the passages or questions, and not more than three of these shall be taken from group (b).

XIII. A paper containing (a) ten questions on the General History and Antiquities of Greece and Rome; (b) five questions on Greek and Roman Sculpture and Architecture. Candidates shall not be allowed to attempt more than seven of the questions, and not more than two of these shall be taken from group (b).

XIV. A paper consisting of (a) seven short passages from Greek and Latin authors for comment, or for translation and comment, which passages shall illustrate Greek and Roman Philosophy; (b) seven short passages from Greek and Latin authors for comment, or for translation and comment, which passages shall illustrate Greek and Roman Literature. Candidates shall not be allowed to attempt more than eight of the passages.

XV. A paper containing (a) five questions on a portion of a Greek philosophical work appointed each year by the Special Board for Classics, some of which questions shall contain passages for translation and comment; (b) seven questions on Greek and Roman Literature. Candidates shall not be allowed to attempt more than seven of the questions and not more than four of these shall be taken from group (a).

80 EXAMINATION FOR THE CLASSICAL TRIPOS.

XVI. A paper containing a number of alternative subjects for an English Essay. The subjects chosen shall bear upon the studies included within the range of the First Part of the Classical Tripos Examination, but shall be such as may be fairly set to students who have not acquired a special and technical knowledge of the subjects of the Second Part of the Classical Tripos Examination.

4. That a candidate may take either paper VIII or paper X but not both; and that similarly a candidate may take either paper IX or paper XI but not both.

5. That before the 1st of December next preceding the examination the Praelectors of the several Colleges, or in the case of Non-Collegiate students the proper officer, shall furnish the Registry with lists of the students who intend to present themselves for examination, specifying the alternative papers in which each candidate desires to be examined; and such lists shall be communicated by the Registry to the several Examiners before the 8th of December.

6. That such passages and such questions only shall be given as may fairly be set to students who have not acquired a special and technical knowledge of the subjects of the Second Part of the Classical Tripos Examination and that the chronological limits of the questions on History and Antiquities shall be from time to time determined by the Special Board for Classics.

7. That the examination shall be conducted by eight examiners, of whom there shall be nominated to the Senate for election, one examiner every year by each of the two Colleges whose turn it is to present the Proctors for that year, and two by the Special Board for Classics. The four examiners so nominated and elected shall, if re-elected by the Senate in the following year, hold office for two years. If any such examiner shall be prevented from examining in the second year, it shall devolve upon the Special Board for Classics to nominate an examiner in his room, subject to the approval of the Senate by Grace. Such examiner shall hold office for one year only. The examiners shall take rank according to their University standing. The names of the examiners shall be submitted to the Senate for election before the division of the Michaelmas Term.

8. That in any year in which the Board are of opinion that an additional examiner or additional examiners ought to be appointed in order that the list of those who pass the examination with credit may be published at the time prescribed by Ordinance, the Board shall have power to nominate to the Senate for election an additional examiner or additional examiners, as the case may be, and that such examiner or examiners shall hold office for one year only.

9. That each of the examiners shall receive from the University Chest the sum of fifty-five pounds for each year during which he is an examiner.

10. That in every year in which the number of candidates (men) for the examination exceeds 105, but in which the whole number of candidates is not such as to justify the appointment of a ninth examiner, or in which the number of men exceeds 120, but the whole number is not such as to justify the appointment of a tenth examiner, or in which the number of men exceeds 135, but the whole number is not such as to justify the appointment of an eleventh examiner, a further sum of £3 for each man in excess of 105, 120, 135 respectively shall be paid from the Chest and shall be divided equally among the examiners.

11. That there shall be a General Meeting of the examiners previous to the examination, when the papers set by each examiner shall be submitted to his colleagues for their approval, and shall be settled by the examiners in common.

12. That the exercises in Composition and the Essays shall be examined by three at least of the examiners; and the translations and answers to questions by two at least.

13. That the examiners shall have regard to the style and method of the candidates' answers and shall give credit for excellence in these respects.

14. That the names of those who pass the examination with credit shall be placed in three classes, each class to consist of one or more divisions. When more names than one are contained in any division, they shall be arranged in alphabetical order.

PART II.

1. That the Second Part of the Classical Tripos Examination shall consist of five Sections, A, B, C, D, E.

Every candidate shall offer for examination one or two (but not more than two) of the five sections.

2. That the Examination shall be held on the mornings and afternoons of so many days as shall be required, other than Sunday or Ascension Day, from the beginning of the Examination, the order of the Examination in each Section and of the papers in each Section being arranged and announced by the Examiners before the beginning of the Examination. The hours of attendance shall be from nine till twelve in the morning, and from half-past one till half-past four in the afternoon.

Before the division of the Lent Term next preceding the Examination, the Prælectors of the several Colleges shall furnish the Registry with lists of the students of their Colleges who intend to present themselves for examination, specifying the Sections which each candidate offers for examination; and in the case of Section A, stating what portions of paper 3 the candidate proposes to take; and, if (c) is one of them, whether he wishes to be examined in the Greek or in the Latin subject. If Section E be chosen, the title of the subject in paper 4 (β) selected by each candidate shall in like manner be furnished to the Registry and communicated by him to the Examiners in Section E before the first day of March.

SECTION A.

3. That in Section A (Literature and Criticism) there shall be five papers of three hours each; and the subjects shall be distributed among the papers as follows:

(1) (a) Questions on the history of Greek Literature.

(b) Passages illustrating the history or criticism of Greek Literature for translation and comment.

(2) (a) Questions on the history of Latin Literature.

(b) Passages illustrating the history or criticism of Latin Literature for translation and comment.

(3) (a) Passages from Greek and Latin authors for interpretation, grammatical comment, or emendation.

(b) Questions on the palaeography and history of Greek and Latin manuscripts, and on the general principles of textual criticism.

(c) Questions on the textual criticism of a Greek and a Latin author, or portion of an author, to be prescribed by the Board for special study, with questions on the history of classical criticism in connexion with the text of the author prescribed. No candidate shall be allowed to take both the Greek and the Latin author.

No Candidate shall be allowed to take more than two of the three portions (a), (b), (c).

(4) Questions on the works or a portion of the works of a selected Greek or Latin author or on a special department of Greek or Latin Literature to be studied with especial reference to certain specified works.

(5) Papers of subjects for Essays, which shall be so chosen as fairly to represent the several departments of this Section. Each candidate shall be required to write an Essay upon one of these subjects or, should the Examiners in any year so decide, upon two, but not more than two, of them.

SECTION B.

4. That in Section B (Ancient Philosophy) there shall be five papers of three hours each. The Special Board for Classics shall publish from time to time a list of selected works of Plato and Aristotle (and, if at any time thought by the Board desirable, of other authors, Greek or Latin), to be studied by candidates for honours in this Section. The list of works appointed by the Board shall not be so large as to preclude the student from the general study of ancient philosophy.

One of the papers shall contain passages for translation selected from philosophical works, Greek or Latin or both, other than those appointed by the Board, together with questions on the subject-matter of such passages or arising out of them.

Three of the papers shall contain (α) questions upon the works appointed by the Board, and (β) questions upon other ancient philosophical works, and upon ancient philosophy in general; and questions of both descriptions shall be given in each of the three papers. Short passages for translation, either from the appointed subjects or from other works or from both, shall be given in these papers.

One of the papers shall consist of a number of alternative subjects for an English Essay, the subjects being so chosen as fairly to represent the whole field of work included in this Section.

A candidate shall not be refused a place in the First Class for the sole reason that he has omitted to study one or more of the appointed books.

SECTION C.

5. That in Section C (History) there shall be six papers of three hours each; and the subjects shall be distributed among the papers as follows:

(1) General paper of questions on Greek History and Political Antiquities. In their answers candidates will be expected to illustrate and support their statements by reference to ancient authorities. The chronological limits of this paper shall be from time to time determined by the Special Board for Classics.

(2) General paper of questions on Roman History and Political Antiquities. In their answers candidates will be expected to illustrate and support their statements by reference to ancient authorities. The chronological limits of this paper shall be from time to time determined by the Special Board for Classics.

(3) Paper containing (α) questions on some special period of Greek History to be defined from time to time by the Board; candidates being expected to shew knowledge of the ancient sources of information; (β) passages from the ancient authorities, including inscriptions, for translation.

(4) Paper containing (α) questions on some special period of Roman History to be defined from time to time by the Board; candidates being expected to shew knowledge of the ancient sources of information; (β) passages from the ancient authorities, including inscriptions, for translation.

(5) Paper containing (α) general questions on Law, Greek as well as Roman, in its historical development; the chronological limits and scope of such questions to be from time to time defined by the Board: (β) questions on a set subject, prescribed by the Board from time to time for more detailed study. This set subject shall be some selected portion or portions of Law, Greek or Roman. One such subject shall be set for the Examination in each year and Greek and Roman subjects shall be prescribed in equal rotation. In their answers to this part of the paper candidates will be expected to illustrate and support their statements by reference to the ancient authorities, including inscriptions; and passages from such authorities shall also be set for translation.

(6) Paper containing a number of alternative subjects for an English Essay. The subjects shall be so chosen as fairly to represent the several departments of this Section.

SECTION D.

6. That in Section D (Archaeology) there shall be five papers of three hours each; and that the subjects shall be distributed among the papers as follows:

(1) Paper on the history of sculpture and the lives and works of sculptors in the ancient Greek and Roman world.

(2) Paper (α) on the history of Greek and Roman architecture, (β) on a special class or group of monuments and works of art, or a special period or school of ancient art, or on the chorography, topography, and monuments of a special site or district, either of the ancient Greek world or of the ancient Roman world, such subject to be defined from time to time by the Special Board for Classics.

(3) Paper on (α) the mythologies, (β) the religious rites and ceremonies, (γ) the domestic antiquities, of the ancient Greeks and Romans.

(4) Paper on (α) the history of painting, (β) the minor arts, (γ) inscriptions, in so far as they bear upon the subjects of this Section.

In all the above papers the questions shall be so framed as to test the knowledge possessed by candidates both of ancient authorities and of extant monuments. The Examination shall include passages from ancient authors for translation and comment. Candidates may be examined *vivâ voce* upon inscriptions, monuments or representations of them, at such time and in such manner as the Examiners may decide.

(5) Paper containing a number of alternative subjects for an English Essay. The subjects shall be so chosen as fairly to represent the several departments of this Section.

The Board shall publish from time to time a list of modern authorities, and also of portions of ancient authors, which they recommend for study.

It shall be open to candidates to obtain distinction in this Section by hewing a thorough knowledge of a part. A candidate shall not be required to take up both of the sections (β) and (γ) in paper (3).

SECTION E.

7. That in Section E (Language) there shall be four papers of three hours each; and that the subjects shall be distributed among the papers as follows:—

(1) Paper containing (α) questions on Greek etymology and the history of the Greek dialects, with illustration from inscriptions or other sources: (β) questions on Greek syntax, together with passages from Greek authors for translation or comment.

(2) Paper containing (α) questions on Latin etymology, with illustration from the phonology and morphology of the cognate Italic dialects, and from Latin inscriptions and texts: (β) questions on Latin syntax, together with passages from Latin authors for translation or comment.

(3) Paper containing (α) easy passages from selected Sanskrit authors for translation and comment: (β) simple questions on the Sanskrit grammar, with special reference to those forms which illustrate the history of the Greek and Latin languages.

A knowledge of the characters of the Sanskrit alphabet shall in no case be required.

(4) Paper containing (α) general questions on the comparative grammar (including syntax) of the Indo-European languages, with special reference to the Greek and Latin languages: (β) questions on the following subjects, of which one only may be taken by any candidate:—(1) Early Indo-European Civilisation from the linguistic side; (2) Indo-European Accent; (3) Greek and Italic Alphabets; (4) the Italic Dialects.

No Essay shall be set in this Section; but any candidate shall be at liberty to send up (four weeks before the Examination begins) a dissertation in English on some subject comprised in this Section, upon which dissertation he may be examined *viva voce*, at such time and in such manner as the Examiners shall decide.

8. That no changes in the lists of selected subjects and books published by the Special Board for Classics shall affect the Examination until at least two years after their publication.

9. That the Examination shall be conducted by two Examiners in each Section, and that the Examiners shall be nominated in each year by the Special Board for Classics for Election before the end of the Michaelmas Term by Grace of the Senate.

10. That each of the Examiners in the Second Part of the Classical Tripos shall receive from the University Chest the sum of fifteen pounds in every year in which he shall have held an Examination in the Section for which he is appointed.

11. That the papers set in each of the five Sections shall be approved in the first instance by both the Examiners in that Section, and afterwards by a meeting of all the Examiners. The answers shall be examined as far as possible by both Examiners in the Section.

12. That the names of those persons who pass the Examination with credit shall be placed in three Classes, the names in each Class being arranged in alphabetical order.

A meeting shall be held by all the Examiners in the several Sections of the Second Classical Examination who have taken part in the Examination of that year, and the Class-list shall be drawn up by them in accordance with the joint results of the Examinations in the several Sections.

In the case of every student who is placed in the First Class, the Class-list shall shew by some convenient mark (1) the subject or subjects for which he is placed in that Class, and (2) in which of those subjects, if any, he passed with special distinction.

The Examiners shall have regard to the style and method of the candidates' answers and shall give credit for excellence in these respects.

Further Regulations for the Classical Tripos.

1. A Student may be a Candidate for Honours in the first part of the Examination for the Classical Tripos if at the time of such Examination he be in his fifth term at least, having previously kept four terms: provided that nine complete terms shall not have passed after the first of the said

EXAMINATION FOR THE MORAL SCIENCES TRIPOS. 85

four terms unless the Candidate shall have previously obtained Honours in one of the Honours Examinations of the University, in which case he may be a Candidate provided that twelve complete terms shall not have passed after the first of the said four terms.

2. A Student may be a Candidate for Honours in the second part of the Examination for the Classical Tripos if at the time of such Examination he be in his eighth term at least, having previously kept seven terms: provided that twelve complete terms shall not have passed after the first of the said seven terms. Provided further that he shall have already obtained Honours in the first part of such Examination.

3. (Rescinded.)

4. No Student of a different standing shall be allowed to be a Candidate for Honours in this Examination unless he shall have obtained permission from the Council of the Senate.

5. No Student who has presented himself for the above Examination may present himself on another occasion for the same Examination.

6. No Student may present himself for both parts of the Examination for the Classical Tripos in the same year.

7. A Student who shall pass the second part of the Examination for the Classical Tripos shall be entitled to admission to the degree of Bachelor of Arts, provided that he shall have kept the requisite number of terms at the time when he applies for his degree.

8. (Superseded.)

9. A Student who shall pass the first part of the Examination for the Classical Tripos not earlier than his eighth term of residence shall be entitled to admission to the degree of Bachelor of Arts provided that he shall have kept the requisite number of terms at the time when he applies for his degree.

9*. A student who obtains Honours in Part I at a date earlier than his eighth term shall, when of proper standing, be entitled to be admitted to the Degree of Bachelor of Arts upon passing any Special Examination for the Ordinary B.A. Degree other than the Special Examination in Classics, provided that he may not be a candidate for the final Examination for his Degree unless he has entered on his ninth term at least, having previously kept eight terms.

10. The Examination for the Classical Tripos (first part) shall commence upon the Monday after the last Sunday but two in May.

11. The Examination for the Classical Tripos (second part) shall commence on the Monday after the last Sunday in May.

12. (Superseded.)

13. If Ascension Day fall upon any of the days fixed for the Examination, there shall be no examination on Ascension Day, but the examination shall begin one day earlier (exclusive of Sunday) than is here provided.

14. The Class Lists for the Classical Tripos (first and second parts) shall be published on the Saturday after the second Sunday in June at 9 A.M.

MORAL SCIENCES TRIPOS.

See also pp. 68—72.

1. The examination for the Moral Sciences Tripos shall consist of two Parts. A separate class-list shall be published for each Part.

2. No student may present himself for both Parts of the examination in the same year.

3. Part I. of the Examination shall consist of two papers on Logic; two papers on Psychology; two papers on Ethics (including the History

86 EXAMINATION FOR THE MORAL SCIENCES TRIPOS.

of Ethics); one paper on the Elements of Philosophy; and a paper of Essays.

4. Part II. of the Examination shall consist of the following Sections:

Section A. Metaphysical and Ethical Philosophy, together with the History of Modern Philosophy;

Section B. Logic;

Section C. Psychology.

In each Section four papers shall be set, together with a paper of Essays. For students taking Section C there shall also be a practical examination in Experimental Psychology.

5. It shall be the duty of the Special Board for Moral Science to mark out lines of study in the several subjects before mentioned: and the Board shall have power to publish a list of books in relation to which questions shall be set, modifying the same from time to time as occasion may require; and also to arrange and publish a schedule and plan of Examination.

6. A student may be a candidate for honours in Part I. of the examination if at the time of such examination he be in his fifth term at least, having previously kept four terms: provided that nine complete terms shall not have passed after the first of the said four terms unless the candidate shall have previously obtained honours in one of the Honours Examinations of the University, in which case he may be a candidate provided that twelve complete terms shall not have passed after the first of the said four terms.

7. A student may be a candidate for honours in Part II. of the examination if at the time of such examination he be in his eighth term at least, having previously kept seven terms: provided that twelve complete terms shall not have passed after the first of the said seven terms: provided also that he shall have already obtained honours in Part I. of such examination or in some other of the Honours Examinations of the University.

8. No student of a different standing from that defined in the foregoing regulations shall be allowed to be a candidate for honours in either part of the examination unless he shall have obtained permission from the Council of the Senate.

9. No student who has presented himself as a candidate in either part of the examination shall again present himself as a candidate in the same part of the examination.

10. A student who shall pass Part I. of the examination not earlier than his eighth term of residence, shall be entitled to admission to the degree of Bachelor of Arts, provided that he shall have kept the requisite number of terms at the time when he applies for his degree.

10*. A student who obtains Honours in Part I. at a date earlier than his eighth term shall, when of proper standing, be entitled to be admitted to the Degree of Bachelor of Arts upon passing any Special Examination for the Ordinary B.A. Degree other than the Special Examination in Logic or the Special Examination in Psychology, provided that he may not be a candidate for the final Examination for his Degree unless he has entered on his ninth term at least, having previously kept eight terms.

11. A student who shall pass Part II. of the examination shall be entitled to admission to the degree of Bachelor of Arts, provided that he shall have kept the requisite number of terms at the time when he applies for his degree.

12. The names of candidates who pass Part I. of the examination with credit shall be arranged in three classes, of which the second shall be divided into two divisions. The names in the First and the Third Classes and in each division of the Second Class shall be arranged in alphabetical order.

EXAMINATION FOR THE NATURAL SCIENCES TRIPOS. 87

13. In Part II. of the examination every candidate shall be examined in one, but not more than one, of the three sections.

14. The names of the candidates who pass Part II. of the examination with credit shall be placed in three classes. The names in each class shall be arranged in alphabetical order.

15. In the case of every student who is placed in the First Class in Part II. of the examination, the Class List shall shew by some convenient mark in which of the three sections he has been examined and whether he has passed with special distinction.

16. Except as provided in the regulation next following, the examination for Part I. shall begin upon the Wednesday before the first Sunday in June, and the examination for Part II. upon the Thursday before the first Sunday in June.

17. There shall be no examination upon Ascension Day; and if Ascension Day fall upon any of the days that would otherwise be fixed for either part of the examination, both parts of the examination shall begin upon the day following Ascension Day.

18. To conduct the examinations two examiners shall be nominated in every year by the Special Board for Moral Science; such examiners if elected by the Senate, and also re-elected by the Senate in the following year, to hold their office for two years. It shall further be within the power of the Special Board for Moral Science to nominate in any year one or two additional examiners for that year only. The elections shall be by Grace before the division of the Lent Term preceding the examinations. The examiners shall receive in every year eighty pounds from the University Chest, the distribution of this amount among the examiners to be determined by themselves, subject to any regulations that may be laid down from time to time by the Special Board for Moral Science.

19. In the event of a vacancy arising among the examiners, it shall be the duty of the Special Board for Moral Science to nominate a fresh examiner to be elected by the Senate to fill the vacancy.

20. The questions proposed by each examiner shall be submitted to and approved by the examiners collectively; and the answers to each question shall be examined, as far as possible, by two at least of the examiners. The examiners shall take account of the style and method of the candidates' answers and shall give credit for excellence in these respects.

21. The class-lists for both parts of the examination shall be published not later than 9 a.m. on the Saturday after the second Sunday in June.

REGULATIONS FOR THE NATURAL SCIENCES TRIPOS EXAMINATION.

See also pp. 68-72.

1. The examination for the Natural Sciences Tripos shall consist of two parts; the class-list for each part being published separately.

2. The examination for Part I. shall commence on the Tuesday, and the examination for Part II. on the Thursday, before the last Sunday in May.

3. If Ascension Day fall upon any of the days fixed for the examination, there shall be no examination on Ascension Day, but the examination shall begin one day earlier than is here provided.

4. The examination shall be in Chemistry, Physics, Mineralogy, Geology, Botany, Zoology and Comparative Anatomy, Physiology, and in Part I. Human Anatomy and in Part II. Human Anatomy and Vertebrate Comparative Anatomy.

88 EXAMINATION FOR THE NATURAL SCIENCES TRIPOS.

5. The Special Board for Physics and Chemistry together with the Special Board for Biology and Geology in joint meeting assembled may from time to time define what is to be included in any of the above-mentioned branches of science, and may specify what parts of the several branches of science are to be considered suitable for the first part of the examination.

6. In each part of the examination a paper containing subjects for English Essays shall be set for all candidates. The subjects of the Essays shall have reference to the fundamental principles, history, or philosophy of the Natural Sciences. In selecting subjects examiners shall have regard to the adequate representation of the various branches of Natural Science.

7. The examiners shall have regard to the style and method of the candidates' answers, and shall give credit for excellence in these respects.

8. In Part I. the examination shall consist of two separate papers of three hours each and a practical examination, which may include a *viva voce* examination, in each of the branches of science mentioned in Regulation 4. The questions shall be of a comparatively elementary character.

9. In Part II. the examination shall consist of four separate papers of three hours each and a practical examination, which may include a *viva voce* examination, in each of the branches of science mentioned in Regulation 4. Some of the questions shall have reference to the philosophy and history of the sciences.

10. Candidates for Part II. in Physics or in Chemistry may present for the inspection of the examiners *on the first day of the written examination* note-books containing their records of practical work done by them, and bearing, as an indication of the *bona fides* of the record, the signatures of the teachers under whose direction the work was performed. In assigning marks for practical work the examiners shall take account of the note-books presented by a candidate as well as of the work done in the practical examination.

11. A student may be a candidate for honours in Part I. if at the time of such examination he be in his fifth term at least, having previously kept four terms: provided that nine complete terms shall not have passed after the first of the said four terms unless the candidate shall have previously obtained honours in one of the Honours Examinations of the University, in which case he may be a candidate provided that twelve complete terms shall not have passed after the first of the said four terms.

12. A student may be a candidate for honours in Part II. if at the time of such examination he be in his eighth term at least, having previously kept seven terms: provided that twelve complete terms shall not have passed after the first of the said seven terms. Provided further that he shall have already obtained honours in one of the Honours Examinations of the University.

13. A candidate may not present himself for both parts of the examination in the same year.

14. An Advanced Student, who has after the first day of the term in which he was admitted to a course of advanced study kept two terms by residence, may in the third or any subsequent term up to the tenth after such admission, become a candidate for Part II. The standard required for satisfying the examiners shall be that of a First Class.

An Advanced Student who has failed to satisfy the examiners that he has attained the required standard in the examination shall not again become a candidate.

15. No student of a different standing shall be allowed to be a candidate unless he shall have obtained permission from the Council of the Senate.

16. A student who has presented himself for either part of the Natural Sciences Tripos may not present himself again for the same part of the examination

17. A student who has satisfied the examiners in Part II. shall be entitled to admission to the degree of Bachelor of Arts provided that he shall have kept the requisite number of terms at the time when he applies for his degree.

18. A student who has satisfied the examiners in Part I. not earlier than his eighth term of residence shall be entitled to admission to the degree of Bachelor of Arts provided that he shall have kept the requisite number of terms at the time when he applies for his degree.

18*. A student who obtains Honours in Part I. at a date earlier than his eighth term shall, when of proper standing, be entitled to be admitted to the Degree of Bachelor of Arts upon passing any Special Examination for the Ordinary B.A. Degree other than a Special Examination in a subject for which he was entered in the Tripos, provided that he may not be a candidate for the final Examination for his Degree unless he has entered on his ninth term at least, having previously kept eight terms.

19. Examiners. See pp. 160—162.

20. At least twelve days before the commencement of the first part of the examination the chairman of the examiners shall issue a time table for both parts of the Tripos shewing the days and hours when the papers in each of the subjects mentioned in Regulations 4 and 6 will be set and likewise the times of the practical examinations in the several subjects.

21. The questions proposed by the examiners in each subject shall be submitted to and approved by the examiners collectively. The answers to each question shall be examined, as far as possible, by both the examiners in the subject.

22. The names of the candidates who pass either part of the examination with credit shall be placed in three classes. The names of those in each class shall be arranged in alphabetical order.

23. In arranging the class-list for Part I. the examiners shall take into account the standard attained by the candidates in the several branches of science as well as the aggregate knowledge shewn by them, provided that no credit be assigned to a candidate in any branch of science unless he appear to the examiners to have shewn a competent knowledge of that branch of science.

Except in special cases, no student shall be placed in the first class unless he attain the standard qualifying for that class in at least one subject.

24. In arranging the class-list for Part II. the examiners may place a candidate in the first class for proficiency in one of the branches of science mentioned in Regulation 4.

In the case of Human Anatomy and Vertebrate Comparative Anatomy, the merits of the candidates who present themselves for examination shall be estimated jointly by the examiners in Human Anatomy and the examiners in Zoology and Comparative Anatomy.

25. When a candidate is placed in the first class in Part II. the subject or subjects for knowledge whereof he is placed in the first class shall be signified in the published list.

The examiners shall place a distinguishing mark opposite the names of those candidates who are placed in the first class, whom they shall consider to have specially distinguished themselves. They shall state in each case the subject for which the distinguishing mark is appended to the name.

90 EXAMINATION FOR THE NATURAL SCIENCES TRIPOS.

26. The class-lists for the Natural Sciences Tripos (Part I., Part II.) shall be published not later than 9 a.m. on the Friday after the second Sunday in June.

27. Mode of publishing class-lists. See p. 7. Research Students. See pp. 174—177.

THE SPECIAL BOARDS FOR PHYSICS AND CHEMISTRY and for BIOLOGY AND GEOLOGY in joint meeting assembled issue the following notice with regard to the First Part of the Examination for the Natural Sciences Tripos.

In the papers set in Part I. of the examination the questions in all the subjects will be of a comparatively elementary character, and will be such as to test a knowledge of principles rather than of details. Specimens may be exhibited for description and determination.

In Physics the questions will be limited to the elementary and fundamental parts of the subject, and, in particular, special attention will be paid to the definition of physical quantities, the general principles of measurement, the configuration and motion of a material system, the laws of motion, the comparison of forces and of masses and the properties of bodies. In Sound, Light, Heat, Electricity and Magnetism, only the fundamental laws, their simpler applications, and the experiments which illustrate them, will be required.

In Chemistry the questions will relate to the leading principles and experimental laws of Chemistry, the properties of the commoner elements and their principal compounds, the outlines of Metallurgy, and simple qualitative and quantitative analysis.

In Mineralogy the questions will be confined to elementary Crystallography, the general properties of minerals and the special characters of those species only which are of common occurrence or of well-known mineralogical importance.

In Geology the questions will be limited to Physical Geography, the interpretation of the structure of the crust of the earth and the history of its formation, so far as to involve only the elementary parts of Palæontology and Petrography.

In Botany the questions will relate to the elementary parts of Vegetable Morphology, Histology, and Physiology; and to the principles of a natural system of classification as illustrated by the more important British Natural Orders. Candidates will be required to describe plants in technical language. Questions will not be set on Vegetable Palæontology or the Geographical Distribution of Plants.

In Zoology and Comparative Anatomy minor details will not be included in the questions relating to classification. Geographical distribution of animals is held to be a part of Zoology, and Comparative Anatomy includes the structure of extinct as well as of recent forms.

Human Anatomy will include the mechanism of the human body, the comparison of its parts with those of lower animals, its development, &c.; but the questions will be of a simple and elementary character.

In Physiology the questions will be of a comparatively elementary character.

A practical examination will be held in each of the above subjects.

EXAMINATION FOR THE THEOLOGICAL TRIPOS. 91

REGULATIONS FOR THE THEOLOGICAL TRIPOS EXAMINATION.

See also pp. 68—72.

(For New Regulations, see pp. 98—105.)

1. The Theological Tripos shall consist of two parts. The first part shall commence on the Monday next before the first Sunday in June. The second part shall commence on the Friday next before the first Sunday in June, and shall be continued on the mornings and afternoons of so many as shall be required of the next following days other than Sunday. The hours of attendance shall be from nine till twelve in the morning and from half-past-one till half-past-four in the afternoon. The order of the papers in the second part shall be determined by the Examiners and announced before the commencement of the Examination.

If Ascension Day fall upon the Thursday mentioned in the Schedule or the first part there shall be no examination on that day, but the examinations appointed for that day and for the preceding days shall be held one day earlier (exclusive of Sunday) than is here provided.

2. No Student shall be admitted to the Examination who has not passed or been excused the examination in the Additional Subjects of the Previous Examination.

3. A Student may be a candidate for Honours in the first part only, or in both parts, of the Theological Tripos of any year, if at the time of the examination he shall have entered upon his eighth term at least, having previously kept seven terms, provided that not more than nine terms shall have passed after the first of the said seven terms.

4. A Student, who has obtained Honours in any other Tripos, or in a part of any other Tripos, may be a candidate for Honours in the first part only, or in both parts, of the Theological Tripos of the year next succeeding or of the year next but one succeeding. But no such person may present himself for examination if more than twelve complete terms shall have passed after his first term of residence.

5. Bachelors of Arts, who have obtained Honours in any other Tripos, or in a part of any other Tripos, may be candidates for Honours in the first part only, or in both parts, of the Theological Tripos of the year next succeeding or of the year next but one succeeding. But no such person may present himself for examination, if more than fifteen complete terms shall have passed after his first term of residence.

6. Bachelors of Arts, who have obtained Honours in the first part of the Theological Tripos of any year, may be candidates for the second part of the Theological Tripos of the year next succeeding, but not of the year next but one succeeding, save that in Section V they may be candidates either in the year next succeeding or in the year next but one succeeding. But no such person may present himself for examination, if more than fifteen complete terms shall have passed after his first term of residence.

7. A Student who has obtained Honours in any other Tripos, or in a part of any other Tripos, may be a candidate for Honours in the second part only of the Theological Tripos of any year, if at the time of the examination he shall have entered upon his eighth term at least, having previously kept seven terms, provided that not more than

92 EXAMINATION FOR THE THEOLOGICAL TRIPOS.

twelve terms shall have passed after the first of the said seven terms. Such candidate will be required to satisfy the Examiners for the time being in papers (1), (5), (7) of the first part. In drawing up the class list credit shall be given to the candidate for his work in the paper or papers cognate to the section or sections for which he is a candidate.

8. Bachelors of Arts who have obtained Honours in any other Tripos, or in a part of any other Tripos, may be candidates for Honours in the second part only of the Theological Tripos of the year next succeeding or of the year next but one succeeding. But no such person shall be allowed to present himself for examination if more than fifteen complete terms shall have passed after his first term of residence. Such candidate will be required to satisfy the Examiners for the time being in papers (1), (5), (7) of the first part. In drawing up the class list credit shall be given to the candidate for his work in the paper or papers cognate to the section or sections for which he is a candidate.

9. No Student or Bachelor of Arts of a higher standing shall be allowed to be a candidate for Honours in the Theological Tripos, unless he shall have obtained permission from the Council of the Senate.

10. The second part of the Examination for the Theological Tripos shall consist of five sections of three papers each, of an Essay paper common to all the sections, and of four additional papers. No candidate may present himself for examination in more than two of the sections. Students who are candidates for one section only may take one, but not more than one, of the additional papers. Students who are candidates for more than one section may not take an additional paper.

11. No Student who has presented himself as a candidate in either part of the Examination shall again present himself as a candidate in the same part of the Examination, save only that Bachelors of Arts who have obtained Honours in the first part of the Theological Tripos and are candidates in any of the first four sections of the second part of the Tripos shall be admitted to and shall receive credit for the paper or papers in the first part cognate to the section or sections in the second part for which they are candidates.

12. Before the first day of December next preceding the Examination, the Praelectors of the several Colleges, or in the case of Non-Collegiate Students the proper officer, shall furnish the Registry with lists of the Students who intend to present themselves for examination, and in respect of the second part shall specify the section and additional paper (if any) or sections in which each candidate intends to present himself for examination, and such lists shall be communicated by the Registry to the Chairman of the Examiners before the eighth day of December.

13. The Examination for Part I in each year shall be conducted by six Examiners; two of whom may be appointed by the seven permanent official members of the Board of Theological Studies out of their own number; the remaining four Examiners shall be nominated by the Board of Theological Studies and elected by the Senate.

The Examination for Part II in each year shall be conducted by ten Examiners, viz. two for each section, of whom two may be appointed, but not for the same section, by the seven permanent official members of the Board of Theological Studies out of their own number;

EXAMINATION FOR THE THEOLOGICAL TRIPOS. 93

the remaining eight Examiners shall be nominated by the Board of Theological Studies and elected by the Senate.

Appointments of Examiners by the permanent members of the Board shall be signified to the Vice-Chancellor in the Michaelmas Term preceding the examination; and if one or more of such appointments be not made in any year, an Examiner or Examiners for that year shall be nominated by the Board of Theological Studies and elected by the Senate, such Examiner or Examiners, however, not being entitled thereby to sit on the Board of Theological Studies. The Examiners nominated by the Board of Theological Studies, shall be nominated in every year and proposed to the Senate in the said Michaelmas Term.

The Additional Papers shall be set by the Examiners for Part II.

14. There shall be a general meeting of the Examiners previous to the Examination, when the papers set by each Examiner shall be submitted to his colleagues for their approval.

15. The Examination for the first part shall be conducted according to the following schedule:

SCHEDULE OF THE ORDER OF DAYS, HOURS, AND SUBJECTS, AT THE EXAMINATION OF CANDIDATES FOR HONOURS IN THE FIRST PART OF THE THEOLOGICAL TRIPOS.

DAY	HOURS	SUBJECTS
Monday	9 to 12 1½ to 4½	1. The Old Testament in English. 2. A selected portion of the Historical Books of the Old Testament in Hebrew.
Tuesday	9 to 12 1½ to 4½	3. Passages for translation from the Historical Books of the Old Testament (Hebrew) generally; with questions on Hebrew Grammar and easy Hebrew Composition. 4. New Testament (General Paper).

96 EXAMINATION FOR THE THEOLOGICAL TRIPOS.

20. A General Meeting of those Examiners who have taken part in the Examination shall be held to draw up separate class lists of the first and second parts, and in each list the names of those persons who pass the Examination with credit shall be arranged in three classes, the names in each class being in alphabetical order.

21. The class list of the first part shall be drawn up in accordance with the aggregate of marks of each Student, that of the second part on an estimate of the results of the Examination in the sections considered separately and jointly and in the additional papers.

22. In the class list of the first part the Examiners may affix marks of distinction in Old Testament or New Testament, or both, to the names of those candidates who, in addition to the papers set in the first part, shall have taken one paper of the corresponding section or sections of the second part. Candidates who desire to obtain such distinction must before the eighth day of December next preceding the Examination give notice to the Chairman of the Examiners in writing of the paper, or papers, which they intend to take.

23. In the case of every Student who is placed in the First Class of the second part, the class list shall shew by some convenient mark, (1) the section or sections for which he is placed in that class, and (2) in which of the sections, if in any, he passed with special distinction.

24. The Examiners shall have regard to the style and method of the candidates' answers, and shall give credit for excellence in these respects.

25. No credit shall be given to a Student in any of the papers of either part, unless it appear to the Examiners that he has shewn a competent knowledge in that paper.

26. A Student who shall pass the Examination of the first part of the Theological Tripos so as to deserve Honours shall be entitled to admission to the degree of Bachelor of Arts, provided that he shall have kept the requisite number of terms at the time when he applies for the degree.

27. A Student who, having previously obtained Honours in some other Tripos, shall pass the Examination of the second part of the Theological Tripos so as to deserve Honours, and shall also satisfy the Examiners in the three papers aforesaid of the first part, shall be entitled to admission to the degree of Bachelor of Arts, provided that he shall have kept the requisite number of terms at the time when he applies for the degree.

28. The Class List of the Theological Tripos, Parts I. and II., shall be published in the Senate-House on the Saturday after the second Sunday in June at 9 A.M.

29. Each of the Examiners elected by the Senate for Part I. shall receive Fifteen Pounds from the University Chest, together with the sum of five shillings in respect of each candidate beyond the number of thirty examined by him, from the University Chest. A further sum of ten shillings shall be paid from the Chest in respect of every candidate for Part II. who is examined in Papers (1), (5), (7), which shall be divided among the Examiners elected by the Senate for Part I. in such proportions as the Chairman of the Examiners for that Part may determine. Each of the Examiners elected by the Senate for Part II. shall

receive ten pounds from the University Chest. But no payment shall be made to any of the Examiners for a section of Part II. unless one or more candidates shall be entered for that section ; provided that if one or more candidates be entered for one paper only of a section, or for an Additional Paper relevant to some section in which there are no candidates, the Examination in that paper shall be conducted by one of the Examiners for Part II., who shall receive five pounds from the University Chest for doing it. The four Additional Papers shall for this purpose be considered relevant to the first four sections of Part II., each to each, in the order in which they are given in the Schedule of the Examination.

SUPPLEMENTARY REGULATIONS UNDER THE PROVISIONS OF
REGULATION 19.

i. The General Paper on the Old Testament shall contain general questions on the Old Testament Scriptures and on the History of Israel down to the Christian Era.

Special Books, or a special period, shall be selected of which fuller knowledge will be required.

ii. The Paper on the specified portion of the Historical Books shall contain passages for translation from the selected portion, with grammatical questions, and passages for re-translation and for pointing.

iii. The Paper containing passages for translation from the Historical Books shall contain grammatical questions on those passages, and shall also contain questions on the Hebrew Language and Grammar generally, passages for pointing, and easy passages for translation into Hebrew.

iv. The General Paper on the New Testament shall contain
a) questions on the Formation of the Canon ; (b) questions on Textual Criticism ; (c) a passage, or passages, for translation into Greek.

v. Papers (5) on the New Testament in Greek, and (6) on the selected portion of the New Testament, shall contain passages for translation and retranslation, and questions on the subject-matter, exegesis, grammar, and language, but questions of detail on authorship, date, and textual criticism shall be set only from the selected portion.

vi. Paper (8 A) shall contain questions on the history and contents of Ancient Creeds. Certain Creeds and documents shall be recommended by the Board from time to time for special study.

In (8 B), the Portion of Patristic Literature selected for special study shall be taken from writings earlier than A.D. 461.

vii. The Essay Paper shall contain three or more subjects for an English Essay, which shall be taken from the chief departments of study represented in this part of the Tripos. No candidate shall write on more than one subject.

In the Essay Paper for Part II, each section shall be represented by at least three subjects, and candidates shall be directed to choose a subject cognate to their own section or sections.

NEW REGULATIONS FOR THE THEOLOGICAL TRIPOS.

*(Grace 15 February 1913.)**(The First Examination under these Regulations will be held in the year 1915.)**See also pp. 68—72.*

1. The Theological Tripos Examination shall consist of two parts. Part I shall commence on the Monday next before the first Sunday in June. Part II shall commence on the Friday next before the first Sunday in June, and shall be continued on the mornings and afternoons of so many as shall be required of the next following days other than Sunday. The hours of attendance shall be from nine till twelve in the morning and from two till five in the afternoon. The order of the papers in Part II shall be determined by the examiners and announced before the commencement of the examination.

If Ascension Day fall upon the Thursday mentioned in the schedule for the first part there shall be no examination on that day, but the examinations appointed for that day and for the preceding days shall be held one day earlier (exclusive of Sunday) than is here provided.

2. No student shall be a candidate for both parts of the Theological Tripos in the same year.

3. A student may be a candidate for honours in Part I of the Theological Tripos of any year, if at the time of the examination he shall have entered upon his eighth term at least, having previously kept seven terms, provided that not more than nine terms shall have passed after the first of the said seven terms.

4. A student, who has obtained honours in any other Tripos, or in a part of any other Tripos, may be a candidate for honours in Part I of the Theological Tripos in any succeeding year, provided that not less than seven and not more than twelve complete terms shall have passed after his first term of residence.

5. A Bachelor of Arts, who has obtained honours in any other Tripos, or in a part of any other Tripos, may be a candidate for honours in Part I of the Theological Tripos in any succeeding year, provided that not more than fifteen complete terms shall have passed after his first term of residence.

6. A Bachelor of Arts, who has obtained honours in Part I of the Theological Tripos of any year, may be a candidate for Part II of the Theological Tripos of the year next succeeding, but not of the year next but one succeeding, save that in Section V he may be a candidate either in the year next succeeding or in the year next but one succeeding. But no such person may present himself for examination, if more than fifteen complete terms shall have passed after his first term of residence.

7. A student who has obtained honours in any other Tripos, or in a part of any other Tripos, may be a candidate for honours in Part II of the Theological Tripos of any year, if at the time of the examination he shall have entered upon his eighth term at least, having previously kept seven terms, provided that not more than twelve terms shall have passed after his first term of residence. Such candidates will be required *either* A, to satisfy the examiners in certain papers of the first part, *or* B, in place thereof, to present certificates of having attended certain courses of lectures and passed examinations thereupon; *or* they will be at liberty to

offer themselves for examination in one of the prescribed papers of the first part, and to present certificates of attendance at lectures in place of the other prescribed paper or papers of the first part.

A. (a) Candidates for Section 1 of Part II shall satisfy the examiners in papers (5) and (7) of Part I; (b) candidates for Section 2 shall satisfy the examiners in papers (1) and (7) of Part I; (c) candidates for Section 3 or 4 shall satisfy the examiners in papers (1) and (5) of Part I; (d) candidates for Section 5 shall satisfy the examiners in papers (1), (5) and (7) of Part I.

B. In place of the examination in paper (1) of Part I, candidates may present certificates of having attended, and having been examined on, not less than two courses of lectures on the Old Testament in English, one of which courses must be on a period of the History of Israel. In place of the examination in paper (5) of Part I, candidates may present certificates of having attended, and having been examined on (a) a course of lectures on the Gospels, or on a particular Gospel, or on the Gospel history, (b) a course on some part of the remaining books of the New Testament, or on the History of the Apostolic Age; and one of the courses (a) or (b) must include exegesis of the Greek text of the New Testament. In place of the examination in paper (7) of Part I, candidates may present certificates of having attended, and having been examined on, not less than two courses of lectures on Early Church History.

The courses of lectures, certificates of which may be presented under this arrangement shall be those delivered by one of the Divinity Professors, the Regius Professor of Hebrew, or the Dixie Professor, or they shall be courses approved for this purpose by the Special Board for Divinity. Every such course shall consist of not less than twelve lectures.

8. A Bachelor of Arts who has obtained honours in any other Tripos, or in a part of any other Tripos, may be a candidate for honours in Part II of the Theological Tripos in any succeeding year, provided that not more than fifteen complete terms shall have passed after his first term of residence. Such candidates will be required *either* to satisfy the examiners in certain papers of the first part, *or*, in place thereof, to present certificates of having attended certain courses of lectures and passed examinations thereupon. The rules for such candidates shall be the same as those given in regulation 7.

9. Part II of the examination for the Theological Tripos shall consist of five sections of four papers each, of an Essay paper common to all the sections, and of four additional papers. No candidate may present himself for examination in more than two of the sections. Students who are candidates for one section only may take one, but not more than one, of the additional papers. Students who are candidates for more than one section may not take an additional paper.

10. No student who has presented himself as a candidate in either part of the examination shall again present himself as a candidate in the same part of the examination.

11. Before the first day of December next preceding the examination, the Praelectors of the several Colleges, or in the case of Non-Collegiate Students the proper officer, shall furnish the Registry with lists of the students who intend to present themselves for examination, and in respect of the second part shall specify the section and additional paper (if any) or

100 EXAMINATION FOR THE THEOLOGICAL TRIPOS.

the sections in which each candidate intends to present himself for examination, and such lists shall be communicated by the Registry to the chairman of the examiners before the eighth of December.

After the division of the Lent Term entries will not be accepted for any section, or any additional paper of Part II, for which one or more students have not previously been entered.

12. Candidates for Part II who desire to present certificates of attendance at lectures in place of satisfying the examiners in certain papers of Part I (see regulations 7 and 8) must forward such certificates to the chairman of the examiners in Part II not later than the third day of full term in the Easter term in which the examination is to take place.

13. The examination for Part I in each year shall be conducted by six examiners; two of whom may be appointed by the seven permanent official members of the Special Board for Divinity out of their own number; the remaining four examiners shall be nominated by the Special Board for Divinity and elected by the Senate.

The examination for Part II in each year shall be conducted by ten examiners; viz. two for each section, of whom two may be appointed, but not for the same section, by the seven permanent official members of the Special Board for Divinity out of their own number; the remaining eight examiners shall be nominated by the Special Board for Divinity and elected by the Senate.

Appointments of examiners by the permanent members of the Board shall be signified to the Vice-Chancellor during the Michaelmas term preceding the examination; and if one or more of such appointments be not made in any year, an examiner or examiners for that year shall be nominated by the Special Board for Divinity and elected by the Senate, such examiner or examiners, however, not being entitled thereby to sit on the Special Board for Divinity. The examiners nominated by the Special Board for Divinity shall be nominated in every year and proposed to the Senate during the said Michaelmas Term.

The Additional Papers shall be set by the examiners for Part II.

14. There shall be a general meeting of the examiners in each part previous to the examination, when the papers set by each examiner shall be submitted to his colleagues for their approval.

15. The examination for Part I shall be conducted according to the following schedule:

3. Selected Greek and Latin ecclesiastical writings earlier than A.D. 461.

4. Selected portions of the ancient Greek and Latin Liturgies and Service-Books in their relation to the History of Christian Worship.

17. The Special Board for Divinity shall determine from time to time the credit to be assigned to the several subjects enumerated in the schedules.

18. Public notice of all the variable subjects selected for the examination in any year shall be given by the Special Board for Divinity before the end of the Easter Term in the year next but one preceding the examination.

19. The Special Board for Divinity shall have power to issue supplementary regulations marking out lines of study in the several subjects of examination, or to publish lists of books in relation to which questions shall be set; and in regard to papers 1 and 2 and 3 (A) of Section V in Part II, it shall be their duty so to do. They shall also have power to modify such supplementary regulations from time to time.

20. A meeting of the examiners in Part I shall be held to draw up the class-list for Part I, and a meeting of those examiners who have shared in the examination for Part II shall be held to draw up the class-list for Part II. In each list the names of those persons who pass the examination with credit shall be arranged in three classes, the names in each class being in alphabetical order.

21. The class-list of Part I shall be drawn up in accordance with the aggregate of marks of each student, that of Part II on an estimate of the results of the examination in the sections considered separately and jointly and in the additional papers.

22. In the class-list of Part I the examiners may affix marks of distinction in Old Testament to the names of those candidates who, in addition to the papers set in Part I, shall have taken one of the papers 1, 2, 3, or 4 of section I of Part II, and marks of distinction in New Testament to the names of those candidates who, in addition to the papers set in Part I, shall have taken any one of the papers of section II of Part II. Candidates who desire to obtain such distinction must before the eighth day of December next preceding the examination give notice to the registry in writing of the paper, or papers, which they intend to take.

23. In the case of every student who is placed in the First Class of Part II, the class-list shall shew by some convenient mark, (1) the section or sections for which he is placed in that class, and (2) in which of the sections, if in any, he passed with special distinction.

24. The examiners shall have regard to the style and method of the candidates' answers, and shall give credit for excellence in these respects.

25. No credit shall be given to a student in any of the papers of either part, unless it appear to the examiners that he has shewn a competent knowledge in that paper.

104 EXAMINATION FOR THE THEOLOGICAL TRIPOS.

26. A student who shall pass the examination of Part I of the Theological Tripos so as to deserve Honours shall be entitled to admission to the degree of Bachelor of Arts, provided that he shall have kept the requisite number of terms at the time when he applies for the degree.

27. A student who, having previously obtained honours in some other Tripos, shall pass the examination of Part II of the Theological Tripos so as to deserve honours, and shall also fulfil the conditions laid down in regulation 7 above, shall be entitled to admission to the degree of Bachelor of Arts, provided that he shall have kept the requisite number of terms at the time when he applies for the degree.

28. The class-list of the Theological Tripos, Parts I and II, shall be published in the Senate-House on the Saturday after the second Sunday in June at 9 a.m.

29. Each of the examiners elected by the Senate for Part I shall receive fifteen pounds from the University Chest, together with the sum of five shillings in respect of each candidate beyond the number of thirty examined by him.

A further sum of five shillings shall be paid from the Chest in respect of every candidate for Part II for each of the Papers (1) (5) (7) of Part I in which he may be examined, which shall be distributed among the examiners elected by the Senate for Part I in such proportions as the chairman of the examiners for that part shall determine.

Each of the examiners elected by the Senate for Part II shall receive ten pounds from the University Chest. But no payment shall be made to any of the examiners for a section of Part II unless one or more candidates shall be entered for that section; provided that if one or more candidates be entered for one paper only of a section, or for an Additional Paper relevant to some section in which there are no candidates, the examination in that paper shall be conducted by one of the examiners for Part II, who shall receive five pounds from the University Chest for doing it. The four Additional Papers shall for this purpose be considered relevant to the first four sections of Part II, each to each, in the order in which they are given in the Schedule of the examination.

APPENDIX.

SUPPLEMENTARY REGULATIONS (WHICH THE BOARD WOULD BE PREPARED TO MAKE UNDER THE PROVISIONS OF RULE 19).

1. Paper 1 of Part I (the General Paper on the Old Testament) shall contain general questions on the Old Testament Scriptures and on the History of Israel down to the Christian Era.

Special Books, or a special period, shall be selected of which fuller knowledge will be required.

2. Paper 2 of Part I (a selected portion of the Historical Books of the Old Testament in Hebrew) shall contain passages for translation from the selected portion, with grammatical questions, and passages for re-translation and for pointing.

3. Paper 3 of Part I (passages for translation from the Historical Books of the Old Testament generally) shall contain grammatical questions on those passages, and shall also contain questions on the Hebrew language and grammar generally, passages for pointing, and easy passages for translation into Hebrew.

REGULATIONS FOR THE HISTORICAL TRIPOS EXAMINATION.

(Grace of 10 June 1909.)

See also pp. 68—72.

1. The Historical Tripos shall consist of two Parts. A separate class-list shall be published for each part.

2. The scheme of the examination shall be that defined in the Schedule appended to these Regulations.

3. The Special Board for History and Archæology shall from time to time give public notice of the Selected Period and¹ of the Special Subjects which will be set in the Tripos. Every such notice shall be given

¹ In 1915 and subsequent years delete "of the Selected Period and."

at latest in the Easter Term next but one preceding that in which the examination which is to be affected by the notice will be held.

4. The Board shall have power to issue from time to time supplementary regulations further defining or limiting all or any of the subjects of the examination and determining the credit that shall be assigned to such subjects respectively and marking out the lines of study that are to be pursued by the candidates, and to publish lists of books recommended to the candidates, and to modify or alter any such supplementary regulations or lists as occasion may require.

5. A student may be a candidate for honours in the First Part if at the time of the examination he be in his fifth term at least, having previously kept four terms: provided that six complete terms shall not have passed after the first of the said four terms.

6. A student who has obtained honours in the First Part may be a candidate for honours in the Second Part if at the time of the examination he be in his eighth term at least, having previously kept seven terms: provided that twelve complete terms shall not have passed after the first of the said seven terms.

7. A student who has obtained honours in any other Tripos may be a candidate for honours either in the First Part or in the Second Part in the year next after or next but one after he has so obtained honours: provided that twelve complete terms shall not have passed since his first term of residence.

8. No student shall present himself for both Parts in the same term.

9. No student of a standing different from that defined in the foregoing regulations shall be a candidate for honours in either Part unless he shall have obtained permission from the Council of the Senate.

10. No student who has presented himself as a candidate for either Part shall again present himself as a candidate for the same Part.

11. A student who obtains honours in the Second Part shall be entitled to admission to the degree of Bachelor of Arts: provided that he shall have kept the requisite number of terms at the time when he applies for his degree.

A student who obtains honours in the First Part shall be entitled to admission to the degree of Bachelor of Arts, provided that he has obtained honours in some other Tripos and provided also that he shall have kept the requisite number of terms at the time when he applies for his degree.

12. A student who obtains Honours in Part I at a date earlier than his eighth term shall, when of proper standing, be entitled to be admitted to the Degree of Bachelor of Arts upon passing any Special Examination for the Ordinary B.A. Degree other than the Special Examination in History, provided that he may not be a Candidate for the final Examination for his Degree unless he has entered on his ninth term at least, having previously kept eight terms.

13. In both Parts, the names of the students who obtain honours shall be arranged in three classes, of which the second shall be divided into two divisions. The names in the first and third classes, and in each division of the second class, shall be arranged in alphabetical order.

14. Before the 1st of December next preceding the examination, the Praelectors of the several Colleges, or in the case of Non-Collegiate students the proper officer, shall furnish the Registry with lists of the students who intend to present themselves for examination, specifying the alternative subjects in which each candidate desires to be examined; and such lists shall be communicated by the Registry to the Senior Examiner before the 8th of December.

15. Examiners for the First Part and Examiners for the Second Part shall be nominated by the Special Board and elected by the Senate in the Michaelmas Term preceding the examination.

16. For the First Part the Special Board shall nominate not less than four nor more than six Examiners and for the Second Part not less than four nor more than six Examiners.

17. The Special Board shall have power to nominate in the Lent Term one or more Assessors to be appointed by Grace of the Senate, to examine in any of the alternative subjects in the Second Part. Each Assessor shall be responsible for setting the papers in the subject or subjects assigned to him, and for looking over the work of the candidates therein, and shall present a report to the Examiners. The Assessors shall be summoned to all meetings of the Examiners for the purpose of consultation and advice, but shall not be entitled to vote.

18. Each of the Examiners for the First Part shall receive from the University Chest the sum of Forty Pounds for each year during which he is an Examiner.

19. The Examiners for the Second Part shall receive from the University Chest the sum of one hundred and eighty pounds together with the sum of one pound for every Candidate beyond the number of twenty who shall present himself for the Second Part. The said sum or sums shall be divided among the Examiners and Assessors according to a scheme to be drawn up by the Examiners and approved by the Special Board.

20. The First and Second Parts respectively shall begin on the Monday after the last Sunday in May, but if Ascension Day falls on any of the days fixed for the examination, then the examination shall begin on the preceding Saturday.

21. The class-lists for the First and Second Parts respectively shall be published by reading in the Senate House on the Saturday next after the second Sunday in June, at nine in the morning.

22. For the purpose of these regulations a student shall be deemed to have obtained honours in another Tripos if he has obtained honours in one Part of any Tripos (other than the Historical) that is divided into two or more parts.

SCHEDULE OF SUBJECTS.

In the Examination the Papers shall be allotted as follows:

PART I.

1. Subjects for an Essay.
2. Political Science A.
3. General European History (Ancient).
4. General European History (Mediæval).
5. English Constitutional History to 1485.
6. English Constitutional History from 1485.

4. Political Science B.
5. Political Economy.
6. International Law.

¹ In 1915 and subsequent years delete Part I, 8 "Selected Period of English History."

I. In English Economic History [Part I, Subject 7] and in the three papers on General European History [Part I, Subjects 3 and 4, and Part II, Subject 2], a correct general knowledge shall be required rather than minute acquaintance with details.

II. In English Constitutional History [Part I, Subjects 5 and 6] candidates shall be required to satisfy the Examiners that they have an adequate knowledge of the general course of English History.

III. Questions involving a knowledge of Geography shall be set in both Parts.

IV. In Part I every candidate shall take all the papers, except that Political Science A [Subject 2] and General European (Ancient) [Subject 3] shall be alternatives.

V. In Part II every candidate shall take (*a*) the Essay [Subject 1], (*b*) General European History (Modern) [Subject 2] and (*c*) a Special Historical Subject (two papers). He shall also take (*d*) either one or two of the other papers for Part II; but no candidate who takes two such papers shall be placed in a lower class on the sole ground of failure to attain the required standard in one of these papers only. A candidate is not at liberty to take two Special Historical Subjects, and he may not take one of the papers allotted to a Special Historical Subject without the other.

VI. The Examiners shall have regard to the style and method of the candidate's answers and shall give credit for excellence in these respects; and no candidate shall be allowed credit in any paper for work which does not satisfy the Examiners.

SUPPLEMENTARY REGULATIONS.

1. A choice of questions shall be allowed in the papers on General European History [Part I, Subjects 3 and 4, and Part II, Subject 2] and English Economic History [Part I, Subject 7] and in other papers as far as convenient.

2. The paper on General European History (Ancient) shall deal with the history of Greece and Rome not later than the reign of Constantine. The paper on General European History (Mediæval) shall deal with the history of the European nations not earlier than the fourth century and not later than the fifteenth century A.D.

The paper on General European History (Modern) shall include the history of the United States of America in its bearing on the history of Europe.

3. In the three subjects, General European History, Ancient, Mediæval, and Modern, candidates shall be recommended to read certain standard works, or portions thereof, which shall be prescribed by the Board from time to time.

4. In Part I the paper on English Constitutional History to 1485 shall deal mainly with the period subsequent to 1066. In the paper on English Constitutional History from 1485 questions may be set bearing on the constitutional history of the English plantations, colonies and Dominions.

5. In the paper on English Economic History [Part I, Subject 7] questions involving some knowledge of Economic Theory shall be included. In the paper on Political Economy [Part II, Subject 5] questions involving some knowledge of recent Economic History shall be included.

6. In every year Special Historical Subjects for Part II shall be chosen, of which at least one shall be taken from the period before *cir.* A.D. 200, two from the period *cir.* A.D. 200—1500, and two from the period *cir.* A.D. 1500—1878. They shall be studied with reference not only

to the political history of the time but also to its Thought, Literature, and Art. Economic History shall be prominently represented by one of the Subjects, Thought, Literature, or Art by another. With each of the Subjects two or more original authorities shall be specified, of which at least one shall, if possible, be in a foreign language. One of the papers on each of the Special Subjects shall deal exclusively with the authorities.

7. Political Science A shall be understood to mean a comparative survey of Political Institutions and their development, with some reference to the history of Political Theory and the definition of political terms. It shall be studied mainly in relation to the ancient city-state and the modern nation-state.

8. Political Science B shall be understood to include the following subjects of study:

- (1) The nature and end of the State and the grounds of political obligation.
- (2) The structure and functions of government with special reference to the requirements of the Modern State.

9. The paper on International Law shall deal with the principles and history of International Law, with special reference to its development in the nineteenth and twentieth centuries, and as illustrated by incidents, cases and diplomatic history.

REGULATIONS FOR THE ORIENTAL LANGUAGES TRIPOS EXAMINATION.

See also pp. 68—72.

1. The subjects of examination in the Oriental Languages Tripos shall be Hebrew, Aramaic (Eastern and Western), Arabic, Sanskrit, Persian, Chinese, and the Comparative Grammars of the Semitic and Indo-European Languages.

2. The examination in each of these languages shall be divided into two sections. The books prescribed and the questions set in the first section shall be of a more elementary character.

For the paper on the General History of the Far East for Candidates in Chinese, lines of study shall be marked out, and books shall be recommended by the Board from time to time.

7. A Student may be a Candidate for Honours in the Oriental Languages Tripos of any year, if at the time of the Examination for such Tripos he shall have entered on his eighth term at least, having previously kept seven terms; provided that eleven complete terms shall not have passed after the first of the said terms; and, except in the cases provided for hereafter, no Student of a different standing shall be allowed to be a Candidate unless he shall have obtained permission from the Council of the Senate in accordance with the provisions of the Grace of Nov. 25, 1869.

8. Students who have obtained Honours in any other Tripos, or part of a Tripos, shall be allowed to be Candidates for Honours in the Examination for the Oriental Languages Tripos in the year next succeeding or next but one succeeding that in which they have obtained such Honours. But no such person shall be allowed to present himself as a Candidate for Honours in this Tripos on more than one occasion, or if fifteen complete terms shall have passed after his first term of residence.

¹ Or portions of books, and so throughout these Regulations.

9. A Student who has passed one of the Special Examinations for the Ordinary B.A. degree or has been declared to have deserved an Ordinary B.A. degree on the result of a Tripos Examination shall be allowed to become a Candidate for Honours in the Examination for the Oriental Languages Tripos in the academical year next succeeding or next but one succeeding that in which he has passed such Special Examination or has been declared to have deserved an Ordinary B.A. Degree on the result of a Tripos Examination. But no such person shall be allowed to present himself on more than one occasion, or if fifteen complete terms shall have passed after his first term of residence.

10. A Student who shall pass the Examination so as to deserve Honours shall be entitled to admission to the degree of Bachelor of Arts, provided that he shall have kept the requisite number of terms at the time when he applies for his degree.

11. The Examination for the first section of the Oriental Languages Tripos shall commence in each year on the Monday after the last Sunday in May, but if Ascension Day fall on one of the days fixed for the Examination there shall be no Examination on that day, and the Examination shall begin on the Saturday, or, if necessary, on the Friday before the last Sunday in May. The hours of attendance shall be from 9 till 12 in the morning, and from $1\frac{1}{2}$ to $4\frac{1}{2}$ in the afternoon.

12. The Examination for the second section shall commence on the following Monday, and shall be continued on the mornings and afternoons of the following days other than Sunday or Ascension Day, and, if necessary, Saturday. The order of the papers shall be determined by the Examiners and announced before the commencement of the Examination, so that Students may offer themselves for any combination of subjects, provided that due notice of their intention has been given.

13. The Examination shall be conducted by nine Examiners, who shall be nominated by the Special Board for Oriental Studies and elected by the Senate in the Michaelmas Term next preceding the Examination.

14. In every year in which an Examination shall be held each Examiner who takes part in the Examination shall receive Ten Pounds from the University Chest.

15. There shall be a general meeting of the Examiners who take part in the Examination previous to the Examination, when the papers set by each Examiner shall be submitted to his colleagues for their approval.

16. A meeting shall be held of all the Examiners who have taken part in the Examination, at which the Class List shall be drawn up in accordance with the aggregate result of the Examination. The names of those Candidates who deserve Honours shall be placed in three classes, the names in each class being arranged in alphabetical order.

The list shall be signed only by those Examiners who have taken part in the Examination.

17. No Candidate shall be placed in the First Class who has not exhibited a competent knowledge of two languages, or of one language together with the elementary sections of two other languages, or of either Sanskrit or Persian together with the Comparative Grammar of the Indo-European Languages or of Chinese together with the General History of the Far East. If both the languages chosen are Semitic Languages, a knowledge of the Comparative Grammar of those languages will also be required. No Candidate who takes up Chinese only shall obtain a degree in Honours unless he has satisfied the Examiners in the paper on the History of the Far East.

17*. Candidates who take up Persian or Chinese must in addition take up both parts of one other language if they have not passed in Greek in the Previous Examination.

18. The subjects in which each Candidate has passed shall be specified in the Class List, and, in the case of Candidates placed in the First Class, an asterisk may be added to denote special distinction.

19. The Class List shall be published by the Examiners in the Senate-House at 9 A.M. on the Friday after the second Sunday in June.

20. Public notice of all the variable subjects selected for the Examination in any year shall be given by the Board of Oriental Studies before the division of the Easter Term in the year next but one preceding the Examination.

21. Before the end of the Michaelmas Term immediately preceding the Examination the names of all the Students who desire to present themselves as Candidates for the Oriental Languages Tripos shall be sent to the Registry by the Tutors (either directly or through the Prælectors) of the several Colleges or Public Hostels, the Principals of Hostels, and the proper officer of the Non-Collegiate Students Board. These lists shall specify the subjects and sections of subjects in which each Candidate desires to be examined. The Registry shall forward such lists to the Chairman of Examiners, who shall summon a meeting to which all the Examiners shall be invited. At this meeting it shall be decided which of the Examiners shall take part in the Examination.

No candidate may offer himself for examination in this Section unless he shall have previously presented himself for the Oral Examination corresponding thereto.

10. SECTION I (Russian).

(1) Passages from Russian writers beginning with the nineteenth century for translation, with questions on language and metre.

(2) Alternative subjects for original composition in Russian bearing on Russian literature, history or institutions.

(3) Passages from English authors to be translated into Russian.

(4) Questions on Russian literature from the beginning of the eighteenth century with special reference to selected authors.

(5) (a) Passages from selected works of Russian literature earlier than the eighteenth century for translation and explanation; with questions on the elements of historical Russian grammar, metre, and literary history.

Or, as an alternative,

(b) Questions on the outlines of the history of Russia (including social, political, and ecclesiastical institutions), especially in the nineteenth century. Books to be recommended for study from time to time by the Board.

No candidate shall be regarded as having passed the examination unless he has satisfied the examiners in composition as tested by papers 2 and 3.

No candidate may offer himself for examination in this Section unless he shall have previously presented himself for the Oral Examination corresponding thereto.

11. A student may be a candidate for Honours in the Medieval and Modern Languages Tripos if at the time of the examination he be in his fifth term at least, having previously kept four terms: provided that nine complete terms shall not have passed after the first of the said four terms unless the student shall have previously obtained Honours in this or some other Tripos, in which case he may be a candidate provided that twelve complete terms shall not have passed after the first of the said four terms.

12. No student of a different standing shall be allowed to be a candidate for Honours in this Tripos unless he shall have obtained permission from the Council of the Senate.

13. A student who has not yet obtained Honours in this Tripos or any other Tripos may present himself for examination in two, but neither more nor less than two Sections, of which Section A 2 shall not be one, if at the time of the examination he be in his eighth term at least, having previously kept seven terms: provided that nine complete terms shall not have passed after the first of the said seven terms.

14. A student may present himself for examination in one or two but not more than two Sections, Section A 2 being excluded, if at the time of the examination he be in his fifth term at least, having previously kept four terms: provided that six complete terms shall not have passed after the first of the said four terms.

15. A student who has already obtained honours in this Tripos may present himself for examination in one or two but not more than two Sections if at the time of the examination he be in his eighth term at least, having previously kept seven terms: provided that twelve complete terms shall not have passed after the first of the said seven terms, and provided that he shall not in any case present himself for examination a second time in any Section.

16. A student who has obtained honours in any other Tripos may present himself for examination in one or two but not more than two Sections of this Tripos: provided that twelve complete terms shall not have passed since his first term of residence.

17. A student who shall obtain a place in the Class List not earlier than his eighth term of residence and shall be certified as having satisfied the Examiners in one at least of the following Sections, viz. A, B, C, D, E, F, G, H, I, may be admitted to the degree of Bachelor of Arts: provided that he shall have kept the requisite number of terms at the time when he applies for his Degree.

18. A student who obtains Honours at a date earlier than his eighth term shall, when of proper standing, be entitled to be admitted to the Degree of Bachelor of Arts upon passing any Special Examination for the Ordinary B.A. Degree provided that if he takes a Special Examination in Modern Languages he shall not take a language for which he was entered in the Tripos; and provided further that he may not be a candidate for the final Examination for his Degree unless he has entered on his ninth term at least, having previously kept eight terms.

19. No student who has once passed the examination in any Section of this Tripos shall be allowed to present himself for examination again in the same Section.

20. No student who has once offered himself for examination in any Section of this Tripos and failed to reach an Honours standard in that Section, shall be allowed to present himself on another occasion for examination in any Section.

21. No candidate shall be admitted to the examination in any of the Sections C, E, G, H, or I unless he shall have previously presented himself for the Oral Examination in the corresponding language. Distinction or a pass in the Oral Examination shall be indicated by special marks added in the Tripos class-list to the names of successful Tripos candidates. The result of the Oral Examination shall not affect the place of a candidate in the Tripos class-list.

22. Except as hereinafter provided the examination shall begin on the Monday before the last Sunday in May. The hours of attendance shall be from nine to twelve in the morning and from two to five in the afternoon.

23. The examination in Section A shall take place on the first three days of the examination; the examination in Section C concurrently with that in Section F on the fourth, fifth, and sixth days; the examination in Section D concurrently with those in Section A 2 and E on the seventh, eighth, and ninth days; and the examination in Section B concurrently with those in Sections G, H and I on the tenth, eleventh, and twelfth days of the examination: provided, however, that the examination in Section B, or Section G, or Section H, or Section I, may be held at the same time as the examination in one or two of the other Sections if none of the candidates for it wish to be examined in either of such other Sections.

24. If Ascension Day falls upon any of the days fixed for the examination, there shall be no examination on Ascension Day, but the examination shall begin one day earlier (exclusive of Sunday) than is here provided.

25. To conduct the examination in each Section for which candidates desire to present themselves two Examiners shall be nominated by the Special Board and elected by the Senate before the division of the Lent Term preceding the examination. The Board shall, however, have power to nominate an Examiner to examine in more than one Section. Each Examiner shall receive from the University Chest two guineas and a half

for each paper set by him, and fifteen shillings for each candidate in each Section in which he examines, in every year in which he shall have held an examination in the Section or Sections for which he is appointed. In no case shall the fee of an Examiner in any Section in which an examination is held be less than ten pounds.

26. There shall be previous to the examination a general meeting of those Examiners who are taking part in the examination, when the papers set by each Examiner shall be submitted to his colleagues for their approval, and shall be settled by the Examiners in common.

27. The answers to each question shall be examined, as far as possible, by both the Examiners in the Section.

28. The Examiners shall have regard to the style and method of the candidates' answers, and shall give credit for excellence in these respects.

29. A meeting shall be held of all the Examiners who are taking part in the examination at which the Class List shall be drawn up in accordance with the joint result of the examinations in the several Sections. The names of those candidates who deserve Honours shall be placed in three classes, the names in each class being arranged in alphabetical order. The Class List shall indicate in what Section or Sections a candidate has passed.

30. The name of a candidate who under Regulation 13 is required to offer himself for examination in two Sections shall not be placed in the Class List unless he shall have reached an Honours standard in both those Sections. The Chairman of Examiners shall forward to the Registry for future reference the names of those candidates who under Regulation 14 have presented themselves for examination in two Sections and failed to reach an Honours standard in one Section but not in both.

31. A candidate may be placed in the First Class for conspicuous merit in one Section provided that if he is required under Regulation 13 to offer himself for examination in two Sections he shall reach an Honours standard in the other Section.

32. In the case of every candidate who is placed in the First Class the Class List shall shew by some convenient mark (1) the Section or Sections of proficiency in which he is placed in the First Class, and (2) the Section or Sections (if any) in which he has passed with special distinction.

33. The Class List shall be published not later than 9 A.M. on the Thursday after the second Sunday in June.

34. Public notice of all the variable subjects selected for the examination in any year shall be given by the Special Board for Medieval and Modern Languages before the beginning of the Michaelmas Term in the year next but two preceding the examination.

35. Before the division of the Term preceding the examination the names of all the students who desire to present themselves as candidates for Sections A, C and E of this Tripos shall be sent to the Registry by the Tutors of the several Colleges or Public Hostels, the Principals of Hostels, and the proper officer of the Non-Collegiate Students Board. These lists shall specify the Sections in which each candidate desires to be examined.

36. Before the 1st of December immediately preceding the examination the names of all the students who desire to present themselves as candidates for Sections A 2, B, D, F, G, H and I of this Tripos shall be sent to the Registry by the Tutors of the several Colleges or Public Hostels, the Principals of Hostels, and the proper officer of the Non-Collegiate Students Board. These lists shall specify the Sections, and in the case of alternative papers the papers, in which each candidate desires to be examined. The Registry shall at once forward such lists to the Chairman of the

Board for Medieval and Modern Languages. If a candidate for any one of the Sections A 2, B, D, F, G, H and I whose name has not been sent in to the Registry before the first of December immediately preceding the examination be nevertheless admitted to the examination a fee of £1 shall be paid for him together with the fee (if any) due for the examination.

ORAL EXAMINATION IN MODERN LANGUAGES.

1. An Oral Examination in French, German, Italian, Spanish, and Russian shall be held annually. The Examination in each language shall include (a) dictation, (b) reading aloud, (c) exposition by the candidate of one of several subjects proposed by the examiners, and (d) conversation.

2. The subjects for conversation and exposition shall be taken mainly from a book or books to be from time to time prescribed by the Board. Public notice of the book or books selected for the Examination in any year shall be given by the Special Board for Medieval and Modern Languages in the Easter Term preceding the Examination.

3. Candidates taking any of the Sections C, E, G, H, or I of the Medieval and Modern Languages Tripos in any year are required to present themselves for the Oral Examination in the corresponding language or languages in accordance with the Regulations for the Tripos. The examiners in each language shall draw up and sign a list of successful candidates examined under this Regulation, divided into two classes according as they have deserved distinction or a pass, the names being arranged alphabetically in each class, and the Chairman shall send such lists without delay to the Chairman of the Tripos Examiners who shall affix special marks denoting distinction or a pass to the names in the Tripos List, and shall then forward the lists to the Registry, to be preserved in the Registry, but not to be separately published.

4. Any student, who is a member of the University, and whose name has at any time previously appeared in the class list of the Medieval and Modern Languages Tripos or in the class lists of two sections of the Special Examination in Modern Languages, or who in the Examination for the Medieval and Modern Languages Tripos at any time previously has been declared to have acquitted himself so as to deserve an ordinary degree, may in any year be a candidate for the Oral Examination in any one or two but not more than two of the languages specified in Regulation 1.

The names of successful candidates examined in each language under this Regulation shall be divided into two classes, according as they have deserved distinction or a pass, and shall be arranged in alphabetical order in each class. These class-lists shall be signed by the examiners in each language and published immediately after the examination.

5. The Examination shall begin on the second Tuesday after the beginning of the Easter Term.

6. The names of students, who, not being members of the Senate or candidates for the Medieval and Modern Languages Tripos desire to present themselves for the Examination in French or German, shall be sent to the Registry by the Tutors (either directly or through the Prælectors) of the several Colleges and Public Hostels, the Principals of Hostels, and the proper officer of the Non-Collegiate Students' Board, not later than the division of the term preceding the Examination. In each case it shall be stated whether the student proposes to offer himself for examination in French or in German or in both French and German.

The names of students, who, not being members of the Senate or candidates for the Medieval and Modern Languages Tripos desire to present themselves for the Examination in Italian, Spanish, or Russian

shall be sent to the Registry by the Tutors (either directly or through the Prælectors) of the several Colleges and Public Hostels, the Principals of Hostels, and the proper officer of the Non-Collegiate Students Board, before the 1st of December immediately preceding the Examination. In each case the language or languages shall be stated in which the student proposes to offer himself for examination. The Registry shall without delay inform the Chairman of the Board for Medieval and Modern Languages in which, if any, of the three last mentioned languages candidates desire to be examined.

7. Candidates who, being members of the Senate, desire to present themselves for the Examination in French or German under Regulation 4, shall send their names together with their fees direct to the Registry not later than the division of the term preceding the Examination, and shall at the same time state whether they propose to offer themselves for examination in French or in German or in both French and German.

Candidates who, being members of the Senate, desire to present themselves for the Examination in Italian, Spanish or Russian under Regulation 4, shall send their names together with their fees direct to the Registry before the 1st of December immediately preceding the Examination, and shall at the same time specify the language or languages in which they propose to offer themselves for examination. The Registry shall without delay inform the Chairman of the Board for Medieval and Modern Languages in which, if any, of the three last mentioned languages candidates desire to be examined.

8. At some convenient time before the commencement of the examination the Registry shall send to the Tutors and Prælectors of the several Colleges and Public Hostels, the Principals of Hostels, and the proper officer of the Non-Collegiate Students Board, a First List of Candidates entering for each language under Regulation 4. He shall also issue a Corrected List on the seventh day before the commencement of the examination, and shall send a copy of such list to the Chairman of the Examiners, to the Tutors and Prælectors of the several Colleges and Public Hostels, the Principals of Hostels, and the proper officer of the Non-Collegiate Students Board. The Registry shall also forward to the Chairman of the Oral Examiners a corrected list of Tripos candidates. No candidate shall be allowed to attend the Examination whose name does not appear in one of the Corrected Lists unless (a) his name shall be sent to the Registry and he be certified by the Registry to the Chairman of the Examiners to be eligible as a candidate, and (b) the Chairman shall grant him permission to be examined.

9. Every candidate who presents himself for the Oral Examination in French or German shall be required to pay to the Registry the sum of £1 for the University Chest.

Every candidate who presents himself for the Oral Examination in Italian, Spanish, or Russian shall be required to pay to the Registry the sum of £2 for the University Chest.

10. If a candidate whose name does not appear in either of the Corrected Lists is nevertheless admitted to the Examination, a fee of £1 shall be paid for or by him in addition to the fee for the Examination.

11. The Chairman of the Examiners shall send to the Registry as early as possible in the course of the Examination a copy of the Corrected List of candidates with such further corrections, if any, as may be necessary, certified by him to be a correct list of the candidates actually under examination: and this list shall be considered to be the Final List of candidates for the Examination, and shall be preserved in the Registry.

12. The Registry shall send to the Tutors of the several Colleges and Public Hostels, the Principals of Hostels, and the proper officer of the Non-Collegiate Students Board, lists of their pupils under examination according to the Final List, distinguishing those, if any, whose names were not included in the Corrected List.

13. Lists or names shall be considered to have been sent to the Registry on a day specified, if they have been delivered at or posted to his office on that day.

If any of the days specified for issuing or sending lists fall on a Sunday, the lists in question shall be issued or sent on the Saturday previous.

14. The Examination shall be conducted by two Examiners for each of the languages in which candidates are required or desire to present themselves, to be nominated every year by the Special Board for Medieval and Modern Languages and appointed by the Senate before the division of the Lent Term preceding the Examination. The Chairman of the Examiners who shall make arrangements for the conduct of the Examination and for the publication of the results shall be either the senior resident Examiner or, if there be no resident Examiner, a member of the Special Board for Medieval and Modern Languages appointed by the Board.

15. Each of the Examiners shall receive Five Pounds from the University Chest. If the number of candidates for the Oral Examination in any one of the languages exceeds twenty each of the Examiners for the language concerned shall receive an additional fee of 5s. for each additional candidate.

16. A printed statement of the duties of the Examiners, drawn up under the direction of the Vice-Chancellor and subject to alteration by the Vice-Chancellor from time to time, shall be sent by the Registry to the Examiners upon their appointment.

17. The University Press shall forward to the Chairman of Examiners the class list of the Medieval and Modern Languages Tripos immediately after publication.

18. The Special Board for Medieval and Modern Languages shall have power to issue from time to time supplementary rules for the conduct of the Examination.

MECHANICAL SCIENCES TRIPOS.

See also pp. 68—72.

1. Every candidate for the Mechanical Sciences Tripos shall be required to have passed a qualifying Examination in elementary Mathematics and Mechanics; unless he shall have obtained Honours in one of the Honours Examinations of the University or shall have been admitted as an Advanced Student of the University.

2. A student may be a candidate for the qualifying Examination if he has commenced residence in the University, subject to the condition that at the time of his candidature three complete terms shall not have passed after his first term of residence; provided that a student of an Affiliated Institution who claims to reckon his first term kept by residence as the fourth term of his residence may be a candidate if he has commenced residence in the University, subject to the condition that at the time of his candidature two complete terms shall not have passed after his first

term kept by residence. If a candidate has *not* yet paid the Matriculation fee, *it shall* be paid to the Registry at the same time as the Examination fee. A candidate who fails to pass the Examination may be a candidate on any subsequent occasion provided he be then otherwise qualified.

3. The qualifying Examination shall consist of two papers, the subjects of Examination being those defined in Schedule 1, and candidates shall be required to satisfy the examiners in both papers.

4. The qualifying Examination shall be held twice a year. The first Examination shall be held on the Friday before the First Sunday in June. The Second Examination shall be held on the day following the completion of the First Previous Examination in the Michaelmas Term, or if that day fall on a Sunday, on the following Monday.

5. On the seventh day after the Examination the examiners shall publish a list of those of the candidates who have satisfied them that their knowledge of Mathematics and Mechanics justifies their becoming candidates for Honours in the Mechanical Sciences Tripos. The list shall be arranged in alphabetical order.

6. There shall be two examiners for the qualifying Examination in Mathematics who shall be appointed annually by the Senate on the nomination of the Special Board for Mathematics. Each examiner shall receive a fee of fifteen pounds together with a fee of half-a-crown for each candidate, such remuneration to cover both Examinations. The examiners shall be appointed for the following calendar year at the fourth Congregation in the Michaelmas Term.

7. Every student shall be required on presenting himself as a candidate in the qualifying Examination to pay a fee of one pound to the common chest.

8. A student may be a candidate for Honours in the Examination for the Mechanical Sciences Tripos if at the time of such Examination he be in his fifth term at least, having previously kept four terms; provided that nine complete terms shall not have passed after the first of the said four terms unless the candidate shall have previously obtained Honours in one of the Honours Examinations of the University, in which case he may be a candidate provided that twelve complete terms shall not have passed after the first of the said four terms. No student of a different standing shall be allowed to be a candidate unless he shall have obtained the permission of the Council of the Senate.

9. No student may present himself for the Mechanical Sciences Tripos more than once.

10. The Mechanical Sciences Tripos shall consist of one Examination comprising 11 papers as follows:—

GROUP A.

Applied Mechanics.
Heat and Heat Engines.
Theory of Structures and Strength
of Materials.
Electricity and Magnetism.
Drawing.
Essay.

GROUP B.

Applied Mechanics.
Theory of Structures and Strength
of Materials.
Heat and Heat Engines.
Electricity and Magnetism.
Engineering Chemistry;

The subjects of Examination being those defined in Schedule II. The papers shall be of three hours each with the exception of the Drawing paper which shall last four hours.

11. The papers in Group A shall be taken by all the candidates and shall contain only easy questions such as are within the capacity of any candidate who is deserving of Honours. The papers in Group B shall consist of questions of greater difficulty or of wider range.

12. Every candidate admitted to Honours shall be required to satisfy the examiners that

(a) He is competent to perform simple laboratory tests and experiments, illustrative of the subjects of the schedule, and workshop operations; and to make and interpret drawings.

(b) That he can adjust and use surveying instruments, and plot the results of a simple survey.

For the purpose of satisfying themselves on these points the examiners may impose such oral and practical tests as they think fit; and may examine records of laboratory work and drawings made by the candidate during the year previous to the Examination and attested by satisfactory evidence.

13. The names of the candidates who are deserving of Honours shall be arranged in three Classes; the names of those in each class being placed in alphabetical order. In deciding whether a candidate is deserving of Honours the examiners shall have regard only to the aggregate of the papers in Group A, and to the oral and practical tests.

14. In order that a candidate may be placed in the First Class it shall be sufficient, so far as his performance in Group B is concerned, that he acquit himself with credit in two of the papers of the group. For special excellence in any subject of Group B a mark of distinction specifying the subject shall be awarded.

15. A candidate for the Tripos who fails to obtain Honours shall not be declared to have acquitted himself so as to deserve the Ordinary Degree unless the examiners are satisfied that he could obtain a First Class in the second part of the Special Examination in Mechanism.

16. To conduct the Examination three examiners shall be elected by the Senate at one of the Congregations in the Michaelmas Term, two of the examiners being nominated by the Special Board for Mathematics and one by the Special Board for Physics and Chemistry. Each of the examiners shall receive from the University Chest the sum of forty pounds, together with a capitation fee of half-a-crown for each candidate examined.

17. The Special Board for Physics and Chemistry shall appoint an assessor to the examiners who shall set the paper on Engineering Chemistry and advise the examiners on the performance of candidates in that subject. Such assessor shall receive a fee of ten pounds for setting the paper, together with a capitation fee of five shillings for each candidate who takes the paper.

18. The Examination shall commence on the Monday after the last Sunday in May. The class lists shall be published not later than 9.0 a.m. on the Friday after the second Sunday in June. There shall be no Examination on Ascension Day.

19. At least five days before the commencement of the Examination the chairman of the examiners shall issue a time-table shewing the days and hours when the papers in each of the subjects will be set and likewise the times of the practical or oral examinations.

20. The questions proposed by each examiner shall be submitted to and approved by the other examiners collectively. The answers to each question shall, as far as possible, be examined by two at least of the examiners.

21. A student who shall pass the Examination for the Mechanical Sciences Tripos not earlier than his eighth term of residence shall be entitled to admission to the degree of Bachelor of Arts provided that he shall have kept the requisite number of terms at the time when he applies for his degree.

21*. A student who obtains Honours at a date earlier than his eighth term shall, when of proper standing, be entitled to be admitted to the Degree of Bachelor of Arts upon passing any Special Examination for the Ordinary B.A. Degree other than the Special Examination in Mechanism and Applied Science, provided that he may not be a candidate for the final Examination for his Degree unless he has entered on his ninth term at least, having previously kept eight terms.

22. The Special Board for Mathematics shall from time to time define what is to be included in the subjects of examination by such modification as they may consider desirable of the Schedules appended hereto.

SCHEDULE I.

MATHEMATICS.

The paper shall consist of simple questions, mainly numerical, directed to test the candidate's working knowledge of the following mathematical subjects, and his power of applying them to practical problems:—

Use of slide rule and graphs: elementary algebra, including the use of the binomial theorem, the exponential theorem, and logarithms. Elementary trigonometry, including the solution of plane triangles. Representation of directed quantities by vectors. The rudiments of plane analytical geometry, including the simpler properties of conic sections, referred to rectangular axes and polar co-ordinates, but excluding the general equation of the second degree. Use of the elements of the differential and integral calculus, elementary applications to plane curves, maxima and minima of simple functions of one variable, easy areas and volumes, application of Taylor's and Maclaurin's theorems to simple cases of approximations.

MECHANICS.

The paper shall consist of simple questions, mainly numerical, illustrating the following:—

Units; composition and resolution of forces; conditions of equilibrium; force diagrams; friction; fluid pressure, centre of stress, floating bodies (excluding metacentres). Force, work and energy; graphic methods of representing motion, including varying acceleration; uniform and uniformly accelerated motion; uniform circular motion; simple harmonic motion; simple pendulum; conservation of momentum; efficiency of machines; moment of inertia; rotation and oscillation of solid bodies about a fixed axis.

SCHEDULE II.

APPLIED MECHANICS.

The principles of statics illustrated by their practical applications, including the calculation of forces in the members of a frame where the strains are not involved. Graphical constructions. The equilibrium of floating bodies, and centre of pressure. The elements of hydraulics including the flow of liquids through pipes, discharge from orifices, and the elementary theory of pumps and turbines. Dynamics up to and including the rotation and oscillation of solid bodies about a fixed axis. The vibrations of systems having one or two degrees of freedom. The kinematics of machines including plane motions of machine parts, modes of connection, modification and transmission of motion in machines, and efficiency of machines.

In the paper in Group B questions may also be set on the following:—General kinematics of machines, including valve-gears. The applications of rigid dynamics to practical problems, including crank effort, the stability of governors, and balancing of machines. Waves on the surface of liquids, ship-resistance.

THEORY OF STRUCTURES AND STRENGTH OF MATERIALS.

The elementary theory of elasticity as illustrated in such problems as bending of straight beams, torsion of shafts, struts, and stress in thin cylinders under pressure. Composition and properties of materials of construction. Testing of materials.

In the paper in Group B questions may also be set on the following:—The equilibrium of thick cylinders and spheres, arched ribs and chains, masonry structures, springs, the bending of curved beams, and structural problems involving the consideration of internal strains. Elementary applications of the theory of vibrations, and of the propagation of waves, in elastic solids. Stresses set up by inequality of temperature.

HEAT AND HEAT ENGINES.

Elementary theory of heat and the laws of thermodynamics as illustrated in steam, gas, and oil-engines and in refrigerators. The composition and combustion of fuel. Properties of vapours and gases. Standard types of engines, condensers and boilers.

In the paper in Group B questions may also be set on the Conduction of Heat, and on the more advanced applications of Thermodynamics, including the flow of gases and vapours, the theory of steam turbines, and the equilibrium of phases.

ELECTRICITY AND MAGNETISM.

The principles of electricity and magnetism as illustrated in the theory of the dynamo, transformer, electrical measuring instruments and transmission of power. The laws of electrolysis as applied to the theory of secondary batteries and ordinary Voltaic cells.

In the paper in Group B questions may also be set on the applications of polyphase alternating currents, the applications of electric waves and oscillations, and the theory of telegraphy and telephony.

DRAWING.

Plane and solid Geometry. The application of graphical methods to the solution of problems in the subjects specified in this schedule for the other papers of Group A.

ENGINEERING CHEMISTRY.

The principles and methods of chemistry as illustrated in the following:—The metallurgy and properties of the commoner metals of industrial importance. The chief alloys of these metals and the conditions under which they are formed. Furnaces, fuels, and furnace gases. Chemistry of accumulators. The estimation of the commoner metals in their ores, oxides and alloys. Analysis of steel and cast iron, red and white lead and the impurities in water. Limestone, lime, mortars and cements.

GENERAL NOTE TO SCHEDULE II.

The questions are to be directed to testing the candidate's knowledge of the physical principles involved and his power of applying them to practical engineering problems. In the papers in Group A questions may be set involving a knowledge of such of the elements of chemistry as are applicable to the subjects of the papers.

ECONOMICS TRIPOS.

See also pp. 68—72.

1. The Tripos in Economics and Associated Branches of Political Science, hereafter referred to as the Economics Tripos, shall consist of two Parts. A separate class list shall be published for each Part.

2. The scheme of the examination shall be that defined in the Schedule appended to these Regulations.

3. The Special Board for Economics and Politics shall from time to time give public notice of the Special Subjects which will be set in the Tripos. Every such notice shall be given at latest in the Easter Term next but one preceding that in which the examination which is to be affected by the notice will be held.

4. The Board shall have power to issue from time to time supplementary regulations further defining all or any of the subjects of the examination and determining the credit that shall be assigned to such subjects respectively and marking out the lines of study that are to be pursued by the candidates, and to publish lists of books recommended to the candidates, and to modify or alter any such supplementary regulations or lists as occasion may require. The Board shall summon every year a Conference of Lecturers on the subjects included in the Tripos, at which these supplementary Regulations and Lists shall be considered and suggestions for their revision received.

5. A student may be a candidate for honours in the First Part if at the time of the examination he be in his fifth term at least, having previously kept four terms: provided that six complete terms shall not have passed after the first of the said four terms.

6. A student who has obtained honours in the First Part may be a candidate for honours in the Second Part if at the time of the examination he be in his eighth term at least, having previously kept seven terms: provided that twelve complete terms shall not have passed after the first of the said seven terms.

7. A student who has obtained honours in any other Tripos may be a candidate for honours in either Part in the year next after or next but one after he has so obtained honours: provided that twelve complete terms shall not have passed since his first term of residence.

8. No student shall present himself for both Parts in the same term.

9. No student of a standing different from that defined in the foregoing Regulations shall be a candidate for honours in either Part unless he shall have obtained permission from the Council of the Senate.

10. No student who has presented himself as a candidate for either Part shall again present himself as a candidate for the same Part.

11. A student who obtains honours in both Parts of the Examination or the Economics Tripos or who having in some previous term obtained honours in some honours Examination of the University other than the Economics Tripos obtains honours in either Part of the Examination for the Economics Tripos shall be entitled to admission to the Degree of Bachelor of Arts: provided that he shall have kept the requisite number of terms at the time when he applies for his degree.

12. A student who obtains Honours in Part I at a date earlier than his eighth term shall, when of proper standing, be entitled to be admitted to the Degree of Bachelor of Arts upon passing any Special Examination or the Ordinary B.A. Degree other than the Special Examination in Political Economy, provided that he may not be a candidate for the final examination for his Degree unless he has entered on his ninth term at least, having previously kept eight terms.

13. In both Parts, the names of the students who obtain honours shall be arranged in three classes, of which the second shall be divided into two divisions. The names in the first and third classes, and in each division of the second class, shall be arranged in alphabetical order. Some convenient mark shall be attached to the name of any one in the first class who may have passed with special distinction.

14. Before the 1st of December next preceding the Examination, the Praelectors of the several Colleges, or in the case of Non-Collegiate students the proper officer, shall furnish the Registry with lists of the students who intend to present themselves for examination, specifying the alternative subjects in which each candidate desires to be examined; and such lists shall be communicated by the Registry to the Chairman of the Examiners, or if the Chairman has not yet been appointed to the Senior Examiner, before the 8th of December.

15. No candidate can claim to take up any optional subject, unless notice has been given to the Registry before the 1st of December next preceding the examination, or to the Chairman of the Examiners before the division of the Lent Term next preceding the examination. A candidate however may, even if such notice has not been given, be admitted to take such optional subject by leave of the Chairman of the Examiners.

16. The Examination for both Parts shall be conducted by four Examiners, who shall be nominated by the Special Board and elected by the Senate in the Michaelmas Term preceding the Examination.

17. The Special Board shall have power to nominate in the Lent Term not more than three Assessors to be appointed by Grace of the Senate, to examine in any of the optional subjects in Part II. Each Assessor shall be responsible for setting the paper or papers in the subject or subjects assigned to him, and for looking over the work of the candidates therein, and shall present a written report to the Examiners. The Assessors shall have a right to attend the meetings of the Examiners, but shall not have a vote in determining the class list.

18. The questions proposed by each Examiner and each Assessor shall be submitted to and approved by the Examiners collectively; and the answers to each question set by an Examiner shall be examined, as far as possible, by two at least of the Examiners.

19. The Examiners shall receive from the University Chest the sum of eighty pounds, together with a sum of one pound for every candidate beyond the number of twenty who shall present himself for either Part. The distribution of this sum or sums among the Examiners shall be determined by themselves, subject to any Regulations that may be laid down from time to time by the Special Board.

20. Each Assessor shall receive from the University Chest either five or ten pounds, as the Special Board may determine.

21. The First and Second Parts respectively shall begin on the Monday after the last Sunday in May; but if Ascension Day falls on any of the days fixed for the Examination, then the Examination shall begin on the preceding Saturday.

22. The class lists for the First and Second Parts respectively shall be published not later than the Saturday next after the second Sunday in June, at nine in the morning.

23. For the purpose of these Regulations a student shall be deemed to have obtained honours in another Tripos if he has obtained honours in one Part of any Tripos (other than the Economics Tripos) that is divided into two or more parts.

SCHEDULE OF SUBJECTS.

PART I.

1. Subjects for an Essay. 1 paper.
2. Existing Political Institutions. 1 paper.
3. Recent Economic and General History of the United Kingdom and the British Empire. 1 paper.
4. Recent Economic and General History of Europe and of the United States. 1 paper.
5. General Economics. 3 papers.

PART II.

1. Subjects for an Essay. 1 paper.
2. Economic Principles. 1 paper.
3. Economic Functions of Government. 1 paper.
4. Structure and Problems of Modern Industry. 1 paper.
5. Distribution and Labour. 1 paper.
6. Money, Credit, and Prices. 1 paper.
7. Miscellaneous Economic Questions. 1 paper.
8. Political Science. 1 paper.
9. International Law. 1 paper.
10. Special subject or subjects, if any. 1 paper each.

I. In Part I. every candidate shall take all the papers.

II. In Part II. every candidate shall take papers 1, 2, and 3, together with either three or four other papers. Of these other papers one at least must be taken from among papers 4, 5, and 6. If one paper only is taken from this group, paper 7 may not be taken. A candidate who takes more than one Special Subject shall count them as separate papers.

III. No candidate for Part II. shall be refused a place in the First Class or in either division of the Second Class on the ground that he has taken up only six papers.

IV. Both in Part I. and in Part II. the subjects set for an essay shall be related to the subject-matter of the Tripos, but shall be of a character as general as is compatible with that restriction; and the examiners shall take account of literary style, of range of ideas, and of general rather than special knowledge.

V. The Special Subject or Subjects, if any, in Part II. shall be selected by the Special Board from time to time, and shall deal with Economic History, or with the History of Economic Theory, or with Political Science, or with the Theory and Method of Statistics.

VI. The Examination shall include some questions which assume a knowledge of French and German on the part of the candidates.

VII. The Examiners shall have regard throughout to the style and method of the candidates' answers and shall give credit for excellence in these respects.

SUPPLEMENTARY REGULATIONS.

PART I.

1. The paper on Existing Political Institutions shall have special reference to the Institutions (a) of Great Britain (central and local, including imperial relations), (b) of the United States of America, (c) of the German Federation, (d) of the Swiss Federation.

2. In subjects 3 and 4 "Recent" shall be interpreted to mean "mainly since 1800." The questions shall not include military or literary history.

In both papers attention shall be paid to the interrelation of political and economic movements, and to geographical considerations. Comparative questions dealing with the subject-matter of both papers may be set in either.

3. About two-thirds of the paper on subject 3 shall deal with the United Kingdom and about one-third with the self-governing colonies and India. Questions dealing with the political history of the United Kingdom shall not be asked except in so far as they have a direct and important bearing upon its economic development.

4. About two-thirds of the paper on subject 4 shall deal with Europe and about one-third with the United States. In European history knowledge of economic development shall be required in the case of France and Germany only, and no questions shall be set dealing with the internal history of the countries of Eastern Europe.

5. The paper on subject 4 and one at least of those on subject 5 shall contain passages in French and in German, but the candidates shall not be asked to write translations of these passages.

PART II.

1. Paper 2 on Economic Principles shall deal with the scope and method of Economics, with fundamental ideas, and with the general analysis of demand and supply as illustrated by the broader problems of wages, interest, rent, foreign trade, money, prices, and taxation. It shall not include detailed questions on the subject-matter of any department of Economics; but questions of a general character, illustrative of the way in which values are determined, may be taken from any part of the subject.

2. Paper 3 on Economic Functions of Government shall deal broadly with the action that is or may with advantage be taken by Government (central and local) with reference to production and distribution, and to provide for governmental expenditure. Questions shall not be asked which require knowledge of technical detail.

3. Papers 2 and 3 shall contain passages in French and in German, but the candidates shall not be asked to write translations of these passages.

4. Papers 4, 5, 6, and 7 shall be more specialised in character than papers 2 and 3. They shall be so arranged as to afford scope both for the marshalling of information and for the exercise of analytical power in abstract reasoning and in disentangling causal relations. They shall pay attention to the statistical methods and the statistical sources relevant to their subject-matter, and to international comparisons. No candidate shall be allowed to answer more than two-thirds of the questions in any of these four papers.

5. Paper 4 on Structure and Problems of Modern Industry shall have for subject-matter:

The localisation of industry, national and international, as influenced by local conditions, transport facilities, tariffs, bounties, etc.

Methods of production, as exemplified by private businesses, joint-stock companies, trusts, kartels, co-operative societies, national undertakings, municipal undertakings, etc. Agricultural organization and land tenure. Transport by land and water. Methods of marketing. Stock and produce exchanges, etc. Fluctuations of demand in particular industries.

6. Paper 5 on Distribution and Labour shall have for subject-matter:

The distribution of income among the various members and classes of the community—land-owners, capitalists, employers, manual workers, speculators, and others.

The relations between employers and employed:—the methods of industrial remuneration; profit-sharing, co-partnership; the regulation of wages, hours and conditions of labour; trade unions and employers' associations; conciliation and arbitration.

Fluctuations of employment. Labour Exchanges. Various forms of industrial insurance. Governmental and voluntary action in relation to poverty.

7. Paper 6 on Money, Credit, and Prices shall have for subject-matter:

Monetary Theory. Causes and effects of changes in the purchasing power of money, and the methods of measuring them. Systems of currency. Banks and banking systems. National and international money markets. Foreign exchanges. The balance of trade in relation to international values and price levels and to foreign investment. Credit fluctuations.

8. Paper 7 on Miscellaneous Economic Questions shall deal with problems which overlap the separate subject-matters of papers 4, 5, and 6, or which arise in a general way out of the subject-matter of any of these papers, and also with some of the more difficult problems of governmental interference with trade and industry, such as the regulation of joint-stock companies, industrial combinations, railway and shipping rates, trade unions, and banking. About equal attention shall be directed to the scheduled subjects of each of the papers 4, 5, and 6.

9. Paper 8 on Political Science shall deal with

- (i) The nature and end of the State and the grounds of political obligation.
- (ii) The structure and function of Government, with special reference to the requirements of the modern State.

10. Paper 9 on International Law shall deal with the general principles of International Law, with special reference to its economic aspects.

ANTHROPOLOGICAL TRIPOS.

(*Grace, 24 May 1913.*)

1. That a Tripos be established in Anthropology, and that it shall be the equivalent of the Second Part of a Tripos.

2. That the scheme of the examination shall be as follows:

- i. General anthropology (one paper).
- ii. The general anthropology (including the ethnographical history) of one geographical area (one paper).
- iii. One of the three following subjects: (a) social institutions, (b) religious and magical institutions, (c) arts and crafts (one paper).
- iv. The same subject within the area selected by the candidate (one paper).
- v. A paper containing a number of alternative subjects for an English Essay. The subjects shall be so chosen as fairly to represent the several branches of anthropology.
- vi. A practical examination in the anthropology of the selected area.

3. That the Board of Anthropological Studies shall from time to time give public notice of the special areas which will be set in the Tripos. That every such notice shall be given at latest in the Easter Term next but one preceding that in which the examination which is to be affected by the notice will be held.

4. That the Board shall have power to issue from time to time supplementary regulations further defining all or any of the subjects of the examination, and to modify or alter any such supplementary regulations as occasion may require.

5. That a student who has obtained honours in any other Tripos, or in a part of any other Tripos, may be a candidate for honours in the Anthropological Tripos, if at the time of the examination he shall be in his eighth term at least, having previously kept seven terms: provided that twelve complete terms shall not have passed after the first of the said seven terms.

6. That a student who has obtained honours in the Anthropological Tripos shall be entitled to admission to the Degree of Bachelor of Arts provided that he shall have kept the requisite number of terms at the time when he applies for his degree.

7. That the names of those persons who pass the examination with credit shall be placed in three classes, the names in each class being arranged in alphabetical order.

That in the case of every student who is placed in the First Class, the class-list shall shew by some convenient mark in which of the three subjects he has been examined and whether he has passed with special distinction.

8. That before the division of the Lent Term next preceding the examination the praelectors of the several colleges, or in the case of non-collegiate students the proper officer, shall furnish the Registry with lists of the students who intend to present themselves for examination, specifying the subject and area in which each candidate desires to be examined; and that such lists shall be communicated by the Registry to the Senior Examiner not later than a week after the division of the Lent Term. That the Senior Examiner shall in exceptional circumstances be authorised to receive through the Registry the name of a candidate at any time up to the end of the Lent Term.

9. That the examination shall be conducted by four examiners who shall be nominated by the Board of Anthropological Studies and elected by the Senate in the Michaelmas Term preceding the examination.

10. That the questions proposed by each examiner shall be submitted to and approved by the examiners collectively; and that the answers to each question set by an examiner shall be examined by two at least of the examiners.

11. That in every year in which an examination is held the examiners shall receive from the University Chest a sum of ten pounds each.

12. That the examination shall begin on the Monday after the last Sunday in May; but that if Ascension Day falls on any of the days fixed for the examination, then the examination shall begin on the preceding Saturday.

13. That the class list shall be published not later than the Saturday next after the second Sunday in June at nine in the morning.

ADMISSION TO DEGREES.

I. PRESENTATION AND ADMISSION OF CANDIDATES FOR DEGREES.

1. Presentation for Doctors' Degrees, including titular Doctors' Degrees, conferred *honoris causa* under Statute A. ch. II. sec. 18, shall take the precedence, persons presented for Doctors' Degrees or titular Doctors' Degrees in different faculties being presented in the order of the precedence of their respective faculties, as fixed in Regulation 2.

Presentation for Masters' Degrees, including titular Masters' Degrees, conferred *honoris causa* under Statute A. ch. II. sec. 18, shall take place immediately after the admission of persons presented for Doctors' Degrees, conferred *honoris causa*, and before Presentation for all other Degrees; and the order of presentation shall be the same as in Regulation 2.

The admission of each person who receives a Degree *honoris causa* shall follow immediately upon his presentation.

2. The order of Presentation and Admission of candidates for different Degrees not conferred *honoris causa* shall be (except as provided in the regulations for the Days of General Admission below) as follows: D.D., LL.D., M.D., Sc.D. or Litt.D., Mus.D., B.D., M.A., LL.M., M.C., Mus.M., M.B., B.C., B.A., LL.B., Mus.B., the candidates for each Degree being admitted before those for the Degree next in order are presented. Admission to degrees conferred by proxy shall take place in the preceding order before the Presentation and Admission of candidates for the several Degrees who are admitted in person. The officer in each case who is admitted to a Degree as proxy shall be the officer who presents candidates for that Degree. Candidates for Degrees by Incorporation shall be presented and admitted before other candidates for the several Degrees.

3. Candidates for the Degrees of D.D. or B.D., LL.D., M.D., and Mus.D., shall be presented by the Regius Professors of Divinity, Law, and Physic, and the Professor of Music, respectively, or by their Deputies, the Deputy in each case being required to be a Doctor in the same faculty as the Professor.

4. Candidates for the Degree of Doctor in Science or Doctor in Letters shall be presented by the Chairman of the Special Board of Studies which has recommended them for the Degree, or by a Doctor in Science or Letters (as the case may be) deputed by him.

5. Candidates for the Degree of Master of Surgery shall be presented by the Chairman of the Special Board for Medicine, or by a Doctor of Medicine or Master of Surgery deputed by him.

6. Candidates for other Degrees shall be presented by Officers appointed for that purpose by their respective Colleges or Hostels, or by the Non-Collegiate Students Board, such Officers being members of the Senate.

7. Candidates for the two Degrees of M.B. and B.C. may be presented and admitted to both degrees by a single formula.

8. Candidates for the same Degree shall be presented in the following order: members of King's College, Trinity College, St John's College, Peterhouse, Clare College, Pembroke College, Gonville and Caius College, Trinity Hall, Corpus Christi College, Queens' College, St Catharine's College, Jesus College, Christ's College, Magdalene College, Emmanuel College, Sidney Sussex College, Downing College; members of Selwyn College Public Hostel; Non-Collegiate students.

9. At ordinary Congregations students who have been approved for the B.A. Degree shall be admitted in the order of their respective Colleges as enumerated in Regulation 8.

II. DAYS OF GENERAL ADMISSION.

General regulation.

10. The Registry shall send to the Praelectors notice of the hours at which he will receive candidates for degrees on the day preceding each of the two days of General Admission in the Easter Term, and in the forenoon of the day of General Admission in the Michaelmas Term; and the candidates shall be brought to the Senate-House or other appointed place by the Praelectors and sign their names there as at Matriculation.

In the Easter Term.

11. In the Easter Term of every year the Saturday before and the Tuesday after the third Sunday in June shall be days of General Admission; and there shall be Congregations on these days, at such hours as the Vice-Chancellor shall appoint.

First Day of General Admission; for Ordinary Degrees.

12. On the first of these days of General Admission there shall be two Congregations.

13. At the first Congregation the supplicants of candidates for degrees shall be presented to the Senate for approval, but no degrees shall be conferred.

14. At the second Congregation candidates who, having commenced residence in the Easter Term or Michaelmas Term next but two preceding, have in the current Easter Term completed the requirements for the Ordinary B.A. Degree, shall be entitled to be admitted to the Degree of B.A.

Other candidates for the Degree of B.A. may also be admitted at this Congregation, but in their case the fee to be paid for the Degree shall be £10. 10s.

15. All candidates from the same College shall be admitted in alphabetical order immediately after presentation, before those from the College next in order are presented.

16. Candidates for degrees other than B.A. or LL.B. may also be admitted on this day.

*Second Day of General Admission ; for Degrees in Honours.
General Regulations.*

17. On the second day of General Admission there shall be three Congregations.

18. At the first Congregation the supplicants of candidates for degrees shall be presented to the Senate for approval, but no degrees shall be conferred.

19. At the second and third Congregations degrees shall be conferred.

20. At the second and third Congregations, except in the case of degrees other than B.A. or LL.B., no candidate shall be admitted to a degree unless he shall :

- (a) in one of the Tripos examinations immediately preceding have obtained honours, or have been declared to have deserved an ordinary degree, or have otherwise become qualified to proceed to the degree of B.A. or LL.B.;
- (b) or have obtained honours in one of the Tripos examinations held in the preceding year and have been duly certified as having subsequently pursued a course of study, in accordance with the Regulations applicable to all the Honours Triposes;
- (c) or have qualified for the B.A. degree as a Research Student by a certificate of research, and have satisfied the other requirements for the B.A. degree;
- (d) Rescinded;
- (e) or, having in the preceding year obtained Honours in a Part of a Tripos Examination or in one section of the Medieval and Modern Languages Tripos, have subsequently passed both Parts of the Examination in Preliminary Architectural Studies.

Special Regulations for the Second Congregation.

21. Candidates for the degrees of B.A. and LL.B. who belong to one of the following Colleges, namely, King's College, Trinity College, St John's College, Peterhouse, Clare College, and Pembroke College, shall be presented and admitted in the above order of Colleges, and in alphabetical order in each College; the candidates for the LL.B. degree being presented and admitted, also in alphabetical order, immediately after the candidates for the B.A. degree in each College.

Special Regulations for the Third Congregation.

22. At the Third Congregation candidates for degrees other than B.A. or LL.B. shall be presented and admitted in the order prescribed by Regulation 2.

When these candidates have been admitted, candidates for the degrees of B.A. and LL.B., who belong to one of the following Colleges, namely, Gonville and Caius College, Trinity Hall, Corpus Christi College, Queens' College, St Catharine's College, Jesus College, Christ's College, Magdalene College, Emmanuel College,

Sidney Sussex College, Downing College; together with members of Selwyn College Public Hostel, and Non-Collegiate students, shall be presented and admitted in the above order, and in alphabetical order in each College, Public Hostel, or the Body of Non-Collegiate students; the candidates for the LL.B. degree being presented and admitted, also in alphabetical order, immediately after the candidates for the B.A. degree in each case.

In the Michaelmas Term.

23. In every year December 19 or, if that day be a Sunday, December 18 shall be a day of General Admission to the degrees of B.A. and LL.B.:

- (a) for candidates who would have been entitled to proceed to the degree of B.A. or LL.B. on the second day of General Admission in the preceding Easter Term, if they had completed the requisite number of terms, but who had not at that time done so;
- (b) for candidates who, having commenced residence in the Lent Term next but two preceding, have in the current Michaelmas Term completed the requirements for the Ordinary B.A. Degree;
- (c) for candidates who have fulfilled the conditions prescribed by the Statutes and Ordinances for Advanced Students;
- (d) for other candidates, but in their cases the fee to be paid for the degree shall be £10. 10s.

24. Candidates for degrees other than B.A. or LL.B. may also be admitted on this day.

At ordinary Congregations, students who have been approved for the B.A. Degree, are admitted in the order of their respective Colleges.

The day for the Inauguration of all Bachelors designate in Arts, Law, Medicine, Surgery, and Music, is December 24 or, if that day be a Sunday, December 23.

At the Inauguration of Bachelors the names are arranged as follows: the names of Bachelors of Medicine in alphabetical order; the names of Bachelors of Surgery in alphabetical order; the names of Bachelors of Arts in alphabetical order; the names of Bachelors of Law in alphabetical order; the names of Bachelors of Music in alphabetical order.

INCEPTORS IN ARTS.

A Bachelor of Arts may be admitted Inceptor in Arts at the end of six years from the end of his first term of residence, provided that not less than two years have elapsed from his Inauguration. An Inceptor in Arts becomes a complete Master of Arts by creation on the Tuesday immediately preceding the last day of Easter Term. The Candidates, who have incepted during the year, are not obliged to attend personally for creation, but, the names being read over in a list arranged according to their Seniority as Bachelors, the Senior Proctor pronounces them to be actually Masters of Arts.

PROCEEDINGS IN DIVINITY.

BACHELOR OF DIVINITY.

A Master of Arts or Law may be admitted to the Degree of Bachelor in Divinity on the eleventh of June in the seventh year from his creation, or on any later day.

DOCTOR OF DIVINITY.

A Doctor Designate in Divinity must be a Bachelor of Divinity of not less than five years' standing. But a Bachelor of Divinity of not less than twelve years' standing from the Degree of Master of Arts or Master of Law may by a Special Grace of the Senate be admitted to the title of Doctor Designate in Divinity on the performance of the requisite Exercises. Doctors Designate are created Doctors without their personal attendance on the Tuesday immediately preceding the last day of Easter Term.

The following are, in addition to the English Sermon, the

REGULATIONS FOR B.D. AND D.D. DEGREES.

B.D. DEGREE.

1. A Master of Arts, proceeding to the degree of Bachelor of Divinity, shall be required, at some time after the expiration of four years from his creation, either (1) to keep one Act, or (2) to print a Dissertation composed by himself in Latin or English on some subject connected with Biblical Criticism, Exegesis, or History, or with the Evidences of Christianity, or with Dogmatic Theology, or with Ecclesiastical History, Literature, or Antiquities.

2. The Act shall be kept in the following manner:

The Regius Professor of the Faculty shall assign the day and hour when the Exercise shall be kept;

The Professor, or some Graduate of the Faculty, who is a Member of the Senate, deputed by him, shall preside over the Exercise;

The Candidate shall read a Thesis, composed in Latin by himself on some subject approved by the Professor; the Professor, or Graduate presiding, shall bring forward arguments or objections in English for the Candidate to answer, and shall examine him in English *vivâ voce* as well on questions connected with his Thesis as on other subjects in the Faculty of a more general nature; the Exercise being made to continue at least one hour;

Public notice of the Act shall be given by fixing on the door of the University Schools, eight days at least before the assigned time, a written paper specifying the name and College of the Candidate, the day and hour appointed for the Exercise, and the subject of the Thesis: copies of the notice shall be delivered also, at the same time, to the Vice-Chancellor and to the Professor.

3. The subject of the dissertation shall be approved beforehand by the Professors of Divinity by a majority of votes.

4. The dissertation shall be sent either printed or in manuscript to the Regius Professor of Divinity.

5. If the Professors of Divinity, by a majority of votes, accept the dissertation as satisfactory, the Regius Professor shall fix a day on which the Candidate shall present himself for examination.

6. In all cases where the votes are equal, the Regius Professor shall have a casting vote.

7. A graduate in Divinity shall be annually appointed by Grace of the Senate on the nomination of the Board of Theological Studies at the second Congregation in the Michaelmas Term to act as Assessor to the Regius Professor of Divinity in conducting the Examination.

8. The Regius Professor of Divinity shall give public notice of the Examination by fixing on the door of the University Schools, eight days at least before the assigned time, a written paper specifying the name and College of the Candidate, the subject of his dissertation, and the day, hour, and place appointed for the Examination: copies of the notice shall be delivered also at the same time to the Vice-Chancellor and to the Professors of Divinity and to the Assessor of the Regius Professor of Divinity.

9. The Candidate shall be examined by the Regius Professor and his Assessor as well on subjects connected with his dissertation as on other subjects in the faculty of a more general nature; and the Examination shall be conducted in writing, but the Examiners shall have the power of putting *vivâ voce* questions if they consider it necessary. No Candidate shall be approved for the degree unless the Examiners decide that he has passed the Examination satisfactorily, or unless he be specially exempted under Regulation '11.

10. If the Regius Professor be unable to take part in the Examination, some graduate in Divinity, who is a member of the Senate, shall be deputed by him to preside in his stead.

11. The Professors, if unanimous, shall have power to exempt the Candidate from this examination, where the special merits of his dissertation or of his published works appear to them sufficient to entitle him to a degree.

12. The degree shall not be granted until the dissertation has been printed; and the Candidate in printing the dissertation shall not be at liberty to make any alteration or addition without the leave of the Regius Professor of Divinity.

13. The Candidate shall send a printed copy of his dissertation to the Vice-Chancellor, to each of the Professors of Divinity, and to the University Library.

14. If and when a Candidate has satisfied the foregoing conditions qualifying him for the degree of Bachelor of Divinity, the Regius Professor of Divinity shall certify the Registry to that effect. The certificate shall be published in the *University Reporter* and shall be preserved in the Registry.

15. If a Candidate for the degree of Bachelor of Divinity has preached once in the University Church, the Regius Professor of Divinity shall certify the Registry to that effect. The certificate shall be published in the *University Reporter* and shall be preserved in the Registry.

D.D. DEGREE.

1. A Bachelor of Divinity, proceeding to the degree of Doctor of Divinity, shall be required to print a dissertation composed by himself in Latin or English on some subject connected with Biblical Criticism, Exegesis, or History, or with the Evidences of Christianity, or with Dogmatic Theology, or with Ecclesiastical History, Literature, or Antiquities.

2. The subject of the dissertation shall be approved beforehand by the Professors of Divinity, by a majority of votes.

3. The dissertation shall be sent either printed or in manuscript to the Regius Professor of Divinity.

4. No Candidate shall be approved for the degree, whose dissertation

shall not have been accepted as satisfactory by the Professors of Divinity by a majority of votes.

5. In all cases where the votes are equal, the Regius Professor shall have a casting vote.

6. The degree shall not be granted until the dissertation has been printed; and the Candidate in printing the dissertation shall not be at liberty to make any alteration or addition without the leave of the Regius Professor of Divinity.

7. The Candidate shall send a printed copy of his dissertation to the Vice-Chancellor, to each of the Professors of Divinity, and to the University Library.

8. When the Dissertation of a Candidate has been accepted and has been printed, the Regius Professor of Divinity shall send a certificate to that effect to the Vice-Chancellor for preservation in the Registry: and the Vice-Chancellor shall publish the name of the Candidate as approved for the degree of Doctor of Divinity.

9. If a Candidate for the degree of Doctor of Divinity has preached once in the University Church, the Regius Professor of Divinity shall certify the Registry to that effect. The certificate shall be published in the *University Reporter* and shall be preserved in the Registry.

PROCEEDINGS IN LAW.

I. BACHELOR.

1. Any graduate who desires to proceed to the degree of Bachelor of Law shall be required to satisfy the examiners for the Law Tripos examination in both parts, or (according to the following provisions) in one part, of that examination by attaining therein the minimum standard for honours, and to pay the fee hereinafter made payable, by Regulation 11 for the degree of Master of Law.

If he shall have obtained honours in any of the honours examinations of the University other than the first part of the Law Tripos, he shall so satisfy the examiners in the first or, at his option, the second part.

If he shall have obtained honours in the first part of the Law Tripos but not in any other of the honours examinations, he shall so satisfy the examiners in the second part.

If he shall not have obtained honours in any of the honours examinations, he shall so satisfy the examiners in both parts, and may present himself for the two parts in the same year or in different years.

2. The above regulation as to graduates proceeding to the degree of Bachelor of Law came into force immediately after the publication of the class list for the Law Tripos of 1889; but every person who was at that time entitled to proceed to the degree of Bachelor of Law without further examination continues to be so entitled.

II. MASTER.

1. On proceeding to the degree of Master of Law no further examination or exercise shall be required of a candidate who under the regulations for the Law Tripos has become entitled to proceed to the degree of Bachelor of Law, provided he has attained the standard of a first class in both parts of the Law Tripos: but no such candidate shall,

for this purpose, be allowed to enter for a part in which he has already been examined. In other cases no one shall incept in Law unless he has obtained permission under these Regulations.

2. Every Applicant for such permission must be a Bachelor of Law or a Master or Bachelor of Arts.

3. Every Applicant must have (a) obtained Honours in one Part of the Law Tripos, or (b) satisfied the Examiners by obtaining an honours standard in one Part of the Law Tripos, or (c) become qualified to practise as a barrister or solicitor in England or Ireland or as an advocate or law agent in Scotland.

4. Every Applicant shall make his application in writing to the Chairman of the Special Board for Law and shall submit to the Degree Committee of the said Board a dissertation that he has composed upon some branch of law or of the history or philosophy of law.

5. The dissertation (which may be in print or in manuscript and published or unpublished) may, if the Board think fit, be referred to one or more persons appointed by the Committee, who may or may not be members of the Committee, and who shall have a discretionary power to examine the Candidate either orally or in writing upon the subject of the dissertation and shall report thereon to the Committee.

The applicant is required to state, generally in a preface to his dissertation and specifically in notes, the sources from which his information is taken, the extent to which he has availed himself of the work of others, and the portions of the dissertation which he claims as original.

6. If the Committee shall be of opinion that the work of reporting on the dissertation is such as to require remuneration, they may direct that a fee of two guineas be paid from the University Chest to each referee.

7. If the Committee shall be of opinion that the dissertation is of sufficient merit to entitle the Candidate to incept in Law, their resolution to that effect with the names of those present and of those voting on either side shall be entered on the minutes of the Board, and a copy of the resolution certified by the Chairman of the Board shall be sent to the Vice-Chancellor for preservation in the Registry, and the Vice-Chancellor shall publish the name of the Candidate as being permitted to incept in Law.

A copy of the dissertation shall also be deposited in the University Library.

8. No Candidate shall be present at the deliberations of the Committee respecting his own case.

9. No final resolution of the Committee on the subject of granting permission to incept shall be taken except at a meeting at which not less than two-thirds of the members of the Committee are present. No such resolution shall be carried unless a majority of those members of the Committee who are present vote in its favour.

10. If the Committee shall be of opinion that the permission should not be granted, the Chairman of the Board shall inform the Candidate of the fact.

11. Every Graduate who presents himself for a Part of the Law Tripos but not as a Candidate for Honours, and every Graduate who, without having previously obtained Honours in or satisfied the Examiners in either part of that Tripos, submits a dissertation under these Regulations shall pay a fee of three guineas. Such fees shall be paid to the Regius Professor of Civil Law until the Professorship shall come under the provisions of Statute B, and thereafter shall be paid to the Registry for the University Chest.

12. In the above Regulations the term 'the Degree Committee' shall mean a Committee constituted in accordance with clause 3 of the Regulations for Students in Science and Letters (see p. 167).

13. The above regulations came into force on the 21st of June, 1896, and as from that date all the existing Regulations relating to the qualifications for the Degree of Master of Law (except as is hereinafter provided) were rescinded.

Provided that every person who was then entitled to proceed to the Degree of Master of Law without further examination or test continues to be so entitled.

14. A Candidate may be admitted Inceptor in Law on paying to the University the fee of twelve pounds at the end of six years from the end of his first term of residence, provided that not less than two years have elapsed since his inauguration.

15. An Inceptor of Law is created Master, without personal attendance, on the Tuesday immediately preceding the last day of Easter Term.

III. DOCTOR.

1. A Master of Law desirous of proceeding to the Degree of Doctor of Law shall make his application in writing to the Chairman of the Special Board for Law and shall send therewith a copy of the original contributions to the advancement of the science or study of law upon which his claim for the degree is based, and such application shall be referred to the Degree Committee of the said Board.

2. If the Committee shall be of opinion that such contributions constitute *prima facie* a qualification for the degree, they shall obtain reports upon them from not less than two persons, who may or may not be members of the Committee. These reports shall be treated as confidential documents.

3. If the Committee shall be of opinion that the work of reporting upon such contributions is such as to require remuneration, they may direct that a fee not exceeding five guineas shall be paid from the Chest to each referee.

4. If the Committee shall be of opinion that the degree should be granted, their resolution to that effect with the names of those present and of those voting on either side shall be entered on the minutes of the Board, and a copy of the resolution certified by the Chairman of the Board shall be sent to the Vice-Chancellor for preservation in the Registry, and the Vice-Chancellor shall publish the name of the Candidate as approved for the Degree of Doctor of Law.

5. No Candidate shall be present at the deliberations of the Committee respecting his own case.

6. No final resolution of the Committee on the subject of the grant of a degree shall be taken except at a meeting at which not less than two-thirds of the members of the Committee are present. No such resolution shall be carried unless a majority of those members of the Committee who are present vote in its favour.

7. If the Committee shall be of opinion that the degree should not be granted, the Chairman of the Board shall inform the Candidate of the fact.

8. Every Candidate upon making his application shall pay a fee of ten guineas. Such fees shall be paid to the Regius Professor of Civil Law until the Professorship shall come under the provisions of Statute B, and thereafter shall be paid to the Registry for the University Chest.

9. In the above Regulations the term 'the Degree Committee' shall mean a Committee constituted in accordance with clause 3 of the Regulations for Students in Science and Letters (see p. 152).

10. A Master of Law who has obtained such approval as aforesaid, may be admitted Doctor Designate of Law after five years from his creation, on paying to the University the fee of twenty-five pounds. He is afterwards created Doctor of Law without personal attendance on the Tuesday immediately preceding the last day of Easter Term.

PROCEEDINGS IN MEDICINE AND SURGERY.

A Student must have kept nine terms before he can be admitted Bachelor Designate in Medicine or Bachelor Designate in Surgery. A Bachelor of Arts may be admitted also.

The Inauguration takes place on December 24 or, if that day be a Sunday, December 23.

A Bachelor of Medicine in the ninth term after Inauguration, and a Master of Arts in the twelfth term after creation, may be admitted Doctor Designate in Medicine.

A Bachelor of Surgery after three years from Inauguration may be admitted Inceptor in Surgery. A Master of Arts may be admitted also.

A Doctor Designate in Medicine is created Doctor, and an Inceptor in Surgery is created Master, without personal attendance, on the Tuesday immediately preceding the last day of Easter Term.

REGULATIONS FOR DEGREES IN MEDICINE AND SURGERY.

BACHELOR OF MEDICINE.

Students who have not passed the 2nd M.B. Examination under the Old Regulations before 31st December, 1910 must proceed with their course under the New Regulations.

Students who have passed the 2nd M.B. under the Old Regulations before 31st December, 1910 may proceed with their course either under the Old or the New Regulations, provided that no Examination under the Old Regulations be held after December, 1913.

Students who having passed the 2nd M.B. Examination under the Old Regulations before the 31st December, 1910 elect to enter for the 2nd M.B. Part II. under the New Regulations, must enter for all subsequent Examinations under the New Regulations.

General Regulations.

1. Students who have not graduated in Arts proceeding to the degree of Bachelor of Medicine shall be required to pass the Previous Examination, or some other Examination accepted by the University as conferring exemption from the Previous Examination.

2. Five years of Medical Study shall be required of Candidates for the degree of Bachelor of Medicine.

3. As evidence of Medical Study in the University the Student shall produce Certificates of diligent attendance in each term on courses of Lectures, or Practical Instruction, in two of the subjects of the Examinations for Medical or Surgical degrees; or of diligent attendance in each term on a course of Lectures, or Practical Instruction, in one of those subjects, and also on the Practice of Addenbrooke's Hospital.

Certificates of attendance on courses of Lectures, or Practical Instruction, in the University, shall be deemed satisfactory if the Lectures be delivered, or the courses of Practical Instruction given, either by a Professor or Reader of the University or by a University Lecturer or by a Teacher approved by the Senate, provided that in each case the course be approved by the Special Board for Medicine.

4. Medical Study out of the University shall in all cases be understood to mean study at some well-known School of Medicine which shall have been recognised by the Special Board for Medicine¹.

¹ For the list of recognised Hospitals and Medical Schools, see pp. 158—160.

It shall be the duty of the Board to define from time to time what shall be sufficient evidence of such Medical Study¹.

5. There shall be three Examinations for the degree of Bachelor of Medicine. No Student shall be admitted to either part of the First of these Examinations until he has passed the Previous Examination or has obtained certificates entitling him to exemption from it, has commenced residence in the University, and has paid the Matriculation fee. For a candidate who has not yet paid the Matriculation fee, the Matriculation fee shall be paid to the Registrar at the same time as the Examination fee. No Student shall be admitted to the Second Examination until he has passed both parts of the First Examination; or to either part of the Third Examination until he has passed the Second Examination.

6. The First Examination for the degree of Bachelor of Medicine shall be held three times in the year, and shall begin in the Michaelmas Term on the Tuesday or Friday which shall first happen after October 2, and also on the Monday at or next after the end of full Term; and in the Easter Term on the Monday next after the second Sunday in June. The Second and Third Examinations shall be held twice in the year. The First Part of the Second Examination shall begin in the Michaelmas Term on the Monday at or next after the end of full Term, and in the Easter Term on the Monday next after the second Sunday in June. The Second Part of the Second Examination shall begin in the Michaelmas Term on October 1, or (if that day be a Sunday) on October 2, and in the Easter Term on the first Tuesday in full Term. The Third Examination shall begin in the Michaelmas Term on the second Tuesday in December, and in the Easter Term on the last Tuesday but one in the Term.

7. The names of the Students who intend to present themselves for any of the Examinations for the degree of Bachelor of Medicine shall be sent to the Registry by the Tutors (either directly or through the Prælectors) of the several Colleges and Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board not less than three weeks before the beginning of the Examination. Candidates who are members of the Senate may send their names to the Registry directly not less than three weeks before the beginning of the Examination.

The Certificates required to be produced before admission to any of the Examinations shall be sent by the Candidates to the Registry not later than the tenth day before the beginning of the Examination; and it shall be his duty to examine the Certificates and to ascertain that no one is improperly admitted to the Examinations.

The Registry shall send to the Tutors and Prælectors of the several Colleges and Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board and to the Regius Professor of Physic a First List of candidates for each part of each of the Examinations not less than fourteen days before the beginning of the Examination. He shall also issue a Corrected List on the seventh day before the beginning of the Examination, and shall send such list to the Regius Professor of Physic.

The name of a candidate for any part of an Examination shall not be printed in the Corrected List of candidates until the fee (if any) due from him in respect of such Examination shall have been paid to the Registry, and no Candidate shall be allowed to attend any of these Examinations whose name does not appear in the Corrected List, unless (a) his name shall be sent to the Registry and he be certified by the Registry to the

¹ For the time claimed by the Student as passed in Medical Study out of the University evidence is required of attendance on Lectures in one of the recognised Schools of Medicine, or on the Practice in one of the recognised Hospitals, see pp. 158—160.

Regius Professor of Physic to be eligible as a Candidate, and (b) the Regius Professor shall grant him permission to be examined.

If any candidate for an Examination whose name has not been sent in to the Registry on or before the tenth day and his fee paid and certificates sent in on or before the tenth day previous to the commencement of the Examination be nevertheless admitted to the Examination he shall be required to pay through the Registry to the University a fee of £1 together with the fee due from him in respect of such Examination.

The Regius Professor of Physic shall send to the Registry on the first morning of each Examination a copy of the Corrected List of candidates with such further corrections, if any, as may be necessary, certified by him to be a correct list of the candidates actually under examination: and this list shall be considered to be the Final List of candidates for such Examination, and shall be preserved in the Registry.

Lists or Names shall be considered to have been sent to the Registry on a day specified, if they have been delivered at or posted to his office on that day.

If any of the days specified for issuing or sending lists fall on a Sunday the lists in question shall be issued or sent on the Saturday previous.

8. The Examinations shall be partly in writing, partly oral, and partly practical.

9. The names of the successful Candidates in the several Examinations shall be arranged in alphabetical order.

10. Schedules defining the range of the Examination in Chemistry, in Physics, and in Elementary Biology, shall be drawn up from time to time by the Special Board for Physics and Chemistry and the Special Board for Biology and Geology in consultation with the Special Board for Medicine. The Schedules shall be published by the Special Board for Medicine.

11. The Special Board for Medicine shall from time to time draw up Schedules defining the range of the Examination in Pharmacology and in General Pathology.

12. Every Candidate for the degree of Bachelor of Medicine shall be required to keep an Act in the Public Schools at some time after he has passed the Third Examination.

Regulations for the First Examination.

13. The Subjects of the First Examination shall be
Chemistry, Physics, and Elementary Biology.

The Examination shall be divided into three parts, one including

(1) Chemistry, (2) Physics, (3) Elementary Biology.

The student shall be allowed to take the three parts either together or separately.

14. The student before admission or readmission to the Examination shall pay the following fees to the Registry for the University Chest, for the Examination in Chemistry, £1. 1s.; for the Examination in Physics, £1. 1s.; for the Examination in Elementary Biology, £2. 2s.

15. A student who has passed the Examination in Chemistry or in Physics or in Elementary Biology in the Preliminary Scientific Examination shall be regarded as having passed the corresponding part of the First M.B. Examination, without the payment of an additional fee.

Regulations for the Second Examination.

16. The subjects of the Second Examination shall be

Human Anatomy, Physiology, Elementary Pharmacology including Pharmaceutical Chemistry, The Elements of General Pathology.

The examination shall be divided into two parts, called the *First Part* and the *Second Part* respectively.

The subjects of the *First Part* shall be

Human Anatomy and Physiology.

The subjects of the *Second Part* shall be

Elementary Pharmacology including Pharmaceutical Chemistry,
The Elements of General Pathology.

17. The student before admission to the *First Part* of the *Second Examination* shall produce certificates of diligent attendance on one course of Lectures in Human Anatomy, and one course of Lectures in Physiology; also a certificate of having practised Dissection during six months at least.

The student before admission to the *Second Part* of the *Second Examination* must have passed the *First Part* of the *Second Examination* and shall produce in addition certificates of study which must include Practical instruction during one term or one Long Vacation in Elementary Pharmacology including Pharmaceutical Chemistry and in the Elements of General Pathology; also a certificate of diligent attendance on a course of instruction in Medical Diagnosis or in Elementary Surgery.

18. The student before admission or re-admission to the *First Part* of the *Second Examination* shall pay to the Registry a fee of £2. 2s. for the University Chest.

The student before admission or re-admission to the *Second Part* of the *Second Examination* shall pay to the Registry a fee of £2. 2s. for the University Chest.

Regulations for the Third Examination.

(*Temporary Provision*: A Candidate who has passed in two Sections but has failed to pass in all three Sections of the *Second Part* of the *Third Examination* for the M.B. Degree under the Old Regulations before December 31st, 1913, shall be allowed to present himself for the remaining Section under the New Regulations until December 31st, 1916.)

19. The subjects of the *Third Examination* shall be

Principles and Practice of Surgery (including Special Pathology),
Midwifery and Diseases peculiar to Women, Principles and
Practice of Physic (including Pathology, Pharmacology and
Therapeutics, Diseases of Children, Mental Diseases, Ele-
ments of Hygiene, and Medical Jurisprudence).

The *Third Examination* shall be divided into two parts, called the *First Part* and the *Second Part* respectively. The student shall be allowed to take the two parts either together or separately.

The subjects of the *First Part* shall be

(1) Principles and Practice of Surgery (including Special Pathology); (2) Midwifery and Diseases peculiar to Women.

The subjects of the *Second Part* shall be

(1) Principles and Practice of Physic (including Diseases of Children, Mental Diseases, and Medical Jurisprudence);
(2) Pathology (including Hygiene and Preventive Medicine),
and Pharmacology (including Therapeutics and Toxicology).

A student may present himself for the *First Part* of the *Third Examination* after he has passed both parts of the *Second M.B. Examination* and after he has completed *two* years of Hospital practice. A student may present himself for the *Second Part* of the *Third Examination* after he has passed both parts of the *Second M.B. Examination* and after he has completed *three* years of Hospital practice.

20. The student before admission to the *First Part* of the *Third Examination* shall produce evidence that he has completed five years of

Medical Study (Regulation 2), and shall produce certificates of diligent attendance on a course of Instruction in each of the following subjects: (1) Midwifery, (2) Practical Surgery; and on a course of practical instruction in (3) the Administration of Anæsthetics; *also* a certificate of proficiency in Vaccination from an authorised Teacher appointed by the Local Government Board; a certificate of having conducted twenty cases of Midwifery; a certificate of having at a recognised Hospital¹ acted as Dresser or House Surgeon for six months; and a certificate of having attended the Medical and Surgical Practice with Clinical Instruction of one or more recognised Hospitals² during two years.

The student before admission to the Second Part of the Third Examination shall produce evidence that he has completed five years of Medical Study (Regulation 2) and shall produce certificates of diligent attendance on a course of instruction in Practical Pharmacy and Dispensing given at a recognised Medical School or Hospital, or by a registered Medical Practitioner, or by a duly qualified Pharmaceutical Chemist; a certificate of having at a recognised Hospital acted as Clinical Clerk or House Physician for six months, and as Post-mortem Room Clerk; a certificate of having attended the Practice (with clinical instruction) of a recognised Fever Hospital³ during three months; and a certificate of having attended the Medical and Surgical Practice with Clinical Instruction of one or more recognised Hospitals during three years.

The student before admission to the First Part of the Third Examination shall pay to the Registry a fee of £4. 4s. or on re-admission a fee of £3. 3s. for the University Chest.

The student before admission to the Second Part of the Third Examination shall pay to the Registry a fee of £5. 5s. or on re-admission a fee of £4. 4s. for the University Chest.

Regulations for the Act for Degree of Bachelor of Medicine.

21. Every candidate for the degree of Bachelor of Medicine shall compose a Thesis on some subject approved by the Regius Professor of Physic.

The candidate shall send his Thesis to the Regius Professor, who on approving it shall assign a day and hour for the Act to be kept in the Public Schools.

The candidate shall then cause public notice of the Act to be given by fixing on the door of the Public Schools eight days (or such shorter period as the Regius Professor shall allow) before the day assigned for the Act a paper specifying

- (1) the name and college of the candidate,
- (2) the day and hour assigned for the Act, and
- (3) the subject of his Thesis;

he shall also cause copies of the notice to be delivered to the Vice-Chancellor, to the Regius Professor, and to the Registry.

The Regius Professor shall preside over the Act, or shall appoint as his deputy for this purpose the Downing Professor of Medicine, the Professor of Surgery, the Professor of Pathology, or some Graduate in Medicine who is a member of the Senate.

¹ For the list of recognised Hospitals, see pp. 158—160.

² Part of this time may be passed in attendance at some Asylum for the Insane or other Special Hospital recognised by the Special Board for Medicine: see pp. 159—160.

³ See p. 160

The Act shall be kept in the following manner :

The candidate shall read his Thesis or such portion thereof as the Regius Professor or his deputy shall direct; the Regius Professor or his deputy shall then bring forward arguments or objections for the candidate to answer, and shall examine him orally as well on questions connected with his Thesis as on other subjects connected with medicine of a more general nature; the whole exercise being made to continue at least half an hour.

If the Regius Professor or his deputy shall consider the exercise to have been satisfactory he shall certify to the Registry that the candidate has kept the Act as required for the degree of Bachelor of Medicine. The certificate shall be published in the *University Reporter*.

A candidate who, having already been admitted to a degree in the University, and having passed all the examinations for the degree of Bachelor of Medicine, is unable on account of absence abroad to keep the Act in person may apply to the Regius Professor of Physic for permission to present instead a dissertation on some subject approved by the Regius Professor.

If the permission is granted, the candidate shall send his dissertation to the Regius Professor, for submission to the M.D. Degree Committee of the Special Board for Medicine. He may also send with his dissertation any memoir or other work on a medical subject published by him which he may desire to submit.

The Regius Professor shall present to the Degree Committee a report on the merits of the whole of the work submitted by the candidate, or shall appoint as his deputy for this purpose the Downing Professor of Medicine, the Professor of Surgery, the Professor of Pathology, or some Graduate in Medicine who is a member of the Senate.

If the Degree Committee, after considering the report, shall resolve 'that the candidate be approved for the degree of Bachelor of Medicine,' the chairman shall draw up and sign a statement to that effect, indicating therein the subject of the dissertation, and of any other part of the work submitted which the committee shall judge to be deserving of mention, the statement shall be forwarded by the chairman to the Registry, and shall be published in the *University Reporter*.

A candidate so approved shall be deemed to have kept the Act as required by the foregoing regulations.

Regulations concerning Examiners¹.

22. The examiners for the First Examination shall be the Regius Professor of Physic, the two examiners in Elementary Chemistry, the two examiners in Elementary Physics, and the two examiners in Elementary Biology.

23. The examiners for the First Part of the Second Examination shall be the Regius Professor of Physic, the two examiners in Human Anatomy, and the two examiners in Physiology for medical degrees.

24. The examiners for the Second Part of the Second Examination shall be the Regius Professor of Physic, together with two examiners in Pharmacology, and two examiners in General Pathology, nominated annually by the Special Board for Medicine and elected by the Senate.

¹ See p. 160.

The examiners for the First Part of the Third Examination shall be the Regius Professor of Physic and the Professor of Surgery, together with five examiners in Surgery, and two examiners in Midwifery, nominated annually by the Special Board for Medicine and elected by the Senate.

The examiners for the Second Part of the Third Examination shall be the Regius Professor of Physic, four examiners in Medicine, two examiners in Pharmacology, Therapeutics and Toxicology and two examiners in Pathology, Hygiene and Preventive Medicine nominated annually by the Special Board for Medicine and elected by the Senate.

25. In case the Regius Professor of Physic be prevented by illness or other reasonable cause from taking part as examiner *ex officio* in any of the examinations for the degree of Bachelor of Medicine, it shall be competent for him to appoint a Doctor of Medicine who is a member of the Senate to examine in his stead, subject to the approval of the Vice-Chancellor.

In case the Professor of Surgery be prevented by illness or other reasonable cause from taking part as examiner *ex officio* in the First Part of the Third Examination, it shall be competent for him to appoint a Graduate in Surgery who is a member of the Senate to examine in his stead, subject to the approval of the Vice-Chancellor.

In case an examiner appointed by the Senate be prevented by illness or other reasonable cause from taking part in any of the Medical examinations it shall be competent for the Regius Professor of Physic to nominate an Examiner to examine in his stead, subject to the approval of the Vice-Chancellor.

In case the Regius Professor of Physic should deem it necessary to obtain assistance in the conduct of any part or parts of the examinations for the degree of Bachelor of Medicine, it shall be competent for him to appoint for such part or parts one or more Additional Examiners, subject to the approval of the Vice-Chancellor. An Additional Examiner so appointed shall act for one term, and shall receive twenty pounds from the University Chest.

In case the Professor of Surgery should deem it necessary to obtain assistance in the conduct of the First Part of the Third Examination or in the Examination for the degree of Master of Surgery, it shall be competent for him to appoint one or more Additional Examiners in Surgery, subject to the approval of the Vice-Chancellor. An Additional Examiner so appointed shall act for one Term, and shall receive twenty pounds from the University Chest.

26. The examiners for the Second Part of the Second Examination and the examiners for both parts of the Third Examination (other than the examiners *ex officio*) shall be elected at one of the Congregations in October in each year.

27. Each of the examiners for the year (other than the examiner *ex officio*) for the Second Part of the Second Examination shall receive thirty pounds, and each of the examiners for the year (other than the examiners *ex officio*) for the Third Examination shall receive forty pounds, from the University Chest.

DOCTOR OF MEDICINE.

All persons proceeding to the degree of Doctor of Medicine are required to produce certificates of having been engaged in Medical Study during five years¹.

¹ Medical Study out of the University is in all cases understood to mean study at some well-known School of Medicine, which shall have been recognised by the Special Board for Medicine. It is the duty of the Board to define from time to time what shall be sufficient evidence of such Medical Study. For the time claimed as passed in Medical Study out of the University, evidence is required of attendance in one of the Medical Schools, or on the Practice in one of the Hospitals. For the list of recognised Schools of Medicine and Hospitals, see pp. 158—160.

The names and certificates of Candidates must be sent to the Regius Professor of Physic.

Masters of Arts, proceeding to the degree of Doctor of Medicine, are required to produce the same certificates of attendance on Lectures and of attendance on Hospital Practice, and to pass the same Examinations, as are required for the degree of Bachelor of Medicine.

No person may present a Thesis or Dissertation with a view to proceeding to the Degree of Doctor of Medicine, unless he has already been either inaugurated as a Bachelor of Medicine or created as a Master of Arts.

The Act, required to be kept by a candidate for the Degree of Doctor of Medicine, is kept in the following manner:

The Regius Professor of the Faculty shall assign the day and hour when the exercise shall be kept;

The Professor, or some Graduate of the Faculty, who is a member of the Senate, deputed by him, shall preside over the exercise;

The candidate shall read a Thesis composed in English by himself on some subject approved by the Professor; the Professor, or Graduate presiding, shall bring forward arguments or objections in English for the candidate to answer, and shall examine him in English *vivâ voce* as well on questions connected with his Thesis as on other subjects in the faculty of a more general nature; the exercise being made to continue at least one hour;

Public notice of the Act shall be given by fixing on the door of the University Schools, eight days (or such shorter period as the Regius Professor may allow) before the assigned time, a written paper specifying the name and college of the candidate, the day and hour appointed for the exercise, and the subject of the Thesis: copies of the notice shall be delivered also, at the same time, to the Vice-Chancellor and to the Professor.

That notices for Acts for the M.D. degree be posted at the New Museums, the Anatomical and Chemical Schools, and Addenbrooke's Hospital, and be sent to the Assessor of the Regius Professor, and to each member of the Board of Medical Studies.

That a Member of the Senate be annually appointed as Assessor to the Regius Professor of Physic, who shall assist in the first instance in reading all the Theses for the Degree of M.D.

That the said Assessor be nominated by the Board of Medical Studies, and appointed by Grace of the Senate at the second Congregation in the Michaelmas Term.

That the Assessor assist the Professor in choosing the topic and in deciding on the merits of the Essay as well as in conducting the Act.

In case the Assessor be prevented by illness or other reasonable cause from taking part in conducting the exercises for the degree of Doctor of Medicine it shall be competent for the Regius Professor to appoint a member of the Senate to act in his stead, subject to the approval of the Vice-Chancellor.

That an M.D. Degree Committee be formed consisting of the Regius Professor of Physic and his Assessor, the Professor of Pathology, and three members of the Special Board for Medicine appointed annually by the Special Board for Medicine (three to form a quorum). This committee shall meet three times in each term or more often if necessary.

The Theses shall in the first instance be considered by the Regius Professor of Physic and his Assessor and shall then be placed before the M.D. Degree Committee. The M.D. Degree Committee may then refer the Theses to one or more referees, who shall submit a written report for the consideration of the Committee, and one of whom may sit in place of the Assessor with the Regius Professor of Physic at the Act for the Degree.

A candidate may submit with his Thesis any other contribution to the advancement of the Science and Practice of Medicine he may have published.

That previously to the Thesis being read, a topic taken from the general subject of his Thesis, whether it be Physiology, Pathology, Pharmacology, Practice of Medicine, State Medicine or the History of Medicine, be submitted to the candidate, on which he shall be required to write a short extempore Essay.

The Assessor shall receive two guineas for each Thesis, and the Referee shall receive two guineas for a written report on each Thesis. The Assessor or the Referee who is present at the Act shall receive in addition a fee of one guinea.

If the Regius Professor and the Assessor shall consider the exercises to have been duly performed, they shall certify the Registry to that effect and the certificate shall be published in the *University Reporter*.

Every candidate on making his application to keep his Act shall send at least three copies of his Thesis to the Registry, one copy for the Regius Professor of Physic and two copies for the Assessor, with a fee of Four Guineas for the University Chest. In case of acceptance this sum shall form part of the University fee for the Degree.

BACHELOR OF SURGERY.

General Regulations.

1. Students who have not graduated in Medicine proceeding to the degree of Bachelor of Surgery shall be required to do all that is required of Candidates for the degree of Bachelor of Medicine, excepting only that they shall not be required to keep an Act.

2. There shall be no separate Examination for the degree of Bachelor of Surgery, but candidates may be admitted to the degree so soon as they have passed the Third Examination for the degree of Bachelor of Medicine.

3. The day of inauguration of Bachelors of Surgery shall be the last day (or if that day be Sunday the last day but one) of the Michaelmas Term.

At the inauguration the names shall be arranged in alphabetical order.

MASTER OF SURGERY.

General Regulations.

1. Candidates for the degree of Master of Surgery shall be required (a) to have done all that is required of Candidates for the degree of Bachelor of Surgery, or (b) if they are already Masters of Arts to have become legally qualified under the *Medical Acts* to practise Surgery.

2. A Candidate for the degree of Master of Surgery may either (1) present himself for the Examination for the degree, or (2) apply as hereinafter provided for permission to incept without examination.

Bachelors of Surgery who are not Masters of Arts shall not be admitted to the Examination until they have completed two years from their inauguration as Bachelors of Surgery.

Masters of Arts may be admitted to the Examination at any time after their creation as Masters of Arts.

No Candidate shall apply for permission to incept in Surgery without examination until three years at least have elapsed (a) from the time at which he completed all that is required of Candidates for the degree of Bachelor of Surgery, or (b) from the time at which he became legally qualified under the *Medical Acts* to practise Surgery.

3. The day of creation of Masters of Surgery shall be the Tuesday immediately preceding the last day of the Easter Term.

At the creation the names shall be arranged in order of seniority as follows:

- (a) those who have been Masters of Arts, arranged according to their seniority as Masters of Arts,
- (b) those who have been Bachelors of Surgery, arranged according to their seniority as Bachelors of Surgery.

Regulations for the Examination.

4. The Examination for the degree of Master of Surgery shall be held twice in the year, namely in the Michaelmas Term and in the Easter Term. It shall begin in the Michaelmas Term on the Thursday after the Second Tuesday in December and in the Easter Term on the Thursday after the last Tuesday but one in the Term.

5. The Candidate before admission or re-admission to the Examination shall pay to the Registry a fee of £3. 3s. for the University Chest.

6. Those persons who intend to present themselves for the Examination shall send their names to the Registry not less than three weeks before the beginning of the Examination, and no person whose name has not been so sent in at least ten days before the beginning of the examination shall be admitted to the Examination unless (a) his name shall be sent to the Registry and he be certified by the Registry to the Professor of Surgery to be eligible as a Candidate, and (b) the Professor of Surgery shall grant him permission to be examined.

It shall be the duty of the Registry to ascertain that no one is improperly admitted to the Examination, and to furnish the Examiners with a correct list of Candidates. If any candidate whose name has not been sent in to the Registry on or before the tenth day previous to the commencement of the examination be nevertheless admitted to the examination he shall be required to pay through the Registry to the University an additional fee of £1.

7. The Subjects of the Examination shall be
Pathology,
Principles and Practice of Surgery,
Surgical Anatomy,
Surgical Operations,

A Surgical case and a topic relating to Surgery to be submitted in writing to the Candidate, on one or both of which at his option he shall be required to write extempore a short essay.

8. The Examination shall be partly in writing, partly oral, and partly practical.

9. The names of the successful Candidates in the Examination shall be arranged in alphabetical order.

Regulations concerning Examiners.

10. The Examiners for the Examination for the degree of Master of Surgery shall be the Professor of Surgery and the Examiners in Surgery for the year.

11. In case the Professor of Surgery be prevented by illness or other reasonable cause from taking part as Examiner *ex officio* in the Examination, it shall be competent for him to appoint a Master of Surgery who is a Member of the Senate to examine in his stead, subject to the approval of the Vice-Chancellor.

Regulations for incepting without Examination.

12. Masters of Arts or Bachelors of Surgery, who have completed three years (*a*) from the time at which they passed the last of the Examinations required for the Degree of Bachelor of Surgery, or (*b*) from the time at which they became legally qualified under the *Medical Acts* to practise Surgery, may apply for permission to incept in Surgery without examination.

13. A Candidate shall make his application in writing to the Chairman of the Special Board for Medicine, and shall specify therein the printed or written contributions to the advancement of the Science or Art of Surgery upon which his claim for the degree of Master of Surgery is based.

14. Every such application shall be considered by the Degree Committee of the Special Board, and if the Committee shall be of opinion that the contributions therein specified constitute *prima facie* a qualification for the degree, they shall obtain reports upon them from two or more referees skilled in Surgery, who may be members of the Committee or not. The referees shall have power if they see fit to examine the Candidate orally or otherwise on the subjects of his contributions, and their reports shall be treated as confidential.

Each of the referees shall receive for his report a fee of two guineas from the University Chest.

15. If the Committee, after consideration of the reports of the referees, be of opinion that permission to incept in Surgery should be granted to the Candidate, their resolution to that effect, with the names of those present, and of those voting on either side, shall be entered on the minutes of the Board, and a copy thereof certified by the Chairman of the Board shall be communicated to the Vice-Chancellor for preservation in the Registry.

The Vice-Chancellor shall publish the name of the Candidate as being permitted to incept in Surgery.

16. No Candidate shall be present at the deliberations of the Committee respecting his own case.

17. No final resolution of the Committee on the subject of granting permission to incept shall be taken except at a meeting at which not less than two-thirds of the members of the Committee are present.

18. If the Committee shall be of opinion that the permission should not be granted, the Chairman of the Board shall inform the Candidate of the fact.

19. Every Candidate on making his application for permission to incept in Surgery without examination shall pay to the Registry a fee of five guineas for the University Chest.

SCHEDULES DEFINING THE RANGE OF EXAMINATIONS.

PUBLISHED BY THE SPECIAL BOARD FOR MEDICINE.

CHEMISTRY.

(Issued May 4, 1908.)

I. The questions in Chemistry will have reference to

Essential features of chemical change. Compounds and mixtures. Indestructibility of matter. Law of constant composition and multiple proportions, equivalent, atomic and molecular weights. Combination of gases by volume. Avogadro's hypothesis. Calculations involving the weights and volumes of substances which take part in or result from

chemical changes. Atomic and molecular weights and the general methods used in their determination. Allotropy. Catalysis. Diffusion of gases. Dialysis. Oxidation and reduction. General methods of preparation and properties of acids, bases and salts. Electrolysis.

Oxygen and hydrogen. Ozone. Water, its composition, formula, and chemical properties. Natural waters and their action on lead and iron. Solution of gases and solids in water. Water of crystallization. Hydrogen peroxide.

The composition and properties of air. The detection and separation from it of the principal constituents.

Nitrogen, ammonia, nitrous oxide, nitric oxide, nitrogen peroxide, and nitric acid.

Chlorine, bromine and iodine. Hydrochloric acid. Action of chlorine on the alkaline hydroxides.

Carbon, its chemical and physical properties. Carbon monoxide and carbon dioxide. Combustion.

Sulphur, its chemical and physical properties. Hydrogen sulphide, sulphur dioxide and trioxide, sulphuric acid.

Phosphorus, its chemical and physical properties, phosphorus pentoxide, phosphorus trichloride and pentachloride, ortho- and metaphosphoric acid, tricalcium phosphate. Arseniuretted hydrogen, arsenious oxide, and sodium arsenite.

The preparation and properties of the commoner oxides, hydroxides, carbonates, chlorides, sulphates and nitrates of sodium, calcium, lead, copper, iron and mercury. Manganese dioxide and potassium permanganate.

The separation and purification of organic compounds. Detection and estimation of the constituent elements in organic compounds and the determination of molecular formulæ. Homologous series. Isomerism, polymerism.

The general characters and relationships of paraffins, olefines, acetylenes, alcohols, aldehydes, ketones, acids, ethers, etherial salts, amines, amino-acids, and amides; illustrated by the methods of preparation and the properties of: methane and ethane; ethylene; acetylene; methyl and ethyl alcohols; formaldehyde and acetaldehyde; acetone; formic, acetic, glycollic, lactic (with stereoisomers), and oxalic acids; ethyl ether; ethyl acetate; methylamines; aminoacetic acid; acetamide; urea.

Chloroform, chloral; hydrocyanic acid, methyl cyanide. Glycol, glycerol, fats and soaps.

Benzene, toluene, nitrobenzene, aniline, phenol, benzoic acid, and salicylic acid.

The evidence (treated from an elementary standpoint) upon which the constitutional formulæ of the organic substances above-mentioned are based.

Starch, grape sugar, cane sugar, uric acid.

Practical.

The purification of substances by crystallization, distillation and precipitation.

Detection of the commoner gases.

Simple measurements of the volumes of gases which result from or take part in chemical reactions.

Qualitative analysis of simple salts (not mixtures).

Volumetric estimation of acids, alkalies, iron, alkaline carbonates, and chlorides in neutral solution. Standard solutions will be provided.

The detection of the following organic compounds: ethyl alcohol, acetaldehyde, chloral, formic and acetic acids, aniline, phenol, benzoic and salicylic acids, cane and grape sugar, starch, urea.

PHYSICS.

1. The elements of Mechanics treated experimentally. Methods of measurement of lengths, areas and volumes; graphical methods. Velocity, acceleration and their composition. The laws of motion and simple applications of them. Relation between force, work, and energy.

The composition and resolution of forces in one plane, moments, centre of gravity, machines. Characteristics of solids, liquids and gases. Density and specific gravity. The pressure of liquids and gases, floating bodies, Boyle's Law, simple hydrostatic machines.

2. The elements of Heat. Thermometry. Measurement of quantity of heat, specific heat, latent heat. Expansion of solids, liquids and gases. Change of state, vapour pressure, hygrometry. Conduction, convection and radiation. Relation of heat and work.

3. The elements of Light. Propagation, reflexion and refraction of light. Photometry. The formation of images by mirrors and lenses; the combination of two lenses to form a microscope or telescope. The phenomena of dispersion by a prism. The optical structure of the eye; the use of spectacles.

4. The elements of Magnetism and Electricity. The simple phenomena of magnetism. Lines of force and magnetic fields. Induced magnetism. Behaviour of electrified bodies; conductors and insulators. Electrostatic induction. Simple electrostatic instruments. Potential. The electric current, its magnetic, chemical and heating effects. Simple cells. Measurement of current; Ohm's Law. Comparison of electromotive forces and resistances. Electro-magnetic induction, the induction-coil.

The knowledge of Physics expected from the candidates will be such as may be acquired from an experimental treatment of the subject.

The Practical and Oral part of the Examination will include experiments with simple apparatus in illustration of the subjects of the above schedule.

ELEMENTARY BIOLOGY.

(Issued May 24, 1910.)

The questions in Elementary Biology will have reference to

(1) The fundamental facts and laws of the morphology, histology, physiology, and life-history of plants, as illustrated by the following types: *Saccharomyces*, *Pleurococcus*, *Spirogyra*, *Mucor*, *Fucus*, the Moss, the Fern (modes of reproduction only), and the angiospermous flowering plant.

(2) The fundamental facts and laws of animal morphology, as illustrated by the following types: *Amoeba*, *Paramoecium* or *Vorticella*, *Hydra*, *Lumbricus*, *Astacus*, *Anodon*, *Scyllium*, *Rana*, *Lepus*.

Under the head of vegetable physiology the Student will not be expected to deal with special questions relating to the more highly differentiated flowering plants.

He will be expected to shew a practical knowledge of the general structure of each of the animal types above specified, and an elementary knowledge of the chief biological laws which the structural phenomena illustrate. He will also be expected to shew an elementary knowledge of the ovum and its cleavage together with the history of the larva of *Rana*. He will not be expected to deal with purely physiological details.

PHARMACOLOGY.

(Issued February 6, 1902.)

The questions will be of an elementary character and will have reference to

The physiological actions of the more important official drugs on the

organs and tissues of the animal body. The actions of drugs on ferments, on micro-organisms, and on other low forms of life. The general principles of antagonism, idiosyncrasy, and tolerance in relation to remedies. The absorption and elimination of drugs. The relation of chemical structure to physiological action. The dosage and the active ingredients of the more potent official remedies.

There will also be

I. (*For all candidates.*) An oral examination on the effects of drugs on ferments, on micro-organisms, on blood, on protoplasm, and on nervous and muscular tissues; and on the interpretation of simple tracings and diagrams.

II. (*For candidates who have not passed in Pharmaceutical Chemistry under the old Regulations.*) An oral and practical examination on the chief physical characters and chemical reactions, so far as these are of pharmacological importance, of the following drugs: Potassium Iodide, Calomel, Corrosive Sublimate, Fowler's Solution, Hydrochloric Solution of Arsenic, Iron Phosphate, Iron and Ammonium Citrate, Tartarated Antimony, Bismuth Oxynitrate, Iodoform, Phenol, Salicin, Salicylic Acid, Gallic Acid, Tannic Acid, Acetanilide, Phenacetin, Phenazone, Solution of Trinitrin, Amyl Nitrite, Chloral Hydrate, Dilute Hydrocyanic Acid, and the alkaloids Atropine, Morphine, Quinine, Strychnine. A knowledge of the impurities commonly associated with the foregoing, so far as they are of therapeutic importance, and of the chemical incompatibilities of drugs which are apt to be prescribed together, will be expected.

GENERAL PATHOLOGY.

(*Issued May 24, 1910.*)

Schedules in Pathology and Pharmacology for the 2nd M.B., Part II, and for the 3rd M.B., Part II, issued by the Special Board for Medicine.

The Examination will be practical and oral (without set papers) and will be of an elementary character.

PATHOLOGY.

General Pathology. The degenerations and infiltrations. Atrophy and necrosis. Hyperplasia and hypertrophy. Passive and active hyperaemia, oedema and dropsy. Anaemia and leucocytosis. Inflammation, suppuration and repair.

Typical tumours. Simple histioid tumours; myxoma, lipoma, fibroma, chondroma, myoma and osteoma. Compound histioid tumours; papilloma and adenoma. Malignant tumours; sarcomas and cancers.

Elementary morbid anatomy and histology illustrating the above.

Bacteriology. Principles of disinfection and sterilisation.

Bacteria. Pus-producing organisms. Anthrax bacillus, typhoid bacillus, tubercle bacillus, diphtheria bacillus, tetanus bacillus, and the commoner organisms with which these may be confounded.

The applications of the methods used in the examination of morbid secretions and tissues, and of the above specific micro-organisms.

PHARMACOLOGY.

A general knowledge of the mode of action of drugs treated from an experimental standpoint. Alcohol, Ether, Chloroform, Chloral Hydrate. Emetics. Vegetable astringents and purgatives. Digitalis, Ergot, Nitrites. Opium and its alkaloids. Atropine, Cocaine, Strychnine, Caffeine, Pilocarpine, Physostigmine. Hydrocyanic acid. Antipyretics—Quinine, Salicylates, Phenacetin. Antiseptics—Coal tar, Essential oils. Salt action,

the theory of ions. Acids, Alkalies, Bromides, Iodides. The general action of the heavy metals—Mercury, Lead, Iron. Arsenic. Adrenalin. Thyroid gland. Diphtheria antitoxin.

The chemical characters of the following drugs in so far as they are of pharmacological importance.

Opium, Atropine, Cocaine and the newer local anaesthetics, Salicine and the Salicylates, Caffeine and Strychnine. The heavy metals and Tannin. Volatile and Fixed Oils. Hypnotics—Chloral Hydrate, Paraldehyde, Sulphonal. Arsenic. Hydrocyanic Acid.

Third M.B. Part II.

PATHOLOGY AND HYGIENE.

General Pathology and Bacteriology: an extended knowledge of the subjects required for Part II of Second M.B. Examination will be required.

Special Pathology: including certain parts of morbid anatomy and histology; the elements of Pathological chemistry; and animal parasitology, bacteriology and Protozoology with special reference to the way in which parasites attack the body, the means by which the body attempts to defend itself, and the methods of prevention which have been the outcome of modern research.

A knowledge of Hygiene and Preventive Medicine will also be required.

PHARMACOLOGY, THERAPEUTICS, AND TOXICOLOGY.

A general knowledge of pharmacology and therapeutics. The signs, symptoms and treatment of the more common cases of poisoning. The detection of blood and other stains. Urine analysis.

SCHOOLS OF MEDICINE AND GENERAL HOSPITALS RECOGNISED BY THE BOARD.

The University of Oxford.

London Schools of Medicine and Hospitals. The Medical Schools of—Charing-Cross Hospital, Guy's Hospital, King's College (and Hospital), London Hospital, Middlesex Hospital, St Bartholomew's Hospital, St George's Hospital, St Mary's Hospital, St Thomas's Hospital, University College (and Hospital), Westminster Hospital.

Provincial Schools of Medicine. Birmingham: Mason College. Bristol: University College Medical School. Cardiff: University College of South Wales and Monmouthshire (Faculty of Medicine). Leeds: Yorkshire College (Medical Department). Liverpool: University College and Royal Infirmary School of Medicine. Manchester: Owens College and Royal School of Medicine, Newcastle-upon-Tyne: College of Medicine. Sheffield: School of Medicine.

Provincial Hospitals. Bath: Royal United Hospital. Bedford: General Infirmary. Birmingham: General Hospital, Queen's Hospital. Brighton: Sussex County Hospital. Bristol: Royal Infirmary, General Hospital. Cambridge: Addenbrooke's Hospital. Canterbury: Kent and Canterbury Hospital. Cardiff: Infirmary. Derby: Derbyshire General Infirmary. Exeter: Devon and Exeter Hospital. Gloucester: General Infirmary. Hull: General Infirmary. Leeds: General Infirmary. Leicester: Infirmary. Liverpool: Royal Infirmary, Northern Hospital, Royal Southern Hospital, United Hospitals. Manchester: Royal Infirmary. Newcastle-upon-Tyne: Infirmary. Northampton: General Infirmary.

Norwich: Norfolk and Norwich Hospital. Nottingham: General Hospital. Oxford: Radcliffe Infirmary. Salisbury: General Infirmary. Sheffield: General Infirmary. Shrewsbury: Salop Infirmary. Southampton: Royal South Hants Infirmary. Stafford: Staffordshire General Infirmary. Stoke-upon-Trent: North Staffordshire Infirmary. Winchester: Royal Hants County Hospital. Worcester: General Infirmary. York: County Hospital.

Scotch Schools of Medicine. Anderson's College, Glasgow. University of Aberdeen. Surgeon's Hall School of Medicine, Edinburgh. University of Edinburgh. University of Glasgow. University of St Andrews (including University College, Dundee).

Scotch Hospitals. Aberdeen: Royal Infirmary. Dundee: Royal Infirmary. Edinburgh: Royal Infirmary. Glasgow: Royal Infirmary, Western Infirmary. Greenock: Hospital and Infirmary. Paisley: Infirmary.

Irish Schools of Medicine. Carmichael College, Dublin. Catholic University, Dublin. Royal College of Surgeons, Dublin. Ledwich School of Surgery, Dublin. Queen's College, Belfast. Queen's College, Cork. Queen's College, Galway. Trinity College, Dublin.

Irish Hospitals. Cork: North Charitable Infirmary, South Charitable Infirmary. Dublin: Adelaide Hospital, City of Dublin Hospital, Dr Steeven's Hospital, Meath Hospital, Richmond, Whitworth and Hardwicke (Government) Hospital, Sir Patrick Dun's Hospital, St Vincent's Hospital, Mater Misericordiæ Hospital. Belfast: Royal Hospital. Galway: County Infirmary.

Colonial and Foreign Schools of Medicine and Hospitals. University of Adelaide, Australia. Baltimore: Johns Hopkins University. Berlin. Bombay: Grant Medical College. Bonn. Boston: Harvard University. Breslau. Brussels. Calcutta: Medical College. Copenhagen. Göttingen. Halle. Heidelberg. Kingston, Ontario: Queen's University. Lahore: Medical College. Leipzig. Leyden. Madras: Medical College. University of Melbourne, Australia. Montpellier. Montreal: McGill College and University. Munich. University of the City of New York. University of New Zealand. Padua. Paris. Pavia. Philadelphia: Jefferson Medical College, Pennsylvania University. Prague. Stockholm. Strassburg. University of Sydney, Australia. Toronto: University of Toronto. Tübingen. Turin. Vienna. Würzburg. Zürich.

Of the three years during which attendance on Medical and Surgical Practice is required previous to the *Second Part* of the Third M.B. Examination (Reg. 20), not less than two years must be passed at a General Hospital for Medical and Surgical Patients; and periods not exceeding six months *may* be passed in attendance at a recognised Asylum or Hospital for the Insane, not exceeding six months at a recognised Hospital for Children either as a Student (in *Hospitals A*) or as a resident Medical Officer (in *Hospitals B*), not exceeding three months at a recognised Maternity Hospital, not exceeding three months at a recognised Fever Hospital, not exceeding three months at a recognised Hospital for Special Diseases, and not exceeding three months at a recognised Ophthalmic Hospital.

SPECIAL HOSPITALS RECOGNISED BY THE BOARD.

Hospitals for the Insane. England: The County and Borough Asylums and Public Hospitals for the Insane. Scotland: The Public Asylums for the Insane. Ireland: The District Asylums, the Asylums at Dumdrum, and Swift's Hospital.

Hospitals for Children—A. London: The Hospital for Sick Children, Great Ormond Street. Edinburgh: Royal Hospital for Sick Children. Glasgow: Hospital for Sick Children.

Hospitals for Children—B. London: East London Hospital for Children, Evelina Hospital, North Eastern Hospital for Children. Birmingham: Free Hospital for Sick Children. Liverpool: Infirmary for Children. Manchester: Pendlebury Hospital for Sick Children.

Maternity Hospitals. London: Queen Charlotte's Lying-in Hospital. Dublin: Rotunda Lying-in Hospital.

Fever Hospitals. London: London Fever Hospital (Liverpool Road). Fever Hospitals of the Metropolitan Asylums Board. Plaistow and Dagenham Hospitals. Leeds: Borough Fever Hospital. Edinburgh: Fever Hospital. Glasgow: City of Glasgow Fever Hospital. Dublin: Fever Hospital (Cork Street). Liverpool: City Fever Hospitals (North, South and Parkhill). Birmingham: City Hospital. Bristol: City Isolation Hospitals. Newcastle-on-Tyne: City Hospital for Infectious Diseases.

Hospital for Special Diseases. London: The Hospital for Consumption and Diseases of the Chest (Brompton).

Ophthalmic Hospital. London: Royal London Ophthalmic Hospital (Moorfields).

EXAMINERS FOR THE NATURAL SCIENCES TRIPOS, THE FIRST AND THE SECOND EXAMINATION FOR M.B., AND THE SPECIAL EXAMINATIONS IN NATURAL SCIENCE.

I. That the following Examiners be nominated as hereinafter provided and appointed by Grace of the Senate at a congregation before the division of the Michaelmas Term in each year.

(1) Two Examiners in Physics whose duty it shall be to take part in the Examinations for the Natural Sciences Tripos; and two Examiners in Elementary Physics whose duty it shall be to take part in the First Examination for M.B., and the Special Examinations in Physics and in Chemistry.

(2) Two Examiners in Chemistry whose duty it shall be to take part in the Examinations for the Natural Sciences Tripos; and two Examiners in Elementary Chemistry whose duty it shall be to take part in the First Examination for M.B. and the Special Examinations in Physics and in Chemistry.

(3) Two Examiners in Mineralogy whose duty it shall be to take part in the Examinations for the Natural Sciences Tripos.

(4) Two Examiners in Geology whose duty it shall be to take part in the Examinations for the Natural Sciences Tripos.

(5) Two Examiners in Botany whose duty it shall be to take part in the Examinations for the Natural Sciences Tripos.

(6) Two Examiners in Zoology whose duty it shall be to take part in the Examinations for the Natural Sciences Tripos.

(7) Two Examiners in Elementary Biology whose duty it shall be to take part in the First Examination for M.B.

(8) Two Examiners in Human Anatomy for the Natural Sciences Tripos whose duty it shall be to take part in the Examinations for the Natural Sciences Tripos; and two Examiners in Human Anatomy for Medical Degrees.

(9) Two Examiners in Physiology for the Natural Sciences Tripos whose duty it shall be to take part in the Examinations for the Natural Sciences Tripos and the Special Examination in Physiology; and two Examiners in Physiology for Medical Degrees.

II. That, as heretofore, it be the duty of the Regius Professor of Physic to take part as Examiner *ex officio* in the First and Second Examinations for M.B.

III. That each of the two Examiners in Physics, and in Chemistry, receive from the University Chest a fixed stipend of twenty pounds together with the sum of five shillings for each Candidate examined by him in the Natural Sciences Tripos.

That each of the two Examiners in Human Anatomy and in Physiology for the Natural Sciences Tripos receive from the University Chest a fixed stipend of twenty pounds together with the sum of five shillings for each Candidate examined by him in the Natural Sciences Tripos, or in a Special Examination.

That each of the two Examiners in Human Anatomy and in Physiology for Medical Degrees receive from the University Chest a fixed stipend of ten pounds together with the sum of five shillings for each Candidate examined by him in the Second Examination for M.B.

That each of the two Examiners in Geology and in Botany receive from the University Chest a fixed stipend of twenty pounds together with the sum of five shillings for each Candidate examined by him in the Natural Sciences Tripos, and that each of the two Examiners in Zoology and Comparative Anatomy receive from the University Chest a fixed stipend of twenty pounds, to be increased to thirty pounds in the event of their being required to examine candidates in subject (8) in the Second Part of the Natural Sciences Tripos, together with the sum of five shillings for each candidate examined by him in the Natural Sciences Tripos.

That each of the two Examiners in Mineralogy receive from the University Chest a fixed stipend of twenty pounds together with the sum of five shillings for each Candidate examined by him in the Natural Sciences Tripos.

That each of the two Examiners in Elementary Physics, in Elementary Chemistry, and in Elementary Biology receive a fixed stipend of thirty pounds together with the sum of two shillings for each Candidate examined by him in the First Examination for M.B. or in the Special Examinations in Physics or in Chemistry or in the Preliminary Examination in Science.

IV. That the Examiners in Physics, in Chemistry, and in Mineralogy, one of the Examiners in Elementary Physics and one of the Examiners in Elementary Chemistry, be nominated by the Special Board for Physics and Chemistry with the concurrence of a joint meeting of the Special Boards for Medicine, Physics and Chemistry, and Biology and Geology.

That the Examiners in Geology, in Botany, in Zoology, in Physiology, and in Human Anatomy for the Natural Sciences Tripos, and one of the Examiners in Elementary Biology, be nominated by the Special Board for Biology and Geology with the concurrence of a joint meeting of the Special Boards for Medicine, for Physics and Chemistry, and for Biology and Geology.

That the Examiners in Human Anatomy and in Physiology for Medical Degrees, and one of the Examiners in Elementary Physics, in Elementary Chemistry, and in Elementary Biology, be nominated by the Special Board for Medicine with the concurrence of a joint meeting of the Special Boards for Medicine, for Physics and Chemistry, and for Biology and Geology.

That if the joint meeting of the Special Boards as aforesaid refuse to concur in any nomination made by a Special Board, it be the duty of such Special Board to proceed to make another nomination, and that, if the

joint meeting refuse to concur in such second nomination, the nomination for that turn be made by the Vice-Chancellor.

V. That the following rules apply to the Examiners appointed in accordance with the regulations contained in this Report.

(1) The Examiners in each subject shall be jointly responsible for all the questions in that subject set in the several Examinations in which they take part.

(2) In the Examinations for the Natural Sciences Tripos, and in the second Examination for M.B., the papers in each subject of all the candidates shall be looked over and their practical work tested by both the Examiners in that subject.

(3) In the Special Examinations in Natural Science no candidate shall be placed in the First Class unless his papers in each subject have been looked over and his practical work tested by both the Examiners in that subject.

(4) No candidate shall be judged to have failed to pass in any subject in any of the Examinations unless his papers have been looked over and his practical work tested by both the Examiners in that subject.

(5) The Examiners in each subject shall both be present at all oral examinations in that subject.

(6) The Examiners taking part in a Special Examination in Natural Science shall send a report of the results of the Examination to the Secretary of the Board of Examinations within a week after the publication of the Class List.

(7) The Examiners in each subject shall both be present at the meeting for arranging the Class List of any Examination wherein they take part.

VI. That each Examiner appointed in accordance with the regulations contained in this Report be a member of the Special Board of Studies by which he was nominated; that any Examiner in whose case the nomination has been made by the Vice-Chancellor be a member of the Special Board originally charged with the nomination; and that each Examiner become a member of such Board at the beginning of the term succeeding his appointment, and hold office for twelve months.

EXAMINATION IN SANITARY SCIENCE.

Two Examinations will be held during the year 1914; one in April, and one in October. In April Part I of the Examination will begin on Wednesday, April 1, and Part II on Monday, April 6. In October Part I of the Examination will begin on Monday, October 5, and Part II on Monday, October 12.

Any person possessing a registered qualification in Medicine, Surgery, and Midwifery may be a candidate provided that

I. Before admission to Part I, he produce satisfactory evidence that, after obtaining a registrable Qualification, he has received practical instruction in a Laboratory or Laboratories, British or Foreign, approved by the State Medicine Syndicate, in which Chemistry, Bacteriology, and the Pathology of the Diseases of Animals transmissible to Man are taught;

II. Before admission to Part II, his course for the Diploma has extended over a period of not less than nine calendar months; and he produce satisfactory evidence—

(i) *Either* (1) that, after obtaining a registrable Qualification, he has during six months been diligently engaged in acquiring a practical knowledge of the duties, routine and special, of Public Health Administration under the personal supervision of—

(a) In England and Wales, the Medical Officer of Health of a County or of a single or combined Sanitary District having a population of not less than 50,000, or a Medical Officer of Health devoting his whole time to Public Health work; or—

(b) In Scotland, a Medical Officer of Health of a County or Counties, or of one or more Districts having a population of not less than 30,000; or—

(c) In Ireland, a Medical Superintendent Officer of Health of a District or Districts having a population of not less than 30,000; or—

(d) In the British Dominions outside the United Kingdom, a Medical Officer of Health of a Sanitary District having a population of not less than 30,000, who himself holds a registrable Diploma in Public Health; or—

(e) A Medical Officer of Health who is also a Teacher in the Department of Public Health of a recognised Medical School; or—

(f) A Sanitary Staff Officer of the Royal Army Medical Corps having charge of an Army Corps, District, Command, or Division, recognised for this purpose by the General Medical Council; or—

(g) An Assistant Medical Officer of Health of a County, or of a single Sanitary District having a population of not less than 50,000, provided the Medical Officer of Health of the County or District in question permits the Assistant Officer to give the necessary instruction and issue certificates:

or (2) that he has himself held for a period of not less than three years an appointment as Medical Officer of Health of a Sanitary District within the British Dominions, and having a population of not less than 15,000.

and (ii) that, after obtaining a registrable Qualification, he has during three months attended at least twice weekly the practice of a Hospital for Infectious Diseases, at which he has received instruction in the Methods of Administration.

The Certificate of an Assistant Officer of Health of a County or of a single Sanitary District having a population of not less than 50,000 may be accepted as evidence under paragraph (ii), provided the Medical Officer of Health of the County or District in question permits the Assistant Officer to give the necessary instruction and to issue certificates.

* * The provisions as to previous study, paragraphs I and II, shall not apply to Medical Practitioners registered, or entitled to be registered, on or before January 1, 1890. A candidate, who previous to January 1902 was admitted or was qualified for admission to the examination, or who had already entered on the course of study prescribed by the Regulations in force before that date, will continue to be admissible on presenting the certificates required under the Old Regulations.

The First Part of the Examination will have reference to the General Principles of Sanitary Science, and will comprise the following subjects.

The elements of chemistry and physics: methods of chemical analysis, and in particular the analysis of foods, air, water and sewage. The laws of heat and the elements of pneumatics, hydrostatics, and hydraulics, in their application to warming, ventilation, water-supply, and drainage. The

geological and other conditions determining the healthiness of sites for dwellings. Sources, storage, and purification of water-supply. The elements of meteorology in relation to health. The effects on health of season and climate. The general principles and chemistry of sewage disposal. Disinfectants, their chemistry and use. The microscopical examination of foods, and the detection of the commoner forms of contamination. Effects on health of overcrowding, vitiated air, impure water, polluted soils, and bad or insufficient food. The methods of bacteriological investigation and analysis. The bacteriology of air, water, food, and soil. The general pathology of infection, and of the diseases of animals that are transmissible to man.

The Second Part of the Examination will have reference to State Medicine and to the applications of Pathology and Sanitary Science, and will comprise the following subjects.

Laws and Statutes relating to Public Health¹. The model By-Laws of the Local Government Board. Sanitation of dwellings, schools, factories, and workshops, and of villages and towns. School hygiene. Inspection of slaughter-houses, cow-sheds, etc. Inspection of meat and other articles of food. Principles of building-construction in their application to dwellings, hospitals, and schools. The general principles and practice of sanitary engineering. General Epidemiology, with special reference to the origin, pathology, symptoms, propagation, geographical distribution, and prevention of the epidemic, endemic, and other infective diseases both of temperate and of tropical climates. The methods applicable to the medical investigation of epidemics. Unwholesome trades and occupations, and the diseases to which they give rise. Nuisances injurious or dangerous to health. The principles and methods of Vital Statistics in relation to Public Health.

N.B. The foregoing Schedule is not to be understood as limiting the scope of the examination, which will include every branch of Sanitary Science. No candidate will be approved by the Examiners who does not shew a high proficiency in all the branches of study, scientific and practical, which bear upon the duties of Medical Officers of Health.

The Examination in both Parts will be oral and practical as well as in writing.

Candidates may present themselves for either Part separately or for both together at their option; but the result of the examination of any candidate will not be published until he has passed to the satisfaction of the Examiners in both Parts.

Marks of distinction will be placed opposite the names of candidates who have specially distinguished themselves either in (1) the General Principles of Hygiene, (2) Bacteriology, (3) Chemistry in Part I of the Examination, or (4) the Second Part of the Examination.

Every candidate will be required to pay a fee of six guineas before admission or re-admission to *either Part* of the examination, but candidates, who have presented themselves before the year 1896, will be re-admitted to either part on payment of a fee of five guineas.

Every candidate who has passed both Parts of the Examination to the satisfaction of the Examiners will receive a Diploma testifying to his competent knowledge of what is required for the duties of a Medical Officer of Health.

¹ All candidates will be examined in the provisions of the English Statutes relating to Public Health, but any candidate will be given an opportunity of shewing a special knowledge of other Sanitary Laws in operation within the British Empire, provided that, when applying for admission to the Examination, he give notice of his desire and indicate the Special Law he proposes to offer.

All applications for information respecting this Examination should be addressed to J. E. PURVIS, M.A., Secretary to the State Medicine Syndicate, The Chemical Laboratory, Pembroke Street, Cambridge.

Candidates who desire to present themselves for the Examination must send in their applications, on forms supplied for the purpose, to Dr J. N. KEYNES, Registry of the University of Cambridge, for the April examination on or before March 18, and for the October examination on or before September 21. The prescribed Certificates, together with the fees, must be sent to the Registry so as to reach him not later than 10 a.m. on March 23 and September 28 respectively. Cheques should be crossed "Barclay and Co. Ltd." The fee for either part of the examination cannot be returned to any candidate who fails to present himself; but he will be entitled without payment of an additional fee to be a candidate on one subsequent occasion.

EXAMINATION IN TROPICAL MEDICINE AND HYGIENE.

Examinations in Tropical Medicine and Hygiene will be held in Cambridge in January and in August. Each Examination will extend over four days.

Any person possessing a registrable qualification in Medicine, Surgery, and Midwifery is admissible as a Candidate to this Examination, provided

(I) that a period of not less than twelve months have elapsed between his attainment of a registrable qualification and his admission to the Examination;

(II) that he produce evidence, satisfactory to the Syndicate, that he has diligently studied Pathology (including parasitology and bacteriology) in relation to Tropical Diseases, Clinical Medicine and Surgery at a Hospital for Tropical Diseases, and Hygiene and Methods of Sanitation applicable to Tropical Climates.

* * As evidence of study and attainments a Candidate may present to the Syndicate (1) any dissertation, memoir, or other record of work carried out by himself on a subject connected with Tropical Medicine or Hygiene, (2) any Certificate or Diploma in Public Health or Sanitary Science he may have obtained from a recognised Examining Body. Such evidence will be considered by the Syndicate in determining whether he is qualified for admission to the Examination, and by the Examiners in determining whether, if admitted, he shall be included in the list of successful Candidates.

The Examination will have reference to the nature, incidence, prevention, and treatment of the epidemic and other diseases prevalent in Tropical Countries. It will comprise the following subjects:

1. The methods of pathological and bacteriological investigation. The examination of the blood. The characters, diagnosis, and life-history of animal and vegetable parasites. The examination, chemical and microscopic, of poisonous or contaminated foods and waters.

2. The origin, pathology, propagation, distribution, prevention, symptoms, diagnosis, and treatment of the epidemic, endemic, and other diseases of Tropical climates, including—Malaria; Blackwater Fever; Trypanosomiasis; Relapsing Fever; Dengue; Yellow Fever; Plague; Tetanus; Beri-beri; Dysentery and Hepatic Abscess, Cholera, Enteric Fever, Malta Fever, and Specific Diarrhoeal affections of the Tropics; Diseases due to Cestode and other worms; Filariasis; Bilharzial disease; Specific Boils, Sores, and other Cutaneous affections; Mycetoma; Ophthalmic affections of the Tropics; affections caused by poisonous Plants and Animals, and by poisoned weapons; Sunstroke.

3. The general effects on health in the Tropics of seasons and climate, soil, water, and food. Personal hygiene, acclimatisation. Principles of general hygiene, with special reference to food- and water-supplies, sites, dwellings, drainage, and the disposal of refuse. The Sanitation of native quarters, camps, plantations, factories, hospitals, asylums, jails, pilgrim and coolie ships. Principles and methods of disinfection.

The Examination will be partly in writing, partly oral, and partly practical and clinical. The clinical part will be conducted at a hospital for Tropical Diseases, at which cases will be submitted for diagnosis and comment.

Every Candidate will be required to pay a fee of nine guineas before admission or re-admission to the Examination. A Candidate, who after being approved for admission fails to present himself at the Examination, will not have the fee returned, but will be entitled to present himself without further fee on *one* subsequent occasion.

Every Candidate who passes the Examination to the satisfaction of the Examiners will receive from the University a Diploma testifying to his knowledge and skill in Tropical Medicine and Hygiene.

All applications for information respecting the Examination should be addressed to Dr G. S. Graham-Smith, Pathological Laboratory.

Candidates who desire to present themselves for the Examination must send in their applications on forms supplied for the purpose, and transmit them, together with the required evidence of study, and the fee of nine guineas, to The Registry of the University, Registry, Cambridge, not later than July 29 for the August Examination, or not later than December 30, for the January Examination. Cheques should be crossed "Barclay and Co. Ltd."

PROCEEDINGS IN SCIENCE AND IN LETTERS.

Students in Science who, having already taken a Degree in Arts, Law, Medicine, Surgery or Music, have given proofs of distinction in Science by some original contribution to the advancement of Science, and have done all that is required by the Statutes and Ordinances of the University, may be admitted to the title of Doctor Designate in Science, and shall afterwards be created Doctors at the time prescribed by the University. *Stat. A. c. ii. § 12.*

Students in Letters who, having already taken a Degree in Arts, Law, Medicine, Surgery or Music, have given proofs of distinction by some original contribution to the advancement of Learning, and have done all that is required by the Statutes and Ordinances of the University, may be admitted to the title of Doctor Designate in Letters, and shall afterwards be created Doctors at the time prescribed by the University. *Stat. A. c. ii. § 13.*

The day for creation is in each case the Tuesday immediately preceding the last day of Easter Term.

REGULATIONS FOR THE DEGREES OF DOCTOR IN SCIENCE AND DOCTOR IN LETTERS.

1. Any person may be a Candidate for the degree of Doctor in Science or Doctor in Letters who is a Master of Arts, Law, Surgery or Music, of not less than five years' standing, or a Bachelor of Medicine of not less than seven years' standing.

2. Such Candidate shall make his application in writing to the Registry, stating at the same time which is the Special Board of Studies with which he considers that the subject of his original contribution to the advancement of Science or Learning is most nearly connected, and shall specify therein the printed contribution or contributions to the advancement of Science or Learning on which his claim for a degree is based. He shall at the same time send to the Registry a copy of each of the contributions to the advancement of Science or Learning specified in his application, and a fee of ten guineas for the University Chest. If the application is granted, this sum shall form part of the University fee for the Degree. The Registry shall forthwith forward the application to the Chairman of the Special Board indicated.

3. Such applications shall be referred to a Committee of the Special Board of Studies, to be called the Degree Committee of the Board. The Degree Committee shall consist of the Chairman of the Board, of the Professors and Readers who are members of such Board either by Statute or by Grace as Professors (including the Public Orator in the case of the Classical Board) or Readers, and Members of the Senate elected to serve on the Board on the nomination of the Council of the Senate. Provided that the Committee shall have power to co-opt, at any time between the annual election of the new member of the Board in the Michaelmas Term and the end of the first quarter of the ensuing Lent Term, not more than two additional members, each of them being either an actual member of the Special Board or already nominated as an additional member by the Board; provided further that a person so nominated shall not become a member of the Degree Committee until he shall have been approved by the Senate as an additional Member of the Board. The persons thus co-opted shall remain members of the Degree Committee till the last day of the next following Michaelmas Term, provided that no person shall continue to be a member of the Degree Committee after he has ceased to be a member of the Special Board.

4. If such Committee shall be of opinion that the original contributions to the advancement of Science or Learning constitute *prima facie* a qualification for a degree, they shall obtain reports upon them from not less than two persons, who may be members of the Committee or not. These reports shall be treated as confidential documents. If referees are not appointed the fee of ten guineas paid by the applicant under Regulation 2 shall be returned to him.

5. The Committee shall direct that a fee, not less than three guineas and not more than five, shall be paid from the University Chest to each referee.

6. If the Committee be of opinion that the degree should be granted, their resolution to that effect, with the names of those present, and of those voting on either side, accompanied by the report of the referees, shall be communicated to the General Board of Studies.

7. No final resolution of the Committee on the subject of the grant of a degree shall be taken except at a meeting at which not less than two-thirds of the Members of the Committee are present.

8. If the General Board of Studies after receiving such communication shall be of opinion that the degree ought to be conferred, the Vice-Chancellor shall publish the name of the Candidate as approved for the degree of Doctor in Science or Doctor in Letters as the case may be.

9. If the Committee either without obtaining a report or after receiving the report of the referees shall be of opinion that a degree ought not

to be granted, the Chairman of the Special Board of Studies shall inform the Candidate of the fact.

10. No Candidate for a degree shall be present at the deliberations either of the Committee or of the General Board of Studies respecting his own case.

11. The fee payable on admission to the degree of Doctor in Science or Doctor in Letters shall be £25.

12. Candidates for the degrees of Doctor in Science or Doctor in Letters shall be presented for their degrees by the Chairman of the Special Board of Studies or by a Doctor in Science or Letters as the case may be deputed by him.

13. Doctors in Science and Doctors in Letters shall take precedence immediately after Doctors in Medicine in the order of seniority of their complete degree.

14. Doctors in Science or Letters created Doctors on or before the Commencement Day of the year 1887 shall after that day take precedence as if they had all been created Doctors on that day.

RESOLUTIONS OF THE GENERAL BOARD OF STUDIES.

28 May 1912.

1. That in all cases it is desirable that there should be at least two independent reports by the referees on all applications for the degree of Litt.D. or Sc.D.

2. That when practicable, one at least of the referees, appointed to consider an application by a resident member of the University, for the degree of Litt.D. or Sc.D., should be either not a member of the University or not a resident member of the University.

PROCEEDINGS IN MUSIC.

A Student in Music must have kept by residence nine terms before he can be admitted Bachelor Designate in Music.

A Bachelor in Music who has, previously to graduation, kept by residence nine terms may be admitted Inceptor in Music after three years from Inauguration (for Inauguration, see p. 138). An Inceptor in Music becomes a complete Master of Music by creation on the Tuesday immediately preceding the last day of the Easter Term.

Persons not being less than thirty years of age who have graduated in some Faculty of the University and have given proofs of distinction in Musical Composition, may be admitted to the title of Doctor Designate in Music. Doctors Designate in Music are created Doctors on the Tuesday immediately preceding the last day of the Easter Term.

REGULATIONS FOR THE DEGREE OF BACHELOR OF MUSIC.

The Examination for the Degree of Mus.B. shall consist of two parts :

(1) Part I. An Examination in (a) Acoustics, (b) Harmony, (c) Counterpoint :

(2) Part II. A more advanced Examination in Music.

No student shall be admitted as a Candidate for Part I of the Examination for the Degree of Mus.B. unless he has passed Parts I and II of the Previous Examination (or some other Examination accepted by the University as conferring exemption from them), and is in his second Term of residence at least ; and no student shall be admitted as a Candidate for Part II of the Mus.B. Examination unless he has passed Part I of that Examination or the Special Examination in Music for the B.A. Degree, and is in his eighth term of residence at least.

A student who has passed Part II of the Examination for the Degree of Mus.B. shall be entitled to receive that Degree so soon as he has kept nine terms of residence.

Part I of the Examination shall be conducted partly on paper and partly *vivâ voce*, and be held on the Tuesday and Wednesday next but three before the General Admission to the B.A. Degree in the Easter Term.

The names of the successful Candidates shall be published in the Senate-House at the latest at 10 a.m. on the Thursday before the General Admission to the B.A. Degree in the Easter Term.

The names of the successful Candidates shall be arranged in two classes, those in the first class being placed in order of merit, and those in the second alphabetically.

Part II of the Examination shall be held concurrently with Part I in the Easter Term.

The names of the successful Candidates shall be published in the Senate-House at the latest at 10 a.m. on the Thursday before the first day of General Admission to the B.A. Degree in the Easter Term.

The names of Candidates for Part I of the Examination shall be sent by the Tutors (either directly or through the Prælectors) of the several Colleges and Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board, to the Registry at least three weeks before the Examination, and Candidates for the Special Examination in Music shall be specified as such.

The names of Candidates for Part II of the Examination shall be sent by the Tutors (either directly or through the Prælectors) of the several Colleges and Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board to the Registry at least three weeks before the Examination.

Candidates who are Members of the Senate may send their names directly to the Registry not less than three weeks before the beginning of each Examination.

The Registry shall send to the Tutors and Prælectors of the several Colleges and Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board a First List of candidates for examination in either Part not less than fourteen days before the commencement of each Examination. He shall also issue Corrected Lists the seventh day before the commencement of each Examination.

The name of a candidate shall not be printed in the Corrected List of candidates until the fee due from him in respect of the examination shall

have been paid to the Registry. And no candidate shall be allowed to attend any of these Examinations unless (a) his name shall be sent to the Registry, and he be certified by the Registry to the Senior Resident Examiner to be eligible as a candidate, and (b) the Senior Resident Examiner shall grant him permission to be examined.

If any candidate for examination whose name has not been sent in to the Registry and his fee paid on or before the tenth day previous to the commencement of either Examination be nevertheless admitted to the Examination, he shall be required to pay through the Registry to the University a fee of £1 together with the fee due for the Examination.

The Examiner present on the first morning of each examination shall send to the Registry a copy of the Corrected List of candidates with such further corrections, if any, as may be necessary, certified by him to be a correct list of the candidates actually under examination; and this list shall be considered to be the Final List of candidates for such examination, and shall be preserved in the Registry.

Lists or Names shall be considered to have been sent to the Registry on a day specified, if they have been delivered at or posted to his office on that day.

If any of the dates specified for issuing or sending lists fall on a Sunday the lists in question shall be issued or sent on the Saturday previous.

Subjects.

(10) The playing at sight from figured Bass and from Vocal and Orchestral Score. (11) General Musical History. (12) A general knowledge of the standard classical works of the great composers.

The Examinations for the Degree of Bachelor of Music shall be conducted by the Professor of Music, assisted by two or more Examiners nominated annually by the Board of Musical Studies, and elected by the Senate, of whom one at least shall be a member of the Senate or have been admitted to the Degree of Doctor of Music in the University, or to the Title of that Degree.

REGULATIONS FOR THE DEGREE OF MASTER OF MUSIC.

This Examination shall consist of two parts: Part I. An Examination in the higher branches of Music: Part II. The Exercise.

No person shall be allowed to present himself as a Candidate for Part I of the Examination for the Degree of Mus.M. unless he shall have kept by residence nine Terms at least and two years shall have elapsed since the completion by inauguration of his Degree of Mus.B.; nor for Part II of the Examination unless he shall have passed Part I.

The Examination for the Degree of Mus.M. shall consist of two parts:

Part I. A written and oral Examination in the subjects specified below, to begin on the second Thursday in March.

Part II. The Exercise fulfilling the conditions specified below; this shall be sent in not later than the twentieth day of October. The fee due to the University shall be paid to the Professor of Music at the time of sending in the Exercise. Those Candidates whose Exercises have been provisionally approved by the Examiners shall be orally examined upon them in Cambridge on the first Thursday in December (the Professor of Music communicating with them for this purpose), and the list of those whose Exercises are finally approved shall be published in the usual manner on or before the following Monday.

Subjects.

Part I. The subjects of Examination shall be as follows:

- (a) Counterpoint in not more than eight parts.
- (b) The highest branches of Harmony.
- (c) Canon of various kinds in not more than four parts.
- (d) Fugue and Double Fugue in not more than four parts.

- (f) Instrumentation and scoring of Chamber and Orchestral Music.
- (g) The Analysis of some Classical Composition, the name of which will be announced by the Examiners at least six weeks before the day for Examination.

(h) The Art of Music historically and critically considered.

Part II. The Exercise shall be a composition on a sacred or a secular subject, written for the occasion; it shall occupy not less than twenty nor more than thirty minutes in performance, and fulfil the following conditions:—

- (a) It shall comprise some portion for one or more solo voices, and some considerable portion for a chorus of five real vocal parts.
- (b) It shall comprise some specimens of Canon and of Fugue.
- (c) The whole (except some single piece be for Voices alone) shall have an accompaniment for a full Band.

The names of Candidates for Part I of the Examination shall be sent by the Tutors (either directly or through the Prælectors) of the several Colleges and Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board to the Registry at least a fortnight before the Examination.

Candidates who are Members of the Senate may send their names to the Registry directly not less than a fortnight before the beginning of the Examination.

The Registry shall send to the Tutors and Prælectors of the several Colleges and Public Hostels the Principals of Hostels and the proper officer of the Non-Collegiate Students Board a First List of candidates for examination not less than ten days before the commencement of the Examination. He shall also issue Corrected Lists the fourth day before the commencement of the Examination.

The name of a candidate shall not be printed in the Corrected List of candidates until the fee due from him in respect of the examination shall have been paid to the Registry. And no candidate shall be allowed to attend the examination whose name does not appear in the Corrected List, unless (a) his name shall be sent to the Registry and he be certified by the Registry to the Senior Resident Examiner to be eligible as a Candidate, and (b) the Senior Resident Examiner shall grant him permission to be examined.

If any candidate for examination whose name has not been sent in to the Registry and his fee paid on or before the fifth day previous to the commencement of the Examination be nevertheless admitted to the Examination, he shall be required to pay through the Registry to the University a fee of £1 together with the fee due for the Examination.

The Examiner present on the first morning of the examination shall send to the Registry a copy of the Corrected List of candidates with such further corrections, if any, as may be necessary, certified by him to be a correct list of the candidates actually under examination: and this list shall be considered to be the Final List of candidates for the examination, and shall be preserved in the Registry.

Lists or Names shall be considered to have been sent to the Registry on a day specified, if they have been delivered at or posted to his office on that day.

If any of the dates specified for issuing or sending lists fall on a Sunday the lists in question shall be issued or sent on the Saturday previous.

The Exercise (Part II) must be sent to the Professor of Music, legibly written (with the pages numbered) and accompanied by a written declaration, signed by the Candidate, that the work is his own unaided¹ composition.

The Prælector or Censor shall certify to the Professor of Music at or about the time of sending in the Exercise that the Candidate's name is on the Boards of his College or on the list of Non-Collegiate Students.

Each Candidate before being admitted to his Degree shall deposit in the University Library a complete fair copy of his Exercise containing such emendations and such only as the Examiners may require.

The Examinations for the Degree of Mus.M. shall be conducted by the Professor of Music, assisted by two or more Examiners nominated annually by the Special Board for Music, and appointed by the Senate, of whom one at least shall be a member of the Senate, or have been admitted to the Degree of Doctor of Music in the University, or to the Title of that Degree.

¹ This expression is to be interpreted literally, and is meant to preclude the Candidate from obtaining the advice or assistance of any other person with reference to any portion of his Exercise at any stage of its design or composition. The declaration should be attached to the first page of the Exercise, and should take the following form:—"I, A. B., hereby declare that this Composition is entirely my own unaided work, and that it has not been submitted to any other person for advice, assistance, or revision."

Signed A. B., of _____ College,
in the presence of [Witness' names and address in full, and date].

REGULATIONS FOR THE DEGREE OF DOCTOR OF MUSIC.

1. Any person who has already graduated in some Faculty of the University and who is not less than 30 years of age may be a Candidate for the Degree of Doctor of Music.

2. Such Candidate shall make his application in writing to the Chairman of the Special Board for Music, and shall send to him therewith

(1) not more than three works of his own (printed or otherwise) upon which his claim for a degree is based; such works to include either an Oratorio, an Opera, a Cantata, a Symphony for orchestra, a Concerto, or an extended piece of Chamber Music.

(2) a fee of five guineas for the University Chest, which must be paid at each application made by a Candidate.

3. Such applications shall be treated as confidential and shall be referred to a Committee of the Special Board for Music, which shall consist of the Chairman of the Board, the Professor of Music, the University Lecturer in Harmony and Counterpoint and the Examiners for the Mus.M. Degree, and for Part II of the Mus.B. Examination for the current and the last two preceding years.

4. If such Committee shall be of opinion that these Compositions constitute *prima facie* a qualification for a degree, they shall obtain separate reports upon them from the Professor of Music and from not less than two additional persons who may be members of the Committee or not. These reports shall be treated as confidential documents.

5. Such Compositions shall be sent in not later than the twentieth day of January in each year.

6. If the Committee be of opinion that the work of reporting upon such compositions is such as to require remuneration they may direct that a fee not exceeding five guineas for the work of each Candidate shall be paid from the Chest to each referee.

7. If the Committee after considering the reports of the referees be of opinion that the degree should be granted, their resolution to that effect, with the names of those present and of those voting on either side, accompanied by the reports of the referees, shall be communicated to the General Board of Studies.

8. No final resolution of the Committee on the subject of the granting of a degree shall be taken except at a meeting at which not less than four members of the Committee are present.

9. If the General Board of Studies, after receiving such communication, shall be of opinion that the degree ought to be conferred, the Vice-Chancellor shall publish the name of the Candidate as approved for the Degree of Doctor of Music.

10. If the Committee either without obtaining a report, or after receiving the report of the referees, shall be of opinion that a degree ought not to be granted, the Chairman of the Special Board for Music shall inform the Candidate of the fact.

11. No Candidate for a degree shall be present at the deliberations either of the Committee or of the General Board of Studies respecting his own case.

12. Should none of the works approved have been published, the Committee may require the Candidate either to publish, or to deposit in the University Library, one of them, before his admission to the Degree.

13. Candidates for the degree of Doctor of Music shall be presented by the Professor of Music or by a Doctor of Music deputed by him, or by the Chairman of the Special Board for Music.

(Grace of October 24, 1895.)

Each Examiner other than the Professor of Music receives for Mus.B. Part I, £10; for Mus.B. Part II, £15.

Each Examiner for Mus.M. Part I, other than the Professor of Music, receives £10, and each Examiner for Mus.M. Part II (the Exercise), including the Professor of Music, £15, with an additional £2 for each Exercise after the sixth.

RESEARCH STUDENTS IN ARTS AND IN LAW.

Research Students in Arts shall keep by residence at least six terms. Having done all that is required by the Statutes and Ordinances of the University they may be admitted to the Title of Bachelor Designate in Arts.

Research Students in Law shall keep by residence at least six terms. Having done all that is required by the Statutes and Ordinances of the University they may be admitted to the Title of Bachelor Designate in Law. After such admission they shall have the same rank and privileges as Bachelors Designate in Arts. They shall be inaugurated Bachelors of Law, at the time prescribed by the University and shall have then the same rank and privileges as Bachelors of Arts.

REGULATIONS FOR RESEARCH STUDENTS IN ARTS AND LAW.

1. Applications for admission as Research Students shall be made to the Registry.

No person shall be admitted as a Research Student unless he has attained the age of twenty-one years.

2. Each application shall be accompanied by

- i. a diploma or other certificate of graduation at a University;
- ii. a statement as to the course of research which the applicant desires to pursue, together with such evidence of qualification, attainments, and previous study as he may be able to submit;
- iii. a certificate or declaration that the applicant has attained the age of twenty-one years.

3. In exceptional cases persons who do not present a diploma or certificate of graduation may be admitted as Research Students, provided that, in lieu thereof, they give such evidence of general educational qualification as may be approved by the Council of the Senate.

4. Applications shall, if possible, be submitted not later than June 1 in the academic year preceding that in which the applicant proposes to begin his course. But the Degree Committees of Special Boards of Studies shall have power to consider applications submitted at other times.

5. Subject to the approval of the Council of the Senate in cases coming under Regulation 3, the Registry shall communicate each application to the Chairman of the Special Board of Studies with which the proposed course of research appears to be most nearly connected; and the application shall be considered and decided by the Degree Committee of the Special Board.

6. The application shall not be granted unless it shall appear

i. that the course of research can conveniently be pursued within the University; and

ii. that the applicant has produced adequate evidence that he is qualified to enter upon the proposed course.

7. When the application has been decided, the Chairman shall inform the Registry of the decision; and the Registry shall inform the applicant.

8. A Research Student shall not be allowed to count any term before that in which he has matriculated, unless he has satisfied the Council of the Senate that his matriculation has been deferred for grave and sufficient cause.

9. A Research Student shall not be admissible as a candidate for any University Prize or Scholarship which is open only to undergraduates and Bachelors-designate in Arts or Law.

For the purposes of any regulation respecting the standing of candidates for other University Prizes or Scholarships the first term kept by a Research Student shall be counted as his seventh term.

10. A student who has been admitted to a course of research shall pursue that course under direction and supervision, prescribed by the Degree Committee, and under such other conditions, if any, as may be laid down by that Committee.

11. A student, who has after the first day of the term in which he was admitted to a course of research kept three terms by residence, may in the fourth or any subsequent term up to the twelfth after such admission send to the Registry, not later than the division of the term, a dissertation containing an account of and embodying the results of the research carried on by him in the University. The dissertation must be accompanied by a fee of £5 for the University Chest, and by a certificate shewing that the student has kept the required number of terms. The applicant shall state, generally in a preface to his dissertation and specifically in notes, the sources from which his information is derived, the extent to which he has availed himself of the work of others, and the portions of the dissertation which he claims as original.

The Registry shall forward the dissertation to the Chairman of the Degree Committee concerned; and the dissertation shall be referred to one or more persons appointed by the Committee, who shall have power to examine the student orally or otherwise upon the subject thereof and shall report thereon to the Committee. Each of the persons so appointed shall receive a fee of two guineas from the University Chest.

The Committee shall have power to take into consideration together with the dissertation any memoir or work published by the student which he may desire to submit to them.

By special permission of the Degree Committee, a dissertation may be submitted in a later term than his twelfth term.

No student may present a dissertation who is not at the time a Member of the University.

12. If the Degree Committee be of opinion that the work submitted by the student is of merit as an original contribution to learning or as a record of original research, the Chairman shall forward to the Registry a statement to this effect, indicating therein the subject or subjects of the student's research.

If the Degree Committee be of opinion that the dissertation submitted by the student is not of sufficient merit to serve as a qualification for the

Certificate of Research, they may determine the conditions, if any, under which the student shall be allowed again to submit to them a dissertation, and the Chairman shall inform the Registry, who shall inform the student, of this decision.

13. The statement shall be forwarded by the Chairman to the Registry, who shall embody it in a Certificate of Research in the following form:

This is to certify that
of _____ College admitted a Research Student of the
University of Cambridge has submitted to the Degree Committee of the
Special Board for

Dissertation entitled

embodying the results of his own investigations And that in the opinion
of the said Committee the work so submitted is of Merit as an original
contribution to learning [or, as a record of original research].

Vice-Chancellor

Chairman of the
Special Board
Registry

Cambridge

19

Each candidate before receiving his Certificate of Research shall deposit in the University Library a copy of his dissertation in a form approved by the Degree Committee.

14. A student who has obtained a Certificate of Research and has kept by residence at least six terms shall be entitled to proceed to the Degree of B.A. and thereafter under the usual conditions to the Degree of M.A. and to other Degrees in the University.

A student who has obtained a Certificate of Research upon a statement made by the Degree Committee of the Special Board for Law, and has kept by residence at least six terms, shall also be entitled to proceed to the Degree of LL.B., and thereafter under the usual conditions to the Degree of LL.M. and to other Degrees in the University; and may take the Degree of LL.B. either instead of, or in addition to, the Degree of B.A.

15. A Graduate of the University who desires to be admitted as a Research Student with a view to obtaining the Certificate of Research described in Regulation 13 shall make application, through the Registry, to the Chairman of the Special Board of Studies with which his proposed course of research appears to be most nearly connected; and the application shall be considered and decided by the Degree Committee of the Special Board.

16. The Degree Committee shall not grant the application unless they are satisfied

i. that the course or courses of research can conveniently be pursued within the University; and

ii. that the applicant has produced adequate evidence that he is qualified to enter upon the proposed course or courses.

17. If the application be granted, the student shall become entitled to a Certificate of Research upon satisfying the requirements of Regulations 10—13, except that he may submit his dissertation when he has kept by residence two terms after the first day of the term in which he was admitted to a course of research.

18. The fee ordinarily payable by a student, admitted to a course of research, for working in one of the University Laboratories or Museums shall be such fee not exceeding £4. 4s. per term as the Professor or other officer in charge of the Laboratory or Museum shall determine. The Professor or other officer in charge of the Laboratory or Museum may in addition require such payment as he may think fit for material or special apparatus supplied to the student.

ADMISSION OF STUDENTS FROM OTHER UNIVERSITIES.

Students in *statu pupillari* who before their admission as Members of the University have kept Terms by *bonâ fide* residence at the University of Oxford or at the University of Dublin be allowed Terms corresponding to those which they have so kept, provided

- (1) That for each Term allowed they produce a certificate satisfactory to the Council of the Senate that the corresponding Term or Terms have been duly kept according to the Regulations in force at the University from which they have migrated.
- (2) That the aggregate number of the days during which they have resided at that University in the Terms corresponding to those allowed be not less than the aggregate number of the days during which they would have been required to reside in this University in order to keep by residence the Terms allowed: provided that, if the aggregate be less, the deficiency may be supplied by counting days during which they have resided in some other Term which they have kept wholly or in part by residence at the University from which they have migrated.

A Graduate either of the University of Oxford or of the University of Dublin may be admitted by incorporation to the same Degree or Degrees as those which his own University had conferred upon him, if such admission be approved by a special Grace of which three days' notice shall have been given and such Graduate have previously

- (1) satisfied the Council of the Senate that he had qualified himself for his Degree or Degrees not only by having passed the Examinations and performed the Exercises required, but by having kept his Terms by residence in his own University:
- (2) satisfied the Council that there are adequate reasons for granting his application, and obtained the Council's permission to incorporate:
- (3) resided during the greater part of one Term at the least at Cambridge, such residence to be certified under the hand and seal of the Master of his College, or of the Chairman of the Unattached Students Board, or in default thereof be holding some office either in the University or in one of the Colleges:
- (4) become a matriculated member of the University.

AFFILIATED COLLEGES.

The University has power to adopt as an affiliated College in any place within the United Kingdom or in any part of the British dominion any institution founded for the education of adult students, with such conditions as to the provision of lectures, and as to the rules and arrangements for the students, as may be determined from time to time by Grace.

Students of the institution who have continued Members of it for such length of time, not less than two years and have attended such lectures and passed such examinations as may be required from time to time by Grace of the Senate if admitted as members of the University otherwise than as an Advanced Student are deemed, for such purposes and under such conditions as the Senate may from time to time by Grace determine, to be entitled to both of the following privileges:—

- (1) to be exempted from all parts of the Previous Examination;
- (2) to reckon the first term kept by residence as the second, third, or fourth term of his residence.

The University has power also to terminate at any time by Grace the connexion of the University with the institution as an affiliated College.

The University has power also to admit on like conditions to the privileges of students of an affiliated College adult students attending a course of education conducted by a Committee in concert with the University in places where there is no affiliated College.

The conditions vary considerably in the different cases; they are stated in the Book of Ordinances, and should be carefully examined.

Regulations for the admission, to the privileges of Affiliation, of Students who are not members of Affiliated Institutions:

1. Graduates of Universities, which have, on the recommendation of the Council of the Senate, been approved for the purpose by Grace of the Senate, shall be admitted to the privileges of affiliation, as defined in the Regulations for Affiliated Institutions and subject to like conditions. provided that they submit certificates shewing that they have attended classes in the University concerned for a period of not less than three years, and that in one or more of the examinations by which they have qualified for their degree they have passed in English, Latin, one additional language, and Mathematics.

2. A student claiming to be admitted to the privileges of Affiliation under the preceding Regulation shall be required (1) to have fulfilled the prescribed conditions before matriculation, (2) to matriculate and to pay the usual fee of £5, (3) to present to the Registry, in his first term of residence, the required certificate or certificates, and at the same time to pay a fee of £2 to the Registry for the University Chest.

The certificate or certificates may be presented at a time later than that above specified, but in such case an additional fee of £1 shall be paid to the Registry for the University Chest.

ADMISSION OF WOMEN TO UNIVERSITY EXAMINATIONS.

1. Female students who have fulfilled the conditions respecting length of residence and standing which Members of the University are required to fulfil may be admitted to the Previous Examination, and the Tripos Examinations.

stating the conditions under which she was admitted to the examinations of the University, the examinations in which she has satisfied the Examiners, and the Class and place in the Class if indicated to which she has attained in each of such Examinations.

11. *Temporary arrangements no longer in force.*

12. (a) The fee to be paid by each female student who has not been previously admitted to a Tripos Examination on admission to any undivided Tripos, or to the first part of any divided Tripos shall be five pounds.

(b) The fee to be paid by each female student on admission to the second part of any divided Tripos shall be two pounds.

The fee to be paid by each female student on admission to any undivided Tripos or part of a divided Tripos, after having passed any Tripos Examination, shall be two pounds.

13. The fee to be paid by each female student on admission to either part of the Previous Examination or to the Additional Subjects of that Examination shall be one pound.

14. It shall be the duty of the Syndicate appointed to conduct the Local Examinations and Lectures of the University to receive the fees paid by female students under these regulations: to provide therefrom for the remuneration of the Examiners and for all other expenses connected with the Examination: to appoint and to remunerate Members of the Senate to superintend the Candidates under examination: to determine the places of examination and provide whatever may be necessary for the proper conduct of the Examinations: to receive and examine the Certificates of qualification under Regulations 1—6: to allow such relaxations in the conditions affecting length of residence and standing as are allowed for illness or any other sufficient cause in the case of Members of the University: to prepare the Certificates given by the University under Regulation 10: and generally to manage all details connected with the admission of female students to the Examinations and to report to the Senate thereon as occasion may arise.

The following Regulations contain conditions respecting the recognition of institutions for the residence of Women who are Candidates for admission to Tripos Examinations. (Grace, April 30, 1884.)

1. That the building in which it is proposed that residence shall be kept under Regulation 2, sub-section (d), is suitable for the purpose.

2. That there is a Committee of Management consisting of not less than nine members, three at least of the members being resident Members of the Senate of the University of Cambridge, and that the ordinary place of meeting of the Committee is in Cambridge.

3. That the proposed arrangements for tuition and discipline are adequate.

4. That when application is made for the recognition of an establishment for the residence of women preparing for admission to Tripos Examinations, the Council shall ascertain that the conditions 1, 2, 3 are properly complied with, and shall thereupon make a Report to the Senate.

5. That in the first instance the recognition given by Grace of the Senate shall be for five years.

6. That the authorities of an establishment which has received recognition for five years shall give due notice of their intention to apply for a renewal of recognition, accompanied by a statement of the prospects of a permanent foundation. The Council of the Senate shall thereupon

make a Report to the Senate, recommending either the renewal of recognition for a further period of five years or longer, or permanent recognition, or the termination of recognition.

7. That on the expiration of a second period of recognition the establishment shall not receive any further temporary recognition, but if it has been established on a permanent footing it may receive permanent recognition on the recommendation of the Council of the Senate.

8. That the Council of the Senate may at any time make enquiry into the condition and management of such an establishment and may if they think fit recommend the termination of its recognition.

EXAMINATION OF WOMEN IN MUSIC.

1. Women shall be allowed to present themselves for the Examinations held by the University for the Candidates for the Degrees of Bachelor and Master of Music in the prescribed order of such Examinations, provided they fulfil the provisions of Clauses 1. 2. 3. 6. on pp. 153—157.

2. Women presenting themselves for these Examinations shall be required to pay a fee of £5 on their first admission and of £2. 10s. on any subsequent admission to each of the Two Parts of the Examination for the Degree of Mus.B., and a Fee of £6 on their first admission and of £3 on any subsequent admission to each of the Two Parts of the Examination for the Degree of Mus.M.

3. These Fees shall be paid in each case to the Professor of Music at the time of application for admission to the Examination, and shall be by him paid to the University Chest.

4. The Vice-Chancellor shall be authorised to defray out of the University Chest such expenses as may be necessarily incurred in consequence of the admission of women to the Musical Examinations of the University.

5. The arrangements for conducting the Examination together with the collection and distribution of the Fees shall be entrusted to the Special Board for Music.

6. The names of those women who satisfy the Examiners shall be published at the ordinary time in a separate list arranged in alphabetical order.

7. The Vice-Chancellor shall be authorised to grant Certificates to those women who shall have passed all the Examinations required of the Candidates for either Degree in Music, the form of such Certificate to be approved by the Special Board for Music.

LOCAL EXAMINATIONS AND LECTURES.

THE extra-mural work conducted by the Local Examinations and Lectures Syndicate falls under three heads: I. The Local Examinations; II. The Examination of Schools; III. The Local Lectures.

I. THE LOCAL EXAMINATIONS.

(i) LOCAL EXAMINATIONS FOR SENIOR AND JUNIOR STUDENTS.

These Examinations were instituted in 1858. They are conducted at various places throughout the country by means of printed papers set by a central body of Examiners and worked by the candidates in the presence of Examiners sent down for that purpose. For seven years the Examinations were open to boys only. In 1865, a Grace of the Senate admitted girls also to the

Examinations for 1865, 1866, 1867; and in 1867 girls were put permanently on the same footing as boys. The Examinations in the year 1907 were held for the first time in July as well as in December.

Candidates are admitted to the Examinations without limit of age, but Senior Students cannot be placed in one of the Honour Classes unless they are under 19, and Junior Students cannot be placed in one of the Honour Classes unless they are under 16. Every Candidate pays to the Syndicate a fee of £1. The local expenses of providing an Examination room, stationery, &c., are borne by the local Committee of Management at each centre of Examination, and to meet these expenses a local fee is charged to each Candidate by the local Committee. This fee is usually from five to ten shillings.

Senior Candidates can procure exemption from the Previous Examination on the following terms:—

From Part I. by passing in the Gospel (including the Greek text), in Latin, and in Greek, or, from the Classical Papers only by passing in Latin and Greek;

From the Mathematical Papers of Part II. by passing in Arithmetic, Geometry, and Algebra; from the English Essay by passing also in English Composition; and from the Paper on Paley's *Evidences* and its substitutes, by passing also in Religious Knowledge or in Logic or in Chemistry or in Physics;

From the Additional Subjects by shewing a sufficient degree of merit either in Applied Mathematics, or in French, or in German.

The Senior Certificate is also accepted under certain conditions as affording exemption from Responsions in the University of Oxford, from the Matriculation Examination of the University of London; of the Universities of Manchester, Liverpool, Leeds, and Sheffield; of the University of Birmingham; and of the University of Wales.

Other exemptions afforded by the Junior and Senior Local Examinations are set forth in the Regulations.

(ii) PRELIMINARY LOCAL EXAMINATION.

A Preliminary Local Examination, to which only Students under 16 are admissible, and in which no Students are placed in any Honour Class unless they are under 14, was instituted in 1895. This Examination is held in July and December at the same time as the Examinations for Senior and Junior Students. Every Candidate pays to the Syndicate a fee of 10s. 6d.

(iii) HIGHER LOCAL EXAMINATION.

Examinations for Women above 18 years of age (now above 17 years of age) were instituted in 1869, and made permanent in 1871. They were thrown open to Men in 1873. They take place in June, and there is a supplementary Examination in December. Candidates must have completed seventeen years of age before the first day of the month in which the Examination is held, or must have obtained a Cambridge Senior Local Certificate, or an Oxford Senior Local Certificate,

or a Higher Certificate of the Oxford and Cambridge Schools Examination Board or a Matriculation Certificate of the University of London. The Syndicate are prepared to consider applications for admission to the Examination from students under 17 years of age who hold the Matriculation Certificates of other Universities. Each Candidate pays to the Syndicate a fee of £1. 10s., and £1 for each subsequent Examination.

Candidates are exempted from the Classical papers of Part I. of the Previous Examination if they pass at the same Higher Local Examination in the Latin and Greek set books and Latin Unprepared Translation and from the paper on the Greek Gospel if they also pass at the same or another Examination in the Greek Text of the New Testament: from the Mathematical papers of Part II. if they pass at the same Examination in Arithmetic, Geometry and Algebra; and from the English Essay if they also pass at the same or another Examination in English Language and Literature: and from the paper on Paley's *Evidences* and its substitutes, if they also pass at the same or another Examination in General Old Testament History or General New Testament History or Logic or Chemistry or Physics or Elementary Chemistry and Physics: from the Additional Subjects if they pass in French or German or Statics and Dynamics.

A Higher Local Honour Certificate admits to Tripos Examinations members of Girton and Newnham Colleges who have resided during a sufficient number of terms, provided that the Student has passed in Group B and in Group C.

The Higher Local Examination is accepted as a qualification for the admission of Women to the First Public Examination in the University of Oxford provided that they have passed in (a) Arithmetic, (b) two of the five Languages Latin, Greek, French, German, Italian, (c) either Geometry or Algebra.

(iv) CERTIFICATES OF PROFICIENCY IN MODERN LANGUAGES AND IN RELIGIOUS KNOWLEDGE.

The Certificates are designed for teachers who desire a satisfactory proof of their practical knowledge of the subjects with a view to teaching them in schools.

Three Certificates in Modern Languages have been established, namely in (1) French, (2) German, (3) English. The English Certificate is designed for foreign students, but is not limited to them.

The Examinations for the Modern Language Certificates, which are open to candidates who have completed the age of 20 years on 1 June of the year of examination, will be held in June of each year at the Cambridge and London (City) centres of the Higher Local Examination. The fee for each Certificate is £3, or for Candidates who have previously entered for the Higher Local Examination, £2. 10s.

The Certificate of Proficiency in Religious Knowledge, for which students may sit at any Higher Local centre, will be awarded to Candidates who in the course of two consecutive years have reached a sufficiently high standard in six papers in the Religious Knowledge group of the Higher Local Examination. The fee will be 10s. in addition to the ordinary Higher Local fees.

II. EXAMINATION AND INSPECTION OF SCHOOLS.

The Syndicate is prepared to undertake the Examination or Inspection of Schools. In 1912 seventy schools were thus examined or inspected.

A School may be examined partly by means of the Local Examinations and partly by means of a School Examination.

The Syndicate also undertakes examinations for the award of Scholarships on behalf of Colonial Governments, County Councils, and other public bodies.

III. LOCAL LECTURES.

The purpose of the Local Lectures and Classes (popularly known as "University Extension") is to provide the means of higher education for persons of all ranks and of both sexes engaged in the regular occupations of life. Lecturers are sent to deliver courses of lectures in provincial towns, each lecture being preceded or followed by a "class" for more detailed instruction. The charge, inclusive of everything but local expenses, for a course of 12 lectures and classes is £50. The first courses were arranged by the University of Cambridge in 1873, and the work has been taken up by other Universities and has been carried on in the country with increasing success. In 1886 powers were obtained to affiliate Lecture Centres to the University, and the following are now affiliated:—Exeter, Leicester, Northampton, Southport.

Full particulars as to the Local Examinations and the Examination of Schools can be obtained from J. H. FLATHER, M. A., Secretary for Examinations, and as to Local Lectures from the Rev. D. H. S. CRANAGE, Litt. D., Secretary for Lectures, at the Office of the Syndicate, Syndicate Buildings, Mill Lane, Cambridge.

OXFORD AND CAMBRIDGE SCHOOLS EXAMINATION BOARD.

THIS Board was formed in accordance with Articles of Agreement signed on Nov. 8, 1873, by representatives of the two Universities.

The Board examines such Schools as have a regularly constituted Governing Body, or prepare a fair proportion of their boys for the Universities, or in any other way give evidence of providing an education of the highest grade. It also grants Certificates to boys under education at School, who are examined under its authority. A Certificate Examination may be combined with the Examination of any School to which the Board appoints Examiners. Candidates under education at a School to which the Board does not appoint Examiners, and from which only a few Candidates are entered, are examined at a few convenient centres. The Board also undertakes the Inspection of Schools at any time during the School year, except when the Examinations are going on.

A School Examination, held under the authority of the Board, may be of one or more of the following kinds:—

- (a) Such an Examination in the general work of the School, extending either to the whole School or to portions of the School to be selected with the approval of the Board, as will enable the Examiners to report generally upon the School work.

- (b) Such an Examination in any main subject or subjects of instruction, extending either to the whole School or to portions of the School to be selected with the approval of the Board, as will enable the Examiners to report on the standard reached in that subject or subjects.
- (c) Such an Examination of the highest division of the School as will enable the Examiners to report upon the general work of that division, and, if required, to place the boys in order of merit, and to award exhibitions, scholarships, and prizes.

There is one Examination for Higher Certificates in each year in July.

The Examination for Higher Certificates includes the following Subjects :

—Group I. (1) Latin. (2) Greek. (3) French. (4) German. (5) Spanish. (6) Arabic.

Group II. (1) Elementary Mathematics. (2) Additional Mathematics. (3) Advanced Mathematics.

Group III. (1) Scripture Knowledge. (2) English. (3) History. (4) Geography.

Group IV. (1) Natural Philosophy (Mechanical Division). (2) Natural Philosophy (Physical Division). (3) Natural Philosophy (Chemical Division). (4) Natural Philosophy (Experimental Science). (5) Physical Geography and elementary Geology. (6) Biology. (7) Music.

Every Candidate is required to satisfy the Examiners in at least four Subjects taken from not less than three different groups, and no Candidate is permitted to offer more than six Subjects. If however a Candidate satisfy the Examiners in one subject taken from Group II. or IV., he may offer three subjects taken from Group I. ; also a Candidate who already holds a Higher or School Certificate may offer four subjects taken from not less than two different groups.

The Board also examines Girls under the same Regulations as for Boys, with four additional Regulations providing for the option of substituting Italian for Greek, and for being examined in Drawing, and for passing the required four subjects two at a time.

About five weeks after the Examinations, a list of all Candidates who have passed is published. To each successful Candidate a Certificate is given, signed by the Vice-Chancellors of the Universities of Oxford and Cambridge, specifying (a) the subjects in which the Candidate has passed merely, (b) the subjects in which he has passed with distinction. These Certificates confer exemption, under certain conditions, from various Examinations held by public bodies, including the Previous Examination in the University of Cambridge, and the Examination for Responsions in the University of Oxford.

There is an Examination for School Certificates in each year, in July, and another in December.

This Examination includes the following subjects:—Group I (1) Latin, (2) Greek, (3) French, (4) German; Group II (1) Elementary Mathematics, (2) Additional Mathematics; Group III (1) Scripture Knowledge, (2) English, (3) English History, (4) Outlines of Geography, with special reference to British Isles, (5) English History-and-Geography; Group IV (1) Mechanics, (2) Physics, (3) Chemistry, (4) Physics-and-Chemistry.

Candidates must satisfy the Examiners in not less than 5 subjects, of which English must be one, taken from not less than 3 Groups and at least one subject must be taken from Group I.

A Candidate who takes III (5) must not take III (3) or III (4); and a Candidate who takes IV (4) must not take IV (2) or IV (3).

There is an Examination for Lower Certificates in each year, in July.

This Examination includes the following subjects:—Group I. (1) Latin, (2) Greek, (3) French, (4) German, (5) Arabic, (6) Spanish; Group II. (1) Arithmetic, (2) Additional Mathematics; Group III. (1) Scripture Knowledge, (2) English, (3) English History, (4) Geography; Group IV. (1) Mechanics and Physics, (2) Physics and Chemistry, (3) Chemistry and Mechanics, (4) Experimental Science, (5) Botany; candidates may also offer Geometrical or Model Drawing. The same candidate cannot offer both IV (2) and IV (4).

Candidates must satisfy the Examiners in five subjects taken from not less than three groups, of which Groups I. and II. must be two; and must answer the questions so as to satisfy the Examiners that they have an adequate knowledge of English Grammar and Orthography. Girls can pass the required subjects at two Examinations.

REGULATIONS RESPECTING EXEMPTIONS FROM THE PREVIOUS EXAMINATION BY CERTIFICATE EXAMINATIONS HELD UNDER THE AUTHORITY OF THE OXFORD AND CAMBRIDGE SCHOOLS EXAMINATION BOARD.

1. A student, who at one and the same examination for a Higher or a School Certificate has satisfied the examiners in Latin and in Greek, is excused from the Classical Papers of Part I of the Previous Examination; and, if at *any* examination he has satisfied the examiners for either a Higher or a School Certificate in Scripture Knowledge including the Greek Text, or has satisfied the examiners for a Higher Certificate in a Prepared Book of the New Testament including the Greek Text, he is further excused from the Paper on the Greek Gospel (or its substitute).

2. The holder of two Certificates, each of which includes subjects sufficient for the award of a Higher or a School Certificate, which show that, exclusive of any additional endorsement on either Certificate, he has satisfied the examiners in Latin and in Greek, is excused from the Classical Papers of Part I of the Previous Examination; and, if at *any* examination he has satisfied the examiners either for a Higher or a School Certificate in Scripture Knowledge including the Greek Text, or has satisfied the examiners for a Higher Certificate in a Prepared Book of the New Testament including the Greek Text, he is further excused from the Paper on the Greek Gospel (or its substitute).

3. A candidate for a Higher Certificate who, at one and the same examination, has satisfied the examiners in one Greek Book (or Unprepared Greek Translation), in one Latin Book, the paper on which will include questions on Grammar, (or Latin Prose Composition), in Greek Grammar, and in Unprepared Latin Translation, is excused from the Classical Papers of Part I of the Previous Examination. Further, if at *any* examination for Higher Certificates he satisfies the examiners in Scripture Knowledge, or in a Prepared Book of the New Testament, including the Greek Text, he is excused from the paper on the Greek Gospel (or its substitute) in Part I of the Previous Examination.

4. A native of Asia or Africa not of European parentage, who at one and the same examination for a Higher Certificate or for a School Certificate, has satisfied the examiners in (1) Scripture Knowledge (in English) and English, or (2) in English and English History, is excused from all the papers of Part I of the Previous Examination with the exception of the papers in Arabic, Chinese, Sanskrit, or Pali.

5. A native of Asia or Africa not of European parentage, who has satisfied the examiners for Higher Certificates in Arabic, is exempted from the papers in Part I of the Previous Examination in one of the

Latin Classics and in Latin Unprepared Translation and from the alternative papers in Arabic.

6. A student, who at an examination for a Higher or a School Certificate has satisfied the examiners in Additional Mathematics, or at one and the same examination for a Higher Certificate has satisfied the examiners in Arithmetic and in the Algebra and Geometry of Additional Mathematics, is excused from the Mathematical Papers of Part II of the Previous Examination; if at *any* examination, he has satisfied the examiners for either Certificate in English or the examiners for the Higher Certificate in the English Essay, he is further excused from the English Essay; and, if at *any* examination, he has satisfied the examiners for the Higher Certificate in Scripture Knowledge or in a Paper on a Prepared Book of the Old Testament or in the Paper on the Outlines of Scripture Knowledge or in the Physical or Chemical divisions of Natural Philosophy or in Experimental Science, or has satisfied the examiners for the School Certificate in Scripture Knowledge or in Physics or in Chemistry or in Physics-and-Chemistry, he is further excused from the Paper on Paley's *Evidences* (and its substitutes).

7. A student, who at an examination for a Higher or a School Certificate, has satisfied the examiners either in French or in German, or in the Trigonometry, Statics and Dynamics of Additional Mathematics taken at one and the same examination, or at an examination for a Higher Certificate has satisfied the examiners in the Mechanical Division of Natural Philosophy, or at an examination for a School Certificate has satisfied the examiners in Mechanics, is excused from the examination in the Additional Subjects.

[Note. A '*special*' exemption is one which cannot be determined from an inspection of the list of successful Candidates or of the supplementary tables, by reason of its involving a *part* only of a subject.]

A Candidate for a higher Certificate can obtain *special* exemptions from the various papers of the Previous Examination under the following conditions:

If at some one Examination he satisfies the Examiners in

- (1) *either* Latin Book or Latin Prose,
- (2) Latin Unprepared Translation,
- (3) Greek Grammar,
- (4) *either* Greek Book or Greek Unprepared Translation,
- (5) a Prepared Book of the New Testament (including the Greek Text),

he is exempt from the whole of Part I of the Previous Examination;

if in (1), (2), (3), and (4), he is exempt from the whole of Part I except the Greek Gospel, and may obtain exemption from the Greek Gospel by passing in (5) at any Examination.

If at some one Examination he satisfies the Examiners in

- (1) Arithmetic,
- (2) Algebra, Parts I and II,
- (3) Geometry, Parts I and II,
- (4) Outlines of Scripture Knowledge or in a Prepared Book of the Old Testament or in Physics or Chemistry or Experimental Science,
- (5) English Essay,

he is exempt from the whole of Part II of the Previous Examination;

if in (1), (2), (3) and (4), he is exempt from the whole of Part II except the Essay, and may obtain exemption from the Essay by passing in (5) at any Examination;

if in (1), (2), (3) and (5), he is exempt from the whole of Part II except the Paley, and may obtain exemption from the Paley by passing in (4) at any Examination;

if in (1), (2) and (3), he is exempt from the Mathematical papers of Part II, and may obtain exemption from the Paley and the English Essay by passing in (4) and (5) at any Examination.

If at some one Examination he satisfies the Examiners in Trigonometry, Statics and Dynamics, he is exempted from the Additional Subjects of the Previous Examination.

For these special exemptions an additional fee of 5s. must be paid in May on entering for the Examination.

Any Candidate who is entitled to any of these *special* exemptions will receive from the Cambridge Secretary a statement to that effect.

Information, about both School Examinations and Examinations for Certificates, and Inspections of Schools, will be found in the Regulations of the Board, which are published by the Oxford and Cambridge University Presses, and may be procured from their agents. All communications relating to the Examinations and Inspections should be addressed to one of the Secretaries, E. J. Gross, Esq., M.A., Caius College, Cambridge, and P. E. Matheson, Esq., M.A. (of New College, Oxford) at 74, High Street, Oxford.

TEACHERS' TRAINING SYNDICATE.

By Grace of the Senate, February 7, 1878, the Teachers' Training Syndicate was appointed to organize courses of Lectures on the Theory, History and Practice of Education, to organize and superintend Examinations in the same subjects, and to award certificates of proficiency on the results of the Examinations. Later on the University established The Cambridge University Training College for Schoolmasters (till recently called 'The Day Training College'), the Primary Department in 1891, and the Secondary Department in 1898, in connection with the other work of the Syndicate. Both Departments of the Training College were in 1909 placed under the direct control of the Syndicate.

(1) EXAMINATIONS.

1. An Examination in the Theory, History, and Practice of Teaching will be held on Monday and Tuesday, June 22 and 23, 1914, for persons who have completed the age of 20 before July 15, 1914.

Forms of application for admission to the Examination and fees should be sent to the Secretary not later than May 13.

An Examination will also be held on Tuesday and Wednesday, December 1 and 2, 1914, for persons who shall have completed the age of 20 before January 15, 1915.

Forms of application for admission and fees should be sent in on or before October 28.

An Examination in Practical Efficiency will also be held, the dates of which will be arranged between the Principals of recognised Training Colleges and the Examiner or, in the case of students not belonging to such Colleges, by arrangement between the candidates and the Secretary.

A fee of £7. 10s. shall be paid to the Syndicate by each candidate, except in such cases where two or more are taking the Practical Examination at the same centre, when the fee shall be £5 for both parts of the examination. (See also § 5.)

Certificates will be granted to those who satisfy the Examiners in both parts of the examination.

2. No Candidate can be admitted to the Examination unless he or she be qualified by having passed some recognised examination. A list of the examinations at present recognised by the Syndicate may be obtained upon application to the Secretary.

3. The subjects of Examination will be:

Paper I.

The Aim of Education, and the Principles determining curriculum, in relation to social and individual needs. The Laws of correct thinking and of the growth of mind and character, as determining method of Instruction.

Paper II.

The History of Education during a certain period considered in the light of present needs.

In connection with this paper students who show a first-hand acquaintance with certain books will obtain special credit. From time to time a special period will be chosen and a special list of books issued. A Training College may present for the approval of the Syndicate a course alternative to the special period. If it be approved, on payment of an extra fee a special paper thereon will be set to the candidates from that College.

Paper III.

A. The Teaching of general Form Subjects.

B. The Teaching of a Special Subject or Subjects (to be chosen by the candidate).

No candidate can be allowed to pass in B without satisfying the examiners in A.

Candidates must give notice at least two months before the date of the examination which special subjects they intend to take.

The Certificate issued will state if a Special Subject is successfully presented.

Paper IV.

The Principles of discipline and its maintenance in schools of various kinds.

Physical Education, with special reference to hygienic conditions of school life.

The Organisation and Aim of Education and schools in the British Isles.

All these should be studied with reference to the practical needs of teachers.

4. The bases of the Examination in Practical Teaching will be: (1) Examination of the class taught by the candidate. (2) An inspection of the class while being taught. (3) Questions put to the teacher in private after the inspection. (4) A Report made by the Head Master or Mistress.

Candidates for Examination in Practical Teaching must have been engaged for at least a year in some school or schools recognised for this purpose by the Syndicate.

5. The Syndicate will also be ready to inspect in June or December 1914 any College established for the training of teachers other than elementary, and will award certificates of theoretical and practical knowledge to such candidates as may deserve them.

The June Examination will be held at the following centres, provided sufficient candidates present themselves for examination: London, Cam-

bridge, Liverpool, Cheltenham, Edinburgh, Aberystwyth, Cardiff, Waterford, Wantage, Oxford, Cork, Dublin, Rathfarnham: and the December Examination in London, Cambridge, and other centres where sufficient candidates present themselves.

Communications are to be addressed to the Secretary of the Syndicate, W. G. Bell, M.A., Warkworth House, Cambridge, who will afford any further information. Assistant Secretary: H. R. Royston, B.A.

(2) TRAINING COLLEGE FOR SCHOOLMASTERS.

Governing Body: The Teachers' Training Syndicate, consisting of The Vice-Chancellor; W. Durnford, M.A., King's College; F. H. Colson, M.A., St John's College; D. A. Winstanley, M.A., Trinity College; T. C. Lewis, M.A., Trinity College; The Rev. R. St J. Parry, D.D., Trinity College; A. C. Benson, M.A., Magdalene College; W. T. A. Barber, M.A., Gonville and Caius College; H. Thirkill, M.A., Clare College.

Hon. Principal of the Training College: Walter Durnford, M.A., Vice-Provost of King's College.

Vice-Principal, Master of Method and Lecturer on Education: S. S. F. Fletcher, M.A., King's College.

Lecturers and Supervisors of Practice { F. G. Blandford, M.A., Corpus Christi College.
C. Fox, M.A., Christ's College.

Lecturer on School Management: G. W. Martin, M.A., Head Master of Paradise Street School.

Director of Studies to Secondary Department: F. G. Blandford, M.A.

Lecturers to Secondary Department: C. Fox, M.A., W. H. S. Jones, M.A. Bursar, W. G. Bell, M.A., Trinity Hall.

The College consists of two departments, a Primary and a Secondary.

(a) Primary Department.

1. Candidates for admission to the Primary Department must be qualified as Three Year Students reading for a Degree according to the Regulations of the Board of Education, and must have complied with the conditions laid down by the Board of Education for Students taking University Degrees.

2. Before candidates are admitted they will be required to produce (1) a certificate of birth; (2) satisfactory testimony as to moral character from two responsible persons; (3) testimonials from Head Teachers and Managers of Schools in which they have been trained. Also in accordance with the Regulations of the Board of Education for the Training of Teachers, "(a) the medical officer of the College must certify that the state of their health is satisfactory, and that they are free from serious bodily defect or deformity; and (b) they must execute an indenture showing that they intend *bonâ fide* to adopt and follow the profession of teacher in a Public Elementary School or Training College."

3. All students must become matriculated students of the University, either as members of a College or of Fitzwilliam Hall. They must enter the Training College at the beginning of October and cannot be admitted after October 21, the day fixed by the University for matriculation. There is no examination for matriculation at Cambridge. The University year begins in October and ends in June: it consists of three terms amounting to about twenty-five weeks in all. Residence is obligatory during this period, but students of the Training College may find some further residence necessary in order to complete their practical training.

4. A fee of three guineas is charged for admission to the Training College but the whole of the grant allowed by the Board of Education will be paid to the students in instalments as received.

It has been found by experience that the minimum expenditure of Members of the Training College residing economically in lodgings, during the twenty-five weeks of necessary residence, is between £65 and £75 a year, exclusive of clothes and travelling expenses.

Since the opening of the College a number of Students have held Exhibitions or Scholarships given by certain Colleges or by Fitzwilliam Hall to members of the Training College. It is probable that this assistance will be continued in the future, but the exact number available in each year is uncertain.

(b) *Secondary Department.*

Students in the Secondary Department must ordinarily be graduates of this or some other University, but the Governing Body may admit other students at their discretion. The course of training is for a year, which may be spent wholly at the Training College, or partly under supervision in some school approved of by the Governing Body. They must attend such courses of lectures on the Theory, History and Practice of Education, and do such work in connection with them, as the Governing Body may from time to time prescribe. They must attend such Criticism, Model and Visiting Lessons given in connection with the Training College as the Governing Body may order. They shall give at least 60 days' teaching in a Practising School connected with the College.

The Theoretical work consists of lectures on the Theory, History and Practice of Education, on School Method and other kindred subjects, given by the Lecturers, who also guide the reading of the students and set and correct papers done by them. For the practical work special arrangements are made for each student to be placed for one or more terms in charge of an experienced Master at one or other of the three Schools in Cambridge, the Perse, County, and the Leys Schools. During the period of school-practice insisted on by the Board of Education, each Master superintends the work of the student during the whole time he is in school, and in addition gives him private instruction in questions relating to school work and discipline. The Masters are in close touch with the Staff of the Training College, so that an efficient supervision of both sides of the work is maintained. The Headmasters of several Public Schools away from Cambridge have kindly consented to receive students for continuous periods of teaching and observation.

The Students prepare for the Syndicate's examination, which they usually take at the end of their course.

The fee payable for the above course is £22. 10s. payable in terminal instalments of £10. 10s. 0d. for the 1st term, £7. 10s. 0d. for the 2nd term, £4. 10s. 0d. for the 3rd term.

A Free Studentship will be awarded for the year 1913—14, and probably for subsequent years.

Applications for admission and enquiries are to be addressed to the Principal of the College, at Warkworth House, Cambridge.

INDIAN CIVIL SERVICE STUDENTS.

By Grace of May 10, 1883, a Board of Indian Civil Service Studies was constituted, to consist of eight persons, of whom two should retire each year but be re-eligible. By Grace, March 11, 1897, the Board was constituted a Special Board of Studies to which the Sir Thomas Adams Professor of Arabic, the Regius Professor of Modern History, the Professor

of Sanskrit, were added as *ex officio* Members. By the last mentioned Grace the Board are empowered to appoint University Teachers. The principal function of the Board is to provide from time to time, for Indian Civil Service Students resident at Cambridge, such assistance in preparing for their final examinations, and also such special supervision, as they may think necessary, applying for that purpose such funds as may be assigned to them from time to time by the Senate. By Grace of Nov. 21, 1889, the Board was further authorised to correspond on behalf of the University with the Government and other bodies on all matters connected with the interests of Cambridge students proposing to become candidates for first selection for the Indian Civil Service; and by Grace of Nov. 20, 1890, it has been made the duty of the Board to report annually the results, as regards Cambridge candidates, of the examination for first selection, and any changes in the Regulations, and to append such remarks and suggestions as they may think useful.

The Board are also authorised, by Grace of March 16, 1893 (1) to arrange for or recognise lectures or other instruction in any of the subjects of the Indian Civil Service Open Competition; and in accordance with this Grace they publish at the beginning of each term a list of lectures to be delivered on some of the subjects not included in the lists published by the Special Boards of Studies: and (2) by Grace 6 of February 17, 1902, to use for the discharge of the duties assigned to the Board in regard to the Indian Civil Service Open Competition such portion of the funds assigned to them by the Senate as may from time to time not be required for the instruction and supervision of the Selected Candidates.

Information respecting the arrangements made from time to time by the Board may be obtained from the Secretary, H. A. Roberts, M.A., University Offices, St Andrew's Street, Cambridge.

An Association of Colleges has been formed to provide supplementary lectures in the subjects of the examination for the open competition. Mr G. P. Moriarty, 1, Mill Lane, has been appointed Director of Studies, and will advise Candidates with reference to their work for the Open Competition.

BHAUNAGAR MEDAL.

In July 1893 the sum of £200 was presented to the University by the Maharaja of Bhaunagar to found a Prize Medal, the conditions for the award of which were to be determined by Sir J. Peile, Member of the Council for India, Dr Peile, Master of Christ's College, and M. M. Bhownaggee, Esq., C.I.E. By Grace of the Senate, November 23, 1893, the following are the Regulations for the Prize:

1. There shall be a Medal to be called the Bhaunagar Medal.
2. The Medal shall be awarded annually to that one of the Selected Candidates for the Indian Civil Service who, having passed one of the Honour Examinations of the University and having also spent his year of probation at Cambridge, shall stand highest in the final list of Selected Candidates arranged by the combined results of the Examination for selection and the final Examination for Probationers.
3. If at any time it be decided that Probationers shall no longer reside at Cambridge or if for any other reason it shall seem expedient to make any changes in Regulation 2, it shall be lawful for the Senate to make such changes, provided that they be first submitted to His Highness

the present Maharaja of Bhaunagar during his lifetime, for his approval, or to such person as he may appoint for that purpose.

FOREIGN SERVICE STUDENTS COMMITTEE.

(Grace of 15 June 1905.)

1. That there be constituted a Foreign Service Students Committee.
2. There shall be a Director of a School of Living Oriental Languages, appointed by the Foreign Service Students Committee with the consent of the Vice-Chancellor. The Director shall perform such duties and receive such stipend, out of the funds at the disposal of the Committee, as the Committee may determine. He shall hold office for five years and shall be eligible for reappointment in the same manner.

3. The Foreign Service Students Committee shall consist of the Director of the School of Living Oriental Languages, together with two members appointed by the Senate on the nomination of the Council of the Senate, three appointed by the Senate on the nomination of the Special Board for Oriental Studies, and a member of the Appointments Board appointed by the Senate on the nomination of that Board. The appointment shall be in each case for three years. Of the members appointed by the Senate two shall retire in each year. A retiring member shall be eligible for reappointment.

Notice of the agenda of each meeting shall be sent to the Secretary of State for Foreign Affairs who may, whenever he thinks it desirable, nominate a delegate to take part in the deliberations. Such delegate shall, on each occasion for which he is appointed, have the same powers as a member of the Committee.

4. The duties of the Committee shall be

(a) to make arrangements for the instruction and general supervision (i) of the Student Interpreters sent from time to time to the University by the Foreign Office, (ii) of selected candidates for the Egyptian and Sudan Civil Service, and (iii) of any similar class of students, assigned to them by Grace of the Senate, and not under the supervision of the Special Board of Indian Civil Service Studies:

(b) to administer the fund supplied by the Foreign Office for the instruction of Student Interpreters, and any other funds supplied by other bodies for a similar purpose, with the exception of the annual subvention of £500 made by the Government of India:

(c) to report to the Vice-Chancellor for publication to the Senate at least once a year:

(d) to promote in the University the study of Living Oriental Languages:

(e) to perform such other functions as may from time to time be assigned to them by the Senate.

5. The Committee shall arrange for such lectures as may be required for the students under their charge, and shall, before the beginning of each term, publish a list of the lectures for which they have arranged.

6. There shall be teachers of Living Oriental Languages, appointed by the Committee on the recommendation of the Director on such conditions as the Committee shall approve. They shall perform such duties, and receive such stipend, out of the funds at the disposal of the Committee, as the Committee shall determine.

7. The teachers so appointed shall, on the recommendation of the Committee, and with the consent of the Vice-Chancellor in each case, bear the title of University Teacher, and shall have the same privileges as the University Teachers appointed by the Special Board for Indian Civil Service Studies (*Ordinances*, pp. 371, 480).

AGRICULTURAL SCIENCES.

REGULATIONS RESPECTING THE BOARD OF AGRICULTURAL STUDIES AND THE AGRICULTURAL EDUCATION FUND.

I. The Board of Agricultural Studies shall consist of the Vice-Chancellor, the Drapers' Professor of Agriculture, the Professors of Agricultural Botany, Botany, Chemistry, Geology, Physiology, and Pathology, the Readers in Forestry and Chemical Physiology, the Gilbey Lecturer in the History and Economics of Agriculture, and the Director of Indian Forest Studies appointed by the Secretary of State for India; the University Lecturers in Agricultural Physiology, Agriculture, and Statistics; three members of the Senate appointed by Grace on the nomination of the Council of the Senate; and such other persons as may from time to time be appointed by Grace under the Regulation next following.

II. Each County or Borough Council on the List published by the Board as hereinafter provided shall be empowered to nominate annually to the Senate one person to be a member of the Board for one year; and the Board shall be empowered to nominate annually to the Senate two persons to be additional members of the Board for one year.

III. Of the members nominated by the Council of the Senate, one shall on the first occasion be appointed to hold office until 31 December 1902, one to hold office until 31 December 1901, and one to hold office until 31 December 1900; and thereafter each shall be appointed for three years. Such members shall cease to hold office on the thirty-first day of December, and their places shall be supplied by persons appointed at a Congregation before the end of full term in the preceding Michaelmas Term, the retiring members being eligible for re-appointment.

IV. The Vice-Chancellor or his Deputy and four other members shall constitute a quorum of the Board.

V. The duties of the Board shall include the following:

(1) To provide for the instruction and supervision of students of agricultural science resident in Cambridge, whether members of the University or not, by arrangement with the Professors of the University and other teachers;

(2) To correspond with the Board of Agriculture, with contributing and other County and Borough Councils, and with other bodies and persons, on matters relating to the instruction and supervision of such students, and to take steps for making known the opportunities offered at Cambridge for the study of subjects bearing on agriculture;

(3) To administer the Agricultural Education Fund, and to prepare and keep the accounts thereof in such form as may be approved by the Financial Board, the accounts of the Fund being annually audited in such manner as the Financial Board may direct and published with the University Accounts;

(4) To take over and perform the functions formerly assigned to the Agricultural Science Syndicate, including the management of the Examinations in the Science and Practice of Agriculture, and to undertake the conduct and superintendence of agricultural experiments and inspections on behalf of County or Borough Councils or of other bodies or persons;

(5) To report from time to time, and at least once a year, to the Senate;

(6) To prepare and publish annually to the Senate a List of the County and Borough Councils which have arranged with the Board to contribute annual grants to the Agricultural Education Fund;

(7) To perform such other functions as may from time to time be assigned to the Board by the University.

VI. The Agricultural Education Fund shall receive the following:

(1) Annual and other grants contributed by the Board of Agriculture;

(2) Annual and other grants contributed by County and Borough Councils and other bodies;

(3) Donations made to the University for the promotion of agricultural science and education;

(4) Fees of students receiving instruction under the supervision of the Board, and payments for such other services as the Board is empowered to perform.

The payments to be made from the Fund shall include the following:

(1) The stipend of the Professor of Agriculture;

(2) Stipends and other payments to persons employed by appointment of the Board in instructing and supervising students, or in superintending experiments and inspections;

(3) Payments in respect of laboratory and other accommodation for teaching, and expenses of inspections, and experiments conducted under the authority of the Board;

(4) Expenses of administration, including the salary of a Secretary if required.

VII. A Committee shall be constituted to be called the Degree Committee of the Board of Agricultural Studies, which, so far as concerns the Regulations relating to Research Students, shall have the same duties and powers as the Degree Committees of the Special Boards of Studies.

The Committee shall consist of the Professors, Readers, and Lecturers who are ex-officio Members of the Board, and the members of the Senate elected to serve on the Board on the nomination of the Council of the Senate.

DIPLOMA IN AGRICULTURE.

(Grace 25 April 1913.)

1. The Examination for a Diploma in Agriculture shall be held in two Parts.

2. The Examinations shall be open to members of the University,

and also to persons not members of the University, under such conditions as may be determined by the Senate, on the recommendation of the Board of Agricultural Studies.

3. The Examination for Part I shall be held twice in the year. It shall include the subjects for the Special Examination in Agricultural Science, shall be conducted by means of the papers set for that Examination, and shall be held at the same times and in the same manner.

Candidates for the Diploma in Agriculture who have already passed the Special Examination in Agricultural Science shall be regarded as having passed Part I of the Examination for the Diploma.

4. The Examination for Part II shall be held once in the year, or, if the Board of Agricultural Studies should think it expedient, more than once.

In Part II, 8 papers shall be set as follows: 1 and 2 Agriculture; 3 Botany, 4 Zoology, 5 Chemistry, 6 Physiology, 7 Physics, 8 Geology, all with reference to Agriculture. Of these the papers numbered 4, 7 and 8 shall be voluntary. Marks shall be affixed to the names of those candidates who pass satisfactory, in a voluntary subject. The examiners shall also place a distinguishing mark opposite the names of those candidates whom they consider to have specially distinguished themselves in any subject or subjects. Marks of distinction may be given in the subjects of the voluntary papers as well as in the subjects of the other papers. In addition to the paper, there shall be a practical or oral examination in each subject.

5. No candidate shall be admitted to Part II until he has satisfied the Examiners in Part I, provided that, in Part I, a candidate who has obtained Honours in the Natural Sciences Tripos, Part I, shall be excused Chemistry and Physics if he has passed in Chemistry in the Tripos, Physics if he has passed in Physics in the Tripos, Botany if he has passed in Botany in the Tripos, and Zoology if he has passed in Zoology or Physiology in the Tripos.

6. The Examination for Part II in each year shall be conducted by Examiners, not exceeding eight in number, nominated by the Board of Agricultural Studies and appointed by the Senate in the Lent Term. The Examiners shall receive from the University Chest such remuneration as may be determined by the Board of Examinations with the consent of the Vice-Chancellor. There shall be a Chairman of Examiners appointed by the Board of Agricultural Studies.

7. A candidate who has passed both parts of the Examination to the satisfaction of the Examiners shall be entitled to a Diploma, testifying to his competent knowledge of the Science and Practice of Agriculture, and stating in which of the voluntary subjects, if any, he has satisfied the Examiners, and in which subject or subjects, if any, he has attained distinction. A candidate who has passed either part of the Examination may present himself again for examination in any of the voluntary subjects, and in the event of his satisfying the Examiners, these subjects shall be endorsed on his certificate.

8. The Diploma shall be in the following form:

Know all men by these presents that

of _____ having been duly examined by the Examiners in that behalf appointed by the Chancellor, Masters, and Scholars of the University of Cambridge, has approved himself to the said Examiners by his knowledge of Agriculture and of those branches of Natural Science which are related to Agriculture and of the applications of

those Sciences to the problems which occur in the practice of Agriculture; that he has satisfied the Examiners in the following voluntary subjects, namely, and that he has attained distinction in the following subjects, namely, In testimony whereof the Vice-Chancellor of the said University by the authority of the said Chancellor, Masters, and Scholars has hereto set his hand and seal the day of one thousand nine hundred and

A.B. Vice-Chancellor.

C.D. Registry of the University.

9. It shall be the duty of the Board to fix the times at which Part II of the Examination shall be held. The Board shall also draw up and publish from time to time Schedules defining the range and details of the subjects of examination, and shall determine generally other matters connected with the Examination.

10. Candidates who present themselves for the Examination shall be required to pay the following fees to the University Chest: for Part I, £2. 2s.; for Part II, £2. 2s.; for a supplementary examination in a voluntary subject or subjects, £1. 1s.

11. The names of candidates for either Part of the Examination must be sent to the Registry not less than three weeks before the day fixed for the beginning of that Part of the Examination; and the fee must be paid at the same time. In no case are fees returnable.

12. It shall be the duty of the Registry to publish annually in the *Cambridge University Reporter* a list of the students to whom the Diploma in Agriculture has been granted in the course of the preceding year.

13. The Board shall be authorised to entertain applications for the appointment of persons to inspect schools of Agriculture, or of some department of Agriculture or of Horticulture, receiving grants of public money either from Government or from a County Council, and to examine classes which have received regular instruction in some department of Agriculture provided by a County Council or other public body; on the understanding that all expenses attending such appointments and such inspections and examinations shall be defrayed by the schools or by the bodies providing the instruction.

APPOINTMENTS BOARD.

By Grace of 27 February, 1902, an Appointments Board in connexion with the University was established to carry on the work hitherto performed by the Cambridge Appointments Association, and by Grace of 7 June 1906, The Appointments Board was continued until the Senate shall otherwise decide. The Appointments Board consists of the Vice-Chancellor, and five members of the Senate appointed by Grace, on the nomination of the Council of the Senate; and each College or Public Hostel in Cambridge which contributes annually the sum of ten pounds at least to the Appointments Fund is empowered to appoint annually one person to be a member of the Board for one year. The Board is also empowered to appoint annually not more than twelve persons to be additional members of the Board for one year. The office of the Board is at the University Offices, St Andrew's Street, and is open throughout the year.

BOARD OF GEOGRAPHICAL STUDIES.

1. The Board of Geographical Studies shall consist of the Vice-Chancellor, four members of the Senate appointed by Grace on the nomination of the Council of the Senate, one appointed similarly on the nomination of the Special Board for Mathematics, one on the nomination of the Special Board for Biology and Geology, one on the nomination of the Special Board for History and Archaeology, and one on the nomination of the Special Board for Economics and Politics; and such other persons as may from time to time be appointed by Grace under Regulation 2 below.

2. The Council of the Royal Geographical Society shall be empowered to nominate annually to the Senate two persons to be members of the Board for one year; and the Board shall be empowered to nominate annually to the Senate two persons to be additional members of the Board for one year.

The Vice-Chancellor or his Deputy and three other members shall constitute a quorum of the Board.

2*. In the event of a vacancy occurring in any year by the death or resignation of a member of the Board, a new member shall be appointed by Grace of the Senate to fill the vacant place on the nomination of the body by whom the person whose place he is to take was nominated, and he shall continue to be a member of the Board for the remainder of the period of office for which such person was appointed.

3. The duties of the Board shall include the following:

(a) To promote geographical study and research within the University, and to provide and arrange for courses of lectures and of practical instruction in the several branches of geographical science, to be given in Cambridge by the University Lecturers in Geography and by other teachers under the direction of the Board;

(b) To correspond with the Royal Geographical Society and with other bodies and persons on matters relating to the promotion of geographical study and research, and to take steps for making known the opportunities provided at Cambridge for students of Geography;

(c) To administer the Geographical Education Fund, and to prepare and keep the accounts thereof in such form as may be approved by the Financial Board, the accounts of the Fund being annually audited in such manner as the Financial Board may direct and published with the University Accounts;

(d) To draw up and publish from time to time schedules defining the range of the Special Examination in Geography for the Ordinary B.A. Degree, and the Examinations for the Diploma in Geography; to nominate in the Lent Term the examiners for the Special Examination in Geography and for the Diploma in Geography; and before the end of the Easter Term to publish a notice declaring what special subjects have been selected for the examinations in the civil year next but one following.

(e) To report from time to time, and at least once a year, to the Senate;

(f) To perform such other functions as may from time to time be assigned to the Board by the University.

4. The Geographical Education Fund shall receive the following

(a) The annual grant of £200 from the University Chest;

(b) The annual grant of £200 from the Council of the Royal Geographical Society;

(c) Grants and donations made to the University for the promotion of geographical study and research;

(d) The fees of students attending courses of lectures and practical instruction provided by the Board and payments for such other services as the Board is empowered to perform.

The payments to be made from the Fund shall include the following:

- (a) The Stipends of the University Lecturers in Geography;
- (b) Stipends and other payments to teachers employed by appointment of the Board for the instruction and supervision of students of Geography;
- (c) Payments in respect of laboratory and other accommodation and appliances for teaching.
- (d) Expenses of administration.

DIPLOMA IN GEOGRAPHY.

(Grace 13 June 1912.)

[*Temporary regulation.*] These regulations shall come into operation after the examination held in the Michaelmas Term 1913; but shall not apply to those who have passed Part I of the examination before the Easter Term of 1914.

1. The examination for a Diploma in Geography shall be held in two parts.

2. The examination for Part I shall be held twice in the year.

Part I shall include the subjects for the *Special Examination in Geography*; it shall be conducted by means of the papers set for that examination, and shall be held at the same times and in the same manner.

Candidates for the Diploma in Geography who have already passed the Special Examination in Geography shall be regarded as having passed Part I of the Examination for the Diploma.

3. The examination for Part II shall be held once in the year, or if the Board of Geographical Studies should think it expedient, more than once. It shall be conducted in accordance with a Schedule published by the Board of Geographical Studies. An examination shall be held in the Easter Term and shall commence on the seventh day after the commencement of the examination for Part I in that term.

4. The examination for Part II in each year shall be conducted by examiners nominated by the Board of Geographical Studies and appointed by the Senate in the Lent Term of the year. The examiners shall receive in each year the sum of sixty pounds from the University Chest, the distribution of this amount among the examiners being determined by the Board of Geographical Studies.

5. Part II shall include papers in the following subjects:

(a) Regional Geography, (b) Surveying and Mapping, (c) Geomorphology, (d) Oceanography and Climatology, (e) History of Geography, (f) Anthropogeography.

Candidates shall be required to pass in four at least of the above subjects.

Candidates may also be examined orally and practically in any of the above subjects; and field work submitted by candidates in Surveying and Mapping shall be received at this oral examination.

6. The conditions under which candidates may be admitted to the examination shall be as follows:

The examination for the Diploma in Geography shall be open

(a) To any member of the University who has taken, or is qualified to take, a degree of the University.

(b) To any person, whether a member of the University or not, who has obtained from the Secretary of the Board of Geographical Studies a certificate of attendance at the courses of instruction prescribed by the Board, for one term at least before entering for Part I of the examination, and for three terms at least, which need not be consecutive terms, before entering for Part II.

(c) In exceptional circumstances, and under such conditions as in each case the Board may determine, to officers of His Majesty's Services, not ordinarily resident in England, who are unable to fulfil the foregoing conditions, provided that they give such evidence of exceptional qualification as may be approved by the Board.

(d) No candidate shall be admitted to Part II until either in the same or in a previous term he has satisfied the examiners in Part I.

7. Candidates who present themselves for the examination shall be required to pay the following fee:

For Part I. Three pounds.

For Part II.

Members of the University and students in residence at Newnham and Girton Colleges: Four pounds.

Other persons, not members of the University: Six pounds.

8. The names of candidates for either Part of the examination must be sent to the Registry, together with the requisite certificates, not less than three weeks before the day fixed for the beginning of that Part of the examination; and the fee must be paid at the same time.

9. It shall be the duty of the Registry to examine the certificates, and to ascertain that no one is improperly admitted to the examination.

10. A candidate who has passed the examination to the satisfaction of the examiners shall be entitled to a Diploma.

It shall be the duty of the Registry to publish annually in the *Cambridge University Reporter* a list of the students to whom the Diploma in Geography has been granted in the course of the preceding year.

11. A candidate who has passed either part of the examination may on payment of the fee of two pounds present himself again for examination in any one or more of the voluntary subjects, and in the event of his satisfying the examiners these subjects shall be endorsed on his Diploma.

SCHEDULES.

PART I.

(1) *Physical Geography.*

Form and motions of the Earth. Elementary Climatology and Oceanography. Typical forms of land configuration, their distribution and modes of formation.

(2) *Historical and Political Geography.*

The historical development and political partition of the different regions of the world, with a consideration of the influence of their physical features. A more detailed knowledge of the geography of a selected region [for 1913, 1914, *Europe*].

(3) *Economic and Commercial Geography.*

The economic growth of the different regions of the world, and the main lines of commerce and communication by land and sea in past and present times. A more detailed knowledge of a selected region [for 1913, 1914, *Europe*].

(4) *Cartography.*

The construction and use of maps. A general knowledge of the methods of exploratory surveying, excluding astronomical methods.

The candidate will be examined orally and practically on maps, and on instruments used in the above.

Any candidate who can produce field work done by himself will be examined thereon and will receive special credit for good work.

(5) *History of Geographical Discovery.*

The outlines of the history of geographical discovery, with special questions on a selected region or period [for 1913, 1914, *The Fifteenth Century*].

(6) *Races of Man.*

The principal races of mankind, their migrations and present distribution.

PART II.

The Examination will be partly in writing, partly oral and practical, and will include the following subjects.

(a) *Regional Geography.* The physical regions of the world; coastal outline and land-relief; climatic conditions and river-systems. Distribution of population in relation to natural resources and conditions. Relation of political partition and economic conditions to physical features.

(b) *Surveying and Mapping.* The elements of Geodetic surveying; its objects and methods. Topographical surveying: base-measurement, triangulation by theodolite, plane-tableing, traverses, heights and contours by clinometer. Determination of mean sea-level. Field Astronomy.

Any candidate who can produce examples of field work and of field astronomical observations and computations made by himself will be examined thereon and will receive special credit for good work.

(c) *Geomorphology.* The present distribution of the lands and oceans, and proposed explanations of this distribution. The characters and genesis of the surface-features of the land, including the coast-lines; the influence of earth-movements, erosion, accumulation, and volcanic action. Geographical cycles; the growth and degradation of land-masses.

(d) i. *Oceanography* and ii. *Climatology.* 1. The surface-divisions and subaqueous contours of the oceans. The distribution of temperature and salinity. Oceanic circulation; tides; marine deposits. 2. Distribution of atmospheric temperature, pressure, winds, and precipitation.

(e) *History of Geography.* The evolution of geographical conceptions and the history of geographical discovery.

(f) *Anthropogeography.* The classification of the races of mankind, and the physical characters on which it is based. The geographical distribution of races according to continents. The influence of geographical environment on the life, arts, social organisation, and migrations of the more important peoples.

BOARD OF MILITARY STUDIES.

By Grace of March 5, 1904, a Board of Military Studies was appointed: and its composition and competence were extended by Grace of June 6, 1907.

The Board consists of the Vice-Chancellor, six Members of the Senate elected by Grace, one or more military members appointed by the Army Council, the Commanding Officer, the Second-in-Command, and the Adjutant, for the time being, of the University Contingent of the Officers

Training Corps, and such other persons as may from time to time be appointed by Grace. The Board is empowered to nominate annually to the Senate three persons, not necessarily Members of the Senate, to be additional members of the Board for one year.

The duties of the Board include the following :

(1) To arrange for the registration, supervision and instruction of members of the University who wish to be candidates for Commissions in the Regular Forces;

(2) To provide for the nomination to Commissions of candidates who have satisfied the conditions of the War Office;

(3) To arrange for the registration, supervision and instruction of members of the University who wish to be candidates for Commissions as supplementary officers in the Regular Army or for Commissions in the Auxiliary Force.

(4) To recognise such teachers as they deem desirable in the interests of Military Education;

(5) To correspond from time to time with the Military Authorities and with the Authorities of other Universities on matters connected with military studies.

(6) To administer any fund that may be placed at the disposal of the Board by the War Office or from other sources, the accounts of any such fund being annually audited in such manner as the Financial Board may direct.

Enquiries on matters relating to Commissions in the Regular Army or the Special Reserve of Officers should be addressed to the Secretary of the Board, H. J. Edwards, C.B., M.A., Peterhouse, or to the Director of Military Studies, Major W. K. Scharlieb, University Offices, St Andrew's Street. Information in regard to the Officers Training Corps (of which University candidates for the Army must now in the ordinary course be efficient members) may be obtained from the Adjutant, Head Quarters, Market Street.

DIPLOMA IN MINING ENGINEERING.

1. Any member of the University who has passed the Previous Examination, Parts I and II, or any examination recognised in lieu thereof, may be a candidate for the Diploma in Mining Engineering.

2. A candidate for the Diploma in Mining Engineering shall be admitted to the examinations for the Natural Sciences Tripos Part I. in Chemistry, in Geology, and in Mineralogy, or in any of them, at any examination for that Tripos taking place after he has begun residence.

3. In case the candidate attain the standard required for honours in Chemistry, in Geology, or in Mineralogy in the said Tripos the Chairman of Examiners shall certify the Registry to that effect, who shall notify the same to the candidate.

4. A candidate for the Diploma in Mining Engineering shall be admitted to the examinations in Heat and Heat Engines, in Strength of Materials and Elementary Theory of Structures, and in Electricity, for the Special Examination in Mechanism and Applied Science Part II at any examination for that Special Examination which takes place after he has begun residence.

5. In case the candidate attain in each of these subjects the standard required for a second class in the said Special Examination, the senior examiner shall certify the Registry to that effect, who shall notify the same to the candidate.

6. In case a candidate who has obtained honours in the Mechanical Sciences Tripos, Part I, have shown a competent knowledge of Heat and Heat Engines, of Strength of Materials and Theory of Structures, and of Electricity, the Chairman of Examiners shall certify the Registry to this effect. A candidate so certified shall not be required to present himself for the Special Examination in the above subjects.

7. The Professors of Chemistry, of Geology, of Mineralogy, and of Mechanism and Applied Mechanics, or teachers of these subjects recognised for this purpose by the Special Board for Physics and Chemistry, shall give to a candidate who has diligently attended a course of Laboratory Instruction and has acquired a satisfactory knowledge of experimental work in any of the subjects enumerated in clauses 2 and 4 above, a certificate to this effect. A candidate who presents to the Registry a certificate in any of these subjects before the publication of the corrected lists of candidates for the Natural Sciences Tripos or the Special Examination in Mechanism and Applied Science shall be exempted from the practical examination in that subject.

8. An examination in the Application of Science to the Art of Mining shall be held once in the year, on the day following the completion of Part II. of the Special Examination in Mechanism and Applied Science held in the Michaelmas Term or in case that day falls on Sunday on the Monday next following.

9. In the examination in the Application of Science to the Art of Mining two papers of questions of three hours each shall be set.

10. The examiners shall publish a list of the successful candidates arranged in alphabetical order.

11. An examination in Metallurgy shall be held once in the year on the day following the examination in the Application of Science to the Art of Mining, or in case that day falls on Sunday on the Monday next following.

12. In the examination in Metallurgy one paper of questions of three hours shall be set and there shall be a practical examination.

13. The examiner shall publish a list of the successful candidates arranged in alphabetical order.

14. The examination in the Application of Science to the Art of Mining shall be conducted by two examiners, and the examination in Metallurgy by one examiner, nominated every year by the Special Board for Chemistry and Physics and appointed by the Senate in the Easter Term.

15. Each examiner shall receive Five Pounds from the University Chest in any year in which he takes part in an examination.

16. The names of candidates who desire to present themselves for any of the above examinations shall be sent to the Registry by the Praelectors of the several Colleges and by the proper officers of hostels and of the Non-collegiate Students Board at the time appointed for sending in the names of candidates for the Natural Sciences Tripos and for the Special Examination in Mechanism and Applied Science.

17. The Registry shall publish a First List and subsequently a Corrected List of candidates for the above named examinations at the same time as he publishes the lists of candidates for the said Tripos and Special Examination.

18. If a candidate whose name does not appear on the corrected list be nevertheless admitted to the examination a fee of £1 shall be paid for or by him in addition to the fee for the examination.

19. Every candidate who presents himself for examination shall pay to the Registrary the following fees for the University Chest :

For the examinations in Chemistry, Geology and Mineralogy £1 each subject.

For the examination in Heat and Heat Engines, in Strength of Materials and Elementary Theory of Structures, and in Electricity, £1. 10s.

For the examinations in the application of Science to the Art of Mining and Metallurgy £2 each.

20. A candidate for a Diploma in Mining Engineering who has kept nine terms by residence and has passed the necessary examinations and has presented to the Registrary the requisite certificates and if a Graduate has paid to the Registrary the sum of £2 or if an Undergraduate has paid to the Registrary the sum of £5 shall be granted a Diploma.

SCHEDULES.

The Application of Science to the Art of Mining.

The questions in one of the papers will be set mainly with a view to testing the power of a candidate to apply his knowledge of Chemistry, of Heat and Heat Engines, of the Strength of Materials and Elementary Theory of Structures, of Electricity, and of Surveying to problems arising in actual mining practice. These problems may be of such a nature as to require numerical solutions.

Questions also will be set having reference to: Methods of boring. Methods of excavating and supporting excavations. Explosives and their use in mining operations. Haulage and hoisting. Ascent and descent of mines. Drainage, ventilation and lighting of mines. The principles of employment of mining labour.

Metallurgy.

I. The questions in Metallurgy will relate to: The chief physical properties of metals and alloys. The refractory materials used in the manufacture of fire-bricks, crucibles and retorts and for lining furnaces. The classification of furnaces. Modes of producing and utilising heat in the chief types of each class of furnace. Electric furnaces. Fuel and its calorific power. Pyrometry. Calorimetry. Charcoal, coal, coke, gas, producer gas, water gas. The approximate composition and chief characters of the ordinary slags and cinders. Fluxes. Ore dressing and ore dressing machinery. The metallurgy, properties and alloys of aluminium, antimony, copper, gold, lead, mercury, nickel, silver, tin and zinc. The manufacture of iron and steel.

II. The examination in Practical Metallurgy will relate to: The dry assay of the ores of gold, lead, mercury, silver and tin. The volumetric assay of the ores of copper, iron and zinc. The determination of gold, silver and free cyanide in the solution obtained in the cyanide treatment of gold ores. The analysis of iron and steel. The examination of coal as regards calorific power, ash, coke, moisture and sulphur. The preparation of different varieties of brass and bronze.

DIPLOMA IN FORESTRY.

(Grace of 24 May 1906.)

Candidates, before receiving the Diploma in Forestry, shall be required to produce evidence that they have

- (1) passed (or obtained exemption from) the Previous Examination, together with the Additional Subjects;
- (2) satisfied the Examiners in Physics, Chemistry, Geology, and Botany, either in Part I of the Examination for the Diploma in Agriculture, or in that Examination in combination with the Natural Sciences Tripos, Part I, or in some other examination or examinations approved by the Committee;
- (3) diligently attended courses of instruction in Forest Botany, in Entomology, in Forestry, in Forest Mensuration, Surveying, and Engineering, and such other courses in related subjects as may from time to time be approved by the Committee;
- (4) attended for a time equivalent to one academical year courses of instruction in practical forestry approved by the Committee;
- (5) obtained a certificate of proficiency in practical forestry approved by the Committee;
- (6) passed the Examination for the Diploma;
- (7) been admitted to a degree in the University.

For candidates for the Diploma in Forestry, the Forestry Committee issue the following Scheme of instruction with detailed Schedules to take effect as from the 1st January 1912.

(1) *Course of study for students who propose to take a Degree in Honours.*

A student who proposes to take a degree in honours and proceed to the Diploma in Forestry should either pass or obtain exemption from the whole of the Previous Examination, including the mathematical additional subject, before coming into residence. He should then read for the Natural Sciences Tripos, Part I, which he should take at the end of either his second or third year of residence. In this examination he must take Botany as a compulsory subject, and he may select as his other subjects two or three of the following: Chemistry, Physics, Geology. A student who does not take all these subjects must pass in the omitted subject or subjects in the examination for the Diploma in Agriculture Part I, or in the First Examination for the Degree of M.B., or in the Preliminary Examination in Science.

The following course of study is suggested:

First Year.

- (a) Elementary Botany, lectures and practical work.
- (b) Lectures and laboratory work in one or more of the selected subjects.

Second Year.

- (a) Botany (continued).
- (b) Lectures and laboratory work in one or more of the selected subjects.

Third Year.

- (a) Forest Botany, Silviculture, and Forest Mensuration.
- (b) Further work in one or more of the selected subjects.

(2) *Course for students who intend to take the Ordinary Degree.*

These students are strongly recommended to pass or obtain exemption from the whole of the Previous Examination, including the mathematical additional subject, before coming into residence.

They should then follow the course of study in Botany as already described for Honour Students. Chemistry, Physics, and Geology, may be taken in the examination for the Agricultural Diploma Part I, and Chemistry and Physics in the First Examination for the M.B. Degree, or in the Preliminary Examination in Science.

First Year.

- (a) Elementary Botany, lectures and practical work.
- (b) Geology.
- (c) Instruction for the General Examination, or its equivalent.

Second Year.

- (a) Botany (continued).
- (b) Chemistry, Physics.
- (c) Further instruction for the General Examination, or its equivalent.

Third Year.

- (a) Forest Botany, Silviculture, and Forest Mensuration.
- (b) Further work in Chemistry, Physics, Geology, if the candidate has not already passed a qualifying examination in these subjects.

After following either of the above courses the student should have passed the requisite examinations for his degree and will have attended a preliminary course on Forest Botany, Silviculture, and Forest Mensuration. He will then be able to devote his whole time to Forestry and auxiliary subjects, as follows:

- (a) A ten weeks' period of practical work in a British forest during a Long Vacation.
- (b) A ten weeks' period of practical work in Forestry in France or Germany during a Long Vacation.
- (c) Forestry—A systematic course of lectures and practical work—3 terms.
- (d) Botany—Diseases of Trees—2 terms. Timber, classification and structure—2 terms.
- (e) Forest Zoology—2 terms.
- (f) Forest Surveying and Engineering—2 terms.

Diploma Examination.

In order to be admitted to this examination, a student must have passed the necessary examinations for the degree of B.A., and must present certificates of diligent attendance at

- (a) A two years' course of Forestry.
- (b) Practical work during one Long Vacation in a British Forest.
- (c) A course of Surveying and Engineering¹.

The examination for the Diploma will be partly in writing, partly oral and practical, and will consist of

Two papers and an oral examination in Silviculture and General Forestry.

Two papers and practical work in Forest Botany.

One paper and practical work in Forest Zoology.

To obtain the Diploma the candidate must also present a certificate of diligent attendance at a course of practical work in a Continental Forest for one Long Vacation.

¹ The maps and plans made by the candidate must be presented for inspection.

SCHEDULES.

FORESTRY.

I. *Silviculture*: General Principles. Characteristics of the principal timber trees cultivated in the British Isles. Different silvicultural systems. Nursery work. Planting. Sowing. Natural regeneration. Coppice. Tending of woods and plantations. Thinning. Pruning. Landscape and park planting.

II. *Forest Mensuration*: Instruments used. Measurement of single trees and of whole woods. Age and increment of trees and of woods.

III. *Forest Valuation*: Application of actuarial methods to forestry problems.

IV. *Forest Management*: Preparation of working plans. Collection of statistics. Choice of method of treatment. Formation of working circles. Analysis and description of the crop. Enumeration surveys. Determination of the rotation. Fixing the annual fall. Working plan report. Control of the execution of working plans.

V. *Forest Utilization*: Felling, conversion and sale of timber. Different classes of timber. Industrial uses of wood. Transportation. Preservation of timber. Utilization of bark. Collection and testing of seed. Wood pulp. Minor woodland industries.

VI. *Forest Protection*: Damage to forests done by man, animals, weeds, fungi, atmospheric influences, fire, avalanches, shifting sands. Preventive and remedial measures.

VII. *Forest Administration and General Forestry*: Utility and natural history of forests. Forest soils. Present conditions of forestry in the British Empire. Afforestation of waste land, of watercatchment areas, etc. Timber supplies of the world. General care and protections of forests. The State in relation to forestry. Protection forests. State, communal and private forests. Taxation of woodlands.

BOTANY.

I. *Forest Botany*: Classification and identification of the native and exotic species of trees cultivated in Britain for timber and for ornament. Morphology and physiology in their special application to ligneous plants.

II. *Timber*: Structure and identification of European timbers. Physical properties of wood. Defects and unsoundness of timber.

III. *Diseases of Trees and Timber*: Health and disease. Causes of disease; disease due to conditions of soil, to atmospheric influences and to other causes. Natural and artificial wounds; wound occlusion. Diseases due to parasitic phanerogams and fungi. Life histories of the most important pathogenic fungi and saprophytes capable of destroying timber.

Symptoms of disease shewn by the host plants and the effects of the fungus upon timber. Defects in timber including the recognition of the commoner diseases. Conditions favourable for infection and for the spread of disease. Remedial and preventive measures.

FOREST ZOOLOGY.

Introduction to the classification of the animal kingdom.

Mammals and birds. The more important groups, in relation to forestry, as regards their life-history, distribution, uses, and cause of damage. Injuries to trees and woods by game, rodents, and birds. Protective measures.

Forest Entomology: Structure of a typical insect. Characters of the principal orders of insects. Life history of the commoner insects which are injurious to trees. Protective and remedial measures.

SURVEYING AND ENGINEERING.

I. *Geometrical Drawing*: Use of drawing instruments. Construction of scales. Reduction of areas. Drawing simple curves. Projection of simple solids. Isometric projection. Printing and stencilling. Tinting, shade lining and use of conventional colours. Drawing plans, elevation and sections of some of the works described under Forest Engineering.

II. *Forest Engineering*: Use, characteristics, and manufacture of materials:—Bricks, stone, lime, mortar, cement, concrete. Roofing of various kinds. Preservation of timber. Type designs for small bridges, culverts, simple bungalow, etc. Road construction and drainage. Timber slides and forest tramways. Wire rope bridges and tramways. Wells.

III. *Surveying*: Useful problems in surveying. Theory of vernier and sextant. Theory of lining-out curves. Plotting field-work and computation of areas surveyed in the field. Methods of mapping topographical details. Conventional signs used in surveys. Colouring and finishing plans.

Field Course: Use and adjustment of prismatic compass, dumpy and Cushing's levels. Theodolite and box sextant. Chain surveying. Levelling and determination of relative altitudes. Setting out straight lines, angles, and curves. Traversing by prismatic compass, back angle method, and Gale's method. Plain tabling. Contours by Abney's level and tangent scale clinometer.

SPECIAL REGULATIONS FOR INDIAN FOREST PROBATIONERS.

The Indian Forest Probationers pursuing their training at the University are required:

(1) To attend diligently courses of instruction in the special subjects of Forest Law, Geology of India, and Systematic Botany of Indian Trees.

(2) To acquire a knowledge of colloquial German.

(3) To satisfy the examiners in German, General Botany, Silviculture, Forest Mensuration, Physics and Chemistry, by the end of the first year of training.

(4) To satisfy the examiners in the remaining subjects of the course for the Diploma in Forestry, and in the special subjects of Forest Law, Geology of India, and Systematic Botany of Indian Trees, by the end of the second year of training.

(5) To obtain the Diploma in Forestry.

(6) To attend diligently a course of instruction in Practical Forestry under the direction and supervision of the Director of Indian Forest Studies. The certificate of proficiency granted by him will be accepted by the Forestry Committee as satisfying the conditions laid down in Regulations 4 and 5 for the Diploma in Forestry (see p. 192).

SCHEDULES.

(1) GERMAN.

Translation from and into German. Colloquial German.

Probationers will make their own arrangements for instruction in German.

(2) FOREST LAW.

Elementary knowledge of Criminal Law and Procedure. Evidence of Contracts, and Actionable Wrongs, in relation to Forest Administration. The Indian Forest Acts and Regulations.

(3) SYSTEMATIC BOTANY OF INDIAN TREES.

Classification and identification of the more important forest trees of India. Silvicultural notes on the main species.

(4) GEOLOGY OF INDIA.

The physical features of India and their relation to geological structure.

The peninsular area. The pre-Gondwana rocks. The Gondwana succession; comparison with other regions; the Carboniferous glacial period. Marine Jurassic and Cretaceous rocks; the supposed Indo-African continent. The Deccan trap. Laterite.

The extra-peninsular area. The Himalayas: geological succession, structure and mode of formation. The deposits of the Salt Range.

The Indo-Gangetic plain.

Outlines of the geological history of India.

DIPLOMA IN ANTHROPOLOGY.

(Grace of 16 January 1908.)

1. That a Diploma in Anthropology be established.

2. That any Member of the University who has taken, or is qualified to take, a degree of the University, and has received instruction in Anthropology in Cambridge under the direction of the Board of Anthropological Studies during three terms, which need not be consecutive, and has presented a dissertation which dissertation has been approved by the Board shall, on the payment of such fees as the Senate may from time to time determine, be entitled to a Diploma testifying to his competent knowledge of Anthropology.

3. That any Member of the University who has graduated before the date of the establishment of the Diploma, has received instruction in Anthropology in Cambridge under a University Professor, Reader or Lecturer for three terms, which need not have been consecutive, and has presented a dissertation which dissertation has been approved by the Board shall, on the payment of such fees as the Senate may from time to time determine, be entitled to a Diploma testifying to his competent knowledge of Anthropology.

4. That an Advanced Student who has resided for three terms and has received instruction in Anthropology in Cambridge under the direction of the Board during three terms, which need not be consecutive, and has presented a dissertation which dissertation has been approved by the Board shall, on the payment of such fees as the Senate may from time to time determine, be entitled to a Diploma testifying to his competent knowledge of Anthropology, provided that such dissertation shall not have been presented for a Certificate of Research.

5. That the dissertation shall be sent to the Chairman of the Board, and that the Board shall have power to appoint one or more Referees to examine the dissertations, and if necessary to examine the candidates orally or otherwise upon the subject thereof, and to report thereon to the Board. Each of the persons so appointed shall receive a fee of two guineas from the University Chest.

6. That the Board shall have power to take into consideration together with the dissertation any memoir or work published by the candidate which he may desire to submit to them.

7. That each candidate before receiving his diploma shall deposit in the University Library a copy of his dissertation in a form approved by the Board.

8. That every candidate upon sending in his dissertation shall pay a fee of five guineas. Such fees shall be paid to the Registry for the University Chest.

9. That a candidate who has been approved by the Board of Anthropological Studies for a Diploma in Anthropology shall be granted a Diploma.

EXAMINATION IN PRELIMINARY ARCHITECTURAL STUDIES.

(Grace of 17 Jan. 1913.)

1. Part I. shall consist of five papers as follows:

- (1) Practical Mathematics.
- (2) Elementary Applied Mechanics.
- (3) Strength of Materials and elementary Theory of Structures.
- (4) Descriptive Geometry: Projection of Solids.
- (5) The Principles of Surveying.

2. Part II. shall consist of five papers as follows:

- (1) Outlines of the History of Architecture of Europe and the Near East.
- (2) Outlines of the General History of Art.
- (3) Architecture and the Allied Arts of the following periods:
(a) Classical, (b) Medieval, (c) Renaissance and Modern.
No candidate shall be allowed to take the questions on more than one of these three periods.
- (4) Subjects for an Essay relating to the period chosen by the candidate in Paper (3).
- (5) Theory of Art in relation to Architecture.

3. The fifth paper in each Part shall be voluntary, that is to say, students shall not be required to present themselves for it, but the results shall be taken into account in assigning the places in the class-list; and marks shall be affixed to the names of those who pass satisfactorily in either of these papers.

4. In estimating the merits of the work done by the candidates the examiners shall take account of style and method.

5. A student who has passed the Previous Examination may offer himself for examination in either Part, but not both Parts, of the Examination in Preliminary Architectural Studies, in his third or any later term of residence, provided that he has previously kept two terms. He shall not offer himself for examination in both Parts in the same term unless he has entered on his ninth term at least, having previously kept eight terms.

6. The examination shall be held twice a year. The first examination shall begin on the Wednesday, or, if the next day be Ascension Day, on the Tuesday next but two before the first day of General Admission in the Easter Term. The second examination shall begin on December 5 in each year, unless (a) that day be a Sunday or (b) full Michaelmas term ends on Monday, December 8, in which cases it shall begin on December 4.

7. The two examinations in each year shall be conducted by the same examiners, appointed by the Senate in the preceding Lent Term. There

shall be two examiners for Part I. and two examiners for Part II. who shall be nominated by the Board of Architectural Studies. Each examiner shall receive from the University Chest such remuneration as may be determined by the Board of Examinations with the consent of the Vice-Chancellor.

8. The Board of Architectural Studies shall define by schedule from time to time the nature of the subjects for both Parts of the Examination.

9. A candidate who has obtained Honours or been allowed the Ordinary Degree in the Mechanical Sciences Tripos, or who has passed in both Parts of the Special Examination in Mechanism and Applied Science, shall be deemed to have passed in Part I. of the Examination in Preliminary Architectural Studies.

10. A candidate who has obtained Honours in a Part of any Tripos Examination or in One Section of the Medieval and Modern Languages Tripos (New Regulations) shall be deemed to be qualified for the degree of Bachelor of Arts if he has passed the Examination in Preliminary Architectural Studies and has kept the number of terms required for a degree.

11. There shall be a meeting of the examiners in each Part previous to each examination, when the papers set by each examiner shall be submitted for approval.

12. One at least of the examiners and one of the Proctors or Pro-Proctors shall be present, and one of the Proctors' or Pro-Proctors' men shall be in attendance, during the examination: but, if more than one examination be held in the same room, the Board of Examinations may relax the strict obligation of attendance on the part of the examiners for the purpose of invigilation.

13. The examiners shall arrange the names of those who pass in each Part in three classes; the names in the first class being arranged in order of merit and those in the second and third classes alphabetically. No candidate shall be entitled to a certificate that he has passed in either Part or both Parts until he shall have graduated.

14. The class-lists shall be published in the Senate House at the latest at 10 A.M. on the Thursday before the first day of General Admission in the Easter Term, and on the day next but one (or, if the day of General Admission be a Monday or Tuesday, the day next but two) before the day of General Admission in the Michaelmas Term.

15. Every candidate shall pay the sum of Two Pounds to the Registry before admission or re-admission to either Part of the Examination in Preliminary Architectural Studies.

SCHEDULES.

(1914 and subsequent years.)

PART I.

(1) *Practical Mathematics.*

Indices. Logarithms. Use of logarithmic tables. Construction and use of slide rule.

Functions of an angle. Use of trigonometrical tables, simple cases of solution of triangles, and applications to determination of heights and distances.

Representation of the position of a point by rectangular and polar co-ordinates; use of squared paper to represent a set of simultaneous values of two quantities, plotting of simple functions—algebraic and

trigonometrical. Elementary application of graphic methods to solution of equations. Representation of rate of increase of a quantity by the slope of a curve. Maxima and minima treated graphically.

British and metric units of length, area, volume. Verniers; screw gauges. Areas of simple regular plane figures. Volumes of cylinder, cone, sphere, pyramid. Approximate methods of measuring areas of any form.

Representation of directed quantities by straight lines: addition and subtraction of vectors; resolution of directed quantities into components.

(2) *Elementary Mechanics.*

Measurement of velocity and acceleration—linear and angular. Composition and resolution of linear velocity.

Simple cases of transmission and modification of motion, illustrated by simple mechanisms. Velocity ratio.

Laws of motion. Composition and resolution of forces. Friction. Units and dimensions. Work. Power. Energy. Conservation of energy. Equilibrium of coplanar forces, treated graphically. Triangle and Parallelogram of forces. Polygon of forces. Funicular polygon. Moment of a force. Couples. Centre of gravity.

Pressure of a fluid. Relation between pressure and depth. Principle of hydraulic press.

(3) *Strength of Materials.*

Physical properties and use in construction of stone, brick, steel, cast iron, timber, cement, plain and reinforced concrete.

Elementary analysis of stress. Strength of cylindrical boiler shells, and of riveted joints and other simple fastenings.

General account of the distribution of stress in a beam; functions of the web and of the flanges.

Methods of commercial testing of iron and steel; stress-strain diagrams, limit of elasticity, yield-point, ultimate strength. Energy absorbed in fracture.

Influence of form of test pieces. Fatigue. Factor of safety.

Outlines of manufacture of structural steel, cast-iron and cement. The chief effects of heat-treatment and of working on the strength of iron and steel.

(4) *Construction and Elementary Design.*

The physical properties of building materials including the principal varieties of stone and timber, bricks, and concrete.

The application of materials, and of the laws of Mechanics to Elementary Design.

Elementary theory of foundations, walls, openings, arches and girders, retaining walls and reinforced concrete. Fireplaces and chimneys, floors, roofs. Simple fireproof construction. Staircases and joinery. Elementary sanitation and plumbing. Plastering and painting.

Provision of accommodation in buildings. Arrangement, factors of use and convenience, area and cubic space. Access, communication and "lay-out." Architectural principles in planning. Needs and conditions of material. Constructive requirements, craft discipline.

Management and execution of ornament and decoration; their place in the original design.

(5) *Architectural Drawing and Surveying.*

Practical Plane Geometry, construction of plane curves. The science of representation of facts for executants. Form, profile, plan; relief in geometrical, freehand, and perspective drawing; Sciography. Scales from small survey to full size.

Site measurement. Making and plotting a chain-survey. Use of the Theodolite. Measurement of levels, and reduction to datum. Plotting of buildings on site-plan. Measurement of building for plans, sections and elevations, including the setting out of vaulting. Plotting of buildings from notes.

PART II.

(1) *Outlines of the General History of Art, including Architecture.*

The Unity of Art. Impossibility of separating architecture from other branches of Art.

Prehistoric Art, palaeolithic and neolithic. The first dwellings of man.

Arts of Upper and Lower Egypt. Hieroglyphics and methods of decoration. Sculpture. The arts of common life. The architecture of Nineveh and Persia. Earliest Art in Crete and Greece.

The history and development of Greek architecture, sculpture, and painting. Memorials of the dead. The minor arts. The age of Pericles. Greek colonial architecture and its influence. Hellenistic Art. Etruscan and Roman architecture. The influence of Greece upon Rome. The Roman Orders. Roman temples, public buildings, triumphal arches, aqueducts. Roman sculpture and painting.

Early Christian, Byzantine and Romanesque Art. Development of ecclesiastical architecture. Wall decoration, marbles and mosaics; sculpture and painting; precious metals, armour and costume; tapestry.

Gothic Art, especially in France and England. Progression of Gothic construction. Gothic sculpture and ornamental carving; stained glass; woodwork, furniture and tapestry. Sculpture in Italy. Early Flemish and German painting and sculpture.

The Renaissance in Italy and western Europe. Florentine, Umbrian, Lombard, and Venetian schools of painting. The gradual divorce between architecture and other arts. The character and development of Renaissance architecture.

Art in the Low Countries and Spain, France and England in the 16th, 17th and 18th centuries. Furniture and decorative arts. Modern schools of painting in France and England.

(2 a) *Classical Architecture and the Allied Arts.*

Prehistoric Greek Art, neolithic remains and pottery. Cyclopean remains. The Mycenaean and Cnossian Periods. Sculpture, painting, and the minor arts.

Historic Greek Art and its geographical distribution. Doric Architecture: distinctive features, chief buildings. Archaic period of Greek sculpture. Period of Transition from the 6th to the 5th centuries: metopes, pediments. Schools of Sicily, Aegina, Magna Graecia. Ionic Architecture: earlier forms and development, chief buildings. The Phidian Period of sculpture. The Parthenon. The School of Polyclitus, Scopas, Praxiteles and Lysippus. Transition to the 4th century. Greek painting from Polygnotus to Xeuxis and Apelles. The minor arts.

The Alexandrine Period: chief buildings. Corinthian capital. Pergamum and Rhodes. Graeco-Roman Art.

The Roman Period. Etruscan Architecture. Public buildings, baths, aqueducts, theatres, triumphal arches, fora, domestic architecture; Roman portraits, sculpture and mural decoration.

(2 b) Medieval Architecture and the Allied Arts.

Roman construction A.D. 330. Plan of the Christian Church. Greek influences. Early Syrian Churches. Byzantine construction and domical planning, carving and mosaic. Italian Byzantinesque. Ravenna to St Mark's, Venice. Pisan architecture, Lombard building. Romanesque construction and the abbey-church plan. The dome in Central France. Evolution of pier, arch, and vault. French and English Romanesque.

Gothic construction and the Cathedral plan. Evolution of the apse; towers and spires. Military architecture. Gothic ornament and sculpture. Growth of masonic craft. Craft guilds and shops.

English Gothic: its origins and characteristics. Southern French and Spanish, Flemish, and German Gothic. Italian Gothic and early Renaissance. Italian sculpture and painting. Growth of civic and domestic architecture; brick and timber construction.

Ecclesiastical and domestic crafts: stained glass; iron-work and precious metals. Illumination and painting. Embroidery and tapestry. Furniture and plaster work.

(2 c) Oriental Architecture and the Allied Arts.

Early India. Buddhist Archaeology. Temples, plans of temples and monasteries. Rock-cut architecture. Hellenistic influences. Ghandara. Figure sculpture and carvings. Developments of Buddhist, Brahmanical and Jain Architecture. Northern, Central and Southern India. Ceylon, Burma, Cambodia, and Siam and Java; relation to India. Upper Asia: Turkestan, Thibet, Nepal; relation to India and China.

Mohamedan India. Rise of Islam. Area affected: Arabia, Persia, Syria, Egypt. Saracenic art. Eclecticism. Construction. The Conquest of India. The great Mosques of India. Tombs. Dome construction, Delhi, the Jami Masjid, Bijapur, Akbar's Tomb, the Taj Mahal. Decorative art and traditional crafts. The influence of modern Western architecture.

The Architecture of China: its influence. Chronology. Religious, Secular and Commemorative buildings, pagodas. Construction, wooden and arched; decoration; painting, sculpture and bronze; ceramics. Dynasties and their Capitals. The Great Wall. Introduction of Buddhism. Han dynasty, T'ang dynasty, Sung dynasty. Tartar invasion, Kublai Khan, expulsion of Mongols. Ming dynasty, Nanking. Manchu dynasty, Mukden and Peking. European Settlements.

The Architecture of Japan: Sources and chronology. Korea. Introduction of Buddhism. Wooden architecture. Early relation to Chinese Art. Temples, palaces, pagodas. Decoration. Periods of Art. Sculpture in wood and metal; painting and ceramics. Development of crafts.

(4) Renaissance and Modern Architecture.

DIPLOMA IN PSYCHOLOGICAL MEDICINE.

(Grace 23 May 1912.)

(After 1913 the Examination for the Diploma will be held once in each year. The Examination for Part I will be held in Cambridge during May or June; that for Part II will be held in London during March or April.)

1. That an Examination in Psychological Medicine be held once in the year, or, if the State Medicine Syndicate think it expedient, more than once.

2. That a managing Committee be appointed by the State Medicine Syndicate to consist of nine members, of whom not less than five shall be members of the Syndicate; that of the nine members three retire in rotation on the thirty-first day of December in every year, their places being supplied by three members appointed by the Syndicate before the end of full term in the preceding Michaelmas term; and that four members form a quorum.

3. That the Examination be in two Parts; that Part I consist of (1) one paper on the Anatomy and Physiology of the Nervous System, (2) a practical and oral examination thereon, (3) one paper on Psychology, (4) a practical and oral examination thereon; and that Part II consist of (1) one paper on Neurology, clinical and pathological, (2) a clinical and oral examination thereon, (3) one paper, or (if the Committee shall think it desirable) two papers, on Psychiatry, Lunacy Law, and Asylum Administration, (4) a clinical and oral examination thereon.

4. That Part I of the Examination be open to candidates whose names are on the Medical Register; and that candidates for Part II be required to be, at the time of entering for the examination, registered medical practitioners of not less than two years' standing, and to produce

evidence of having had twelve months' clinical experience in an Institution for the Insane recognised by the University.

5. That a candidate who has passed both Parts of the Examination to the satisfaction of the Examiners be entitled to a Diploma.

6. That candidates who present themselves for examination be required to pay fees, to be fixed at the discretion of the Committee, subject to the approval of the State Medicine Syndicate.

7. That candidates for either Part of the Examination be required to send in their names to the Registry, together with the requisite certificates, not less than three weeks before the day fixed for the beginning of that Part of the Examination; and that the fee be paid at the same time.

8. That it be the duty of the Registry to examine the certificates, and to ascertain that no one is improperly admitted to the Examination.

9. That it be the duty of the Committee, subject to the approval of the State Medicine Syndicate, to fix the number of Examiners in each year; to nominate them for election by the Senate; to fix and announce to the Senate in the Easter Term of each year the time fixed for the Examination in the ensuing academical year; to determine the payment to the Examiners; and to determine generally all other matters connected with the Examination.

10. That the Committee be required to make an annual Report to the State Medicine Syndicate for communication to the Senate.

11. That in the first instance the scheme for the Diploma be established for five years only; and that, during this period, any deficit which may be incurred in conducting the Examination be met out of the accumulated funds in the hands of the State Medicine Syndicate.

SCHEDULES.

The First Part of the Examination will consist of (1) a paper and (2) a practical and oral examination in the Anatomy and Physiology of the Nervous System, (3) a paper and (4) a practical and oral examination in Psychology.

The Examination in the Anatomy and Physiology of the Nervous System will include the following subjects:—

The structure of nerve cells and nerve fibres.

The neurone theory.

The course of the principal nerve tracts and the connexions of the principal nuclei of the central nervous system.

Reflex action. The spinal cord as a path of conduction.

The decerebrate animal.

The localisation of function in the cerebrum. Association areas.

The functions of the cerebellum. The coordination of movements.

The development of the brain.

The more usual methods used in examining the structure of the nervous system.

The Examination in Psychology will include the following subjects:—

General analysis and classification of modes of consciousness. The relation of mind and body. Methods of psychological investigation.

Sensation; adaptation, fatigue, contrast, after-effects. Specific nervous energy.

Local signature. Localisation and reference of sensation, normal and abnormal.

Perception. Spatial and temporal perception. Illusions. Agnosia. Orientation and its disorders.

Movement; apraxia. Speech; aphasia.

Imagery; hallucinations.

Memory, recognition, and their disorders. Association.

Imagination and its disorders.

Thought; flight and fixity of ideas.

Volition and its disorders. Attention, normal and abnormal. Distraction.

Deliberation. Judgment. Belief. Doubt. Delusions.

Muscular and mental work.

Affective tone. Emotions. Moods. Sentiments.

Personality and its disorders.

Suggestion. Hypnosis. Sleep. Dreams.

The effects of drugs on mental processes.

Individual differences. Temperament. Character.

The Second Part of the Examination will consist of (1) a paper and (2) a clinical and oral examination in Neurology, (3) a paper in Psychiatry, Lunacy Law, and Asylum Administration, (4) a paper containing a choice of subjects for an Essay in Psychiatry, (5) a clinical and oral examination in Psychiatry.

The Examination in Neurology will include the following subjects:—

The phenomena resulting from injury and disease of the peripheral nerves.

The course of the principal nerve tracts and the connexions and functions of the chief nuclei of the central nervous system, as revealed by disease.

The methods of examining patients with nervous disease (i) for diagnostic, (ii) for scientific purposes.

The clinical manifestations of the more frequent nervous diseases and their pathology.

The elements of neuro-pathology including the clinical methods commonly used in examining the nervous system.

The serological and chemical examination of the blood and cerebrospinal fluid (especially in such diseases as syphilis and parasyphilis).

* * *Important.* The foregoing schedules are not to be understood as limiting the scope of the Examination which is intended to test the candidates' theoretical and practical knowledge of every branch of Psychological Medicine.

Institutions for the Insane recognised by the University under Regulation 4 for the Diploma.

- (i) Registered Mental Hospitals in the United Kingdom,
- (ii) District, County, Borough, City, or Royal Asylums in the United Kingdom,
- (iii) Such other Institutions and Licensed Houses as are recognised by the University,
Under this head, Camberwell House, Peckham Road, London, S.E., and Peckham House, Peckham Road, London, S.E., are recognised.

Fee for the Examination.

Every candidate will be required to pay a fee of six guineas before admission or re-admission to either Part of the Examination.

HONORARY DEGREES.

By Statute A. c. ii. § 18 complete Degrees *honoris causâ* may be conferred, without residence or examinations or exercises, on the following persons: viz.

Members of the Royal Family, Privy Councillors, Bishops, Bishops Designate or Elect including persons designated for Colonial or Indian or Missionary Bishoprics and approved by the Archbishop of Canterbury, Peers, Members of the Supreme Court of Judicature, Deans of Cathedral Churches or the Abbey Church of Westminster or the Royal Chapel of St George Windsor, and Heads of Colleges in the University.

Complete Degrees *honoris causâ* may also be conferred without fulfilment of the usual conditions on persons who, having already been admitted to a Degree in the University or obtained some University Office, are distinguished by conspicuous merit.

Titles of Degrees in Arts, Law, Medicine, Surgery, Science, Letters, or Music may be granted to foreigners of distinction, and to British subjects who are of conspicuous merit or have done good service to the State or to the University.

No person taking a degree *honoris causa* is entitled to a vote in the Senate unless he shall have resided three Terms.

COLLEGE PAYMENTS.

THE Caution Money paid on admission at each College is for

Nobleman	£50	0	0	Pensioner	£15	0	0
Fellow-Commoner	25	0	0				

The payment by Sizars varies but is generally £10.

The Caution Money remains in the hands of the Tutor, and is not returned till a person takes his name off the boards. Noblemen and Fellow-Commoners usually make a present of Plate to the College.

In addition to the Caution money, every Student on admission, or coming into residence, makes a payment, differing at different Colleges.

In each College a quarterly payment is made by each Member of it, according to his degree and condition, on a scale which differs in the several Colleges.

This payment includes the annual contributions made to the University. These payments may be compounded for in several Colleges.

The terminal payments for tuition of persons in *statu pupillari* in most Colleges are the following:

Nobleman.....	£13	6	8	Bachelor	Fellow-Com-
Fellow-Commoner.....	10	0	0	moner	£2 10 0
Pensioner.....	6	0	0	Bachelor of Arts.....	1 10 0
Sizar.....	2	0	0		

such payments being made only during residence. No payment for tuition is required from non-resident Bachelors or Undergraduates.

At Fitzwilliam Hall no Caution Money is required : but Students pay in advance an entrance fee of six guineas, and, during the first nine terms of residence, further fees amounting in all to not more than twelve guineas, besides the ordinary payments to the University.

Persons admitted to degrees conferred *honoris causa* under Stat. A, ch. II. sec. 18, par. 1, pay twice the ordinary fee for the degree.

Persons admitted to degrees conferred *honoris causa* under Stat. A, ch. II. sec. 18, par. 2, pay the ordinary fee for the degree, excepting Professors, who pay the ordinary fee for the degree, and £5. 5s. in consideration of the Orator's speech.

Persons admitted to Titular degrees pay no fee.

Every person admitted to a Degree in absence, or at one and the same Congregation to two or more degrees in absence, is required to pay the sum of £5 to the University Chest in addition to the ordinary fee for the Degree or Degrees.

Candidates for degrees whose supplicat is sent in after the time allowed by the Senate pay £1 in addition to the ordinary fee.

The fees for the incorporation of a Graduate from Oxford or Dublin are the fee for matriculation, and that for the degree to which the candidate is admitted.

Licences to keep Lodging-Houses for the residence of persons *in statu pupillari* are granted under the following regulations:—

1. That there be a Syndicate consisting of the Vice-Chancellor, the Proctors, the Proctors of the preceding year, and four other members of the Senate elected by Grace.

2. That one of the said four members shall retire from the Syndicate in every year on Dec. 31, the order for retirement being that of priority of election; and that his place shall be supplied by a person nominated by the Vice-Chancellor, and elected at the next ensuing Congregation.

3. That in the case of a vacancy occurring in any year by the death of one of the said four members, or otherwise, a new member shall be elected as soon as possible to supply the vacant place, and that the person so elected shall continue to be a member of the Syndicate for the same period as that during which the person, whose substitute he is, would have continued.

4. That the Syndicate shall be entrusted with the power of granting licences to the keepers of Lodging-Houses for the residence of persons *in statu pupillari*, subject to such Regulations as may be prescribed by Graces of the Senate: that they shall also have the power of hearing and adjudicating upon all complaints against the keepers of Lodging-Houses, and of suspending or revoking licences whenever it appears to them expedient.

5. That no business shall be transacted at any meeting of the Syndicate unless the Vice-Chancellor or his deputy and four other members at least be present.

6. That the Syndicate shall meet for the purpose of granting licences on the Tuesday after the division of Michaelmas Term.

6*. That the Syndicate be empowered to appoint a Secretary¹, whose duty it shall be to attend the meetings of the Syndicate, to inspect annually all houses in which it is desired to let lodgings, to report thereon to the Syndicate, and generally to assist the Syndicate, as may be ordered from time to time.

That the Secretary be by preference a resident Member of the Senate.

That he be appointed by an absolute majority of the Syndicate for a period not exceeding three years; and that he receive from the University Chest a stipend not exceeding £150 per annum.

7. That all applications for licences shall be sent to the Vice-Chancellor at least one fortnight before the licensing day; and that every application shall state the name, residence, and occupation of the applicant, the number

¹ The present Secretary to the Syndicate is Rev. C. A. E. Pollock, M.A., Corpus Christi College.

of sets of lodgings for which the licence is required, and the price per week of each set; and shall be accompanied by a Certificate, signed by two persons, one of whom shall be a Member of the Senate of the University, and the other shall be the Incumbent of the parish or district in which the house is situate, or a respectable householder not being himself the keeper of a lodging-house, and by a certificate signed by the Secretary to the Syndicate in the following form:

I hereby certify that I have examined the house of the above-named applicant; that it is capable of accommodating in a proper manner besides the family of the applicant the number of Students proposed in the application; that it is satisfactory from a sanitary point of view; that it is so arranged as to enable the applicant to comply with all the regulations of the Syndicate; that the lodgings are healthy and clean; and that the prices stated above appear to me to be reasonable.

Signed this day of 191 .

Secretary to the Syndicate.

8. That printed lists of the names, residences, and occupations of the applicants, together with the number of sets of lodgings in each house and their respective prices, shall be sent as soon as practicable after the last day appointed for receiving applications to the Master, Tutors, and Deans of every College, accompanied by a request that any remark or objection, which it may seem desirable to make, may be sent in writing to the Vice-Chancellor for the consideration of the Syndicate before the time of licensing, or that the person objecting may attend the Syndicate on the day of licensing and confer with them in person.

9. That registers shall be kept of the names, residences, and occupations (1) of all persons to whom licences are granted on any licensing-day, together with the number of sets of lodgings in each case, and their respective prices, (2) of all persons to whom the Syndicate have refused to grant licences, and (3) of all persons whose licences have been suspended or revoked by the Syndicate.

10. That no licence shall be granted to any person for more than one year, nor beyond certain limits in the Town, such limits to be defined and published from time to time by the Syndicate.

11. That the Syndicate may grant provisional licences to continue in force until the Tuesday after the division of the Michaelmas Term, or for any shorter period, and such licenses shall be operative as from the first day of the Term in which they are granted.

In the case of the death of a Lodging-house keeper during the term, or for any other urgent cause, the Syndicate shall have power to grant a licence which shall be operative from such date as the Syndicate shall determine.

12. That every certificate of licence shall be signed on behalf of the Syndicate by the Vice-Chancellor or his deputy and the two Proctors.

13. That a statement shall be sent after every licensing day to the Master, Tutors, and Deans of every College, containing the names, residences, and occupations of the persons to whom licences have been granted, together with the number of sets of lodgings in each case and their respective prices.

14. That before receiving a licence every applicant shall sign the following declaration and promises:

I declare that the house in which I desire to let lodgings is in my own occupation.

I hereby promise that :

1. I will not let my lodgings to any Student without written per-

- mission from his Tutor, and I will not require him to take them for more than one Term certain :
2. I will shew my licence if required to any Student desirous to take my lodgings :
 3. Before I receive as lodger any person who is not a member of the University I will obtain written permission from the Syndicate; and also from the Tutor of each Student lodging in my house at the time :
 4. I will report to the Syndicate the Names and Colleges of all Students lodging in my house, with such other particulars as the Syndicate may require :
 5. At Ten o'clock every night I will lock the outer doors, and securely fasten the shutters of the ground-floor of my house, and I will take means to prevent any one from entering or leaving the house between 10 P.M. and 6 A.M. without my knowledge ; and between those hours the outer doors of my house shall not be opened, except by the master or mistress in person, or by a representative approved by the Syndicate :
 6. That I will not allow on any account a key of any outer door of my house to any lodger :
 7. I will note down the time after Ten o'clock (or such earlier hour as the University or College authorities may direct) at which any Student lodging in my house enters or leaves the house, and will deliver or send by a responsible person a statement thereof once a week (or oftener, if required) to the College authorities, with a special note of occasions on which such Student has so entered or left without his academical dress :
 8. In case a Student lodging in my house has not entered or left the house after Ten o'clock during any week I will send a statement to that effect at the end of the week :
 9. I will report to the College authorities early the next morning if any Student lodging in my house shall (1) leave the house after 10 P.M., (2) enter after midnight, (3) being confined to gates, enter after the appointed hour, or (4) pass the night out of his lodgings :
 10. I will allow none but inmates of the house to have access to the rooms of any Student lodging in my house after 10 P.M., without written permission from his Tutor, except in cases of illness or other urgent necessity :
 11. I will not supply or receive into my house for any Student a dinner or supper for more than three persons without written permission from his Tutor :
 12. I will not supply or receive into my house for any Student provision for any entertainment whatever on Sunday without written permission from his Tutor :
 13. I will not admit hired musicians into my house without written permission from the Syndicate :
 14. In case any person in my house shall be suffering from any infectious disorder, including consumption or any other form of tubercular disease, either during Term or in Vacation, I will at once inform the Syndicate.

Ordinary Licences may be granted for rooms in houses situated within the Precincts of the University, which are defined as extending two miles and a half from Great St Mary's Church, measured in a direct line.

A person *in statu pupillari* keeping terms by residence must reside within the precincts of the University

- (1) In some College or Hostel, or
- (2) In a set of lodgings for which licence has been granted by the Lodging-Houses Syndicate, or
- (3) With his parents or parent, or
- (4) In his own, or in his hired house, or with his relatives, or, in exceptional cases with persons other than his relatives, provided that in each case the permission of the Lodging-Houses Syndicate shall have been obtained on application from the Head of his College or Hostel, or in the case of a Non-Collegiate Student, from the Chairman of the Non-Collegiate Students Board, or

(5) In the case of a Research Student, under special conditions approved in each case by the Lodging-Houses Syndicate, on application from the Head of his College or Hostel, or in the case of a Non-Collegiate Research Student from the Chairman of the Non-Collegiate Students' Board.

Authority is given to the Syndicate to make the above-mentioned permission retrospective, but that if this permission is made to include any period previous to the term in which it is applied for, a payment of £1 to the Common Chest shall be required.

The Syndicate may grant to any person *in statu pupillari*, who has on account of illness or of an accident been removed to a Hospital or Nursing Institution within the precincts of the University, permission to count for the purposes of residence the days in term-time passed therein; provided that in each case the application for such permission accompanied by a suitable medical certificate is made by his Tutor or, in the case of a Non-Collegiate Student, by the Censor, and provided further that the Hospital or Institution has been approved by the Syndicate.

CLASSICAL TRIPOSES. NEW REGULATIONS.

The Examinations are held in Easter Term.

A Student who has obtained Honours in Part I. may be a Candidate for Honours in Part II. following, provided that he has then kept seven terms, and that twelve terms have not passed after the first of the seven.

The names are arranged alphabetically, in Part I. in each division of each class, in Part II. in each class.

In Part II. the letters *b, c, d, e*, appended to the name of a candidate denote the section or sections for which he is placed in the first class. The combination of two letters thus, "*b* with *c*" or "*c* with *d*," indicates that a candidate has obtained a first class on the combined result of two sections. The letter *a* indicates that the candidate to whose name it is appended has also attained a first class standard in section A. The asterisk denotes special distinction.

A Student who has obtained Honours in Part I. or in some other Honour Examination, may be a Candidate for Part II. provided that he has kept seven terms and that twelve terms have not passed after the first of the seven.

In Part II. the italic letters appended to the name of a candidate denote the subject or subjects for which he is placed in the first class. The letter *a* denotes the compulsory subjects; *a*₁, Ethics and Metaphysics; *a*₂, Ethics and Political Philosophy. The special subjects are denoted by *b*, History of Philosophy; *c*, Advanced Psychology and Psychophysics; *d*, Advanced Logic and Methodology; and *e*, Advanced Political Economy. The combination of two letters, thus *b* with *c*, indicates that a candidate has obtained a first class on the combined result of the two subjects. The asterisk denotes special distinction.
